## Appendix F

### Missouri Vocational Enterprise Program Schedule of Overhead Ratio Analysis by Program Facility Year Ended June 30, 2021

- (1) Gross Revenues and Direct Materials Costs were obtained from the Program Summarized Profit/Loss Statement for the year ending June 30, 2021, provided by DOC officials.
- (2) Direct Labor Costs were obtained by allocating the total offender labor expense to the facilities based on the number of offenders in the annual report for the year ending June 30, 2021, provided by DOC officials.
- (3) Total Direct Costs is the sum of Direct Materials and Direct Labor.
- (4) Direct Overhead Costs was obtained from the program's Summarized Profit/Loss Statement for the year ending June 30, 2021, provided by DOC officials, and was calculated by subtracting the offender labor costs from the direct expenses charged to each Profit/Cost Center.
- (5) Indirect Overhead Allocation is the SAO calculated amount of the cost centers' Direct Overhead costs allocated to the specific facility. The allocation was made based each facility's proportion of the total number of offenders employed in the 7 profit centers, which was obtained from the Annual Report for the year ending June 30, 2021, provided by DOC officials.
- (6) Total Overhead Costs is the sum of Direct Overhead Costs and Indirect Overhead Allocation, and only applies to the facilities.
- (7) Total Sales Needed to Break Even is the sum of the Total Direct Costs and Total Overhead Costs, shown as a positive number here, and only applies to the facilities. This represents the level of sales needed for the facility to break even based on the expenses incurred during the year ending June 30, 2021.
- (8) Overhead Ratio is the Total Overhead Costs divided by Total Sales Needed to Break Even, shown as a positive number. This represents the average remaining margin needed after reducing direct costs from the sales price in order to break even.
- (9) Profit/(Loss) is Gross Revenues minus Total Sales Needed to Break Even, and represents the Facility's profit or loss after indirect costs have been allocated.
- (10) Reported Operating Profit was obtained from the Program Summarized Profit/Loss Statement for the year ending June 30, 2021, provided by DOC officials.
- (11) The laundry facility did at the NECC did not have activity, so the miscellaneous de-minimus costs charged to the facility were included in the Overhead Cost Centers for allocation.
- (12) This represents the Graphic Arts Facility at the JCCC.
- (13) This represents the License Plates Facility at the JCCC.
- (14) This represents the Engraving Facility at the JCCC.
- (15) According to a DOC official, the Tire Recycling Center is closed and not expected to generate additional revenue, and therefore, should be treated as indirect and allocated to the Profit Centers.
- (16) According to a DOC official, the Real Estate Center captures lease revenue and maintenance/custodial expenditures, and therefore, should be treated as indirect and allocated to the Profit Centers.

Report No. 2023-040

August 2023

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the Department of Revenue Sales and Use Tax

### Timely Sales and Use Tax Discounts

As noted in previous audits, state and local governments forego significant revenues because state laws allow retailers to retain a portion of sales and use taxes collected if they remit the taxes in a timely manner to the Department of Revenue (DOR). While several other states have a timely discount in place, Missouri's timely sales and use tax discount is the most generous such discount in the nation. Missouri does not have a monthly cap on the amount of discount retained and the DOR does not routinely report to the General Assembly the amount of timely sales and use tax discounts retained by businesses.

In the areas audited, the overall performance of this entity was **Good**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Wayne Wallingford, Director  
Department of Revenue  
Jefferson City, Missouri

We have audited certain operations of the Department of Revenue, sales and use tax collections, as required by Section 32.087, RSMo, and in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2022. The objectives of our audit were to:

1. Evaluate the department's internal controls over significant management and financial functions related to the collection and distribution of sales and use taxes.
2. Evaluate the department's compliance with certain legal provisions related to the collection and distribution of sales and use taxes.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions related to the collection and distribution of sales and use taxes.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the department, as well as certain external parties; analyzing comparative data obtained from internal sources; and testing selected transactions. We reviewed sales and use tax collections and distributions, and performed sample testing of sales and use tax transactions using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

Except as discussed in the following paragraph, we conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

*Government Auditing Standards* require us to obtain and report the views of responsible officials of the audited entity concerning the findings, conclusions, and recommendations included in the audit report. Due to the nature of this report, and due to the finding being legislative in nature, we were unable to obtain views of responsible officials for the findings, conclusions, and recommendations outlined in the Management Advisory Report. We obtained the views of responsible Department of Revenue officials and included them in the report.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the department's management and was not subjected to the procedures applied in our audit of the department.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our finding arising from our audit of the Department of Revenue, sales and use tax collections.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is stylized with a large, looped "S" and a cursive "Fitzpatrick".

## Sales and Use Tax

### Introduction

---

#### **Background**

The state's sales tax is imposed on the purchase price of tangible personal property or taxable services sold at retail. Use tax is imposed on the storage, use, or consumption of tangible personal property in this state. Cities and counties may impose a local sales and use tax. Special taxing districts (such as transportation development districts) may also impose additional sales taxes. State and local sales and use taxes are collected by the Department of Revenue (DOR). The DOR then distributes the local sales and use taxes to the applicable political subdivisions.

Sales and use tax receipts collected from businesses and motor vehicle sales tax receipts collected from businesses and individuals are deposited into various state and local funds listed below. Marine and ATV sales and use tax collections are deposited into the same funds as state sales and use tax. Motor vehicle leasing sales tax collections are deposited into the same funds as motor vehicle sales tax.

For operating purposes, the DOR has been charged with the responsibility of administering transactions related to sales and use taxes in the following funds and accounts.

#### **State Funds**

The State Treasurer, as fund custodian, and the Office of Administration provide administrative control over fund resources within the authority prescribed by the General Assembly for all state funds.

General Revenue Fund: This fund, authorized by Section 144.700, RSMo, receives collections from a general 3 percent state sales and use tax. State sales tax is collected pursuant to Sections 144.010 to 144.527, RSMo, and state use tax is collected pursuant to Sections 144.600 to 144.752, RSMo. Retail sales of food are not subject to the 3 percent tax as provided by Section 144.014, RSMo. This fund also receives payments from common carriers in interstate air transportation, as authorized by Section 144.807, RSMo. In addition, the General Revenue Fund pays all motor vehicle sales tax refunds and receives motor vehicle sales tax collections as reimbursement from other state funds for their applicable share of the refunds.

Aviation Trust Fund: This fund, authorized by Section 144.805, RSMo, receives collections from a sales and use tax on aviation jet fuel from common carriers. These taxes are paid as a result of exemptions to General Revenue sales tax. The exemptions are a result of direct-pay agreements between common carriers and the DOR.

Conservation Commission Fund: This fund, authorized by Section 254.020, RSMo, receives collections of the 0.125 percent state sales and use tax and

Department of Revenue  
Sales and Use Tax  
Introduction

motor vehicle sales tax provided for in Article IV, Section 43(a), Missouri Constitution.

State Highways and Transportation Department Fund: This fund received 75 percent of the collections from the 4 percent highway use tax during fiscal years 2013 and 2012. Under Section 144.020, RSMo, all motor vehicle transactions are now assessed a sales tax, which goes into the State Road Fund and the State Road Bond Fund. This fund continues to receive some residual highway use tax collections.

Parks Sales Tax Fund: This fund, authorized by Article IV, Section 47(a) and 47(b), Missouri Constitution, receives 50 percent of the collections from a 0.1 percent state sales and use tax and motor vehicle sales tax.

School District Trust Fund: This fund, authorized by Section 144.701, RSMo, receives collections from a 1 percent state sales and use tax pursuant to Section 144.701, RSMo. Retail sales of food are subject to a 1 percent tax to be deposited into this fund as provided by Section 144.014, RSMo. In addition, this fund receives 12.5 percent of collections from the 4 percent motor vehicles sales tax pursuant to Article IV, Section 30(b)(2), Missouri Constitution.

Soil and Water Sales Tax Fund: This fund, authorized by Article IV, Section 47(a) and 47(b), Missouri Constitution, receives 50 percent of the collections from a 0.1 percent state sales and use tax and motor vehicle sales tax.

State Road Bond Fund: This fund, authorized by Article IV, Section 30(b), Missouri Constitution, receives 37.5 percent of the collections from the 4 percent motor vehicle sales tax.

State Road Fund and State Transportation Fund: These funds, authorized by Article IV, Section 30(b), Missouri Constitution, receive 37.5 percent of the collections from the 4 percent motor vehicle sales tax, which is deposited 36.5 percent to the State Road Fund and 1 percent to the State Transportation Fund.

### **Local Funds**

Sales and use tax collections for local funds are deposited into interest-bearing bank accounts under the administrative control of the DOR and allocated to an investment pool until distributed. Subsequently, 99 percent of the collections and earned interest are distributed to the various political subdivisions with the remaining 1 percent going to the General Revenue Fund for a collection fee, except for the Local Fuel Tax and Bond Trust Fund, which has no collection fee withheld from distributions to the fund. The DOR has sole responsibility for maintaining and disbursing fund resources for all local funds.

---

Department of Revenue  
Sales and Use Tax  
Introduction

---

Local Fuel Tax and Bond Trust Fund: This fund, authorized by Article IV, Section 30(b), Missouri Constitution, receives 12.5 percent of the collections from the 4 percent motor vehicle sales tax. In addition, this fund receives collections from the motor fuel tax authorized by Section 142.803, RSMo.

Local Sales and Use Tax Trust Fund: This fund receives collections generated from local sales taxes imposed by local political subdivisions, as authorized by Chapters 66, 67, 70, 92, 94, 162, 190, 238, 321, and 644, RSMo. In addition, this fund receives collections generated by a use tax, authorized by Section 144.757, RSMo, based on the local sales tax in effect, upon all transactions subject to taxes imposed under Sections 144.600 to 144.752, RSMo, except as otherwise provided. Net taxes and interest are subsequently distributed to the cities and counties.

### **Custodial Accounts**

The DOR has shared responsibility with the State Treasurer for maintaining and disbursing account resources of the custodial accounts. The DOR has custody of the Motor Vehicle Clearing Account and the State Treasurer has custody of the Sales Tax Bond Account. Collections for the account held by the DOR are deposited into an interest-bearing bank account and allocated to an investment pool.

Motor Vehicle Clearing Account: The DOR has been charged with the responsibility of administering transactions in the Motor Vehicle Clearing Account and actual custody of account resources ultimately rests with the department. This account receives collections from motor vehicle contracted agent offices and the central office for various taxes and fees. These receipts are held in trust by the DOR until subsequently transferred to various state and local funds.

Sales Tax Bond Account: The DOR has been charged with the responsibility of administering transactions in the Sales Tax Bond Account. The DOR receives cash bonds posted by taxpayers as authorized by Section 144.087, RSMo. All bond collections are deposited in the General Revenue Fund, which is in the custody of the State Treasurer, and reported by the DOR in this account. Cash bonds and related interest are to be refunded to the taxpayer after 1 year if the taxpayer is determined to have satisfactory tax compliance and if the bond was posted before January 1, 1984. If the bond was posted on or after January 1, 1984, the Attorney General has determined that no interest should be refunded. In the event of uncollectible sales tax liabilities, the bonds and related interest, if any, are forfeited to the DOR. The department subsequently distributes the money to the state and the appropriate political subdivisions. Effective August 28, 2018, a bond is no longer required to obtain a retail sales license, but may be required of licensees in default of filing a return and paying taxes when due.

## Department of Revenue Sales and Use Tax Introduction

### Historical sales and use tax trends and information

As shown in Figure 1, when adjusted for inflation, state and local sales and use tax collections have increased for most years between fiscal year 2013 and fiscal year 2022. Adjusted state sales and use tax collections increased from \$3.91 billion to \$4.53 billion (16 percent), while adjusted local sales and use tax collections increased from \$3.32 billion to \$4.63 billion (39 percent) during this time period.

Figure 1: State and local sales and use tax collections, 2013-2022, by fiscal year, adjusted for inflation

Source: DOR annual reports, SAO analysis of Consumer Price Index data from <https://fred.stlouisfed.org/series/CPIAUCSL>. See additional detail at Appendix G.

The state sales and use tax rate has remained at 4.225 percent during these 10 years. In comparison, local sales and use tax rates imposed by political subdivisions are continuously changing as local taxing jurisdictions impose new tax rates and others expire. According to the Tax Foundation,<sup>1</sup> Missouri's average local sales tax rate was 4.07 percent as of July 1, 2022. In addition, the increasing number of districts has contributed to the total increase in local sales tax collections. The total number of districts increased from approximately 430 in fiscal year 2013 to approximately 750 in fiscal year 2022 (74 percent increase).

Local sales and use tax collections are distributed by the DOR to cities, counties, and districts. As shown in Figure 1, and as further illustrated in Figure 2, local sales and use tax collections and subsequent distributions have increased for most years between fiscal year 2013 and fiscal year 2022.<sup>2</sup>

# Department of Revenue

## Sales and Use Tax

### Management Advisory Report - State Auditor's Findings

---

#### **Timely Sales and Use Tax Discounts**

Missouri's discount is the most generous in the nation

As noted in multiple previous audit reports,<sup>3</sup> state laws allowing retailers to retain a portion of sales and use taxes collected if they remit the taxes to the Department of Revenue (DOR) timely result in the state and local governments forgoing significant revenues. Missouri's timely sales and use tax discount remains the most generous such discount in the nation, and significantly benefits the state's largest retailers. In addition, the DOR does not routinely report to the General Assembly the amount of timely sales and use tax discounts retained by businesses for its review and consideration.

Missouri's timely sales and use tax discount is the most generous discount in the nation. Section 144.140,<sup>4</sup> RSMo, allows businesses remitting sales and use taxes to retain 2 percent of sales taxes payable to the DOR if the business remits payments timely,<sup>5</sup> which is defined by the due date established by the DOR. Additionally, the total discount is not capped. This resulted in \$158 million of sales and use tax collections being retained by businesses in fiscal year 2022 as their timely payment discount.

As shown in Figure 3, the amount of sales and use tax revenues Missouri has foregone as a result of the timely discount retained by businesses has totaled at least \$100 million annually since fiscal year 2013 and has increased for most years between fiscal year 2013 and fiscal year 2022. State and local sales tax revenues of approximately \$141 million and \$158 million were collected from purchasers, but retained as discounts by businesses remitting sales and use taxes in fiscal years 2021 and 2022, respectively.

---

<sup>3</sup> Report No. 2022-037, *Sales and Use Tax*, issued in June 2022; Report No. 2021-074, *Sales and Use Tax*, issued in September 2021; Report No. 2020-041, *Sales and Use Tax*, issued in August 2020; Report No. 2019-067, *Sales and Use Tax*, issued in August 2019; Report No. 2017-113, *Cost of Tax Incentives and Exemptions*, issued in October 2017; Report No. 2015-080, *Sales and Use Tax*, issued in September 2015; and Report No. 2013-015, *Sales and Use Tax*, issued in February 2013.

<sup>4</sup> Effective January 1, 2023, Section 144.710, RSMo, was repealed and the discount authorized in that section was added to Section 144.140, RSMo.

<sup>5</sup> Pursuant to 12 Code of State Regulation (CSR) 10-104.030(3)(C), if filing annually, applicable taxes are due by January 31 of the following year; if filing quarterly, applicable taxes are due the last day of the month following the completed quarter; and if filing monthly, applicable taxes are due the last day of the following month. Pursuant to 12 CSR 10-104.030(3)(H), if filing quarter-monthly, applicable taxes are due within 3 business days following the completed quarter-monthly period.

Department of Revenue  
Sales and Use Tax  
Management Advisory Report - State Auditor's Findings

Figure 3: Timely discount totals, 2013-2022, by fiscal year<sup>6</sup>

Source: DOR records

In fiscal year 2022, sales and use taxes comprised approximately 19 percent of Missouri's general revenue. With sales and use tax revenues being used to fund significant portions of state and local government budgets, such large discounts can have a significant impact on programs and services offered by government entities.

Other states may allow a higher percentage discount than Missouri's 2 percent, but these other states cap their discount, unlike Missouri. According to the Federation of Tax Administrators,<sup>7</sup> 27 other states offer similar vendor discounts; however, 18<sup>8</sup> of those states have established ceilings to limit the amount of discount and/or compensation retained by businesses. In addition, the other 9 states either have a lower discount rate than Missouri or only apply the highest discount rate to a limited dollar amount of sales tax collected (e.g., the first \$3,000, then a lower rate applies).

Cap on discount would result in increased revenue

Changing state law to include a monthly cap on the amount of timely discounts eligible to be retained would significantly increase state and local revenues. For example, Arkansas's timely discount rate is also 2 percent, but Arkansas has a cap of \$1,000 per month. Applying Arkansas's cap of \$1,000 per month (the largest cap of contiguous states) to Missouri would have resulted in approximately \$93.2 million in additional state and local sales tax revenue during fiscal year 2022.

<sup>6</sup> Timely discount totals included in Figure 3 are as of June 30 for each fiscal year; however, adjustments can be made to these amounts in subsequent years for various reasons, such as amended tax returns or audited tax returns.

<sup>7</sup> "State Sales Tax Rates and Vendor Discounts (January 1, 2023)," <<https://taxadmin.memberclicks.net/assets/docs/Research/Rates/vendors.pdf>>, accessed on March 29, 2023. This report did not list that Missouri has a 2 percent discount.

<sup>8</sup> The Federation of Tax Administrators report did not list that Colorado established a cap, effective January 2020. We updated the number of states with established ceilings for this total.

Department of Revenue  
Sales and Use Tax  
Management Advisory Report - State Auditor's Findings

Cap on discount would only impact the state's largest retailers

In fiscal year 2022, 2,623 sales tax filers received timely discounts in excess of \$1,000 in at least 1 month during the year. This is an increase of 382 filers from fiscal year 2021 and 482 filers from fiscal year 2020. Limiting the 2,623 filers to Arkansas's \$1,000 monthly cap would have resulted in an additional \$47.4 million in state sales tax revenue and \$45.8 million in local sales tax revenue in fiscal year 2022.

In fiscal year 2022, the 50 largest sales tax collecting businesses retained approximately 58 percent of timely discounts exceeding \$1,000, with the top 5 largest sales tax collecting businesses receiving a total of \$25 million in discounts. A monthly timely discount cap of \$1,000 would not affect the majority of sales tax filers. Based on the state's average sales tax rate of 8.30 percent,<sup>9</sup> only businesses with monthly taxable sales of approximately \$602,000 would have their timely discount capped. Retailers with less than \$602,000 in monthly taxable sales would continue to receive the full 2 percent timely discount.

The state established the timely sales tax discount so businesses could recover a portion of their costs for compliance with state sales tax laws and to encourage timely remittance of sales and use taxes. With increased use of electronic systems to calculate and remit sales tax collections, it is not clear if the continued use of such a discount, as currently constructed, is necessary to achieve these objectives.<sup>10</sup> The current law allowing uncapped timely discounts results in the state and local governments providing a significant subsidy to the largest retailers in the state.

Other states have taken action to change timely discount laws

Other states are reviewing their timely discount structure and making changes to reduce the amount of sales and use tax revenues retained by businesses. For example, Oklahoma had a discount of 1 percent with a cap of \$2,500 per month. However, as of July 2019, Oklahoma no longer offers a timely discount to sales tax filers. In addition, Colorado did not have a cap on the timely discount amount until January 2020, when a cap of \$1,000 per filing period was established, and as of January 2022, Colorado's timely discount is no longer available to businesses whose taxable sales exceeded \$1 million during the filing period.

Amounts of timely discounts are not routinely reported

The DOR is not required to report, and does not routinely report, the amount of timely discounts retained by businesses to the General Assembly, local governments impacted, or the general public. DOR officials have stated this

<sup>9</sup> Janelle Fritts, "State and Local Sales Tax Rates, Midyear 2022," <<https://taxfoundation.org/2022-sales-tax-rates-midyear/>>, (July 2022), accessed on March 30, 2023. Calculation regarding the estimated monthly taxable sales was based on this estimated average sales tax rate.

<sup>10</sup> "Timely Filing Discount Costs Missourians Millions," <<http://www.mobudget.org/timely-filing-discount/>>, (October 2016), accessed on March 30, 2023.

Sales and Use Tax  
Management Advisory Report - State Auditor's Findings

---

data is provided upon request. This information could be useful to the General Assembly when making various budget decisions and ensuring the state and local policymakers and the general public are informed of the ongoing cost of these discounts.

## Recommendation

The General Assembly evaluate the continued necessity of a timely sales tax discount. If such a discount is deemed necessary, consider possible reductions to the timely payment discount, the implementation of a monthly cap on the amount of discount retained, and changes to current state laws to require the DOR annually report the reduction of state revenue related to the timely discount to the General Assembly, applicable political subdivisions, and to the general public.

## Auditee's Response

*Due to this recommendation being legislative in nature, no management response can be obtained. While the recommendation is not addressed to the DOR, department officials provided a written response. That response is included at Appendix A.*

# Department of Revenue

## Sales and Use Tax

### Organization and Statistical Information

---

The Department of Revenue (DOR) was created by Article IV, Section 12, of the Missouri Constitution as the central collection agency for state revenues. Article IV, Section 15, of the Missouri Constitution establishes the DOR as the custodian of nonstate funds, which are defined as taxes and fees imposed by political subdivisions and collected by the DOR, all taxes that are imposed by the state, collected by the DOR and distributed by the DOR to political subdivisions, and other money designated as "nonstate funds." The Director of Revenue is appointed by the Governor, with the advice and consent of the Senate, and is responsible for all operations and policies. DOR responsibilities include:

- 1) Administering and collecting state taxes and fees, including sales and use tax and motor vehicle sales tax.
- 2) Collecting certain taxes and fees for local governments, including local sales and use tax.
- 3) Titling and licensing motor vehicles, trailers, and boats.
- 4) Licensing motor vehicle operators.

The DOR consists of 3 divisions, the General Counsel's office, and the Director's office.

Motor Vehicle and Driver Licensing Division: This division collects motor vehicle sales and use taxes and consists of 3 bureaus. (1) The Motor Vehicle Bureau issues titles and registers motor vehicles, trailers, all-terrain vehicles, manufactured homes, and marine craft. The bureau also issues registration certificates to motor vehicle and salvage dealers and leasing companies. (2) The Driver License Bureau issues, renews, suspends, revokes, and reinstates driver and nondriver licenses and driving permits. The bureau processes and maintains records relating to license issuance, traffic violation point assessments, failure to appear in court for traffic violations, and administers administrative alcohol and abuse and lose laws for alcohol/drug offenders. (3) The License Offices Bureau manages the operations of the contract license offices throughout the state. These local offices provide driver licensing and motor vehicle services and are operated by individuals or businesses approved through the state of Missouri bid process.

Taxation Division: This division consists of 5 bureaus that collect taxes and administer state tax law. (1) The Processing Bureau processes returns and payments for individual income, corporate income, property tax credit, sales, use, employer withholding, insurance, financial institution tax, and tire and lead-acid battery fees. This bureau also processes business tax registration applications, business tax account updates, MyTax portal communications, and handles tax-related cashiering functions. (2) The Income Tax Bureau administers individual, corporate, property tax credit, fiduciary, and partnership taxes. This bureau's functions include manually reviewing exceptions, processing incoming correspondence, returned refunds and

---

Department of Revenue  
Sales and Use Tax  
Organization and Statistical Information

---

returned mail, answering correspondence, responding to protests, and identification of non-filers and under-reporters for income tax. The bureau is also responsible for the administration of several tax credit programs and the redemption of tax credits claimed by individual and corporate taxpayers. This bureau also identifies and works to prevent individual income tax fraud. (3) The Business Tax Bureau administers motor fuel, cigarette and other tobacco products, financial institutions, sales and use, and employer withholding taxes, along with multiple county fees, and tire and battery fees. Administrative functions include answering correspondence, processing sales and use tax exemptions, responding to tax protests, and distribution of funds to both state and local jurisdictions. (4) The Collections and Taxpayer Assistance Bureau provides tax assistance to individuals and businesses and follows procedures for unpaid tax liabilities. This bureau is comprised of 3 main areas of focus: call center, taxpayer assistance, and collections enforcement. The overall focus is account resolution and customer assistance. (5) The Field Compliance Bureau conducts audits to help educate Missouri businesses on their sales, consumer use, vendor use, employer withholding, and corporate income taxes, in addition to tire and battery fee obligations. The bureau also conducts audits of certain large sales and use tax refund claims. The Nexus section identifies taxpayers who have not complied with the business tax laws of Missouri and works with those taxpayers to become compliant. The Electronic Services section maintains the electronic interfaces between Missouri taxpayers, taxpayer representatives, and software developers. This section also handles the system administration functions for several internal and contracted applications.

Administration Division: This division provides administrative support to all other areas of the DOR and consists of 2 bureaus. (1) The Human Resources and Total Rewards Bureau is responsible for the DOR's personnel matters, process improvements, and training. (2) The Financial and General Services Bureau is responsible for all accounting, procurement, banking, and general service matters. This bureau also coordinates space and location needs, telecommunications, safety issues, maintenance, and improvement of the work environment within the DOR. In addition, included in the division is the Technical Communications Office that develops and maintains department forms, policies, and procedures. The office also maintains the public and internal website.

General Counsel's Office: This office ensures the DOR's compliance with law and internal policies, advises the director and divisions on legal matters relative to the DOR, and represents the DOR in courts and administrative tribunals. This office also consists of 2 investigation bureaus. (1) The Criminal Tax Investigation Bureau investigates and develops information leading to local prosecution of individuals and businesses suspected of violating state statutes related to sales, withholding, and income tax. (2) The Compliance and Investigation Bureau conducts investigations involving

Department of Revenue  
Sales and Use Tax  
Organization and Statistical Information

---

allegations of fraud relating to motor vehicle sales tax, titling and registration, odometer, and motor fuel sales tax as well as cigarette tax fraud, driver's license fraud and license plate fraud. The bureau also ensures the compliance of motor vehicle dealers, salvage businesses, and marine dealers with statutes and licensure regulations. In addition to external investigations, the bureau conducts internal audits and investigations of the DOR and contract license offices.

Director's Office: This office includes the Director, Chief Operating Officer, and key administrative staff responsible for the overall guidance and direction of the DOR. This office includes the Strategy and Communications Office and the Legislative Office. The Strategy and Communications Office develops and maintains positive media and public relations for the DOR. Additionally, the office handles graphic design, video and social media for the DOR. The Legislative Office serves as the DOR's liaison to the General Assembly. The office provides technical assistance, develops fiscal and revenue estimates on proposed legislation, and monitors the progress of bills through the Legislature.

Kenneth J. Zellers served as Director of Revenue from October 2, 2019, through October 12, 2021. Joseph Plaggenberg was appointed Acting Director of Revenue on October 12, 2021. Wayne Wallingford was appointed Director of Revenue on January 1, 2022.

Scott Fitzpatrick  
Missouri State Auditor  
Missouri State Auditor's Office  
PO Box 869  
Jefferson City, MO 65102

Dear Mr. Fitzpatrick:

The Department of Revenue acknowledges the recommendation in the Missouri State Auditor's report on Sales and Use Tax.

**Recommendation** — The General Assembly evaluate the continued necessity of a timely sales tax discount. If such a discount is deemed necessary, consider possible reductions to the timely payment discount, the implementation of a monthly cap on the amount of discount retained, and changes to current state laws to require the DOR annually report the reduction of state revenue related to the timely discount to the General Assembly, applicable political subdivisions, and to the general public.

**DOR Response** — If the General Assembly passes legislation that requires action, the Department of Revenue will incorporate those provisions into our processes and comply with any state laws regarding this recommendation.

If you have any questions, please contact me at 751-1115, or [Joshua.Shope@dor.mo.gov](mailto:Joshua.Shope@dor.mo.gov).

Sincerely,

Wayne Wallingford

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Ralls County, Missouri

The Office of the State Auditor contracted for an audit of Ralls County's financial statements for the year ended December 31, 2022, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by Daniel Jones & Associates, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

INDEPENDENT AUDITOR'S REPORT

To the County Commission  
The County of Ralls, Missouri

**Report on the Audit of the Financial Statements**

***Opinion***

We have audited the financial statements of the County of Ralls ("County"), Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash Balances - All Governmental Funds - Regulatory Basis and the Statements of Assets and Liabilities Arising From Cash Transactions - Fiduciary Funds - Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash Balances - Budget and Actual - All Governmental Funds - Regulatory Basis for the year then ended, and the related notes to the financial statements.

***Unmodified Opinion on Regulatory Basis of Accounting***

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash of each fund of the County as of December 31, 2022, and their respective cash receipts and disbursements, and budgetary results for the year then ended in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note I.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2022, or changes in net position and cash flows thereof for the year then ended.

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note I of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note I and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole that collectively comprise the County of Ralls' basic financial statements. The Schedule of Expenditures of Federal Awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole on the basis of accounting described in Note I.

## Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 27, 2023, on our consideration of the County of Ralls' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County of Ralls' internal control over financial reporting and compliance.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Ralls, Missouri ("County"), which is governed by three commissioners, was established in 1820 by an Act of the Missouri Territory. In addition to the three commissioners, there are ten elected Constitutional Officers: Assessor, County Clerk, Collector of Revenue, Coroner, Circuit Clerk/Recorder of Deeds, Prosecuting Attorney, Public Administrator, Sheriff, Surveyor, and Treasurer.

As discussed further in Note I, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Ralls County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri Court System and considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which include a Statement of Receipts, Disbursements and Changes in Cash Balances – All Governmental Funds, a Statement of Receipts, Disbursements and Changes in Cash Balances – Budget and Actual – All Governmental Funds, and a Statement of Assets and Liabilities Arising from Cash Transactions – Fiduciary Funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation (concluded)

**Governmental Fund Types**

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

**Fiduciary Fund Types**

*Fiduciary Funds* – Fiduciary funds consist of custodial funds. Custodial funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Custodial funds are accounted for and reported similarly to the governmental funds. Custodial funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

As a result of using this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, the County adopts a budget for each governmental fund.
2. On or before January 15th, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their offices or departments for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.

7. Budgets are prepared and adopted on the cash basis of accounting.

State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar year 2022, for purposes of taxation, was:

	<u>2022</u>
Real Estate	\$ 155,184,550
Personal Property	96,768,186
Railroad and Utilities	<u>26,555,095</u>
	<u>\$ 278,507,831</u>

During 2022, the County Commission approved a \$0.4308, respectively, tax levy per \$100 of assessed valuation of tangible taxable property, for purposes of County taxation, as follows:

	<u>2022</u>
General Revenue Fund	\$ 0.1652
Special Road and Bridge Fund	<u>0.2656</u>
	<u>\$ 0.4308</u>

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balances. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of 90 days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in Note II.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting. Legally required transfers are reported as “transfers in” by the recipient fund and as “transfers out” by the disbursing fund.

II. DEPOSITS

The County maintains a cash pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed as "Cash Balances" under each fund's caption.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2022, the carrying amounts of the County's deposits and investments were \$3,413,716.19 and the bank balances were \$11,775,209.63. The total bank balances as of December 31, 2022, were insured through the Federal Deposit Insurance Corporation and securities set by the County's financial institutions.

SUMMARY OF CARRYING VALUES

The carrying values of deposits shown above are included in the financial statements at December 31, 2022, as follows:

<u>Statements of Receipts, Disbursements and Changes in Cash</u>	
<u>Balances – Governmental Funds:</u>	
Deposits and cash equivalents	\$ 3,413,716.19
Total Governmental Funds	<u>3,413,716.19</u>
<u>Statement of Assets and Liabilities Arising From Cash</u>	
<u>Transactions – Fiduciary Funds:</u>	
Deposits	12,590,022.47
Total Custodial Funds	<u>12,590,022.47</u>
Total Deposits as of December 31, 2022	<u>\$ 16,003,738.66</u>

II. DEPOSITS AND INVESTMENTS (concluded)

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's investment policy does not include custodial credit risk requirements. The County's deposits were not exposed to custodial credit risk for the year ended December 31, 2022.

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments. The County's investments were not exposed to custodial credit risk for the year ended December 31, 2022.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). The County has no policy in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities. The County's deposits were not exposed to concentration of investment credit risk for the year ended December 31, 2022.

III. CAPITAL LEASES

On September 13, 2018, the County of Ralls entered into a lease purchase agreement with Caterpillar Financial Services Corporation for one new 12M3AWD Caterpillar Motor Grader. The first payment was due September 13, 2019. The financing agreement calls for four payments of \$32,489.85 to be paid annually, and the last payment is in the amount of \$32,490.85. The interest rate is 4.85% per annum.

On October 7, 2019, the County of Ralls entered into a lease purchase agreement with John Deere Financial to finance the purchase of a 2016 640R STD Farm Loader and a 2918 6145M Standard Cab Tractor. The lease term is 60 months. Payments of principal and interest are due annually on October 7 in the amount of \$15,548.34.

On March 1, 2019, the County of Ralls entered into a lease purchase agreement with US Bank to finance the purchase of a vehicle. The lease term is 48 months. Payments of principal and interest are due annually on March 1 with the first payment due March 1, 2020 in the amounts of \$31,851.33. The interest rate is 3.90% per annum.

On August 27, 2020, the County of Ralls entered into a lease purchase agreement with Caterpillar Financial Services Corporation for one new 2019 140-13 Grader. The financing agreement calls for two payments to be paid annually with the first payment due on September 17, 2021 in the amount of \$101,529.12. The interest rate is 2.99% per annum.

On August 27, 2021, the County of Ralls entered into a lease purchase agreement with John Deere Financial to finance the purchase of multiple pieces of equipment. The financing agreement calls for two payments of \$61,337.18 to be paid annually. The interest rate is 2.75% per annum.

On May 15, 2022, the County of Ralls entered into a lease purchase agreement with KS State Bank to finance the purchase of a vehicle. The lease term is 3 years. Payments of principal and interest are due annually on May 15 with the first payment due May 15, 2023 in the amount of \$67,465.14. The interest rate is 4.36% per annum.

On June 10, 2022, the County of Ralls entered into a lease purchase agreement with Henry Adkins and Sons to finance the purchase of Unisyn Voting equipment. The lease term is 60 months. Payments of principal and interest are due annually on July 31 with the first payment of \$12,220 due on July 31, 2023.

V. INTERFUND TRANSFERS

Transfers between funds for the years ended December 31, 2022 are as follows:

	2022	
	Transfers In	Transfers Out
General Revenue Fund	\$ 520,111.92	\$ 62,000.00
Assessment Fund	62,000.00	-
American Rescue Act Plan Fund	-	520,111.92
	<u>\$ 582,111.92</u>	<u>\$ 582,111.92</u>

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

VI. LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS)

Plan Description

The Ralls County's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. Ralls County participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at [www.molagers.org](http://www.molagers.org).

Benefits Provided

LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

VI. LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS) (continued)

2022 Valuation

Benefit Multiplier:	1.50%
Final Average Salary:	5 Years
Member Contributions:	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered By Benefit Terms

At June 30, 2022, the following employees were covered by the benefit terms:

	<u>General</u>	<u>Police</u>
Inactive employees or beneficiaries currently receiving benefits	42	11
Inactive employees entitled to but not yet receiving benefits	13	13
Active employees	33	13
	<u>88</u>	<u>37</u>

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 10.2% (General) and 10.8% (Police) of annual covered payroll.

Net Pension Liability

The employer's net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2022.

Actuarial Assumptions

The total pension liability in the February 28, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75% wage inflation; 2.25% price inflation
Salary Increase	2.75% to 6.75% including wage inflation
Investment Rate of Return	7.00%, net of investment expenses

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

VI. LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS) (continued)

The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees mortality table for males and females. Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 28, 2022 valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<b>Asset Class</b>	<b>Target Allocation</b>	<b>Long-Term Expected Real Rate of Return</b>
Alpha	15.00%	3.67%
Equity	35.00%	4.78%
Fixed Income	31.00%	1.41%
Real Assets	36.00%	3.29%
Strategic Assets	8.00%	5.25%
Cash/Leverage	-25.00%	-0.29%

Discount Rate

The discount rate used to measure the total pension liability is 7.00%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

VII. COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

A. Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in Sections 50.1000-50.1300 of the Missouri Revised Statutes (RSMo). The Board of Directors consists of eleven members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The Board of Directors has the authority to adopt rules and regulations for administering the system.

CERF is a mandatory cost-sharing multiple employer retirement system for each county in the state of Missouri, except any city not within a county (which excludes the City of St. Louis) and counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter county which is not participating in the Local Government Employees Retirement System (LAGERS); and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system. CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after 8 years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of 8 years of creditable service and who terminated employment after December 31, 1999, may retire with an early retirement benefit and receive a reduced allowance after attaining age 55.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

VII. COUNTY EMPLOYEES' RETIREMENT FUND (CERF) (concluded)

A. Plan Description (concluded)

Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit, which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

B. Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions (other than those made by the county) are refunded to the employee.

The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. The County has elected to make the 4% contribution on behalf of the County employees. During 2022, the County remitted to CERF, contributions of approximately \$74,088.66 for the year then ended.

VIII. PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with state statute Section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County has contributed \$11,628.00, for the year ended December 31, 2022.

IX. POST-EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. There was one COBRA participant for year ending December 31, 2022 paying premiums of \$566.40. There were no retirees at December 31, 2022.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2022

---

X. CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County was not involved in any litigation as of the audit report date.

B. Compensated Absences (Vacation and Sick Time)

Ralls County provides employees with up to four weeks of paid vacation based upon the number of years of continuous service. Upon termination from county employment, an employee is not reimbursed for unused vacation and overtime. Sick time is offered to full time employees at the rate of one-half day for each calendar month of employment and are allowed to accumulate up to 30 days. Sick time is paid for at a rate of 50% for any unused sick pay. These have not been subjected to auditing procedures.

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

XI. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool, which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS*

Independent Auditor's Report

To the County Commission  
The County of Ralls, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the County of Ralls ("County") which comprise the Statement of Receipts, Disbursements and Changes in Cash Balances – All Governmental Funds – Regulatory Basis and the Statements of Assets and Liabilities Arising from Cash Transactions – Fiduciary Funds – Regulatory Basis as of December 31, 2022, and the related Statements of Receipts, Disbursements and Changes in Cash Balances – Budget and Actual – All Governmental Funds – Regulatory Basis for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated July 27, 2023.

In our report, because the County prepared its financial statements using financial reporting provisions prescribed or permitted by Missouri law, our opinion stated that the financial statements were not presented fairly in conformity with accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated in accordance with the financial reporting provisions prescribed or permitted by Missouri law, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

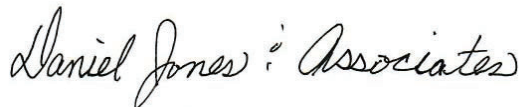

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that we've not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

Independent Auditor's Report

To The County Commission  
The County of Ralls, Missouri

***Report on Compliance for Each Major Federal Program***

***Opinion on Each Major Federal Program***

We have audited County of Ralls' ("County") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2022. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

***Responsibility of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws,

statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

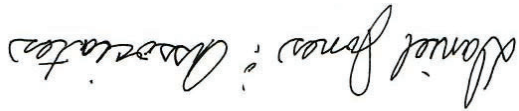

### ***Report on Internal Control over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE COUNTY OF RALLS  
NEW LONDON, MISSOURI  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED DECEMBER 31, 2022

---

NOTE 1 – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of the County of Ralls under programs of the federal government for the year ended December 31, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of Ralls, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the County of Ralls.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 – INDIRECT COST RATE

The County has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4 – SUBRECIPIENTS

There were no subrecipients for federal awards for the year ending December 31, 2022.

NOTE 5– DONATED PERSONAL PROTECTIVE EQUIPMENT (UNAUDITED)

Ralls County did not receive any donated personal protective equipment in the year ending December 31, 2022.

Report No. 2023-038

August 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the Olive Boulevard Transportation Development District

### Background

The Olive Boulevard Transportation Development District (TDD) was formed in September 2004 for the purpose of improving Olive Boulevard and included various construction projects, traffic improvements, utility burials, and landscaping. The project was completed in December 2018 and the City of Creve Coeur subsequently accepted ownership of the project. The Olive Boulevard TDD projects totaled approximately \$5,790,000.

The project was funded by a voter-approved one-half percent sales tax on all taxable transactions within the boundaries of the district. The Board of Directors approved rescinding the sales tax in February 2022, and the bond debt associated with the project was satisfied in April 2022.

Based on the audit, the cash balance of the Olive Boulevard TDD as of December 31, 2022, was \$435,300. As of December 2022, the District had estimated outstanding legal fees of \$33,100 and accounting fees of \$7,500 needed to dissolve the District. After the district's final costs and professional fees are paid, the remaining balance will be distributed to the City of Creve Coeur in accordance with state law.

### Financial Status

The audit of the Olive Boulevard TDD indicates the financial condition of the district is such that it may be abolished.

Because of the nature of this audit, no rating is provided.

Management Advisory Report - State Auditor's Findings	Financial Status .....3
---	-------------------------

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Heather Silverman, Chairperson  
and  
Board of Directors  
Olive Boulevard Transportation Development District  
Creve Coeur, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On February 24, 2022, the Board of Directors of the Olive Boulevard Transportation Development District approved a resolution of its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this resolution.

The scope of our audit included, but was not necessarily limited to, the fiscal year ended June 30, 2022, and the period from July 1 through December 31, 2022. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing minutes of meetings, financial records, and other pertinent documents; and interviewing various personnel of the district, as well as certain external parties. We obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The audit determined the Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the Olive Boulevard Transportation Development District.

Scott Fitzpatrick  
State Auditor

---

# Olive Boulevard Transportation Development District Management Advisory Report - State Auditor's Findings

---

## **Financial Status**

Our audit of the Olive Boulevard Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The Olive Boulevard TDD is located in St. Louis County, in the City of Creve Coeur. The District was organized in September 2004 by petition of the property owners/developer within the proposed TDD. The district consisted of several dozen parcels of property at the time of formation with 23 property owners within the district's boundaries. The members of the Board of Directors and officers consist of 7 members: 4 members representing the City of Creve Coeur, 2 members representing the property owners, and 1 vacancy. The district has a fiscal year end of June 30.

The Olive Boulevard TDD was formed for the purpose of improving Olive Boulevard and included various construction projects, traffic improvements, utility burials, and landscaping. The City of Creve Coeur is the public entity with jurisdiction over the local portion of the project and serves as the Local Transportation Authority. The resulting transportation improvements are not intended to be merged into state highways; therefore, the Missouri Highways and Transportation Commission (MHTC) has no direct interest in the TDD. The project was completed in December 2018, and the City of Creve Coeur subsequently accepted ownership of the project. Project costs totaled \$5,790,000.

In September 2004, the qualified voters of the district approved a 1/2-cent (0.5 percent) sales tax on all taxable transactions within the boundaries of the district. The Board of Directors subsequently passed a resolution formally establishing that sales tax rate to be effective October 1, 2004, for 25 years unless terminated sooner.

In June 2005, the Olive Boulevard TDD issued \$5,090,000 in revenue bonds to pay project costs, and subsequently borrowed \$700,000 from a developer/property owner to fund an additional project. In July 2015 the District issued \$2,690,000 in bonds for the purpose of refunding the prior bonds, paying the costs of issuance for said bonds, executing bond documents, and authorizing the engagement of an agent, counsel, and trustee. The Olive Boulevard TDD satisfied this debt in April 2022. The Board approved rescinding the sales tax in February 2022, and subsequently notified the Department of Revenue (DOR) to stop collecting the district's tax. Sales tax collection expired March 31, 2022.

## Olive Blvd. Transportation Development District Management Advisory Report - State Auditor's Findings

From 2010 through December 31, 2022, the District received \$5,673,602 in sales tax revenues.<sup>1</sup> See the table below for district's financial activity for the year ended June 30, 2022, and the period July 1 through December 31, 2022.

In February 2022, the Olive Boulevard TDD Board formalized its intent to dissolve the District. The District subsequently advised the State Auditor's Office (SAO) of this resolution in March 2022 and requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo. That statute requires the State Auditor to audit the district to determine its financial status, and determine whether it may be abolished pursuant to law. It also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it; if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balances for the year ended June 30, 2022, and the period July 1, 2022, through year ended December 31, 2022.

	July 1, 2022 through December 31, 2022	Year Ended June 30, 2022
RECEIPTS		
Sales Tax	\$ 5,257	662,242
Interest	67	0
Miscellaneous Income	0	12,212
Total Receipts	5,324	674,454
DISBURSEMENTS		
Administration	25,140	43,011
Principal	0	314,735
Total Disbursements	25,140	357,746
RECEIPTS OVER (UNDER)		
DISBURSEMENTS	(19,816)	316,708
BEGINNING CASH	455,116	138,408
ENDING CASH	\$ 435,300	455,116

Source: Compiled by the SAO using the district's bank accounts and financial statements.

Based on our audit, the cash balance of the Olive Boulevard TDD as of December 31, 2022, was \$435,300. As of December 2022, the District had estimated outstanding legal and accounting fees needed to dissolve the District of \$33,110 and \$7,500; respectively. According to District legal

<sup>1</sup> District sales tax information prior to 2010 was not available from the District or from the DOR.

## Olive Blvd. Transportation Development District Management Advisory Report - State Auditor's Findings

---

counsel, there are no pending, threatened, or unasserted claims or assessments against the district. District officials confirmed the district is not insolvent, in receivership, or under the jurisdiction of a bankruptcy court. Based on these representations, district assets are sufficient to pay any remaining costs and obligations. After the district's final costs and professional fees are paid, the remaining balance will be distributed to the City of Creve Coeur in accordance with Section 238.275.5(1), RSMo.

Based on our audit, the Board of Directors may proceed with the abolishment of the district in accordance with Section 238.275, RSMo.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 1,527 political subdivisions required to file a financial report by June 30, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in June 2023, after their filing deadline. The filing status for these 4 entities is presented in summary on page 3 and by individual entity in Appendixes B and C.

Scott Fitzpatrick  
State Auditor

June 2023

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 1,527 political subdivisions, other than cities, towns, and villages, with a fiscal year end of December 31, 2022. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 1,527 political subdivisions, 1,123 filed an annual financial report timely.

This report also includes the filing status for 4 political subdivisions, other than cities, towns, and villages, that filed their financial report in June 2023, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by June 30, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 263 cities, 11 towns, and 130 villages is presented in summary on page 4 and by individual entity in Appendix A. The filing status for 5 counties is presented in summary on page 4 and by individual entity in Appendix B. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in June 2023, after their filing deadline. The filing status for these 9 cities and 1 village is presented in summary on page 4 and by individual entity in Appendixes C to E.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Municipal Court and Revenue Filings

June 2023

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. Rule 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

---

Monthly Report on Municipal Court and Revenue Filings  
June 2023  
Executive Summary

---

This report includes the filing status for the 263 cities, 11 towns, and 130 villages with a fiscal year end of December 31, 2022, whose financial report was due by June 30, 2023. Of the 404 municipalities, 269 filed the financial report timely. Of the 235 municipalities required to file an addendum, 128 filed timely. Of the 95 municipalities required to file a certification, 65 filed timely.

This report includes the filing status for the 5 counties, with a fiscal year end of December 31, 2022, whose addendum and certification was due by June 30, 2023. Of these entities, 3 filed their addendum timely, and 3 filed their certification timely.

This report includes the filing status for 9 cities and 1 village that filed at least one of the items (financial report, addendum, or certification) in June 2023, after their filing deadline. Of these municipalities, 3 filed an annual financial report, 7 filed an addendum, and 5 filed a certification.

## Missouri State Auditor

City of St. Louis

Office of Recorder of Deeds  
and Vital Records Registrar

Report No. 2023-035

August 2023

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the City of St. Louis - Office of Recorder of Deeds and Vital Records Registrar

Payroll Policies and Procedures	The payroll policies of the Recorder of Deeds and Vital Records Registrar (Recorder) do not include key safeguards, and supervisory reviews did not identify payroll inaccuracies.
Escrow Liability Reconciliations	The Recorder does not reconcile the records of escrow money held by the office to the city's general ledger records or balances and, as a result, errors and other unidentified differences remained undetected and city liabilities are understated by \$30,483.

In the areas audited, the overall performance of this entity was **Good**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK

### MISSOURI STATE AUDITOR

Honorable Michael Butler, Recorder of Deeds and Vital Records Registrar  
City of St. Louis, Missouri

We have audited certain operations of the City of St. Louis Office of Recorder of Deeds and Vital Records Registrar in fulfillment of our duties under Section 29.200.3, RSMo. The State Auditor initiated audits of the City of St. Louis in response to a formal request from the Board of Aldermen. The city engaged KPMG LLP, Certified Public Accountants (CPAs), to audit the city's financial statements for the year ended June 30, 2021. To minimize duplication of effort, we reviewed the CPA firm's report for the year ended June 30, 2021, since the June 30, 2022, audit had not been completed. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2022. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the City of St. Louis Office of Recorder of Deeds and Vital Records Registrar.

Additional audits of various officials and departments of the City of St. Louis are in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is written in a cursive, flowing style.

City of St. Louis  
Office of Recorder of Deeds and Vital Records Registrar  
Management Advisory Report - State Auditor's Findings

---

**1. Payroll Policies  
and Procedures**

The payroll policies of the Recorder of Deeds and Vital Records Registrar (Recorder) do not include key safeguards, and supervisory reviews did not identify payroll inaccuracies. Payroll expenses were approximately \$1.2 million for the fiscal year ended June 30, 2022.

Payroll policies are  
inadequate

Procedures have not been established to require employees to sign their timecards to attest to hours worked or leave used, salaried employees are not required to complete leave requests, hourly employees are not required to sign leave requests, and supervisors are not required to document their review and approval of employee payroll information. In addition, procedures have not been established to review and verify employee time entered into the timekeeping system.

Office personnel indicated personnel policies have been in place for many years, and they had not considered adding these additional requirements into existing policies.

Supervisory reviews have  
not detected errors

Employee time information, including employee leave requests, is entered into the payroll system by the employee. This information is then reviewed by the Human Resource Manager for accuracy. For leave requests, office policy requires the employee's supervisor or appointing authority to review and approve employee leave request forms prior to processing the forms. Reviews performed did not always detect errors between employee timecards and the data entered into the payroll system.

During our review of employee timecards for the pay period May 22, 2022, through June 4, 2022, we noted 1 employee's leave used did not agree to the type of leave requested or the amount on the employee's timecard. A leave request for June 1, 2022, was submitted for 3 hours compensatory time. However, the leave time was recorded as 4 hours of medical leave on the employee's timecard, and was recorded as 4 hours of compensatory time on the accrual leave balance report. As a result, the compensatory time balance remaining should have been 4.5 hours; however, the balance recorded on the leave balance report was 3.5 hours. Office personnel indicated this was an oversight.

Strengthening existing payroll policies and ensuring supervisory reviews of payroll records are completed would provide additional assurance employee compensation and leave records are accurate. In addition, Fair Labor Standards Act (FLSA) regulation Section 29 CFR Section 516.2(a) requires employers to maintain accurate records of actual time worked by employees.

City of St. Louis  
Office of Recorder of Deeds and Vital Records Registrar  
Management Advisory Report - State Auditor's Findings

---

## Recommendation

The Recorder of Deeds and Vital Records Registrar establish procedures to ensure signed timecards and leave requests are completed by all employees and are reviewed and approved by a supervisor.

## Auditee's Response

*The Recorder of Deeds and Vital Records Registrar's written response indicates the office partially agrees with the recommendation. The office's full response is included at Appendix A.*

---

## 2. Escrow Liability Reconciliations

The Recorder does not reconcile the records of escrow money held by the office to the city's general ledger records or balances and, as a result, errors and other unidentified differences remained undetected and city liabilities are understated by \$30,483.

Title companies, banks, and other customers may establish escrow (prepaid) accounts with the Recorder's office. Deposits, uses, and escrow account balances are documented in the Recorder's cashier software. Deposits received by the Recorder are transmitted to the City Treasurer daily and are recorded in the city's General Fund as a liability in the Title Fee Deposits Account. At the end of each month, the Recorder provides journal entry instructions to the City Comptroller to reduce the Title Fee Deposits Account for amounts used by the customers during the month. The journal entry reduces the city's liability account balance and increases revenues. Deposits and uses by participating customers totaled approximately \$2,970,000 and \$2,903,000; respectively, for the year ended June 30, 2022.

The City Comptroller's records show the escrow liability balance as of June 30, 2022, was \$196,267, while the actual balance of escrow funds held by the City Treasurer was \$226,750, resulting in a difference of \$30,483. As a result, the City Comptroller's records of account for the escrow liability and the city's liability on its financial statements are understated.

Monthly reconciliations between the Recorder's escrow account balances and the city's liability records are necessary to ensure deposit amounts are properly recorded and are sufficient to meet liabilities. Any discrepancies should be promptly investigated and resolved.

### Similar condition previously reported

The Recorder indicated the office was unaware the balance for the escrow accounts should be reconciled monthly to the Comptroller's liability balance; however, a similar condition was noted in our 2 prior audit reports. In addition, in the *Follow-Up Report on Audit Findings City of St. Louis - Recorder of Deeds and Vital Records Registrar*, Report No. 2016-095, released in September 2016, officials indicated the previous recommendation was in progress; however, we found the corrective action was not consistently applied and discrepancies continue to exist.

City of St. Louis  
Office of Recorder of Deeds and Vital Records Registrar  
Management Advisory Report - State Auditor's Findings

---

**Recommendation**

The Recorder of Deeds and Vital Records Registrar develop policies and procedures to reconcile escrow account balances to the city's liability records monthly. Any differences should be investigated and resolved.

**Auditee's Response**

*The Recorder of Deeds and Vital Records Registrar's written response indicates the office partially agrees with the recommendation. The office's full response is included at Appendix A.*

---

# City of St. Louis - Office of Recorder of Deeds and Vital Records Registrar

## Organization and Statistical Information

---

The City of St. Louis Office of Recorder of Deeds and Vital Records Registrar is an elected statutory county office. Missouri statutes and city ordinances define the office's duties. The duties of the office include preserving and providing public access to public records affecting title to real estate and issuance of marriage licenses; administering the State of Missouri vital records registry office for birth and death records for the City of St. Louis; maintaining and assisting users with access to archive data dating between 1765 and the present; and other legal matters.

Michael Butler currently serves as the Recorder of Deeds and Vital Records Registrar for the City of St. Louis. He was first elected to this position in November 2018 and was re-elected in November 2022. His current term expires January 1, 2027.

The office employed 37 employees as of June 30, 2022.

July 19, 2023

Honorable Scott Fitzpatrick  
Missouri State Auditor  
301 West High Street, Room 880  
Jefferson City, Missouri 65012

We have reviewed the findings from your office's audit of the City of St. Louis Office of Recorder of Deeds and Vital Records Registrar. Below you will find our responses to the audit findings.

- 1. The Recorder of Deeds and Vital Records Registrar (Recorder) establish procedures to ensure signed timecards and leave requests are completed by all employees and are reviewed and approved by a supervisor.**

*Recorder's Response: I partially agree with this finding. Our response is as follows:*

**#1 Payroll Policies and Procedures**

The Recorder's office does have established detailed policies for all operations including personnel policies. The Auditor's review of the Recorder's payroll system cited findings regarding this office's then primary payroll system which included a redundant process of paper and electronic system for accrual/leave tracking. The issues raised were because the then payroll system, NOVAtime, was not designed with an employee signoff function however, this office's internal procedures did require employees to call in medical (sick) absences to their immediate supervisors who then prepared and submitted leave slips to the Human Resources Manager on the employee's behalf which were not signed by the employee. Those forms are then entered into the payroll system by Human Resources Personnel. All employees had access to their individual NOVAtime payroll accounts, including accruals and were at liberty to bring any concerns to either their direct supervisor or HR. This system has been in place since 2010 and has weathered two previous Missouri State Auditor audits with no similar audit findings or suggestions.

This office is not aware of any unaddressed employee concerns about incorrect entries into the timekeeping system.

During the time of the audit, the City of St. Louis commissioned and implemented a new citywide payroll system which requires all city employee's personal signoffs as noted in the audit. Therefore, this item has been addressed.

## Appendix

### City of St. Louis - Office of Recorder of Deeds and Vital Records Registrar Response to Audit Recommendations

2. **The Recorder develop policies and procedures to reconcile escrow account balances to the city's liability records monthly. Any differences should be investigated and resolved.**

*Recorder's Response: I partially agree with this finding. Our response is as follows:*

#### **#2 Escrow Liability Reconciliations**

As noted in the Auditor's report, this is a continuing issue however, all funds in the care of the Recorder were meticulously accounted for and there were no irregularities relating to the fiscal accounting of those accounts. This Recorder's administration, as well as the past administration, has sought the assistance of the St. Louis City Comptroller to create a permanent resolution. The City of St. Louis has recently implemented a new accounting system, ORACLE, which once fully implemented will improve the ability to reconcile these accounts. This effort will require a collaborative effort including the Comptroller's and the St. Louis City Treasurer's office. Toward that goal, the Recorder has also recently enhanced internal staff capabilities with the addition of personnel with accounting backgrounds and capabilities plus employing the services of an external accounting service.

Please note that this office is thoroughly committed to fully incorporate your findings and suggestions. Thank you for bringing these issues to our attention.

We also want to acknowledge the professionalism and abilities of your audit staff. Their communications and patience were appreciated by all in the Recorder's Office.

Sincerely,

Michael Butler  
St. Louis Recorder of Deeds.

Transportation Development District

Report No. 2023-034

August 2023

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the Wentzville Parkway Transportation Development District

### Background

The Wentzville Parkway Transportation Development District (TDD) was formed in March 2005 for the purpose of improving Wentzville Parkway, North Road, the North Road retaining wall, and a North Road extension. The project was completed in April 2006 and the City of Wentzville subsequently accepted ownership of the project.

The Wentzville Parkway TDD projects totaled approximately \$1,899,000. The project was funded by a voter-approved one-half percent sales tax on all taxable transactions within the boundaries of the district. Debt associated with the project was paid off in November 2020 and the Board of Directors approved rescinding the sales tax in December 2020.

The ending cash balance for the Wentzville Parkway TDD as of July 31, 2022, was \$272,801. According to district legal counsel, as of September 2022, the district owed approximately \$26,000 in unpaid legal fees, and could incur an additional \$60,000 in legal fees during the dissolution of the district. After the district's final costs and professional fees are paid, the remaining balance will be distributed to the City of Wentzville in accordance with state law.

### Financial Status

The audit of the Wentzville Parkway TDD indicates the financial condition of the district is such that it may be abolished.

Because of the nature of this audit, no rating is provided.

---

Management Advisory Report - State Auditor's Findings	Financial Status .....3
---	-------------------------

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Brent Beumer, Chairman/Executive Director  
and  
Board of Directors  
Wentzville Parkway Transportation Development District  
Wentzville, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On July 29, 2022, the Board of Directors of the Wentzville Parkway Transportation Development District approved a resolution of its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this resolution.

The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2021, and the period from January 1 through July 31, 2022. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing financial records and other pertinent documents; interviewing various personnel of the district, as well as certain external parties. We obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The audit determined the Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the Wentzville Parkway Transportation Development District.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized with a large, flowing "S" and "F".

# Wentzville Parkway Transportation Development District Management Advisory Report - State Auditor's Findings

---

## **Financial Status**

Our audit of the Wentzville Parkway Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The Wentzville Parkway TDD is located in St. Charles County, in the city of Wentzville. The district was organized in March 2005, by petition of the property owner/developer within the proposed TDD. The district consisted of 1 property owner at the time of formation with 3 other entities becoming property owners within the district's boundaries subsequent to the establishment of the district. The members of the Board of Directors and officers consist of 5 representatives of the property owners. The district has a fiscal year end of December 31.

The Wentzville Parkway TDD was formed for the purpose of improving Wentzville Parkway, North Road, the North Road retaining wall, and a North Road extension. The City of Wentzville is the public entity with jurisdiction over the local portion of the project and serves as the Local Transportation Authority. The transportation projects are not intended to be merged into state highways, therefore, the Missouri Highways and Transportation Commission has no direct interest in the TDD. The project was completed in April 2006, and the City of Wentzville subsequently accepted ownership of the project. The Wentzville Parkway TDD projects totaled approximately \$1,899,000.

In 2005, the qualified voters of the district approved a 1/2-cent (0.5 percent) sales tax on all taxable transactions within the boundaries of the district. The Board of Directors subsequently passed a resolution formally establishing that sales tax rate to remain in effect until district obligations had been paid in full.

In 2005, the Wentzville Parkway TDD set up a line of credit with a maximum limit of \$3,500,000 from First Bank to fund district project costs. The district's project costs totaled approximately \$1,899,000. The Wentzville Parkway TDD satisfied this debt in November 2020. The Board approved rescinding the sales tax in December 2020, and notified the Department of Revenue to stop collecting the district's tax in June 2021. Sales tax collection expired September 30, 2021.

From the district's inception in 2005, through December 31, 2021, the Wentzville Parkway TDD received \$2,612,685 in sales tax revenues and paid \$2,503,586 in principal and interest. See the subsequent table for district financial activity for the 17 years ended December 31, 2021, and the period January 1, 2022, through July 31, 2022.

In June 2021, the Wentzville Parkway TDD Board formalized its intent to dissolve the district. The district subsequently advised the State Auditor's Office (SAO) of this resolution in July 2022 and requested the SAO proceed

## Wentzville Parkway Transportation Development District Management Advisory Report - State Auditor's Findings

with all necessary actions as required pursuant to Section 238.275, RSMo. That statute requires the State Auditor to audit the district to determine its financial status, and determine whether it may be abolished pursuant to law. It also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it; if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balances for the 17 years ended December 31, 2021, and the period January 1, 2022, through July 31, 2022.

	January 1, 2022 through July 31, 2022	17 Years Ended December 31, 2021
<b>RECEIPTS</b>		
Sales Tax	\$ 0	2,612,685
Developer Note Proceeds	0	180,350
Loan Proceeds	0	725,803
Interest	24	1,298

Total Disbursements	6,143	3,241,216
RECEIPTS OVER (UNDER)	(6,119)	278,920
<b>DISBURSEMENTS</b>		
BEGINNING CASH	278,920	0
ENDING CASH	\$ 272,801	278,920

Source: Compiled by the SAO using the district's bank statements and financial statements.

Based on our audit, the cash balance of the Wentzville Parkway TDD as of July 31, 2022, was \$272,801. According to district legal counsel, as of September 2022, the district owed approximately \$26,000 in unpaid legal fees, and may incur an additional \$60,000 in legal fees during the dissolution of the district. There are no pending, threatened, or unasserted claims or assessments against the district according to district legal counsel. District officials confirmed the district is not insolvent, in receivership, or under the jurisdiction of a bankruptcy court. Based on these representations, district assets are sufficient to pay any remaining costs and obligations. After the district's final costs and professional fees are paid, the remaining balance will

## Wentzville Parkway Transportation Development District Management Advisory Report - State Auditor's Findings

---

be distributed to the City of Wentzville in accordance with Section 238.275.5(1), RSMo.

Based on our audit, the Board of Directors may proceed with the abolishment of the district in accordance with Section 238.275, RSMo.

## Missouri State Auditor

Office of State Treasurer  
Period July 1, 2022 through January 9, 2023

Report No. 2023-033

August 2023

[auditor.mo.gov](https://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the closeout audit of the Office of State Treasurer

### Background

The Office of State Treasurer is an elective office as provided in the Missouri Constitution. The duties of the State Treasurer as defined by Article IV, Section 15 are to be the custodian of all state funds; to determine the amount of state monies not needed for current operating expenses; and to invest such monies in interest-bearing time deposits at Missouri banking institutions selected by the State Treasurer and approved by the Governor and State Auditor, short-term U.S. government securities or certain allowable commercial paper and banker's acceptances.

The Office of State Treasurer operates in four major functional areas (1) accounting and banking services, (2) general and administrative services, (3) investments and deposit programs, and (4) unclaimed property.

On January 14, 2019, Scott Fitzpatrick was sworn in as the forty-seventh Treasurer of the state of Missouri. He was elected to a full term on November 3, 2020, and served in this role until January 9, 2023, when he was sworn in as Missouri's thirty-ninth State Auditor. His term as State Treasurer was to expire in January 2025. Governor Michael L. Parson appointed Vivek Malek as State Treasurer and he was sworn in on January 17, 2023. From January 9, 2023, until January 17, 2023, Leslie Korte served as Assistant State Treasurer.

### Findings

The audit identified no significant deficiencies in internal controls, no significant noncompliance with legal provisions, and no significant deficiencies in management practices and procedures. No findings resulted from this audit.

In the areas audited, the overall performance of this entity was **Excellent**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

## SCOTT FITZPATRICK

### MISSOURI STATE AUDITOR

Honorable Vivek Malek, State Treasurer  
Jefferson City, Missouri

Due to his role as State Treasurer during the period under audit, the State Auditor recused himself from participation in this audit. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff. We have audited certain operations of the Office of State Treasurer, in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the period of July 1, 2022, through January 9, 2023. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

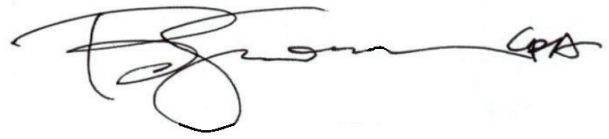

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office; and testing selected transactions. We reviewed certain disbursement, payroll, and capital asset transactions; cash and investment activity; and the elected official's calendar. We also performed sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures. No findings resulted from our audit of the Office of State Treasurer.

A handwritten signature in black ink, appearing to read "R. Showers CPA". The signature is fluid and cursive, with the letters "CPA" written more clearly at the end.

Robert E. Showers, CPA, CGAP  
Director of Audits

# Office of State Treasurer

## Organization and Statistical Information

---

The Office of State Treasurer is an elective office as provided in the Missouri Constitution. The duties of the State Treasurer as defined by Article IV, Section 15 are to be the custodian of all state funds; to determine the amount of state money not needed for current operating expenses; and to invest such money in interest-bearing time deposits at Missouri banking institutions selected by the State Treasurer and approved by the Governor and State Auditor, short-term U.S. government securities, or certain allowable commercial paper and banker's acceptances.

The Office of State Treasurer operates in four major functional areas (1) accounting and banking services, (2) general and administrative services, (3) investments and deposit programs, and (4) unclaimed property.

The accounting and banking services area (1) maintains a fund accounting system to fulfill a statutory responsibility to keep separate accounts of the funds of the state and to allocate investment interest to funds, (2) maintains ledger controls on fund balances and appropriations to assure that no check is issued that exceeds the lawful appropriated balances, (3) controls receipt of state money collected by state agencies and deposited in local banks throughout the state, (4) reconciles bank activity to receipt and disbursement activity reflected on the state books, (5) determines the amount of state money not needed for current operating expenses, and (6) confirms daily disbursements with the bank as certified by the Office of Administration.

The general and administrative services area provides processing support to other areas of the office by (1) operating the central check mail service, (2) controlling and processing outlawed and replacement checks, and (3) processing invoices for office expenditures.

The investments area places state money not needed for current operating expenses in interest-bearing time deposits, U.S. government and agency securities, commercial paper, banker's acceptances, and repurchase agreements. This area also administers the State Treasurer's statutory linked deposit program and monitors and accounts for the collateralization of state funds.

The Unclaimed Property Division administers Missouri's Unclaimed Property Act (Chapter 447, RSMo). The Unclaimed Property Division is responsible for (1) ensuring unclaimed property is reported, (2) receiving and recording reports of unclaimed property, (3) depositing unclaimed funds to the Abandoned Fund Account Fund, (4) maintaining custody and safekeeping of abandoned or unclaimed physical property, and (5) processing owner claims for abandoned funds or physical property.

Governor Michael L. Parson appointed Scott Fitzpatrick as the forty-seventh State Treasurer, and he was sworn in on January 14, 2019. He served in this

## SCOTT FITZPATRICK

### MISSOURI STATE AUDITOR

Honorable Vivek Malek, State Treasurer  
Jefferson City, Missouri

Due to his role as State Treasurer during the period under audit, the State Auditor recused himself from participation in this audit. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff. We have audited certain operations of the Office of State Treasurer, in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2022. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

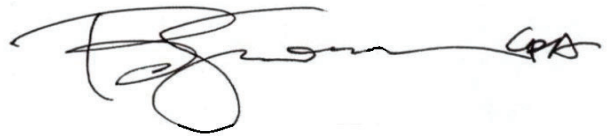

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and testing selected transactions. We reviewed receipt, disbursement, and payroll transactions, and cash and investment activity; and performed sample testing of some of these areas using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures. No findings resulted from our audit of the Office of State Treasurer.

---

role until January 9, 2023, when he was sworn in as Missouri's thirty-ninth State Auditor. His term as State Treasurer was to expire in January 2025. Governor Michael L. Parson appointed Vivek Malek as State Treasurer and he was sworn in on January 17, 2023. From January 9, 2023, until January 17, 2023, Leslie Korte served as Assistant State Treasurer.

As of June 30, 2022, the office had 41 full-time positions to assist in the accomplishment of its mission.

## Financial Activity

A summary of the office's operating financial activity, cash and investment balances, and investment income is presented in the following Appendixes and in the Notes to the Appendixes.

## Appendix A

## Notes to the Appendixes

### 1. Basis of Presentation

Amounts presented in Appendixes A through E are reported on the budgetary or cash basis of accounting. The budgetary basis recognizes revenues as cash is received and expenditures as cash is disbursed. Missouri issues an Annual Comprehensive Financial Report (ACFR) for each fiscal year ended June 30, in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The financial activity of the Office of State Treasurer is included in the ACFR.

The amounts presented in Appendix A represent receipts, disbursements, transfers, and cash and investment balances of funds that are dedicated to the activities and programs of the office.

The amounts presented in Appendixes B and C represent funds appropriated to the office by the Missouri General Assembly and expended by the office.

The amounts presented in Appendixes D and E represent all funds in the state treasury and all trust funds in the custody of the State Treasurer.

State treasury funds are subject to appropriation; trust funds are not. The appendixes do not include any funds or investments that are not in the custody of the State Treasurer.

### 2. Cash and Investments

Article IV, Section 15 of the Missouri Constitution establishes the State Treasurer as custodian of all state funds and funds received from the U.S. government. This section further authorizes the State Treasurer to place all such money on time deposit, bearing interest, in Missouri banking institutions selected by the State Treasurer and approved by the Governor and the State Auditor, or in obligations of the U.S. government or any agency or instrumentality thereof maturing or becoming payable not more than 5 years from the date of purchase. In addition, the State Treasurer may enter into repurchase agreements maturing and becoming payable within 90 days secured by U.S. Treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law. The State Treasurer may also invest in banker's acceptances issued by domestic commercial banks possessing the highest rating issued by at least 2 nationally recognized statistical rating organizations and in commercial paper, issued by domestic corporations receiving the highest rating issued by at least 2 nationally recognized statistical rating organizations. Investments in bankers acceptances and commercial paper shall mature and become payable not more than 180 days from the date of purchase, maintain the highest rating throughout the duration of the investment and meet any other requirements provided by law. The State Treasurer shall prepare, maintain, and adhere to a written investment policy that shall include an asset allocation plan limiting

Office of State Treasurer  
Organization and Statistical Information

the total amount of state money that may be invested in each investment category authorized by law.

## Deposits

The State Treasurer maintains approximately 43 demand deposit bank accounts that serve as the state's primary operating accounts, and 75 additional demand deposit bank accounts throughout the state, some with multiple depositing locations, that serve as collection accounts for various state agencies. Cash balances in the state's operating accounts that are not needed for immediate use are invested.

The demand deposit accounts on Appendix D are used to manage the state's daily receipt, disbursement, and transfer activities and to segregate funds available for investing. The demand deposit accounts consist of the following:

### Demand Deposit Accounts

	June 30, 2022		June 30, 2021		June 30, 2020	
	Bank Balance (\$)	Number of Accounts	Bank Balance (\$)	Number of Accounts	Bank Balance (\$)	Number of Accounts
US Bank	1,078,825	1	2,468,047	1	1,753,729	1
Central Bank	99,235,513	32	127,171,579	28	136,164,728	30
Commerce Bank	8,278,121	8	16,192,384	8	10,776,522	8
Principal Custody Solutions	6,757	1	0	0	0	0
Wells Fargo	0	0	60,000,000	1	60,000,000	1
UMB Bank	1,016,430	1	4,602,369	1	2,369,409	1
Collection bank accounts	2,611,078	75	2,429,588	81	2,822,166	83

Banking service agreements on the operating demand accounts allow the State Treasurer to invest outstanding checks up until the checks clear the bank, thereby investing an amount in excess of book balances. Negative balances at June 30 (Appendix D) for any bank's appropriated funds demand deposits represent the book balance net of amounts invested.

The State Treasurer's deposits at June 30, 2022, were entirely covered by federal depository insurance or by collateral securities held by the custodial banks in the State Treasurer's name.

To protect the safety of state deposits, Sections 30.270 and 110.020, RSMo, require depositories to pledge collateral securities to secure deposits not insured by the Federal Deposit Insurance Corporation.

## Investments

The State Treasurer's investments at June 30, 2022, are listed by type below to give an indication of the level of risk assumed by the state at year end. All investments are insured or registered, or have collateral held by the State Treasurer or a custodial bank in the state's name.

Office of State Treasurer  
Organization and Statistical Information

Investments in Custody of State  
Treasurer - June 30, 2022

	Reported Amount	Fair Value
Time deposits	\$ 178,854,045	178,838,551
U.S. Government securities	12,223,006,844	11,742,294,618
Commercial paper	1,177,602,336	1,178,676,870
Repurchase agreements	1,573,062,000	1,573,062,000
Other investments	5,130	134,587
Total investments	\$ 15,152,530,355	14,673,006,626

Investments are recorded at acquisition cost except "other" investments, which are recorded at par value. Investments in time deposits and repurchase agreements are acquired at face value and earn a stated interest rate. Investments in U.S. government securities are acquired at fair value and mature at face value.

### 3. Special Fund Dedicated Investments

The State Treasurer is assigned the authority for recording direct investments of special funds in the accounting system. The amounts presented as special fund dedicated investments in the appropriated funds on Appendix D include funds under the control of certain state agencies that represent specific investments made or held by the State Treasurer on behalf of the Pansy Johnson-Travis Memorial State Gardens Trust Fund and the State Public School Fund. The State Treasurer is responsible for purchasing, custodial, income collection, distribution, and record-keeping duties related to the investments of these funds.

The investments of the Pansy Johnson-Travis Memorial State Gardens Trust Fund are maintained in the instruments transferred to the State Treasurer from the previous trustee of the fund. The investment purchases for the State Public School Fund are made in accordance with the instructions of the State Public School Fund investment committee.

**SCOTT FITZPATRICK**  
Missouri State Auditor

## Letter from Scott Fitzpatrick

It is an incredible honor and privilege to serve as the 39th State Auditor for our great state of Missouri. I have spent my career in public service working to protect taxpayer dollars by rooting out fraud and waste in government. As your State Auditor, I will serve as an independent watchdog to make sure government at all levels is efficient, effective, and transparent. In cases where we discover fraud, I will make sure those who are responsible for stealing taxpayer funds are held accountable for their actions.

This report reflects the outstanding efforts of the team of highly-experienced and skilled professionals in the State Auditor's Office who have dedicated their careers to providing proper oversight over Missouri's many governmental entities. During 2022, audit staff completed and released 135 reports that hold government at all levels accountable to the citizens of Missouri. Government is meant to work for you, and to use your tax dollars in a fiscally responsible manner. Many of the reports released in 2022 reveal how governmental entities have fallen short in the vital duty they have to serve taxpayers. Some of these reports revealed evidence of theft and abuse of taxpayer dollars, while others highlighted inefficiencies in government, and brought to light mismanagement impacting services to the public.

The people of Missouri are blessed to have a dedicated team of professionals who work in the State Auditor's Office and who are committed in their service to taxpayers. I am excited to work with them in the years to come as we strive to make government more accountable and more responsive to you - the people of Missouri.

*Scott Fitzpatrick*

## Duties of the State Auditor

The State Auditor's Office is Missouri's independent watchdog for taxpayers. The Missouri Constitution and state law give the State Auditor authority to audit:

**All state agencies, boards and commissions**

**Public employee retirement systems**

**Public employee healthcare systems**

**State court system**

**School districts**

**Counties that do not have a county auditor**

**Other political subdivisions upon petition by the voters of those subdivisions**

The State Auditor's Office works to ensure the proper use of public funds and to improve the efficiency and effectiveness of Missouri government.

Audits examine financial accountability; look for waste, abuse and fraud; and evaluate whether government organizations and programs are achieving their purposes and operating economically and efficiently. All audits are performed in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States.

# Additional Duties of the State Auditor

## **Fiscal Notes**

The State Auditor's office is responsible for assessing the fiscal impact of constitutional amendment petitions, statutory initiative petitions, and referendum petitions, as well as joint resolutions proposing constitutional amendments or bills adopted by the General Assembly without a fiscal note summary, which are to be referred to a public vote. The fiscal note and fiscal note summary for each petition, joint resolution, or bill state the initiative's estimated costs or savings, if any, to state and local governmental entities.

## **Bond Registration**

The State Auditor's office is responsible for reviewing and registering general obligation bonds issued by political subdivisions in Missouri to ensure those bonds comply with both state law and the conditions of the contracts under which the bonds will be issued.

## **Review of Property Tax Rates**

State law requires the Missouri State Auditor annually to certify all taxing jurisdictions throughout Missouri as to their compliance with state law and the tax limitation provisions in Article X, Sections 16 through 24, Constitution of Missouri, commonly known as the Hancock Amendment. The State Auditor's office property tax rate report states whether a taxing jurisdiction has met its obligation to set an overall tax rate at a level approved by voters and within the limits set by Missouri law.

# About the Public Corruption and Fraud Division

The Public Corruption and Fraud Division is a unit within the Missouri State Auditor's Office dedicated to rooting out fraud, waste, and abuse in state, county and local government and assisting law enforcement to ensure public officials are held accountable.

The division is made up of attorneys, auditors, and investigators and includes forensic auditing specialists and Certified Fraud Examiners. The division has a demonstrated history of working with local, state and federal law enforcement to pursue justice for taxpayers.

Audits performed by the Public Corruption and Fraud Division examine financial accountability, waste, opportunities for fraud, and whether government organizations and programs are operating economically and efficiently.

All audits are performed in accordance with generally accepted government auditing standards issued by the Comptroller General of the United States.

When there is a potential criminal violation of law, audit staff will cooperate and work with appropriate law enforcement. This includes providing forensic auditing assistance to the law enforcement agency investigating the case. The State Auditor's Office is willing and able to assist throughout the process, including providing testimony during legal proceedings.

## PUBLIC CORRUPTION AND FRAUD DIVISION

### HOW WE INVESTIGATE

#### **We receive information on allegations of improper governmental activities**

Information is submitted to the State Auditor's Whistleblower Hotline. Under state law, individuals who make a report may choose to remain anonymous until they affirmatively consent to having their identity disclosed.

#### **We review the submitted information**

Each year, we receive hundreds of tips from citizens, public employees and government officials. When information is received, it is reviewed for relevance and completeness. Whistleblowers who provide contact information may be contacted for additional information.

#### **We investigate the allegations**

When allegations of fraud or abuse are reported, the Public Corruption and Fraud Division will complete an initial review to determine if allegations are credible. If not deemed credible or if insufficient documentation is provided, the case is closed. If deemed credible, there are a variety of potential next steps. To learn more about the steps and the audit process, visit [auditor.mo.gov/PCFD](http://auditor.mo.gov/PCFD).

**The State Auditor's Whistleblower Hotline is a resource to report potential wrongdoing.**

Whistleblowers can submit information by emailing [moaudit@auditor.mo.gov](mailto:moaudit@auditor.mo.gov), calling toll-free 1-800-347-8597 or using an online reporting form at [auditor.mo.gov](http://auditor.mo.gov)

# Audits Get Results

## **Audit of Parma leads to criminal conviction**

The former city clerk of Parma was sentenced in 2022 after pleading guilty to a felony charge of stealing from the Missouri Bootheel town of 713. The court ordered Helen Frye to pay restitution of \$37,626 to the city and sentenced her to seven years in prison. She received a suspended execution of sentence, meaning she will serve 120 days in prison and then be placed on probation. A 2020 audit determined the former city clerk, as well as the former mayor and city water supervisor, misappropriated more than \$115,000 over a four-year period through payroll overpayments and improper payments and purchases.

## **Audit produces criminal convictions in \$90 million healthcare fraud scheme**

Also in 2022, a federal jury in Florida convicted the head of a hospital management company and another individual for their roles in a conspiracy to operate a multi-state \$1.4 billion billing scheme that used rural hospitals to submit fraudulent claims. Jorge Perez and Ricardo Perez, who were also convicted of health care fraud, will be sentenced at a later date. The State Auditor's Office has worked with federal law enforcement agencies since the scheme was uncovered during a 2017 audit of Putnam County Memorial Hospital. That audit, which found \$90 million in illegal billings were passed through the 15-bed hospital, marked the largest fraud exposed in the history of the Missouri State Auditor's Office. The former CEO of the hospital pleaded guilty to federal health care fraud charges in 2019.

## **Former Greenville Clerk receives prison sentence after audit uncovers fraud**

The former clerk of Greenville was sentenced to 10 years in prison and ordered to repay \$168,957 to the city after being convicted on a charge of receiving stolen property. An audit conducted by the State Auditor's Office found improperly cashed checks, missing cash, and improper payroll and other payments during a time when Pamela S. Birmingham handled finances for the town of less than 500 in Wayne County in southeast Missouri.

## **Audit of Purcell produces guilty plea**

The former Mayor Pro Tem for the City of Purcell, located in Jasper County, was charged with stealing after an audit identified significant weaknesses that led to the misappropriation of thousands of dollars in taxpayer funds. The audit found former Mayor Pro Tem Nancy Wilson was responsible for at least \$3,233 in misappropriated or missing funds from the city. Wilson entered a guilty plea in January 2022 and was ordered to repay the city \$2,588. The State Auditor's Office worked with the Jasper County Sheriff on the matter.

---

# Fighting Public Corruption

## **Misappropriation of \$90,000 in Carroll County Ambulance District**

An audit of the Carroll County Ambulance District found at least \$91,794 was misappropriated from the district during an approximately nine month period. Payroll overpayments totaling \$54,530 and questionable mileage reimbursements totaling \$1,945 were paid to the former director. The former director also misappropriated \$4,021 from a district employee benefit reimbursement account and used a district credit card for personal purchases totaling \$108. The former director also improperly authorized 19 payroll overpayments totaling \$29,560 to 15 district employees. The audit identified inadequate oversight by the board of directors over the former director and insufficient segregation of duties over the various financial accounting functions. It recommended that the board work with law enforcement officials regarding criminal prosecution of the improper overpayments, questionable and improper reimbursements, and improper purchases, and take the necessary actions to obtain restitution.

## **Former utility clerk for city of Forsyth charged with felony stealing**

A former utility clerk for the city of Forsyth was charged with one felony count of stealing by the Taney County Prosecuting Attorney for allegedly misappropriating \$2,000 in utility deposits from the city. An audit conducted by the State Auditor's Office uncovered that the money was missing between May 2019 and November 2019. The audit helped form the basis for the probable cause statement filed by the Taney County Sheriff's Department.

## **Audit of Cross Timbers finds more than \$44,000 in misappropriated funds**

An audit of the City of Cross Timbers, located in Hickory County, found tens of thousands of dollars misappropriated by a former city clerk and a city in poor financial condition. Auditors found at least \$44,452 was misappropriated by former city clerk January "Nicki" Clark during her employment with the city from 2017 to 2020. This included payments to the city never deposited; improper adjustments to utility payments, including adjustments to Clark's own utility account; and overcompensation to herself.

Bank records obtained by the State Auditor's Office and provided to law enforcement established that there were cash deposits into her personal bank account of amounts similar to or greater than the amount of missing city receipts. Clark was charged with felony stealing by the Hickory County Prosecuting Attorney. That criminal case remains on-going, with the State Auditor's Public Corruption and Fraud Unit providing support.

# Serving the Will of Taxpayers

Under Missouri law, the State Auditor's office may be called on to audit any political subdivision of the state if enough qualified voters of that political subdivision request the audit. Anyone can start the process to initiate a petition audit by submitting a Petition Audit Request form to the State Auditor's Office.

Missouri law specifies:

- The political subdivision (a city, school district, taxing district, etc.) audited through the petition process is responsible for the cost of the audit.
- Petition signatures must be from registered voters who live within the boundaries of that political subdivision.
- The petition and signatures must be submitted to the State Auditor's Office within one year of the initial request.
- The person who submits the petition and signatures to the State Auditor's Office (the chief petitioner) must be a property owner or resident of the political subdivision.

## Petition Audits Completed in 2022

### City of Rockville

The small community in Bates County received a rating of "poor" after auditors found numerous concerns related to accounting controls as well as a lack of oversight in the handling of city finances.

### City of Fairview

The audit of the City of Fairview, located in Newton County, produced a "poor" rating after auditors identified significant concerns such as overpayments to the former city clerk and conflicts of interest by the former mayor.

### Cornland Special Road District

The Cornland Special Road District, located in Bates County, received a rating of "fair" after auditors identified conflicts of interest and a lack of transparency.

### Clay County Commission

The audit of the Commission, which was repeatedly obstructed by former commissioners, issued a rating of "poor" and identified significant concerns with county operations under the prior Commission.

### Smithville R-II School District

The audit gave the school district located in Clay County a rating of "good" but made several recommendations to improve accounting controls and oversight in the district, as well as compliance with the Sunshine Law.

### Town and Country

A citizen-requested audit of the city of Town in Country, located in St. Louis County, detailed poor planning by the city on the Town Square development project, which resulted in changes that cost taxpayers more than \$1.3 million beyond the original cost estimate.

SCOTT FITZPATRICK  
MISSOURI STATE AUDITOR

# BY THE NUMBERS

## 2022

### 135 AUDITS COMPLETED

### 139 BONDS REGISTERED

### FINANCIAL REPORTS

The Missouri State Auditor's Office received 758 financial reports from municipalities and 1,878 financial reports from other political subdivisions.

The reports are posted and searchable online at [auditor.mo.gov](http://auditor.mo.gov).

### OVERSIGHT OF FEDERAL FUNDS

This year's annual Statewide Single Audit reviewed: **\$20.6 billion in federal funds, 20 federal programs, 10 state agencies.** The report included 22 findings.

### PROPERTY TAX RATES REVIEW

The State Auditor's Office annually reviews rates to determine compliance with state law. In 2022, the office reviewed 4,854 property tax rates of 2,809 taxing authorities.

### FISCAL NOTES

The State Auditor's Office prepared 94 fiscal notes for measures that were proposed for the ballot for the 2022 election cycle.

Missouri State Auditor

State of Missouri  
Single Audit  
Year Ended June 30, 2022

Report No. 2023-030

July 2023

[auditor.mo.gov](https://auditor.mo.gov)

## Findings in the Fiscal Year 2022 State of Missouri Single Audit

Background	The United States Congress passed the Single Audit Act Amendments of 1996 to establish uniform requirements for audits of federal awards. A single audit requires an audit of the State of Missouri's financial statements and expenditures of federal awards. The state spent approximately \$18.4 billion in federal awards during the fiscal year ended June 30, 2022. The Single Audit involved audit work on 19 major federal programs administered by 7 state agencies, with expenditures totaling approximately \$13.9 billion.
Medicaid National Correct Coding Initiative	As noted in two previous audits, the Department of Social Services (DSS) - MO HealthNet Division did not fully implement the Medicaid National Correct Coding Initiative edits in the Medicaid Management Information System as required.
Medicaid and CHIP MAGI-Based Participant Eligibility	As noted in three previous audits, the DSS does not have sufficient controls to ensure compliance with the eligibility requirements of the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP) for certain participants whose eligibility is based on their Modified Adjusted Gross Income (MAGI). The DSS did not correct manual system overrides for some MAGI-based participants, preventing their cases from being closed when necessary.
Medicaid and CHIP Eligibility Determination Timeliness	The DSS did not perform eligibility determinations within required timeframes for participants of the Medicaid and the CHIP. The DSS did not meet timeliness requirements for 40 of the 115 new enrollment participants reviewed. The late determinations were made 2 to 144 days after the required 45 or 90-day requirement, and averaged 68 days late.
Department of Social Services Cost Allocation	DSS - Division of Finance and Administrative Services (DFAS) controls and procedures to allocate some administrative costs to federal programs were not sufficient to prevent and/or detect errors. For the year ended June 30, 2022, costs totaling approximately \$38.5 million were incorrectly allocated to 6 programs. As a result, approximately \$10.2 million (federal share) was allocated to state funding, that could have been allocated to federal funding for 4 programs.
Pandemic Electronic Benefit Transfer Food Benefits	DSS controls over the Pandemic Electronic Benefit Transfer Food Benefits (P-EBT) program were insufficient to prevent improper benefit issuances on behalf of school children. The audit sample of payments for 60 school children noted the DSS issued benefits on behalf of one ineligible child and made overpayments on behalf of another child.
DSS FFATA Reporting	As similarly noted in a previous audit, the DFAS needs to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting. During state fiscal year 2022, DFAS did not comply with FFATA reporting requirements for any of the subawards reviewed for the Social Services Block Grant (SSBG) program.

Medicaid Facility Survey Timeliness	As similarly noted in a prior audit report, the Section for Long-Term Care Regulations (SLCR) within the Department of Health and Senior Services (DHSS) did not perform facility survey procedures within required timeframes. For the year ended June 30, 2022, some Statement of Deficiencies and Plan of Corrections were sent 11 to 26 days after survey exit instead of within 10 days, and some facility revisits were completed between 61 and 82 days instead of within 60 days of the initial survey date.
ELC Program Subrecipient Monitoring	As similarly noted in a prior audit report, the Division of Community and Public Health (DCPH) within the DHSS did not adequately monitor Epidemiology and Laboratory Capacity for Infectious Diseases (ELC) program subrecipient contracts during the year ended June 30, 2022. A review of a sample of 21 contracts requiring financial monitoring reviews noted 7 (33 percent) had not been completed as of June 30, 2022.
DESE FFATA Reporting	The Department of Elementary and Secondary Education (DESE) needs to strengthen internal controls related to FFATA reporting for the Education Stabilization Fund. As similarly noted in a previous audit, during state fiscal year 2022, the DESE did not comply with FFATA reporting requirements for any of the subawards reviewed for the GEER Fund or the EANS program. In addition, the DESE has not made corrections and resubmitted state fiscal year 2021 FFATA reports for the GEER Fund grants.

Because of the nature of this audit, no rating is provided.

# State of Missouri - Single Audit

## Introduction and Summary

### Year Ended June 30, 2022

---

#### **Introduction**

The United States Congress passed the Single Audit Act Amendments of 1996 to establish uniform requirements for audits of federal awards. The Office of Management and Budget (OMB) issued Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) to set forth uniform cost principles and audit requirements for federal awards to nonfederal entities and administrative requirements for all federal grants and cooperative agreements.

A single audit under the Uniform Guidance requires an audit of the State of Missouri's financial statements and expenditures of federal awards. The audit is required to determine whether:

- The state's basic financial statements are presented fairly in all material respects in conformity with generally accepted accounting principles.
- The state's schedule of expenditures of federal awards is stated fairly in all material respects in relation to the financial statements as a whole.
- The state has adequate internal controls to ensure compliance with federal award requirements.
- The state has complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs.
- The state's summary schedule of prior audit findings materially represents the status of the prior audit findings.

The Single Audit report includes the federal awards expended by all state agencies and offices that are part of the primary government. The report does not include the public universities and other component units, which are legally separate from the state and audited by other auditors. The state expended approximately \$18.4 billion in federal awards during the state fiscal year ended June 30, 2022.

State of Missouri - Single Audit  
Introduction and Summary  
Year Ended June 30, 2022

## Summary of Single Audit Results

### Financial Statements

The following is the summary of our Single Audit results for the state fiscal year ended June 30, 2022.

We issued our audit report (Report No. 2023-010<sup>1</sup>) of the state's Annual Comprehensive Financial Report (ACFR), as of and for the year ended June 30, 2022, in March 2023. In addition, we issued our Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2023-022<sup>2</sup>) in May 2023. In that report, we reported 9 findings related to internal control deficiencies at 5 state agencies and 1 office. The state agencies' and office's responses to the audit findings are included in that report. The agencies prepared a Corrective Action Plan (CAP) for each finding. The CAPs were submitted to the Office of Administration (OA) and are in the Corrective Action Plans section of this report. The state agencies prepared and submitted to the OA the status of the prior financial statement audit findings. These are presented in the Summary Schedule of Prior Audit Findings section of this report.

### Federal Awards

We issued our report on the accompanying Schedule of Expenditures of Federal Awards (SEFA). The state's SEFA, which does not include federal award expenditures of the public universities and other component units, reported the state expended approximately \$18.4 billion in federal funds in state fiscal year 2022. Our report expressed the opinion that the SEFA is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We audited 19 major federal programs with expenditures totaling approximately \$13.9 billion, administered by 7 state agencies.

We issued a qualified opinion on 2 major federal programs and an unmodified opinion on 17 major federal programs. A qualified opinion is issued when the audit of a major federal program detects material noncompliance with direct and material compliance requirements. A qualified opinion was issued on the following major programs administered by the Department of Social Services:

- Children's Health Insurance Program, modified for Special Tests and Provisions
- Medicaid Cluster, modified for Special Tests and Provisions

In total, we reported 9 audit findings related to 6 major federal programs at 3 state agencies. We identified approximately \$1,000 in known questioned

<sup>1</sup>The ACFR is available online at: <<https://oa.mo.gov/accounting/reports/annual-reports/annual-comprehensive-financial-reports>>.

<sup>2</sup>See report at <<https://auditor.mo.gov/AuditReport/ViewReport?report=2023022>>.

State of Missouri - Single Audit  
Introduction and Summary  
Year Ended June 30, 2022

costs related to federal awards. Of the 9 audit findings, 6 were repeated from prior Single Audits. These findings have been reported for 1 to 3 years.

Of the 9 federal award audit findings, 6 related to internal control deficiencies. We consider 1 finding of internal control deficiency to be a material weakness and 5 to be significant deficiencies.

The state agencies' responses to the audit findings are included in this report. The state agencies prepared a CAP for each audit finding and submitted them to the OA. These are presented in the Corrective Action Plans section of this report.

In addition, the state agencies prepared and submitted to the OA the status of the prior audit findings. These are presented in the Summary Schedule of Prior Audit Findings section of this report.

Expenditures of federal awards increased significantly in state fiscal years 2020 and 2021, and decreased but remained elevated in state fiscal year 2022. The increases were primarily due to the additional federal funding made available to state agencies to help pay for the state's emergency response to the Coronavirus Disease 2019 (COVID-19).

**Total Expenditures of Federal Awards  
5 Year Comparison**

State of Missouri - Single Audit  
Introduction and Summary  
Year Ended June 30, 2022

Of the 20 state agencies and offices that expended federal awards, 7 agencies spent the majority of the awards (97 percent) during state fiscal year 2022.

**Expenditures of Federal Awards by State Agency**

The state expended federal awards received from 23 federal agencies. Most of the federal award expenditures (96 percent) were from programs of 6 federal agencies.

**Expenditures of Federal Awards by Federal Agency**

Overall, the state expended federal awards in 311 programs. These programs are listed in the accompanying Schedule of Expenditures of Federal Awards.

State of Missouri - Single Audit  
Introduction and Summary  
Year Ended June 30, 2022

The Uniform Guidance requires federal programs to be labeled Type A programs or Type B programs based on a dollar threshold. For the State of Missouri, the Uniform Guidance defines the dollar threshold as \$30 million since the federal award expenditures exceeded \$10 billion, but were less than or equal to \$20 billion.

Programs with federal award expenditures over \$30 million are Type A programs and programs with federal award expenditures under \$30 million are Type B programs. Of the 311 federal award programs, 40, or 13 percent of the programs, were Type A programs and 271, or 87 percent of the programs, were Type B programs.

**Type A and Type B Programs  
Number of Programs**

The 40 Type A programs had expenditures totaling approximately \$17.8 billion, or 96 percent of total expenditures. The 271 Type B programs had expenditures totaling approximately \$661 million, or 4 percent of total expenditures.

**Type A and Type B Programs  
Expenditures of Federal Awards**

State of Missouri - Single Audit  
Introduction and Summary  
Year Ended June 30, 2022

The Uniform Guidance requires the auditor to perform risk assessments on Type A programs and to audit as major each Type A program assessed as high risk based on specified risk factors. We performed a risk assessment on each Type A program and determined 22 of the 40 Type A programs were low risk and did not need to be audited as major. In accordance with the Uniform Guidance, we audited as major the 18 Type A programs assessed as high risk.

The Uniform Guidance also requires the auditor to perform risk assessments on larger Type B programs to determine which are high risk and need to be audited as major. The dollar threshold to determine the larger Type B programs is 25 percent of the Type A threshold, or \$7.5 million. Of the 271 Type B programs, 26 were larger Type B programs. We performed risk assessments on the 26 larger Type B programs and determined 1 program was high risk. In accordance with the Uniform Guidance, we audited the program as major.

The programs audited as major are listed in the summary of auditor's results section of the Schedule of Findings and Questioned Costs section of this report. We audited 75 percent of total state fiscal year 2022 federal expenditures based on the risk assessments on Type A and larger Type B programs.

**Major and Non-major Federal Programs**

Type of Programs	Number of Programs	Expenditures	Percentage of Expenditures
<u>Programs Audited</u>			
Type A major programs	18	\$ 13,862,499,482	
Type B major programs	1	21,334,554

# SCOTT FITZPATRICK

## MISSOURI STATE AUDITOR

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly

#### **Report on Compliance for Each Major Federal Program**

##### ***Qualified and Unmodified Opinions***

We have audited the State of Missouri's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the State of Missouri's major federal programs for the year ended June 30, 2022. The State of Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

##### ***Qualified Opinion on the Children's Health Insurance Program and the Medicaid Cluster***

In our opinion, except for the noncompliance described in the Basis for Qualified and Unmodified Opinions section of our report, the State of Missouri complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the Children's Health Insurance Program and the Medicaid Cluster for the year ended June 30, 2022.

##### ***Unmodified Opinion on Each of the Other Major Federal Programs***

In our opinion, the State of Missouri complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs for the year ended June 30, 2022.

##### ***Basis for Qualified and Unmodified Opinions***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the State of Missouri and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our qualified and unmodified opinions on compliance for each major federal program. Our audit does not provide a legal determination of the State of Missouri's compliance with the compliance requirements referred to above.

*Matters Giving Rise to Qualified Opinion on the Children's Health Insurance Program and the Medicaid Cluster*

As described in the accompanying Schedule of Findings and Questioned Costs, the State of Missouri did not comply with requirements regarding the following:

<b>Finding Number</b>	<b>AL Number(s)</b>	<b>Program (or Cluster) Name</b>	<b>Compliance Requirement(s)</b>
2022-001	93.767 93.775 93.777 93.778	Children's Health Insurance Program and Medicaid Cluster	Special Tests and Provisions

Compliance with such requirements is necessary, in our opinion, for the State of Missouri to comply with the requirements applicable to those programs.

***Other Matter - Federal Expenditures Not Included in the Compliance Audit***

The State of Missouri's basic financial statements include the operations of certain public universities and other component units, which expended federal awards that are not included in the State of Missouri's Schedule of Expenditures of Federal Awards for the year ended June 30, 2022. Our compliance audit, described in the Qualified and Unmodified Opinions section of our report, does not include the operations of these component units because they engaged other auditors to perform an audit of compliance, if required.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the State of Missouri's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the State of Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the State of Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the State of Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the State of Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the State of Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### ***Other Matters***

The results of our auditing procedures disclosed other instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as finding numbers 2022-002, 2022-004 through 2022-006, and 2022-009. Our opinion on each major federal program is not modified with respect to these matters.

*Government Auditing Standards* requires the auditor to perform limited procedures on the State of Missouri's responses to the noncompliance findings identified in our compliance audit described in the accompanying Schedule of Findings and Questioned Costs. The State of Missouri's response to each noncompliance finding consists of both the response and the corrective action plan. The state of Missouri's responses and corrective action plans were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

#### **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance, and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a

deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as finding number 2022-001 to be a material weakness.

*A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as finding numbers 2022-002, 2022-004 through 2022-006, and 2022-009 to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on the State of Missouri's responses to the internal control over compliance findings identified in our compliance audit described in the accompanying Schedule of Findings and Questioned Costs. The State of Missouri's response to each internal control over noncompliance finding consists of both the response and the corrective action plan. The State of Missouri's responses and corrective action plans were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, pursuant to Section 29.200, RSMo, this report is a matter of public record and its distribution is not limited.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Missouri, as of and for the year ended June 30, 2022, and the related notes to financial statements, which collectively comprise the State of Missouri's basic financial statements. We issued our report thereon dated March 24, 2023, which contained qualified opinions on the governmental activities and the General Fund, a major fund, and unmodified opinions on all remaining opinion units.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Missouri's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

A handwritten signature in black ink, reading "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

June 30, 2023, except for our report  
on Schedule of Expenditures of  
Federal Awards, for which the date is  
March 24, 2023

# State of Missouri - Single Audit

## Notes to the Schedule of Expenditures of Federal Awards

### Year Ended June 30, 2022

---

#### 1. Significant Accounting Policies

---

The following is a summary of the significant accounting policies used by the State of Missouri.

*A. Purpose of Schedule and Reporting Entity*

The accompanying Schedule of Expenditures of Federal Awards (Schedule) of the State of Missouri is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the U.S. Office of Management and Budget (OMB) 2022 Compliance Supplement. The Schedule is not a required part of the State's basic financial statements. The Uniform Guidance requires a schedule that shows total federal awards expended for each federal financial assistance program, the Assistance Listing, and the total amount provided to subrecipients from each federal program. Federal financial assistance programs that have not been assigned an Assistance Listing are identified as Assistance Listing Number XX.Uxx, where XX represents the federal grantor agency and Uxx represents an unknown extension number. Appendix VII of the supplement states that expenditures of federal awards made under the Coronavirus Preparedness and Response Supplemental Appropriations Act, the Families First Coronavirus Response Act, the Coronavirus Aid, Relief and Economic Security Act (CARES Act), the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA), and the American Rescue Plan Act (ARP) should be identified separately on the schedule with the inclusion of the prefix "COVID-19-" in the name of the federal program.

The Schedule includes all federal awards expended by the State during the year ended June 30, 2022, except for those programs administered by public universities and other component units, which are legally separate from the State and audited by other auditors. They are responsible for engaging other auditors to perform audits in accordance with the Uniform Guidance, if required.

To compile the Schedule, the Office of Administration required each department, agency, and office that expended direct and/or indirect federal funding during the state fiscal year to prepare a schedule of expenditures of federal awards. The schedules for the departments, agencies, and offices were combined to form the Schedule of Expenditures of Federal Awards for the State of Missouri.

*B. Basis of Presentation*

The accompanying Schedule includes the federal award activity of the State of Missouri for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance, which defines federal awards as federal financial assistance and cost-reimbursement contracts that non-federal entities receive or administer in the form of grants, loans, loan guarantees, non-cash assistance, property (including donated surplus property), cooperative agreements, interest

State of Missouri - Single Audit  
Notes to the Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2022

subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include other contracts that a federal agency uses to buy goods or services from a contractor. Because the Schedule presents only a selected portion of the operations of the State, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the State.

*C. Basis of Accounting*

Most expenditures presented in the Schedule are reported on the cash basis of accounting, while some are presented on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance; wherein certain types of expenditures are not allowable or are limited as to reimbursement.

*D. Indirect Cost Rate*

For the fiscal year ending June 30, 2022, one agency, the Department of Agriculture, elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

## **2. Unemployment Insurance Expenditures**

The Unemployment Insurance program (Assistance Listing No. 17.225) is administered by the Department of Labor and Industrial Relations through a unique federal-state partnership that was founded upon federal law but implemented through state law. Benefits are paid from federal funds and state unemployment taxes that are deposited into the state's account in the Federal Unemployment Trust Fund. The State's administrative expenditures incurred under this program are funded by federal grants. For the purposes of presenting the expenditures of this program in the Schedule, both state and federal funds have been considered federal awards expended. The breakdown of the state and federal portions of the total program expenditures for the fiscal year ended June 30, 2022, is as follows:

State Portion (Benefits Paid)	\$ 221,081,478
Federal Portion (Benefits Paid)	1,849,231
Federal Portion (Administrative Costs)	50,524,965
Federal Portion (Benefits Paid) - CARES Act Related	41,150,850
Federal Portion (Federal Reimbursement of Waiting Week) - CARES Act Related	363,367
Federal Portion (Administrative Costs) - CARES and Families First Coronavirus Response Act Related	8,181,185
<b>Total Program Expenditures</b>	<b>\$ 323,151,076</b>

---

### **3. Special Supplemental Nutrition Program for Women, Infants and Children (WIC) Rebates**

---

The State received cash rebates from an infant formula manufacturer totaling \$27,928,970 on sales of formula to participants in the WIC program (Assistance Listing No. 10.557) administered by the Department of Health and Senior Services (DHSS). This amount was excluded from total program expenditures. Rebate contracts with infant formula manufacturers are authorized by 7 CFR Section 246.16a as a cost containment measure. Rebates represent a reduction of expenditures previously incurred for WIC food benefit costs. The State was able to extend program benefits to more persons than could have been served this fiscal year in the absence of the rebate contract.

---

### **4. Medical Assistance Program (Medicaid) and Children's Health Insurance Program (CHIP) Prescription Drug Rebates**

---

The State received cash rebates from drug manufacturers totaling \$583,261,949 (federal share) on purchases of covered outpatient drugs for participants in the Medicaid and the CHIP (Assistance Listing Nos. 93.778 and 93.767) administered by the Department of Social Services - MO HealthNet Division. This amount was excluded from total program expenditures. Rebate contracts with drug manufacturers are authorized by 42 USC Section 1396r-8 as a cost containment measure. Rebates represent a reduction of expenditures previously incurred for medical assistance costs.

---

### **5. HIV Care Formula Grants Prescription Drug Rebates**

---

The State received cash rebates from drug manufacturers totaling \$29,796,629 on purchases of covered drugs for participants in the HIV Care Formula Grants program (Assistance Listing No. 93.917) administered by the DHSS. If program expenditures are available, the rebates will offset the program expenditures resulting in a reduction in expenditures incurred by the program. Of the amount of rebates received, \$19,453,719 reduced total program expenditures and these expenditures were not reported on the SEFA. The remaining rebates of \$10,342,910 did not offset program expenditures and were not used to reduce program expenditures. The allowable use of drug rebates is restricted by 42 USC Section 300ff-26(g).

---

### **6. Federal Loan Guarantees**

---

Because of the Healthcare and Education Affordability Reconciliation Act enacted March 30, 2010 (Public Law 111-152), the authority to make or ensure loans under the Federal Family Education Loans program (Assistance Listing No. 84.032) ended June 30, 2010. The Department of Higher Education and Workforce Development (DHEWD) has continued to act as the federal Department of Education's agent in fulfilling the responsibilities

State of Missouri - Single Audit  
Notes to the Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2022

related to the outstanding guarantees. The original principal outstanding of all loans guaranteed by the DHEWD was \$578,392,690 as of June 30, 2022. The balance of defaulted loans (including principal and accrued interest) that the federal Department of Education imposed continuing compliance requirements of the DHEWD was \$172,054,733 as of June 30, 2022.

Per Dear Colleague Letter GEN-21-03, guarantors were directed to halt collection of defaulted student loans and set interest rates to 0 percent through at least September 30, 2021 due to the COVID-19 National Emergency. The change was retroactive to March 13, 2020, requiring refunds of all involuntary payments and accrued interest. The Biden Administration extended the collection pause and 0 percent interest rate several times, with the final pause ending June 30, 2023.

The Missouri Student Loan Program ended effective September 30, 2022. This was due primarily to the cessation of collections retroactive to March 13, 2020, per Dear Colleague Letter GEN-21-03. Without collections, the Federal Reserve Fund and Operating Fund have dwindled steadily. All Missouri Student Loans guaranteed by the DHEWD were transferred to Educational Credit Management Corporation (ECMC) October 1, 2022. As of September 30, 2022, the original principal outstanding of all loans transferred was \$524,732,720. The balance of defaulted loans (including principal and accrued interest) transferred to ECMC on the same date was \$178,847,367.

---

## 7. Non-cash Assistance

The Schedule contains values for non-cash assistance for several programs.

Supplemental Nutrition Assistance Program and Pandemic EBT Program expenditures totaling \$1,608,019,273 (\$1,388,682,253 for Assistance Listing No. 10.551 and \$219,337,020 for Assistance Listing No. 10.542) represent actual disbursements for client purchases of authorized food products through the use of the electronic benefits card program administered by the Department of Social Services - Family Support Division (DSS-FSD).

The Department of Elementary and Secondary Education distributes food commodities to school districts under the National School Lunch Program (Assistance Listing No. 10.555). Distributions are valued at the cost of the food paid by the federal government and totaled \$32,138,022.

The DSS-FSD, through the Summer Food Service Program for Children (Assistance Listing No. 10.559), provides United States Department of Agriculture (USDA)-donated foods to providers who serve free healthy meals to children and teens in low-income areas during the summer months when school is not in session. The DSS-FSD, through the Emergency Food Assistance Program (Food Commodities) (Assistance Listing No. 10.569),

State of Missouri - Single Audit  
Notes to the Schedule of Expenditures of Federal Awards  
Year Ended June 30, 2022

provides USDA-donated foods for disaster relief and to six non-profit food banks for distribution to food pantries and community groups for feeding those in need. Distributions are valued at the federally assigned value of the product distributed and totaled \$97,871 for the Summer Food Service Program for Children and \$29,300,566 for the Emergency Food Assistance Program.

The DHSS distributes food commodities to low-income persons under the Commodity Supplemental Food Program (Assistance Listing No. 10.565). Distributions are valued at the cost of the food paid by the federal government and totaled \$5,314,579.

The Department of Public Safety distributes excess federal Department of Defense (DOD) equipment to state and local law enforcement agencies under the DOD Excess Property Program (Assistance Listing No. 12.U01). Property distributions totaled \$7,567,705 when valued at the historical cost assigned by the federal government. Distributions are presented at the estimated fair market value of the property at the time of distribution, calculated as 23.34 percent of the historical cost, or \$1,766,302.

The State Agency for Surplus Property distributes federal surplus property to eligible donees under the Donation of Federal Surplus Personal Property program (Assistance Listing No. 39.003). Property distributions totaled \$6,168,864 when valued at the historical cost assigned by the federal government. Distributions are presented at the estimated fair market value of the property at the time of distribution, calculated as 23.34 percent of the historical cost, or \$1,439,813.

The DHSS distributes vaccines to local health agencies and other health care professionals under the Immunization Cooperative Agreements program (Assistance Listing No. 93.268). Distributions are valued at the cost of the vaccines paid by the federal government and totaled \$72,572,524.

---

## 8. Other Non-cash Assistance

The Schedule does not contain donations for non-cash assistance provided without any compliance or reporting requirements or Assistance Listing information from the donors.

The State Emergency Management Agency received donated personal protective items from the Federal Emergency Management Agency for activities related to the COVID-19 pandemic. Donated items are valued at the fair market value at time of donation and totaled \$469,703 and are unaudited.

## Schedule of Findings and Questioned Costs

### Year Ended June 30, 2022

---

#### Section I - Summary of Auditor's Results

##### Financial Statements

Type of auditor's report issued on whether the financial statements audited were prepared in accordance with GAAP:

Qualified

Unmodified for all opinion units except for the governmental activities and the General Fund, which were qualified.

Internal control over financial reporting:

- Material weaknesses identified?        yes   X   no
- Significant deficiencies identified?   X   yes        none reported

Noncompliance material to financial statements noted?        yes   X   no

##### Federal Awards

Internal control over major federal programs:

- Material weaknesses identified?   X   yes        no
- Significant deficiencies identified?   X   yes        none reported

Type of auditor's report issued on compliance for major federal programs:

Unmodified for all major programs except for the following major programs that were qualified:

AL

<u>Number(s)</u>	<u>Name of Federal Program or Cluster</u>
93.767	Children's Health Insurance Program, modified for Special Tests and Provisions
93.775, 93.777, 93.778	Medicaid Cluster, modified for Special Tests and Provisions

Any audit findings disclosed that are required to be reported in accordance with the Uniform Guidance (2 CFR 200.516(a))?

  X   yes        no

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

## Section III - Federal Award Findings and Questioned Costs

### 2022-001. Medicaid National Correct Coding Initiative

Federal Agency:	Department of Health and Human Services (DHHS)
Federal Program:	93.767 Children's Health Insurance Program 2021 - 2105MO5021 2022 - 2205MO5021 93.778 COVID-19 - Medical Assistance Program 93.778 Medical Assistance Program 2021 - 2105MO5MAP and 2105MO5ADM 2022 - 2205MO5MAP and 2205MO5ADM
State Agency:	Department of Social Services (DSS) - MO HealthNet Division (MHD)
Type of Finding:	Internal Control (Material Weakness) and Noncompliance

As noted in our 2 previous audits,<sup>4</sup> the MHD did not fully implement the Medicaid National Correct Coding Initiative (NCCI) edits in the Medicaid Management Information System (MMIS) as required. During the year ended June 30, 2022, the MHD made Medical Assistance Program (Medicaid) and Children's Health Insurance Program (CHIP) payments, subject to NCCI edits, totaling approximately \$8.9 billion.

The DSS contracts for the operation and maintenance of the MMIS. Medical providers submit fee-for-service claims for services provided to Medicaid and CHIP participants in the MMIS, and payments are made through the MMIS. To help ensure only allowable claims are paid, system edit checks flag and/or deny payment on suspicious or unusual claims. Section 6507 of the Affordable Care Act (Section 1903(r) of the Social Security Act<sup>5</sup>) requires the MHD to completely and correctly implement specific NCCI methodologies and edits into the MMIS. The purpose of the NCCI is to promote correct coding, prevent coding errors, prevent coding manipulation, and reduce improper payments. The DHHS - Centers for Medicare and Medicaid Services (CMS) published the Medicaid NCCI Policy Manual and the Medicaid NCCI Technical Guidance Manual to provide specific requirements and assist state Medicaid agencies to implement the NCCI methodologies.

The two NCCI edit categories are Procedure-to-Procedure (PTP) edits that are designed to identify pairs of procedure codes that should not be reported together; and Medically Unlikely Edits (MUE) that limit the number of units of service allowed for certain services and items. The DHHS-CMS provides

<sup>4</sup>See single audit reports at <<https://auditor.mo.gov/AuditReport/Reports?SearchLocalState=35>>, finding numbers 2021-004 and 2020-002.

<sup>5</sup> Title 42 USC 1396b(r).

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

PTP and MUE edit files to the MHD quarterly. Each quarterly edit file contains all current edits and replaces the previously provided edit file. Section 7 of the Medicaid NCCI Technical Guidance Manual requires the MHD to implement the edit files into the MMIS on the first day of each quarter. If the applicable edit files are not implemented by the first day of the second month of the quarter, the MHD is required to reprocess any claims processed with outdated edits once the updates are implemented.

During the year ended June 30, 2022, rather than quarterly implementation, the MHD through the MMIS contractor implemented the PTP edit files annually; and the MHD did not reprocess claims upon implementation of the edits. For example, the MMIS contractor implemented the PTP edit file for the quarter ended March 31, 2022, in January 2022; and the MHD did not implement the prior quarters' edit files or reprocess claims paid for the quarters ended June 30, 2021, September 30, 2021, and December 31, 2021, with the updated edits. In addition, the MHD had not implemented any of the MUE edit files received. MHD officials indicated they worked with the MMIS contractor to fully implement both the PTP and MUE edits effective July 1, 2022, for claims processed in the quarter ended September 30, 2022. However, these changes were effective after the period covered by the audit.

In addition to noncompliance with Section 6507 of the Affordable Care Act, the failure to fully implement the NCCI edits and reprocess claims paid with incorrect edits increases the risk that coding errors or irregularities will go undetected, and improper payments will be made. To ensure compliance with the NCCI requirements, the MHD should establish internal controls over NCCI edits. Rule 45 CFR Section 75.303(a) requires the non-Federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

Recommendation

The DSS through the MHD continue to strengthen controls over the NCCI requirements to ensure NCCI edits are fully implemented and reprocess claims paid when edits are not implemented timely, as required.

Auditee's Response

*We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.*

**2022-002.  
Medicaid and CHIP  
MAGI-Based Participant  
Eligibility**

Federal Agency:	Department of Health and Human Services (DHHS)
Federal Program:	93.767 Children's Health Insurance Program
	2021 - 2105MO5021
	2022 - 2205MO5021
	93.778 COVID-19 - Medical Assistance Program
	93.778 Medical Assistance Program
	2021 - 2105MO5MAP and 2105MO5ADM

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

---

	2022 - 2205MO5MAP and 2205MO5ADM
State Agency:	Department of Social Services (DSS) - MO HealthNet Division (MHD) and Family Support Division (FSD)
Type of Finding:	Internal Control (Significant Deficiency) and Noncompliance

As similarly noted in our 3 previous audits,<sup>6</sup> the DSS does not have sufficient controls to ensure compliance with the eligibility requirements of the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP) for certain participants whose eligibility is based on their Modified Adjusted Gross Income (MAGI). The DSS did not correct manual system overrides for some MAGI-based participants, preventing their cases from being closed when necessary. Of the approximately 1.3 million Medicaid and CHIP participants as of June 30, 2022, approximately 942,000 were MAGI-based participants.

To ensure MAGI-based participants continue to be eligible for benefits, 42 CFR Section 435.916 requires a redetermination of eligibility once every 12 months, or when circumstances affecting a participant's eligibility change. The regulation requires termination of benefits when a participant no longer meets eligibility requirements. On March 19, 2020, the eligibility redetermination and most termination requirements were temporarily suspended in response to the COVID-19 Public Health Emergency (PHE). All validly enrolled participants on March 19, 2020, were to remain continuously enrolled except for participants who requested removal, moved out of state, or died. Subsequent to the audit period, the PHE and related requirement suspensions were lifted. Effective April 1, 2023, the DSS is required to initiate redeterminations within 12 months, and complete redeterminations within 14 months for all participants.

The Medicaid Eligibility Determination and Enrollment System (MEDES), implemented in January 2014, tracks eligibility information for MAGI-based participants, including redetermination due dates; and in some cases, performs redeterminations. Non-automatic redeterminations for MAGI-based participants are performed manually by FSD eligibility specialists. Eligibility information is transferred from the MEDES into the Medicaid Management System (MMIS), the Medicaid claims payment system, nightly. To ensure continuous enrollment during the PHE, the DSS programmed the MEDES to continue coverage effective March 18, 2020, except in the case of a participant's death, an out-of-state move, or voluntary closure. For some exceptions, the MEDES automatically closes the case. For other exceptions,

---

<sup>6</sup>See single audit reports at <<https://auditor.mo.gov/AuditReport/Reports?SearchLocalState=35>>, finding numbers 2021-005, 2020-003, and 2019-005.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

an FSD eligibility specialist manually records the reason for closure and initiates closure of the participant's case in the MEDES.

MEDES operations have been problematic since implementation and manual overrides to individual cases to compensate for previous system errors and limitations were not corrected. DSS officials explained there was a period of time when the MEDES was incorrectly closing some eligible cases before a redetermination could be performed. To prevent affected cases from being closed, DSS personnel manually overrode system controls. However, once these system limitations were corrected in June 2017, the DSS did not remove the previously-established manual overrides, which prevented the system from taking automatic actions such as identifying cases needing redetermination and closing cases.

In response to prior audit recommendations, DSS officials indicated they developed a report to identify MEDES participants with overdue redeterminations due to these system problems. However, the DSS did not review all of these participants to ensure they remained eligible and did not meet one of the exceptions requiring termination during the PHE. As a result, cases for participants with manual overrides that did not meet eligibility requirements prior to and/or during the PHE, may not have been closed. Our random sample of 60 MAGI-based participants that were continuously enrolled during the year ended June 30, 2022, did not identify any participants with previously-established overrides.

The DSS Corrective Action Plan (CAP) and Summary Schedule of Prior Audit Findings for finding number 2021-005 state the DSS has processes in place to terminate eligibility for individuals who are deceased, voluntarily request closure, or report they have moved out of state. However, these processes have not been applied to all participant cases with manual system overrides needing closure. Missouri's system testing plan relating to the PHE unwinding processes, submitted to the DHHS - Centers for Medicare and Medicaid Services (CMS), states after the PHE is lifted, on April 1, 2023, the DSS plans to begin removing the manual overrides and performing redeterminations for these participants.

The failure to implement adequate internal controls to ensure ineligible participant cases are closed can result in Medicaid and CHIP payments being made on behalf of ineligible individuals, which would be unallowable costs of the federal programs. Rule 45 CFR Section 75.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal controls over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

Recommendation

The DSS through the MHD and the FSD review and correct cases for participants with manual overrides in the MEDES, ensure redeterminations are completed for these participants as required, and close the cases of any ineligible participants. In addition, the DSS should ensure system controls are functioning as designed for these participants.

Auditee's Response

*We disagree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement.*

Auditor's Comment

The DSS Corrective Action Plan (CAP) states the DSS disagrees there is a significant deficiency in internal controls because no participants with manual overrides were identified in the audit sample. However, the State Auditor's Office feels it is important to note the internal control weaknesses associated with these participants, which have existed for many years, remain regardless of whether any of these participants are selected in the audit sample of 60 of the approximately 942,000 participants. The CAP states the DSS has processes in place to terminate eligibility for individuals who are deceased, voluntarily request closure, or report they have moved out of state. However, as noted in the finding, these processes have not been applied to all participant cases with manual system overrides, and instead of proactively reviewing cases as recommended, the DSS is merely reacting when information is provided to them. Although recommended in the prior 3 audits, the DSS has not performed a review for all of these cases. Until the manual overrides are corrected and/or applicable participants reviewed, there will be continued circumvention of established internal controls and risk of improper payments on these cases. Therefore, this finding is valid.

**2022-003.**  
**Medicaid and CHIP**  
**Eligibility Determination**  
**Timeliness**

Federal Agency:	Department of Health and Human Services
Federal Program:	93.767 Children's Health Insurance Program 2021 - 2105MO5021 2022 - 2205MO5021
	93.778 COVID-19 - Medical Assistance Program
	93.778 Medical Assistance Program 2021 - 2105MO5MAP and 2105MO5ADM 2022 - 2205MO5MAP and 2205MO5ADM
State Agency:	Department of Social Services (DSS) - MO HealthNet Division (MHD) and Family Support Division (FSD)
Type of Finding:	Noncompliance

The DSS did not perform eligibility determinations within required timeframes for participants of the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP). There were approximately 1.3 million Medicaid and CHIP participants as of June 30, 2022.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

The FSD is responsible for determining the eligibility of Medicaid and CHIP participants. FSD eligibility specialists perform the majority of eligibility determinations using participants' Modified Adjusted Gross Income (MAGI). For the remaining non-MAGI participants, including participants in the MO HealthNet Aged, Blind, and Disabled programs, eligibility is not based on their MAGI. As of June 30, 2022, there were approximately 942,000 MAGI-based participants and approximately 369,000 non-MAGI-based participants.

To ensure applicants are able to receive necessary medical care timely, 42 CFR Section 435.912(c)(3) requires new Medicaid eligibility determinations be made within 45 days of application and within 90 days of application for applicants who apply for benefits on the basis of disability. Rule 42 CFR Section 435.912(e) allows exceptions to these timeframes in certain unusual circumstances, such as a doctor's delay. Rule 42 CFR Section 457.340(d) requires the same timeliness standards for CHIP participants.

To test compliance with eligibility requirements, we reviewed randomly-selected samples of 60 MAGI-based participants, of which 55 were new enrollments, and 60 non-MAGI-based participants, all of which were new enrollments, subject to the timeliness requirements. The DSS did not meet timeliness requirements for 30 of the 55 MAGI-based eligibility determinations (55 percent) and 10 of the 60 non-MAGI-based determinations (17 percent). The 40 late determinations were made 2 to 144 days after the required 45 or 90-day requirement, and averaged 68 days late.

DSS officials indicated increased workloads hindered the department's ability to process applications within required timeframes during the year ended June 30, 2022. They also indicated a backlog of eligibility determinations for the Medicaid Adult Expansion Group, a new population that became eligible with the Medicaid expansion effective as of July 1, 2021, occurred due to the volume of new applications and litigation that prevented processing of the applications until October 2021. DSS officials stated there were also increased workloads associated with annual open enrollment applications from the federal Health Insurance Marketplace.

In addition to noncompliance with federal requirements, the failure to ensure determinations are performed timely can result in potentially eligible participants not receiving necessary medical care.

## Recommendation

The DSS through the MHD and the FSD ensure participant eligibility is determined within required timeframes.

## Auditee's Response

*We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.*

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

**2022-004.**

**Department of Social  
Services Cost Allocation**

Federal Agency:	Department of Health and Human Services
Federal Program:	93.090 Guardianship Assistance 2021 - 2101MOGARD 2022 - 2201MOGARD
	93.558 Temporary Assistance for Needy Families 2021 - 2101MOTANF 2022 - 2201MOTANF
	93.658 Foster Care Title IV-E 2021 - 2101MOFOST 2022 - 2201MOFOST
	93.659 Adoption Assistance 2021 - 2101MOADPT 2022 - 2201MOADPT
	93.667 Social Services Block Grant 2021 - 2101MOSOSR 2022 - 2201MOSOSR
	93.778 Medical Assistance Program 2021 - 2105MO5ADM 2022 - 2205MO5ADM
State Agency:	Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)
Type of Finding:	Internal Control (Significant Deficiency)

DFAS controls and procedures to allocate some administrative costs to federal programs were not sufficient to prevent and/or detect errors. Our testing of AlloCAP system allocations identified an error in 1 cost allocation methodology. For the year ended June 30, 2022, costs totaling approximately \$38.5 million were incorrectly allocated to 6 programs. As a result, approximately \$10.2 million (federal share) was allocated to state funding, that could have been allocated to federal funding for 4 programs.

The DFAS uses the AlloCAP system to identify, measure, and allocate costs to state and federal programs in accordance with its Public Assistance Cost Allocation Plan (PACAP). Each quarter, DFAS personnel import expenditure data from the state's accounting system into the AlloCAP system, which allocates costs to programs through allocation methodologies outlined in the department's PACAP.

The DSS uses the random moment time studies (RMTS) allocation method (as outlined in the PACAP) to allocate various administrative costs including salaries, benefits, and other operational costs. As part of this process, randomly-selected Children's Division staff are contacted by email at random moments and asked to record what program/activity they are engaged in at that moment. These surveyed time results are used to approximate the proportion of the administrative costs that apply to the various programs. In addition, the DSS uses quarterly penetration rates to further allocate the costs

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

to the programs. The penetration rate for a given program reflects the percentage of federally-eligible children served by the state, compared to the total number of children served by the state. During the year ended June 30, 2022, administrative costs totaling approximately \$127.8 million were allocated through the RMTS allocation method to 6 programs through the AlloCAP system: Social Services Block Grant (SSBG), Temporary Assistance for Needy Families (TANF), Guardianship Assistance, Foster Care, Adoption Assistance, and the Medical Assistance Program.

Our testing noted the RMTS cost allocation methodology, and use of quarterly penetration rates, were not configured in the AlloCAP system correctly. This resulted in over-allocation of costs to the SSBG program and under-allocation of costs to the other programs during the year ended June 30, 2022, as shown in the following table.

Program Name	Over-allocation	Under-allocation	Under-allocation (Federal Share)
Social Services Block Grant	\$ 38,528,349	0	0
Temporary Assistance for Needy Families	0	18,499,881	0
Adoption Assistance	0	2,338,147	1,169,074
Foster Care	0	16,881,717	8,590,613
Guardianship Assistance	0	438,450	219,225
Medical Assistance Program	0	370,154	190,107
Total	\$ 38,528,349	38,528,349	10,169,019

DFAS officials indicated when developing the AlloCAP system, they intended the RMTS cost allocation methodology to mirror the previous manual allocation process; however, a configuration error was made and not detected by the DFAS. After we notified the DFAS of the errors, the DFAS updated the RMTS cost allocation methodology, and use of quarterly penetration rates. The DFAS then used the updated methodology to revise previous quarters' AlloCAP results, including administrative allocations. Finally, the DFAS resolved the 4 programs with under-allocations (federal share) by requesting increasing adjustments totaling \$21.6 million, in each program's September 30, 2022, and December 31, 2022, quarterly expenditure reports. These adjustments included the approximately \$10.2 million for the year ended June 30, 2022, plus another approximately \$11.4 million for the year ended June 30, 2021.

DSS personnel indicated it was unnecessary to revise the federal reports for the SSBG and TANF programs because allocations for those grants were already fully expended. Because significant portions of those programs are state-funded, the allocation errors could be applied to state funding portions. We do not question any federal costs associated with the errors identified in this finding because the resulting over-allocations were not attributable to federal funding.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

Without adequate internal controls and procedures over the allocation of administrative costs, there is increased risk that DFAS staff will not properly allocate an appropriate share of costs to federal programs, and that errors will not be detected timely. In addition, cost allocation methodology errors could result in over-allocation of costs and potentially unallowable costs. Rule 45 CFR Section 75.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

Recommendation

The DSS through the DFAS continue to strengthen internal controls and procedures over the PACAP and the AlloCAP system to ensure costs are properly allocated to federal programs.

Auditee's Response

*We partially agree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement and any planned actions to address the finding.*

Auditor's Comment

The DSS Corrective Action Plan (CAP) states the DSS partially agrees with the finding because the calculation error was the result of an isolated error that occurred during design and development of the new cost allocation system, effective October 2017. The CAP further states this error is not indicative of the strength of current internal controls. While the error noted was isolated to the costs allocated through the RMTS allocation method, those costs are significant, totaling over \$127 million and allocated to 6 different programs during the year ended June 30, 2022, alone. Furthermore, the fact that neither the DSS's original development effort in 2017, nor ongoing internal controls and procedures (from October 2017 through June 2022) detected this error, indicates there were internal control weaknesses associated with the design and testing of the system as well as reviews of system calculations. The DSS is responsible for ensuring adequate controls are in place to detect errors and ensure costs are properly allocated to federal programs. Therefore, this finding is valid.

If this cost allocation issue had not been identified during the audit, approximately \$10 million could have continued to be spent each year from state taxpayer funds instead of claimed to federal funding sources.

**2022-005.**  
**Pandemic Electronic**  
**Benefit Transfer Food**  
**Benefits**

Federal Agency:	United States Department of Agriculture (USDA)
Federal Program:	10.542 COVID-19 - Pandemic Electronic Benefit Transfer Food Benefits (P-EBT)
State Agency:	Department of Social Services (DSS) - Family Support Division (FSD)

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

---

Type of Finding:	Internal Control (Significant Deficiency) and Noncompliance
Questioned Costs:	\$1,010

---

DSS controls over the P-EBT program were insufficient to prevent improper benefit issuances on behalf of school children. Our audit sample of payments for 60 school children noted the DSS issued benefits on behalf of one ineligible child and made overpayments on behalf of another child. During the year ended June 30, 2022, the DSS issued P-EBT program benefits totaling approximately \$75 million on behalf of approximately 78,000 school children and approximately \$144 million on behalf of approximately 163,000 children in child care.

The objective of the P-EBT program is to provide nutrition assistance on EBT cards for school children who would have received free or reduced price school meals under the National School Lunch Program and School Breakfast Program had their schools not been closed or operating with reduced hours due to the COVID-19 public health emergency. The P-EBT program similarly provides benefits for Supplemental Nutrition Assistance Program-enrolled children in child care.

The Families First Coronavirus Response Act, Pub. L. 116-127, Section 1101, requires P-EBT program benefits be issued in accordance with the state's approved plan. For benefits for school children, the DSS and the Department of Elementary and Secondary Education jointly developed a plan for the administration of the P-EBT program for the 2020-2021 school year and a plan amendment for the summer 2021 period. The plan and 2 plan amendments were approved by the USDA in June 2021, August 2021, and September 2021, respectively; and the DSS began issuing P-EBT program benefits in July 2021. Under the state's plan, the DSS would receive from all school districts in the state: (1) surveys indicating the extent of school closures in the district due to COVID-19 for each month during the school year, and (2) listings of students eligible for free or reduced price meals during the school year. Pursuant to the plan, the DSS required parents to submit applications<sup>7</sup> for benefits, and established procedures to verify the applications to the listings obtained from the school districts, determine benefit amounts for each eligible child, and issue P-EBT program benefits to households with eligible children. Eligible participants were entitled to receive \$129.58 per month of virtual learning and/or \$77.75 per month of hybrid (mixed) learning. For the summer period, each eligible child was entitled to the standard summer benefit of \$375 despite the school's operating status during the school year.

---

<sup>7</sup>The applications contained information about the child, child's school district, and household.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

To test compliance with the plan's provisions for school children, we reviewed a randomly-selected sample of P-EBT program payments for 60 school children, totaling \$31,009. The DSS made improper payments for 2 of 60 participants reviewed (3 percent). The DSS issued benefits totaling \$596 for one ineligible child who was not included in the listing of children eligible for free or reduced priced meals, and issued benefits for another child totaling \$414 in excess of amounts the child was entitled to receive. DSS officials indicated processing errors were made without detection for both children. We question the unallowable benefits totaling \$1,010 (100 percent federal share) issued on behalf of these children.

Without adequate internal controls, the DSS cannot ensure that P-EBT program benefits are issued in accordance with the approved state plan. Rule 2 CFR Section 200.303(a) requires the nonfederal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

## Recommendation

The DSS through the FSD strengthen internal controls to ensure P-EBT program benefit issuances are in accordance with the state plan, and review and correct the overpayments for the children identified in this finding.

## Auditee's Response

*We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.*

### 2022-006. DSS FFATA Reporting

Federal Agency	Department of Health and Human Services (DHHS)
Federal Program:	93.667 Social Services Block Grant (SSBG) 2021 - 2101MOSOSR 2022 - 2201MOSOSR
State Agency:	Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)
Type of Finding:	Internal Control (Significant Deficiency) and Noncompliance

As similarly noted in our previous audit,<sup>8</sup> the DFAS needs to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting. During state fiscal year 2022, the DFAS did not comply with FFATA reporting requirements for any of the subawards reviewed for the SSBG program. During state fiscal year 2022, the DSS

<sup>8</sup>See single audit report at <<https://auditor.mo.gov/AuditReport/ViewReport?report=2022043>>, finding number 2021-008.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

disbursed approximately \$7 million in first-tier subawards<sup>9</sup> to 20 subrecipients of the SSBG program. First-tier subaward payments accounted for approximately 14 percent of the program's expenditures.

The FFATA requires comprehensive reporting for certain federal awards to promote transparency and accountability over the use of the federal funds. Rule 2 CFR Part 170, Appendix A, requires the DFAS to report first-tier subawards of \$30,000 or more to the FFATA Subaward Reporting System (FSRS) no later than the end of the month following the month in which the subaward was made. Information entered into the FSRS is publicly available at USASpending.gov.

Internal controls

DFAS policies and procedures over the FFATA reporting process require supervisory review of the information uploaded to the FSRS, but do not require the supervisors maintain documentation of reviews performed.

DFAS personnel prepare a monthly Excel spreadsheet of data from various sources including contracts and federal funding disclosure information sheets. DFAS personnel transfer the spreadsheet data to the federal FSRS template, and upload the data to the FSRS. Various subaward data is uploaded, including the entity name, award amount, and the date issued. DFAS personnel could not provide documentation supporting the supervisory reviews performed, but indicated they intend to implement documented reviews during the state fiscal year 2023.

Without documented supervisory reviews over FFATA reporting, the DFAS cannot demonstrate adherence to the established policies and procedures, and there is less assurance the information included in the FFATA reporting is complete and accurate. Rule 2 CFR Section 200.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

FFATA reporting

The DFAS did not comply with FFATA reporting requirements for the SSBG program. To test compliance with FFATA reporting requirements, we reviewed a sample of subawards for 2 of the 20 SSBG subrecipients, totaling \$1,952,465, awarded in state fiscal year 2022. Neither of the subawards were uploaded to the FSRS timely. The DSS entered into grant agreements with the subrecipients during July 2020 for the 2-year period of July 1, 2020, through June 30, 2022. DFAS personnel indicated they were required to report these subawards no earlier than November 2020 and November 2021,

<sup>9</sup>First-tier subawards are federal awards made to non-federal entities by the prime award recipient, in this case the DSS, on behalf of the federal awarding agency, the DHHS.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

when they received the corresponding grants. However, DFAS personnel did not upload the subawards to the FSRS until August 2021 and February 2022, 9 months and 3 months later, respectively.

DFAS personnel indicated the FFATA reporting delays occurred because of staff turnover, federal government delays in uploading grant information into the FSRS, and FSRS limitations associated with changes in personnel who have system access. They indicated the DSS cannot prepare FFATA reports until the federal awarding agency first enters the federal award information into the FSRS; and since the DSS does not receive notification of this event, the DSS must continually check the system for updates. In addition to noncompliance with federal requirements, not reporting subawards to the FSRS timely increases the risk that those using the reports could rely on inaccurate information.

Recommendation

The DSS through the DFAS strengthen internal controls related to FFATA reporting by having supervisors maintain documentation of reviews performed of the information reported to the FSRS. In addition, the DFAS should timely complete FFATA reporting in accordance with the applicable requirements.

Auditee's Response

*We partially agree with the auditor's finding. Our Corrective Action Plan includes an explanation and specific reasons for our disagreement and any planned actions to address the finding.*

Auditor's Comment

The DSS Corrective Action Plan (CAP) states the DSS does not agree that documentation of supervisory reviews directly correlates to strong internal controls. The CAP further states the DSS adheres to formalized procedures for FFATA reporting, which includes managerial oversight and contends documented reviews may be preferred but are not required by regulation. However, without requiring documentation of supervisory reviews performed, the DSS cannot demonstrate adherence to the established policies and procedures. Additionally, the noncompliance identified in this audit and the previous audit is an indicator that DSS internal controls may not be operating as intended. Because effective internal controls include documentation demonstrating the controls are operating in accordance with the established internal control system, this finding is valid.

**2022-007.**  
**Medicaid Facility Survey**  
**Timeliness**

Federal Agency:	Department of Health and Human Services (DHHS)

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

2020, 2021, and 2022 - TITLEXIXSS

2021 and 2022 - CLIA

2021 and 2022 - TITLE18CRS

2021 and 2022 - XVIIIIMPAC

State Agency: Department of Health and Senior Services (DHSS) -  
Section for Long-Term Care Regulations (SLCR)

Type of Finding: Noncompliance

As similarly noted in our prior audit report,<sup>10</sup> the SLCR did not perform facility survey procedures within required timeframes. In our test of compliance with facility survey requirements for the year ended June 30, 2022, we noted some Statement of Deficiencies and Plan of Corrections were sent 11 to 26 days after survey exit instead of within 10 days, and some facility revisits were completed between 61 and 82 days instead of within 60 days of the initial survey date.

The DHSS is the state survey agency charged with inspecting providers of the Medical Assistance Program (Medicaid), including hospitals, nursing facilities, and other long-term care facilities. Under 42 CFR Section 431.108, as a basis for participation in Medicaid, providers are subject to survey and certification by the DHSS - Centers for Medicare and Medicaid Services (DHSS-CMS) or the DHSS to ensure providers and suppliers are in compliance with regulatory health and safety standards and conditions of participation. During the year ended June 30, 2022, the DHSS through the SLCR surveyed 527 providers, including 514 long-term care nursing facilities and 13 intermediate care facilities for individuals with intellectual disabilities.

The DHSS-CMS provides the State Operations Manual (SOM) to state agencies as guidelines for the survey and certification of providers. SOM Chapter 2, Section 2728, requires the state agency to mail the provider a copy of Form CMS-2567 (Statement of Deficiencies and Plan of Correction) within 10 working days after the survey exit. In addition, SOM Chapter 7, Section 7317.2, requires onsite revisits for long-term care nursing facilities to occur any time between the last correction date on the plan of correction and the 60th day from the survey date to confirm the facility is in substantial compliance, and in certain cases, has the ability to remain in substantial compliance.

To test compliance with survey and certification requirements, we randomly selected 35 long-term care nursing facilities surveys, and 5 intermediate care facilities for individuals with intellectual disabilities surveys, performed between July 1, 2021, and June 30, 2022. Of 22 surveys that required a

<sup>10</sup>See single audit report at <<https://auditor.mo.gov/AuditReport/Reports?SearchLocalState=35>>, finding number 2021-013.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

Statement of Deficiencies and Plan of Correction, 8 statements (36 percent) were sent to facilities between 11 and 26 working days after the survey exit instead of within 10 working days as required. In addition, of the 19 long-term care nursing facilities that required a revisit, the revisits to 4 facilities (21 percent) were completed between 61 and 82 days after the initial survey date instead of within 60 days as required.

DHSS officials indicated there were multiple contributing factors for these delays including DHSS staffing shortages, industry labor shortages, insufficient federal funding, and increased workloads due to increased volume and complexity of complaints received and the backlog of surveys due. DHSS officials further stated they are working to request additional staff and increased salaries, and to contract with outside survey companies to help with the increased workload and backlog.

Conducting survey procedures within required timeframes helps to ensure providers are timely notified of deficiencies requiring correction so that timely follow up on those deficiencies can occur to provide assurance facilities are providing services to their clients that are in compliance with health and safety standards and conditions of participation.

Recommendation

The DHSS through the SLCR ensure survey procedures are conducted within required timeframes.

Auditee's Response

*We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.*

**2022-008.**  
**ELC Program Subrecipient**  
**Monitoring**

Federal Agency:	Department of Health and Human Services
Federal Program:	93.323 COVID-19 - Epidemiology and Laboratory Capacity for Infectious Diseases (ELC)
	93.323 Epidemiology and Laboratory Capacity for Infectious Diseases (ELC)
	2020, 2021, and 2022 - NU50CK000546
State Agency:	Department of Health and Senior Services (DHSS) - Division of Community and Public Health (DCPH)
Type of Finding:	Noncompliance

As similarly noted in our prior audit report,<sup>11</sup> the DCPH did not adequately monitor ELC program subrecipient contracts during the year ended June 30, 2022. In our review of a sample of 21 contracts requiring financial monitoring reviews, we noted 7 had not been completed as of June 30, 2022.

<sup>11</sup> See single audit report at <<https://auditor.mo.gov/AuditReport/Reports?SearchLocalState=35>>, finding number 2021-010.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

Rule 2 CFR Section 200.332(d) requires pass-through entities to monitor the activities of subrecipients as necessary to ensure the subaward is used for authorized purposes, complies with the terms and conditions of the subaward, and achieves performance goals. Pass-through entities are required to follow up and ensure the subrecipient takes timely and appropriate action on all deficiencies detected through audits, on-site reviews, and other means. The DHSS, as a pass-through entity, disbursed approximately \$61.7 million among 219 ELC program subrecipient contracts during the year ended June 30, 2022.

In response to the prior finding, the DCPH developed a monitoring plan for ELC program subrecipients, hired additional staff, and began performing monitoring reviews during the year ended June 30, 2022. The monitoring plan requires annual risk assessments, quarterly progress reviews, and completion of a financial monitoring review once during the contract period. If deficiencies are found during the monitoring review, the monitoring plan requires the subrecipient to submit a written corrective action plan to the DCPH, and the DCPH to follow up on the corrective action plan.

Due to the delayed implementation of the monitoring plan, the DCPH did not perform all required financial monitoring reviews of ELC program subrecipients during state fiscal year 2022. Our review of a randomly-selected sample of contracts for 21 of the 219 ELC program subrecipient contracts<sup>12</sup> requiring financial monitoring reviews noted risk assessments had been performed for all contracts; however, financial monitoring reviews had not been completed as of June 30, 2022, for 7 contracts (33 percent). We noted financial monitoring reviews were subsequently performed in state fiscal year 2023 for all 7 contracts included in the sample. DCPH officials indicated the delayed implementation of subrecipient monitoring procedures was due to the rapid distribution of COVID-19 funding to subrecipients and insufficient staffing, but they intend to have all reviews completed by March 2024.

When subrecipient monitoring procedures are not performed timely and in accordance with monitoring plan requirements, there is increased risk that noncompliance with program requirements will go undetected.

## Recommendation

The DHSS through the DCPH continue to implement and perform financial monitoring reviews in accordance with the ELC program monitoring plan.

## Auditee's Response

*We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.*

<sup>12</sup> Our sample represented 10 percent of the population.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

**2022-009.**  
**DESE FFATA Reporting**

Federal Agency: Department of Education (ED)  
Federal Program: 84.425C COVID-19 - Governor's Emergency  
Education Relief (GEER) Fund  
2020 - S425C100016  
2021 - S425C100016  
84.425R COVID-19 - Emergency Assistance for  
Non-Public Schools (EANS)  
2021 - S425R210052  
State Agency: Department of Elementary and Secondary Education  
(DESE)  
Type of Finding: Internal Control (Significant Deficiency) and  
Noncompliance

The DESE needs to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting for the Education Stabilization Fund.<sup>13</sup> As similarly noted in our previous audit,<sup>14</sup> during state fiscal year 2022, the DESE did not comply with FFATA reporting requirements for any of the subawards reviewed for the GEER Fund or the EANS program. In addition, the DESE has not made corrections and resubmitted state fiscal year 2021 FFATA reports for the GEER Fund grants.

The FFATA requires comprehensive reporting for certain federal awards to promote transparency and accountability over the use of the federal funds. Rule 2 CFR Part 170, Appendix A, requires the DESE to report first-tier subawards<sup>15</sup> of \$30,000 or more to the FFATA Subaward Reporting System (FSRS) no later than the end of the month following the month in which the subaward was made. Information entered into the FSRS is publicly available at [USASpending.gov](https://USASpending.gov).

The GEER Fund grants were initially awarded to the Governor's office. The Office of Administration (OA), on behalf of the Governor's office, entered into an interagency agreement with the DESE and the Department of Higher Education and Workforce Development (DHEWD), designating the DESE as the fiscal agent for the GEER Fund for the State of Missouri. The DESE draws down and disburses the funds to the DESE subrecipients (Local Education Agencies [LEAs]) and to the DHEWD. The DHEWD disburses funds to the DHEWD subrecipients (Institutions of Higher Education [IHEs]). The GEER interagency agreement states the DESE shall manage all reporting requirements by collecting information and data including data

<sup>13</sup>The Education Stabilization Fund consists of several programs, including the GEER Fund and the EANS program.

<sup>14</sup>See single audit report at <https://auditor.mo.gov/AuditReport/ViewReport?report=2022043>, finding number 2021-016.

<sup>15</sup>First-tier subawards are federal awards made to non-federal entities by the prime award recipient, in this case the DESE, on behalf of the federal awarding agency, the ED.

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

from the DHEWD and the OA. For the EANS program, the DESE received the grant on behalf of the Governor's office, was designated the fiscal agent, and disbursed funds to the LEAs. During state fiscal year 2022, the DESE and the DHEWD disbursed approximately \$21.6 million of first-tier subawards to 348 subrecipients of the GEER Fund and the DESE disbursed approximately \$3.3 million in first-tier subawards to 82 subrecipients of the EANS program. First-tier subaward payments accounted for approximately 99 percent of the GEER Fund expenditures and 7 percent of the EANS program expenditures.

Internal controls

DESE policies and procedures over the FFATA reporting process require supervisory review of the information uploaded to the FSRS, but do not require the supervisors maintain documentation of reviews performed.

DESE personnel prepare an excel spreadsheet of the awards allocated to subrecipients, transfer the spreadsheet data to the federal FSRS template, and upload the data to the FSRS. Various subaward data is uploaded, including the entity name, award amount, and the date issued. DESE personnel could not provide documentation supporting the supervisory reviews performed, but indicated they intend to implement documented reviews during state fiscal year 2023.

Without documented supervisory review over FFATA reporting, the DESE cannot demonstrate adherence to the established policies and procedures, and has less assurance the information included in the FFATA reporting for the Education Stabilization Fund is complete and accurate. Rule 2 CFR Section 200.303(a) requires the non-federal entity to "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

FFATA reporting

The DESE did not comply with FFATA reporting requirements for the GEER Fund and the EANS program.

To test compliance with FFATA reporting requirements for the GEER Fund and the EANS program, we reviewed the FSRS reports submitted by DESE personnel during state fiscal year 2022. For the GEER Fund, the DESE did not report any of the 81 LEA subawards requiring FFATA reporting, totaling approximately \$9.7 million, or the 22 IHE subawards, totaling approximately \$12 million, in the FSRS. Instead, the DESE incorrectly reported as subawards, the allocations by the Governor's office to the DESE and the DHEWD. For the EANS program, the DESE did not report any of the 9 subawards requiring FFATA reporting, totaling approximately \$3.7 million, in the FSRS. Instead, the DESE incorrectly reported as a subaward, the grant award received by the DESE on behalf of the Governor's office. All of these

State of Missouri - Single Audit  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022

errors occurred prior to auditors identifying and communicating similar errors during the state fiscal year 2021 audit. Additionally, the DESE made some corrections to FFATA reports; however, as of April 2023, the DESE had not resubmitted fully corrected state fiscal year 2021 FFATA reports for the GEER Fund grants.

DESE personnel indicated the FFATA reporting errors occurred due to a misunderstanding of FFATA reporting requirements as well as the unusual nature of the GEER Fund and EANS program allocations. DESE personnel also indicated they have been working with the ED since April 2022 in an effort to correct the erroneous FFATA reports; however, due to technical difficulties with the FSRS, they have been unable to timely and fully correct the reports. In addition to noncompliance with federal requirements, not reporting subawards to the FSRS accurately and timely increases the risk that those using the reports could rely on inaccurate information.

## Recommendation

The DESE strengthen internal controls related to FFATA reporting by having supervisors maintain documentation of reviews performed of the information reported in the FSRS for the Education Stabilization Fund. In addition, the DESE should complete FFATA reporting for the Education Stabilization Fund programs in accordance with the applicable requirements and continue to work toward resubmitting corrected reports for state fiscal years 2021 and 2022.

## Auditee's Response

*We agree with the auditor's finding. Our Corrective Action Plan includes our planned actions to address the finding.*

## Additional State Auditor's Reports

The Missouri State Auditor's Office regularly issues audit reports on various programs, agencies, and divisions of the state. Audit reports may include issues related to the administration of federal programs. We reviewed the reports issued from May 2022 to May 2023 and the following reports relate to federal programs.

Report Number	Report Name
---------------	-------------

2023-001	Statewide Accounting System Internal Controls
2022-090	Department of Conservation Data Security

All reports are available on the Missouri State Auditor's Office website: <http://auditor.mo.gov>.

---

# State of Missouri - Single Audit

## Summary Schedule of Prior Audit Findings

### Year Ended June 30, 2022

---

The Uniform Guidance requires the auditee to prepare a Summary Schedule of Prior Audit Findings to report the status of all audit findings included in the prior audit's Schedule of Findings and Questioned Costs. The schedule is also to report the status of findings included in the prior audit's Summary Schedule of Prior Audit Findings, except those that were corrected, no longer valid, or not warranting further action.

The Uniform Guidance requires the auditor to follow up on prior audit findings; perform procedures to assess the reasonableness of the Summary Schedule of Prior Audit Findings; and report, as a current year audit finding, when the auditor concludes the schedule materially misrepresents the status of any prior audit finding.

Director

**SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS**

The Uniform Guidance requires the auditee to prepare a Summary Schedule of Prior Audit Findings to report the status of all audit findings included in the prior audit's Schedule of Findings and Questioned Costs. The Schedule is also to report the status of findings included in the prior audit's Summary Schedule of Prior Audit Findings, except those that were corrected, no longer valid, or not warranting further action.

The attached documents are the Summary Schedule of Prior Audit Findings for the year ended June 30, 2022, and includes all findings from the audit for the Fiscal Year ended June 30, 2021, and certain findings from the audits for the Fiscal Years ended June 30, 2020, 2019, 2018, 2017, 2016, and 2015.

These documents were prepared by the applicable State agencies as noted with each prior year finding.

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-001A.**                      DED Subrecipient Determination and Monitoring

**Federal Agency:**            Department of the Treasury  
**Federal Program:**        21.023 COVID-19 - Emergency Rental Assistance Program  
**State Agency:**            Department of Economic Development (DED)

Improvements were needed in the DED's internal controls related to subrecipient determinations. The DED had not established policies and procedures to determine if the recipients of federal program funds are subrecipients or contractors. Additionally, the DED made an inaccurate determination and did not classify the Missouri Housing Development Corporation as a subrecipient. The assessment performed to make this determination was not documented.

**Recommendation:**

The DED develop and implement procedures regarding subrecipient determinations and ensure a determination is made when program funds are disbursed to determine if the recipient of the funds is a subrecipient or a vendor.

**Status of Finding:**

Corrective Action was taken.

**Contact Person:**            Stacey Hirst

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-001B.**                      DED Subrecipient Determination and Monitoring

**Federal Agency:**            Department of the Treasury  
**Federal Program:**        21.023 COVID-19 - Emergency Rental Assistance Program  
**State Agency:**            Department of Economic Development (DED)

The DED did not comply with certain Uniform Guidance subrecipient monitoring requirements for the Emergency Rental Assistance (ERA) Program. The DED did not implement a subrecipient monitoring program to monitor the Missouri Housing Development Commission (MHDC), the sole subrecipient. The DED did not perform a risk assessment of the MHDC to determine the extent of monitoring necessary and did not monitor the MHDC for compliance with various ERA Program requirements. Additionally, the DED did not follow up on and ensure the MHDC took appropriate action to address the deficiency identified in MHDC's Single Audit related to approximately \$1 million in questioned costs and did not issue a management decision related to the deficiency as required by federal regulations.

**Recommendation:**

The DED formally assess and document each subrecipient's risk of noncompliance with federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring. Additionally, develop a subrecipient monitoring program that includes ensuring the subrecipient is compliant with program and relevant legal provisions and appropriate monitoring of subrecipient audit findings related to the program.

**Status of Finding:**

Corrective Action was taken.

**Contact Person:**        Stacey Hirst

**2021-002.**

DED SEFA

**Federal Agency:** Department of the Treasury  
**Federal Program:** 21.023 COVID-19 - Emergency Rental Assistance Program  
21.026 COVID-19 - Homeowner Assistance Fund  
**State Agency:** Department of Economic Development (DED)

The expenditures reported on the DED's schedule of expenditures of federal awards (SEFA) submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the statewide SEFA for the year ended June 30, 2021, were misstated.

**Recommendation:**

The DED ensure an accurate SEFA is prepared and submitted to the DOA.

**Status of Finding:**

Corrective Action was taken.

Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-003A.**                      DED Performance and FFATA Reporting

**Federal Agency:**            Department of the Treasury  
**Federal Program:**        21.023 COVID-19 - Emergency Rental Assistance Program  
**State Agency:**            Department of Economic Development (DED)

The DED did not establish an internal control system over required federal reporting of the Emergency Rental Assistance (ERA) Program and did not identify a significant inaccuracy in a quarterly performance report. The DED contracted with Missouri Housing Development Commission (MHDC) to submit the ERA Program performance reports on the DED's behalf. The DED did not review the reports prepared by MHDC until after the reports had been submitted, and this review was not documented. The quarterly report inaccurately stated the MHDC was a contractor instead of a subrecipient.

**Recommendation:**

The DED develop an internal control system over federal reporting requirements for the ERA Program and ensure reports are submitted accurately.

**Status of Finding:**

Corrective Action has been taken. DED has made contact with the U.S. Treasury and is working with them and MHDC to resolve the reporting issue going forward.

**Contact Person:**        Stacey Hirst  
**Phone Number:**        (573) 526-7863

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings

**2021-003B.**                      DED Performance and FFATA Reporting

**Federal Agency:**        Department of the Treasury  
**Federal Program:**      21.023 COVID-19 - Emergency Rental Assistance Program  
**State Agency:**        Department of Economic Development (DED)

The DED did not take the appropriate steps to ensure the required Federal Funding Accountability and Transparency Act (FFATA) reporting occurred. The Treasury did not submit the FFATA report for the Emergency Rental Assistance Program due to the inaccuracy on the DED's first quarter performance report.

**Recommendation:**

The DED take the steps necessary to ensure the FFATA reporting requirements are met.

**Status of Finding:**

Corrective Action has been taken. DED made contact with the U.S. Treasury and is working with them and MHDC to correct the reports going forward.

**Contact Person:**        Stacey Hirst  
**Phone Number:**        (573) 526-7863

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-004.**                      Medicaid National Correct Coding Initiative

**Federal Agency:**        Department of Health and Human Services  
**Federal Program:**        93.767 Children's Health Insure Program  
                                  93.778 COVID-19 - Medical Assistance Program  
                                  93.778 Medical Assistance Program  
**State Agency:**         Department of Social Services (DSS) - MO HealthNet Division (MHD)  
**Similar Finding:**        2020-002

The MHD had not fully implemented the Medicaid National Correct Coding Initiative (NCCI) edits in the Medicaid Management Information System (MMIS) as required by Section 6507 of the Affordable Care Act (Section 1903(r) of the Social Security Act<sup>1</sup>). Rather than quarterly implementation, the MHD through the MMIS contractor implemented the Procedure-to-Procedure edit files annually; and the MHD did not reprocess claims upon implementation of the edits. In addition, the MHD had not implemented any of the Medically Unlikely Edits files received.

**Recommendation:**

The DSS through the MHD strengthen controls over the NCCI requirements to ensure NCCI edits are fully implemented and reprocess claims paid when edits are not implemented timely, as required.

**Status of Findings:**

The MHD has fully implemented the Medicaid National Correct Coding Initiative (NCCI) edits in the Medicaid Management Information System (MMIS) as required by Section 6507 of the Affordable Care Act (Section 1903(r) of the Social Security Act<sup>2</sup>) effective July 1, 2022. All edit files are now updated quarterly.

<sup>1</sup> Title 42 USC 1396b(r)

<sup>2</sup> Title 42 USC 1396b(r)

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-005.**                      Medicaid and CHIP Participant Eligibility

**Federal Agency:** Department of Health and Human Services  
**Federal Program:** 93.767 Children's Health Insurance Program  
93.778 COVID-19 - Medical Assistance Program  
93.778 Medical Assistance Program  
**State Agency:** Department of Social Services (DSS) - MO HealthNet Division (MHD) and  
Family Support Division (FSD)  
**Similar Findings:** 2020-003 and 2019-005

The DSS did not have sufficient controls to ensure compliance with the eligibility requirements of the Medical Assistance Program (Medicaid) and the Children's Health Insurance Program (CHIP) for certain participants whose eligibility is based on their Modified Adjusted Gross Income (MAGI). The DSS did not correct system overrides in the Medicaid Eligibility Determination and Enrollment System (MEDES) for some MAGI-based participants, preventing their cases from being closed when necessary. DSS did not close the case of a participant who moved out of state.

**Recommendation:**

The DSS through the MHD and the FSD review participants with manual overrides in the MEDES to ensure the participants remain eligible and do not meet one of the exceptions requiring removal from the Medicaid and the CHIP during the public health emergency. In addition, the DSS should review and correct the eligibility for the ineligible participant identified in this finding.

**Status of Findings:**

The DSS did not agree with the finding. Therefore, there was no corrective action necessary.

The SAO identified one ineligible participant who had previously moved out of state prior to the Public Health Emergency (PHE). This is 1.67% of the 60 MAGI cases reviewed and no payments were made for the individual, so there was no financial impact during the audit period. Additionally, the DSS has taken action to close the eligibility case noted in the recommendation.

Section 6008 of the Families First Coronavirus Response Act (FFCRA) requires states to provide continuous coverage, through the end of the month in which the PHE period ends, to all Medicaid beneficiaries who were enrolled in Medicaid on or after March 18, 2020, regardless of any changes in eligibility unless the individual voluntarily terminates eligibility, is deceased, or moves out of state. As required by the Centers for Medicaid and Medicare Services (CMS) during the PHE, the DSS has processes in place to terminate eligibility for individuals who are deceased, voluntarily request closure, or report they have moved out of state.

During the PHE, the DSS is not conducting reviews of cases that do not report current changes. In accordance with CMS guidance, Missouri expects to unwind from the PHE by completing annual reviews for all MO HealthNet cases over twelve months from the expiration of the PHE. At the time of the review of each case, the DSS will appropriately end MO HealthNet eligibility for all individuals determined to no longer be eligible.

The Consolidated Appropriations Act, 2023, signed on December 29, 2022, amends section 6008 of the FFCRA such that the continuous enrollment condition will end on March 31, 2023. DSS will begin the twelve month unwinding period on April 1, 2023.

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-006.** Foster Care Maintenance Payment Rates

**Federal Agency:** Department of Health and Human Services

**Federal Program:** 93.658 Foster Care - Title IV-E

**State Agency:** Department of Social Services (DSS) - Children's Division (CD) and Division of Finance and Administrative Services (DFAS)

The DSS had not documented policies and procedures, including a periodic schedule, for reviews of Foster Care program maintenance payment rates. In addition, the DSS could not provide documentation supporting any review of the rates in effect for the year ended June 30, 2021.

**Recommendation:**

The DSS through the CD and the DFAS develop policies and procedures, including a reasonable and specific schedule, for periodic reviews of Foster Care program maintenance payments and rates, and implement the schedule for reviewing and determining the appropriateness of the payments and rates as required. Also, maintain documentation of all reviews performed.

**Status of Finding:**

The DSS did not agree with this finding and therefore corrective action was not required. The rates are reviewed through the budget process each year.

In addition, the Children's Division Fiscal Unit met with the DFAS Budget Unit on September 8, 2022. The current Foster Care program maintenance payments and rates were reviewed in comparison to a USDA report on the costs of raising a child. Documentation has been kept and procedures are established to review annually with the process beginning each July.

**Contact Person:** Courtney Stalter  
**Phone Number:** 573-526-4671

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-007.** Child Care Corrective Payments

**Federal Agency:** Department of Health and Human Services  
**Federal Program:** 93.575 COVID-19 - Child Care and Development Block Grant  
93.575 Child Care and Development Block Grant  
93.596 Child Care Mandatory and Matching Funds of the Child Care and Development Program Fund  
**State Agency:** Department of Social Services (DSS)  
**Questioned Costs:** \$179

DSS controls over Child Care Development Fund (Child Care) program's corrective (manual) subsidy payments to child care providers were not sufficient to prevent improper payments. The DSS made unsupported corrective payments and/or overpaid providers on behalf of 3 children.

Effective August 28, 2021, through Executive Order 21-02, the Governor transferred the Child Care program, including some personnel, from the DSS to the Department of Elementary and Secondary Education (DESE) - Office of Childhood. The DSS remained the lead agency responsible for all Child Care program policies and procedures during the year ended June 30, 2021. In subsequent years, the DSS will continue to perform certain agreed-upon responsibilities for the program.

**Recommendation:**

The DSS and the DESE review, strengthen, and enforce policies and procedures regarding Child Care subsidy provider corrective payments. These procedures should include receipt and retention of payment resolution request forms and attendance records that sufficiently support the corrective payments. The DSS should review and correct the overpayments for the children identified in this finding.

**Status of Finding:**

The Child Care subsidy program transitioned from DSS to DESE on August 28, 2021.

The Lead Agency, for purposes of this response, has already taken the necessary steps to mitigate substantial errors by implementing the CCBIS system and a process to electronically scan all PRRs into an internal online system. Therefore, the Lead Agency has determined additional corrective action is not applicable.

DESE has reviewed, strengthened, and is enforcing policies and procedures regarding Child Care subsidy provider corrective payments. These policies include receipt and record retention of PRRs and attendance records.

DSS and DESE have corrected any payments that were deemed as true overpayments and not supporting documentation issues.

**Contact Person:** Shelley Woods  
**Phone Number:** 573-751-8292

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

2021-008.

DSS FFATA Reporting

**Federal Agency:** Department of Health and Human Services  
**Federal Program:** 93.558 Temporary Assistance for Needy Families (TANF)  
93.568 COVID-19 - Low-Income Home Energy Assistance (LIHEAP)  
93.568 Low-Income Home Energy Assistance (LIHEAP)  
**Federal Agency:** Department of Justice  
**Federal Program:** 16.575 Crime Victim Assistance (CVA)  
**State Agency:** Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)

The DFAS needed to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting for the TANF, LIHEAP, and CVA programs. The DFAS did not require supervisors maintain documentation of reviews of information uploaded to the FFATA Subaward Reporting System (FSRS). During state fiscal year 2021, the DFAS did not fully comply with FFATA reporting requirements for more than half of the subawards reviewed.

**Recommendation:**

The DSS through the DFAS strengthen internal controls related to FFATA reporting by having supervisors maintain documentation of reviews performed of the information reported to the FSRS for the TANF, LIHEAP, and CVA programs. In addition, the DFAS should complete FFATA reporting in accordance with the applicable requirements.

**Status of Finding:**

The DSS partially agreed with this finding. The DSS did not agree with the correlation of strong internal controls as it relates to FFATA reporting and supervisors maintaining documentation of the reviews performed. The DSS adheres to formalized procedures for FFATA reporting which includes managerial oversight and contends documented reviews may be preferred but are not required by regulation. The DSS had a transition of staff during the timeframe in question and the FSRS system does not permit users to access and compliance data or reports uploaded in the system by an alternate user. These circumstances allowed for exceptions identified. The DSS uploaded reports for all exception items to ensure the information is available in USA Spending.

The DSS will continue to adhere to written procedures and maintain strong internal controls to maintain FFATA reporting compliance.

Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-009.**                      ELC Program Subrecipient Reimbursements

**Federal Agency:** Department of Health and Human Services  
**Federal Program:** 93.323 COVID-19 - Epidemiology and Laboratory Capacity for Infectious Diseases (ELC)  
93.323 Epidemiology and Laboratory Capacity for Infectious Diseases (ELC)  
**State Agency:** Department of Health and Senior Services (DHSS) - Division of Community and Public Health (DCPH)  
**Questioned Costs:** \$105,507

The DHSS did not have sufficient controls and procedures to ensure ELC program reimbursements to subrecipients were allowable, reasonable, and supported with sufficient documentation. As a result, DHSS made unsupported reimbursements totaling \$105,507 to some subrecipients.

**Recommendation:**

The DHSS through the DCPH establish procedures for reviewing detailed documentation supporting reimbursements to ELC program subrecipients to ensure costs are allowable, reasonable, and supported.

**Status of Finding:**

The Monitoring Plan has been developed for the ELC Cares contracts and is in the review process. The thirteen LPHAs mentioned in the audit have submitted their back-up documentation and the back-up documentation has been reviewed and approved. The staff member hired to assist with monitoring efforts has been trained and the ELC contracts have either been reviewed or are scheduled for review. The program anticipates all contracts will be reviewed by March 2024.

                                      93.323 Epidemiology and Laboratory Capacity for Infectious Diseases (ELC)  
**State Agency:**         Department of Health and Senior Services (DHSS) - Division of Community and Public Health (DCPH)

The DCPH did not perform subrecipient monitoring procedures in accordance with the department monitoring policy. The DCPH did not develop a monitoring plan as required by the DHSS monitoring policy. In addition, risk assessments to determine the nature, timing, and extent of monitoring procedures; and monitoring reviews were not performed as required by federal regulations and the monitoring policy.

**Recommendation:**

The DHSS through the DCPH ensure subrecipient monitoring procedures are performed in accordance with the department monitoring policy.

**Status of Finding:**

The monitoring plan has been developed for the ELC Cares contracts and is in the review process. The staff member hired to assist with monitoring efforts has been trained and the ELC contracts have either been reviewed or are scheduled for review. The program anticipates all contracts will be reviewed by March 2024.

2021-012

Medicaid SPPC Participant Choice Agreements

**Federal Agency:** Department of Health and Human Services  
**Federal Program:** 93.778 COVID-19 - Medical Assistance Program  
93.778 Medical Assistance Program  
**State Agency:** Department of Health and Senior Services (DHSS) - Division of Senior and Disability Services (DSDS)

The DSDS did not have effective controls in place to ensure Participant Choice Agreements were obtained and/or retained for participants of the State Plan Personal Care (SPPC) program. A Participant Choice Agreement was not retained for 5 participants reviewed.

**Recommendation:**

The DHSS through the DSDS implement procedures to ensure a signed Participant Choice Agreement is obtained and retained for all participants of the State Plan Personal Care program.

**Status of Finding:**

The corrective actions have all been implemented as outlined. DHSS continues to utilize the Provider Reassessment Case Record Review Tool to review all reassessments and care planning completed by provider reassessors. A copy of the completed review is sent via email to the provider for each case. The tool details any areas of education or remediation needed. Missing forms such as the Participant Choice Statement are considered a critical remediation, meaning the case may not be authorized until the remediation is completed.

The new Quality Unit position is working closely with the Provider Reassessor Review team to ensure accuracy and consistency amongst reviewers. In September 2022 a new tool was implemented to evaluate each of the provider reassessor reviewers. This tool allows the DHSS Quality Unit to look at the provider reassessor review team similar to how the providers are reviewed. This tool brings a consistent approach to oversight completed by both the Quality Unit and the review team supervisors. The aggregated information will be provided quarterly to staff highlighting areas of needed improvement.

**Phone Number:** 573-526-3627

State of Missouri - Single Audit  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022

**2021-013.**                      Medicaid Facility Survey Timeliness

**Federal Agency:**        Department of Health and Human Services  
**Federal Program:**        93.777 COVID-19 - State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare  
                                     93.777 State Survey and Certification of Health Care Providers and Suppliers (Title XVIII) Medicare  
**State Agency:**        Department of Health and Senior Services (DHSS) - Section for Long-Term Care Regulation (SLCR)

The SLCR did not perform facility survey procedures within required timeframes.

**Recommendation:**

The DHSS through the SLCR ensure survey procedures are conducted within required timeframes.

**Status of Finding:**

As noted in the Corrective Action Plan (CAP) of June 2022, the Section for Long Term Care Regulation (SLCR) has procedures in place to ensure surveys and certifications are performed in accordance with the State Operations Manual. The DHSS secured some additional federal funding in order to contract for a number of surveys through the end of calendar year 2022.

The contracts were sent to the vendors on September 23, 2022 and were executed by the end of September, 2022. The contractors completed 13 health recertification surveys between October 2022 and December 2022. In addition, the DHSS requested an increase in general revenue funds to increase surveyor salaries to improve recruitment and retention, reduce vacancies, and to ensure recent salary increases and increases in workload are fully funded. This specific request was not approved, but rather incorporated into the overall salary increases for state employees. This increase, however, was not adequate in improving recruitment and retention efforts, especially for Registered Nurses. In addition, CMS has informed the DHSS there will be no increase in federal funding for Federal Fiscal Year 2023.

**Federal Program:**        93.778 COVID-19 - Medical Assistance Program  
                                     93.778 Medical Assistance Program  
**State Agency:**            Department of Mental Health (DMH) - Division of Developmental Disabilities (DD)  
**Similar Findings:**        2020-005, 2019-007, 2018-014, 2017-017, 2016-006, and 2015-015

The DD continued to pay historical per diem rates to providers for residential habilitation services provided to participants of the Home and Community Based Services (HCBS), Developmental Disabilities Comprehensive Waiver (Comprehensive Waiver) program, but did not retain adequate documentation to support these rates. As a result, the DD could not demonstrate some amounts paid were allowable costs of the Comprehensive Waiver program.

**Recommendation:**

The DMH through the DD continue to transition all per diem rates paid to providers for residential habilitation services provided under the Comprehensive Waiver program from historical rates to acuity-based rates and ensure documentation to support per diem rates is maintained as required.

**Status of Finding:**

The Division of Developmental Disabilities (DD) anticipates CMS will suspend the disallowance for this finding, as it did with previous findings 2020-005, 2019-007, and 2018-014, pending completion of a corrective action plan that has been approved by Division of DD. The result of the corrective action plan will be to align rates paid to providers with the approved rate methodology for this service based on a market based rate study completed by DD and the state's actuarial firm, Mercer. During state fiscal year 2022, all per diem rates had been increased to the lower bound acuity-based rates based on the 2018 Mercer Rate Study. During state fiscal year 2023, all per diem rates will be further increased to the upper bound acuity-based rates based on the 2018 Mercer Rate Study trended forward to SFY 2024.

**Federal Agency:** Department of Education  
**Federal Program:** 84.425C COVID-19 - Governor's Emergency Education Relief (GEER) Fund  
84.425D COVID-19 - Elementary and Secondary School Emergency Relief (ESSER) Fund  
**State Agency:** Department of Education and Secondary Education (DESE)

During state fiscal year 2021, the DESE did not comply with Federal Funding Accountability and Transparency Act (FFATA) reporting requirements for any of the subawards reviewed for the GEER Fund and the ESSER Fund grants.

**Recommendation:**

The DESE complete FFATA reporting for the GEER Fund and the ESSER Fund in accordance with the applicable requirements.

**Status of Finding:**

All previous reports have been corrected and are ready to submit. However, DESE is unable to submit due to a previous open report that the Federal Government has to close and then delete to prevent duplicate reporting. DESE has tried to submit the report multiple times without success. DESE has reached out to FSRS for assistance in resolving this issue, and continues to communicate with the FSRS team.

DESE has reviewed, strengthened, and is enforcing policies and procedures regarding accurate and timely report submission.

**2021-017.**                      Special Education Cluster Subrecipient Monitoring

**Federal Agency:**        Department of Education  
**Federal Program:**        84.027 Special Education Grants to States  
                                     84.173 Special Education Preschool Grants  
**State Agency:**            Department of Elementary and Secondary Education (DESE)

The DESE needed to strengthen internal controls to ensure compliance with subrecipient monitoring requirements. The DESE did not perform subrecipient monitoring reviews in accordance with its monitoring guide for the Special Education Cluster. The DESE did not perform the required on-site/virtual monitoring visits for 7 Local Education Agencies (LEAs) categorized as high-risk. In addition, 2 reviews were incomplete and DESE personnel had not timely followed up with the LEAs about outstanding items necessary to complete the reviews.

**Recommendation:**

The DESE strengthen controls and procedures to ensure subrecipients of the Special Education Cluster are monitored in accordance with the monitoring guide.

**Status of Finding:**

DESE has reviewed, strengthened, and is enforcing policies and procedures in accordance with the Special Education monitoring guide.

**Contact Person:**        Shelley Woods

DESE SEFA

**Federal Agency:** Department of Education  
**Federal Program:** 10.555 COVID-19 - National School Lunch Program  
10.555 - National School Lunch Program  
84.425C COVID-19 - Governor's Emergency Education Relief (GEER) Fund  
84.126 Rehabilitation Services Vocational Rehabilitation Grants to States  
96.001 Social Security Disability Insurance  
**State Agency:** Department of Elementary and Secondary Education (DESE)

The DESE's controls and procedures related to the preparation of the schedule of expenditures of federal awards (SEFA) were not sufficient, and as a result, expenditures reported on the DESE SEFA submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the statewide SEFA for the year ended June 30, 2021, were misstated.

**Recommendation:**

The DESE implement controls and procedures to prepare and submit an accurate SEFA to the DOA.

**Status of Finding:**

DESE has reviewed, strengthened, and is enforcing policies and procedures regarding accurate SEFA submissions.

SEMA FFATA Reporting

**Federal Agency:** Department of Homeland Security - Federal Emergency Management Agency  
**Federal Program:** 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)  
**State Agency:** Department of Public Safety - State Emergency Management Agency (SEMA)

The SEMA needed to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting for the Disaster Grants - Public Assistance (Presidentially Declared Disasters) program. During state fiscal year 2021, the SEMA did not comply with FFATA reporting requirements for any of the subawards reviewed. The SEMA's policies and procedures over the FFATA reporting process do not include procedures for compiling subaward data or requiring a documented supervisory review of information updated to the FFATA Subaward Reporting System (FSRS).

**Recommendation:**

The SEMA strengthen internal controls related to FFATA reporting to include formal written policies and procedures for compiling subaward data and documented supervisory reviews of the information reported to the FSRS for the Disaster Grants - Public Assistance (Presidentially Declared Disasters) program. In addition, the SEMA should complete FFATA reporting in accordance with the applicable requirements.

**Status of Findings:**

Corrected and Closed

MoDOT FFATA Reporting

**Federal Agency:** Department of Transportation  
**Federal Program:** 20.106 COVID-19 - Airport Improvement Program and COVID-19 Airports Programs  
20.106 Airport Improvement Program and COVID-19 Airports Programs  
**State Agency:** Missouri Department of Transportation (MoDOT)

The MoDOT needed to strengthen internal controls related to Federal Funding Accountability and Transparency Act (FFATA) reporting for the Airport Improvement Program (AIP). The MoDOT's formal written policies and procedures over the FFATA reporting process did not include procedures for compiling subaward data to be uploaded to the FFATA Subaward Reporting System (FSRS). In addition, documented supervisory reviews of information uploaded to the FSRS were not always performed.

**Recommendation:**

The MoDOT strengthen internal controls related to FFATA reporting to include formal written policies and procedures for compiling subaward data, and perform documented supervisory reviews of the information reported to the FSRS for the Airport Improvement Program.

**Status of Finding:**

MoDOT has strengthened internal controls related to FFATA reporting which includes formal written policies and procedures for compiling subaward data and documented supervisor reviews of the information reported to the FSRS for the Airport Improvement Program.

Year Ended June 30, 2022

**FS2021-002.**                      Department of Natural Resources Capital Asset Controls

**State Agency:**                Department of Natural Resources (DNR)

The DNR did not have adequate controls and procedures over reporting capital assets in the statewide accounting (SAM II) system. If the accounting system errors had not been identified during the audit, Government Wide - Business Type Activities and Non-Major Enterprise Fund accumulated depreciation of capital assets would have been overstated and net capital assets would have been understated in the *Missouri Annual Comprehensive Financial Report* for the year ended June 30, 2021.

**Recommendation:**

The DNR strengthen controls and procedures to ensure capital assets are accurately reported in the SAM II system

**Status of Finding:**

Future period depreciation and the useful life were corrected for the capital assets in question. Procedures were implemented in December 2021 to monitor the depreciation of assets on a monthly basis.

**2020-004.**                      Adoption Assistance Eligibility and Payments

**Federal Agency:**            Department of Health and Human Services  
**Federal Program:**           93.659 Adoption Assistance  
**State Agency:**             Department of Social Services (DSS) - Children's Division (CD) and Division of  
Finance and Administrative Services (DFAS)  
**Questioned Costs:**        \$14,465 (2020)  
**Similar Findings:**        2019-001 and 2018-004

The DSS made payments on behalf of ineligible children and did not have sufficient controls to prevent and/or detect certain unallowable payments. The CD made payments on behalf of some ineligible children with backdated subsidy agreements, and made an unallowable payment for an additional child.

**Recommendation:**

The DSS through the CD and the DFAS enforce policies and procedures regarding Adoption Assistance payments. The DSS should review and correct the eligibility and payments for the children identified in this finding.

**Status of Findings:**

The DSS previously addressed this finding, therefore DSS disagrees with the current recommendation. The Department implemented new processes in FY 2008 regarding backdating subsidy agreements as stated in prior audit responses. Additionally, as noted by the SAO, DHHS – Administration for Children and Families (ACF) has issued decision letters regarding this matter. The DSS continues to provide new worker and refresher trainings to adoption assistance staff regarding adoption assistance agreement requirements and quality assurance reviews to ensure service start dates of the agreement are as of or after the Director's signature on the agreement and ensuring start dates are on or prior to the date of adoption to assure eligibility for IV-E Adoption funds. The DSS continues provide training to Title IV-E Benefit Program Specialists on reviewing adoption assistance payments to ensure they are allowable. DSS also has internal steps in place to ensure agreements have proper signatures and effective dates.

Payments for the children identified in this finding were fund recouped from Title IV-E Adoption Assistance funding on February 9, 2021, and were reflected as a decreasing adjustment on the QE 03/31/2021 grant reports. ACF confirmed that all questioned costs from the finding were received and considered resolved.

Additionally, DSS gathered a listing of all Title IV-E Adoption Assistance cases opened in May 2008 and earlier that continue to be active for Title IV-E Adoption Assistance payments in SFY 2022. The DSS is in the process of reviewing documentation and conducting case reviews to ensure allowability of claiming to the Title IV-E Adoption Assistance program for each case.

**2019-004.**

CSBG Program Reporting

**Federal Agency:** Department of Health and Human Services  
**Federal Program:** 93.569 Community Services Block Grant (CSBG)  
**State Agency:** Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS)

The DSS did not have adequate procedures for preparation of the annual CSBG program federal financial report (SF-425), and as a result, amounts on the interim SF-425 report were misstated for the federal fiscal year ended September 30, 2018 (FFY18) grant. On the FFY18 grant interim SF-425 report, the DFAS reported unliquidated obligations as the total unspent FFY18 grant award of \$11.6 million rather than the total unpaid FFY18 contract amounts of \$3.8 million. By incorrectly reporting unliquidated obligations as the unspent FFY18 grant award, the DFAS overstated unliquidated obligations and understated the resulting unobligated balance at September 30, 2018, by about \$7.8 million.

**Recommendation:**

The DSS through the DFAS establish controls and procedures to ensure CSBG program federal financial reports are accurately prepared in accordance with federal requirements. In addition, the DSS should review, revise, and resubmit previously submitted inaccurate federal reports.

**Status of Finding:**

The DSS disagrees with this finding. In accordance with the DSS' 12/21/2018 response letter to the Administration for Children and Families (ACF) CSBG Missouri State Assessment Draft Monitoring Report, the accounting methodology employed for drawing and disbursing the CSBG award funds to eligible entities was based on the "first-in, first-out" approach. While the DSS contended the accounting records and methodologies were in compliance with the general terms and conditions of the grant and 45 CFR 75.309(a)(b), it acknowledged ACF's request to discontinue the "first-in, first-out" approach. On 6/26/2019 following issuance of the ACF CSBG Missouri State Assessment Final Monitoring Report, the DSS again acknowledged ACF's request to discontinue use of the "first-in, first-out" accounting method and confirmed the work being completed with the Community Action Agencies and other internal actions to affect the change that was implemented on October 1, 2019. As such, the difference between records referenced in the finding is due to the accounting methodology employed for drawing and disbursing CSBG award funds to eligible entities during the referenced time period.

Additionally, on September 30, 2020, the DSS awarded a contract for an independent and objective audit to be conducted on the FFY 2016 CSBG grant award. This audit was conducted and the conclusion was DSS claim was accurate and supported.

Corrective action planned is as follows: Not applicable. The DSS disagrees with this finding and does not plan to resubmit the previously submitted FFY 18 federal reports.

## CORRECTIVE ACTION PLANS

The State of Missouri's Office of Administration, Division of Accounting respectfully submits the following Corrective Action Plans for the findings related to the Statewide Single Audit for fiscal year ended June 30, 2022. Each Corrective Action Plan was prepared by the State agency noted.

State of Missouri - Single Audit  
Corrective Action Plans  
Year Ended June 30, 2022

**State of Missouri  
Single Audit  
Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Revenue (DOR)

Audit Finding Number: FS2022-001 Department of Revenue Financial Reporting Controls

Name of the contact person responsible for corrective action: Amanda Bolin

Anticipated completion date for corrective action: April 17, 2023

Corrective action planned is as follows:

The Department of Revenue is aware of the concerns noted in the State Auditor's Office (SAO) finding regarding controls and procedures over the financial reporting of certain governmental and custodial fund financial activities. The Department of Revenue experienced significant turnover in the Administration Division during the fiscal year ended June 30, 2022, and as a result, the two-step review, established in the prior fiscal year, did not ensure our financial reports submitted to the Office of Administration – Division of Accounting (DOA) and SAO were accurate. The Department of Revenue took immediate corrective action by resubmitting the financial reports to the DOA, continuing to use our two-step review process, providing additional cross-training to team members, and maintaining adequate supporting documentation for all financial reports being submitted to the DOA and the SAO. The Department of Revenue will ensure all financial reports are submitted accurately to the DOA and SAO in the future.

State of Missouri - Single Audit

Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Social Services (DSS) – MO HealthNet Division (MHD)

Audit Finding Number: FS2022-002 Department of Social Services Financial Reporting Controls – Medicaid Payments

Name of the contact person responsible for corrective action: Becky McCarthy

Completion date for corrective action: December 23, 2022

Recommendation: The DSS through the MHD and the DFAS strengthen controls and procedures to prepare and submit accurate Medicaid payment reports to the DOA.

DSS Response: The DSS agrees with the SAO's recommendation. The Corrective Action Plan includes the department's planned actions to address the finding.

Corrective action planned is as follows: MO HealthNet and Research and Evaluation staff have worked together to update coding on the reports used in the creation of the Annual Comprehensive Financial Report to include the Medicaid Expansion group.

State of Missouri - Single Audit  
Corrective Action Plans  
Year Ended June 30, 2022

**State of Missouri  
Single Audit  
Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Social Services (DSS) – MO HealthNet Division (MHD)

Audit Finding Number: FS2022-003 Department of Social Services Financial Reporting Controls – Medicaid Accounts Receivable

Name of the contact person responsible for corrective action: Becky McCarthy

Anticipated completion date for corrective action: October 1, 2023

Recommendation: The DSS through the MHD and the DFAS strengthen controls and procedures to prepare and submit accurate Medicaid accounts receivable reports to the DOA

DSS Response: The DSS agrees with the SAO's recommendation. The Corrective Action Plan includes the department's planned actions to address the finding.

Corrective action planned is as follows: MO HealthNet staff will examine the methodology used in the creation of the Medicaid accounts receivable report and will adjust accordingly. MO HealthNet and DFAS staff will continue to ensure reviews are completed.

State of Missouri - Single Audit  
Corrective Action Plans  
Year Ended June 30, 2022

**State of Missouri  
Single Audit  
Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Social Services (DSS)

Audit Finding Number: FS2022-004 – Department of Social Services Financial Reporting Controls – Accounts Payable

Name of the contact person responsible for corrective action: Angela Wallace

Anticipated completion date for corrective action: February 2023

Recommendation: The DSS through the DFAS strengthen controls and procedures to prepare and submit accurate accounts payable reports to the DOA.

DSS Response: The Department of Social Services (DSS) agrees with the SAO's recommendation. In prior years, the ACFR Accounts Payable (AP) procedures in place took a significant amount of staff time to complete. Therefore, the DSS did change the procedures starting with the SFY 2022 reporting. The updated procedures were designed to align with those of other state departments with the overall goal to improve efficiencies within the Accounts Payable Unit. This change, in turn, allowed for enhanced processes in other areas of the unit.

Upon feedback from the SAO, the DSS did further refine the procedures for the SFY 2022 reporting. With the refined procedures, the DSS did submit revised ACFR AP reports to the Division of Accounting.

Corrective action planned is as follows: Effective January 9, 2023, the DSS Accounts Payable staff started including the service dates and/or received dates on the Line Description field of the payment in preparation of the completion of the SFY 2023 ACFR. Effective February 2023, the DSS has updated the written ACFR AP procedures to document the changes made.

Single Audit  
Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Secretary of State

Audit Finding Number: FS2022-006 Office of Secretary of State Financial Reporting Controls

Name of the contact person responsible for corrective action:

Anticipated completion date for corrective action:

Corrective action planned is as follows:

The agency does not agree with the audit findings and corrective action is not required. Explanation and specific reasons are as follows:

The Secretary of State's Office (SOS) reported to the Office of Administration, Division of Accounting (DOA) an accurate amount of fines and penalties owed and will not misrepresent what is owed to aggrieved Missourians. The State Auditor's Office notes the estimation of un-collectibles is for financial reporting purposes only. As the ACFR is a product of the DOA, the SOS does not control how the financial report is presented. SOS disagrees with the selective reading of the Governmental Accounting Standards Board (GASB) Statement No.33. Each year the SOS is required to report the amount of civil penalties listed as receivables to DOA for inclusion in the Annual Comprehensive Financial Report (ACFR). These amounts are owed by violators of securities laws enforced by the SOS Securities Division. All receivables related to said violators are valid penalties until paid for by the bad actors who committed the violations.

Corrective Action Plans  
Year Ended June 30, 2022

**State of Missouri  
Single Audit  
Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Labor & Industrial Relations (DLIR)

Audit Finding Number: FS2022-007 Department of Labor and Industrial Relations Financial Reporting Controls

Name of the contact person responsible for corrective action: Julie Coon

Anticipated completion date for corrective action: December 1, 2023

Corrective action planned is as follows:

The DLIR agrees with the finding and has corrected the net position misstatements. The misstatement is related to increase volume of COVID-19 pandemic unemployment programs, when the department was processing an unprecedented amount of benefits and time did not allow for adequate review and corrections. DLIR is working with OA ITSD and generating financial data queries to compare UInteract monthly and yearly reports which allows DLIR to review and correct discrepancies sooner which will prevent future delays and allow for timely reporting.

State Agency: Office of Administration Division of Accounting

Audit Finding Number: FS2022-008 Office of Administration Financial Reporting  
Controls – Fund Balance Classifications

Name of the contact person responsible for corrective action: Stacy Neal

Anticipated completion date for corrective action:

Corrective action planned is as follows:

The agency does not agree with the audit findings and believes that corrective action is not required. Explanation and specific reasons are as follows:

While the Division of Accounting agrees there was an error in the draft document, the Division of Accounting was not provided the opportunity to complete the managerial review and internal control procedures already in place before the finding was decided based on a draft document.

(If you agree with the audit findings, please delete this section)

**State of Missouri  
Single Audit  
Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Social Services (DSS) - MO HealthNet Division (MHD)

Audit Finding Number: 2022-001 – Medicaid National Correct Coding Initiative (NCCI)

Name of the contact person responsible for corrective action: Becky McCarthy

Completion date for corrective action: July 1, 2022

Recommendation: The DSS through the MHD continue to strengthen controls over the NCCI requirements to ensure NCCI edits are fully implemented and reprocess claims paid when edits are not implemented timely, as required.

DSS Response: The DSS agrees with the SAO's recommendation. The Corrective Action Plan includes the department's planned actions to address the finding.

Corrective action planned is as follows: MO HealthNet has fully implemented the NCCI edits in the Medicaid Management Information System (MMIS) as of July 1, 2022. This was the date stated as the anticipated completion date in the corrective action plan from the SFY 2021 audit finding.

State Agency: Department of Social Services (DSS) – MO HealthNet Division (MHD) and Family Support Division (FSD)

Audit Finding Number: 2022-002 – Medicaid and CHIP MAGI-Based Participant Eligibility

Name of the contact person responsible for corrective action: Heather Atkins

Anticipated completion date for corrective action: N/A

Recommendation: The DSS through the MHD and the FSD review and correct cases for participants with manual overrides in the MEDES, ensure redeterminations are completed for these participants as required, and close the cases of any ineligible participants. In addition, the DSS should ensure system controls are functioning as designed for these participants.

DSS Response: The DSS disagrees with this finding. The DSS disagrees that there is a significant deficiency in internal controls. As noted in the finding, from the 60 participants selected, the SAO did not identify any participants with previously-established overrides; therefore, no incorrect payments were cited.

Section 6008 of the Families First Coronavirus Response Act (FFCRA) requires states to provide continuous coverage, through the end of the month in which the PHE period ends, to all Medicaid beneficiaries who were enrolled in Medicaid on or after March 18, 2020, regardless of any changes in eligibility unless the individual voluntarily terminates eligibility, is deceased, or moves out of state. As required by the Centers for Medicaid and Medicare Services (CMS) during the PHE, the DSS has processes in place to terminate eligibility for individuals who are deceased, voluntarily request closure, or report they have moved out of state when a current change is reported.

The Consolidated Appropriations Act, 2023, signed on December 29, 2022, amends section 6008 of the FFCRA such that the continuous enrollment condition ended on March 31, 2023.

During the PHE, the DSS did not conduct reviews of cases that did not report current changes. In accordance with CMS guidance, effective April 1, 2023, Missouri is unwinding from the PHE by completing annual reviews for all MO

**State of Missouri  
Single Audit  
Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Social Services (DSS) – MO HealthNet Division (MHD) and Family Support Division (FSD)

Audit Finding Number: 2022-003 – Medicaid and CHIP Eligibility Determination Timeliness

Name of the contact person responsible for corrective action: Heather Atkins

Anticipated completion date for corrective action: Completed

Recommendation: The DSS through the MHD and the FSD ensure participant eligibility is determined within required timeframes.

DSS Response: The DSS agrees with this finding. During SFY 2022, DSS experienced significant delays in completing determinations of eligibility at application, resulting in sizable backlogs and applications pending beyond the timeframes permitted in regulation. Due to this, Missouri collaborated with CMS to mitigate the backlog. As of September 30, 2022, DSS has completed processing of all overdue applications. The mitigation plan is located at <https://www.medicaid.gov/medicaid/eligibility/downloads/missouri-mitigation-plan.pdf>.

Since DSS completed the processing of all overdue applications as of September 30, 2022, the DSS is completing applications within the established timeframes outlined in 42 CFR 435.912(c)(3) and 42 CFR 457.340(d) and continues to ensure participant eligibility is determined within the required timeframes.

To remain in compliance with established processing timeframes, DSS is leveraging new and available technologies. These technologies are intended to assist the department and participants with necessary actions such as submitting applications, verifying income and resources, and providing required information.

Corrective action planned is as follows: As noted above, as of September 30, 2022, DSS has completed processing of all overdue applications; therefore, no further corrective action is need.

State of Missouri - Single Audit

Corrective Action Plan  
Year Ended June 30, 2022**

State Agency: Department of Social Services (DSS) – Division of Finance and Administrative Services (DFAS)

Audit Finding Number: 2022 -004 – DSS Cost Allocation

Name of the contact person responsible for corrective action: Sheena Frazer

Anticipated completion date for corrective action: N/A

Recommendation: The DSS through the DFAS continue to strengthen internal controls and procedures over the PACAP and the AlloCAP system to ensure costs are properly allocated to federal programs.

DSS Response: The DSS partially agrees with this finding.

Effective October 1, 2017, the DSS transitioned from utilizing an indirect cost rate methodology to manually allocate costs within spreadsheets to implementing a Public Assistance Cost Allocation Plan (PACAP) to directly allocate costs through cost pools/centers within an automated proprietary cost allocation system. Implementation of a thoroughly documented PACAP coupled with the automated calculations within the AlloCAP system demonstrated DSS' efforts to strengthen internal controls and processes of cost allocation and claims for federal financial participation.

Statewide single audits subsequent to the implementation did not identify any deviations to indicate the DSS did not effectively design, implement, or put controls in place to prevent detection of non-compliance.

The DSS has continued to adhere to written procedures and maintain strong internal controls and further implemented SAO recommendations to provide evidence of the management review process through documented (signed) reviews.

The DSS agrees a calculation error was made; however, it is the result of an isolated error that occurred during design and development of the new cost allocation system. It is for this reason the DSS partially agrees with the finding as the error is an isolated exception and not indicative of the strength of current internal controls.

---

State of Missouri - Single Audit  
Corrective Action Plans  
Year Ended June 30, 2022

---

Corrective action planned is as follows: The DSS previously implemented the SAO's recommendations to further strengthen internal controls and will continue to adhere to these processes. As the DSS has already implemented the change to the statistical methodology used for the CD RMTS and revised the impacted federal financial reports, no further corrective action is required.

State Agency: Department of Social Services (DSS) – Family Support Division (FSD)

Audit Finding Number: 2022-005 – Pandemic Electronic Benefit Transfer Food Benefits

Name of the contact person responsible for corrective action: Elizabeth Roberts-Smith

Anticipated completion date for corrective action: Completed

Recommendation: The DSS through the FSD strengthen internal controls to ensure P-EBT program benefit issuances are in accordance with the state plan, and review and correct the overpayments for the children identified in this finding.

DSS Response: The DSS agrees with this finding. The DSS agrees that the two children identified in the report were incorrectly issued benefits.

Recognizing the complexity for families seeking to appropriately access the benefit, the process by which school children are determined eligible and issued P-EBT benefits was modified in the state plan submitted by the State of Missouri to the Food and Nutrition Service (FNS) for the 2021-2022 school year. The P-EBT state plan for the 2021-2022 school year was approved by FNS on June 6, 2022.

Eligibility for P-EBT is now determined at the individual child level based on COVID-related absences and qualification for federal free and reduced lunch benefits. For the 2021-2022 school year, local education authorities (LEA's) submit lists of students determined eligible to the Missouri Department of Elementary and Secondary Education (DESE). DESE then submits the approved eligibility file to DSS with the name of each eligible child and the amount of benefit to be issued on a P-EBT card. DSS then issues the benefit.

Corrective Action is as follows: DSS has reviewed the overpayments and referred the children identified in this finding to the Missouri Program Integrity Unit (PIU) for claims processing, if the funds can be recovered. This is outlined in the FNS approved Missouri P-EBT state plan.

State Agency: Department of Social Services (DSS) – Division of Finance and Administrative Services (DFAS)

Audit Finding Number: 2022 -006 – DSS Federal Funding Accountability and Transparency Act (FFATA) Reporting

Name of the contact person responsible for corrective action: Sheena Frazer

Anticipated completion date for corrective action: N/A

Recommendation: The DSS through the DFAS strengthen internal controls related to FFATA reporting by having supervisors maintain documentation of reviews performed of the information reported to the FSRS. In addition, the DFAS should timely complete FFATA reporting in accordance with the applicable requirements.

DSS Response: The DSS partially agrees with this finding. The DSS does not agree that documentation of supervisory reviews directly correlates to strong internal controls. The DSS adheres to formalized procedures for FFATA reporting which includes managerial oversight and contends documented reviews may be preferred but are not required by regulation. The DSS experienced a transition of staff during the timeframe in question and the FSRS system does not permit users to access and compliance data or reports uploaded in the system by an alternate user.

The FFATA does not impose a deadline on federal awarding agencies to report federal award information in FSRS. Additionally, the FFATA does not impose a deadline on direct recipients to report the subaward of secondary federal awards issued beyond the month following the original obligation date. Therefore, the timeliness of DSS' FFATA reports is also dependent on the date the federal awarding agency makes the federal award information available in FSRS.

These circumstances allowed for exceptions identified. The DSS has or will upload reports for all exception items to ensure the information is available in USA Spending.

Corrective action planned is as follows: The DSS will continue to adhere to written procedures and maintain strong internal controls to maintain FFATA reporting compliance based on available guidance.

State Agency: Department of Health and Senior Services (DHSS)

Audit Finding Number: 2022-007 Medicaid Facility Survey Timeliness

Name of the contact person responsible for corrective action:

Shelly Williamson, Administrator, Section for Long Term Care Regulation,  
Division of Regulation and Licensure

Anticipated completion date for corrective action: December 31, 2023

Corrective action planned is as follows:

As The Missouri Department of Health and Senior Services (DHSS) returned to surveying activity following the survey suspension imposed during the Public Health Emergency, it found the gap between surveys has resulted in an increase in both the number of and the severity of violations in long term care facilities. These increases have caused greater time being devoted to investigating these violations and the attendant write up activity, including the Statement of Deficiency. In addition, the number of serious complaints has risen significantly since the pandemic. For example, the number of complaints prioritized as immediate jeopardy (requiring initiation within 24 hours of receipt) has increased by 194% since 2019. Because of the seriousness of these complaints, often surveyors have to be reassigned to investigate these complaints, which results in a delay in conducting revisits or sending statements of deficiencies timely.

DHSS continues to experience staffing shortages, particularly in the Registered Nurse job classification, which impacts the ability to complete work consistently within the prescribed time frames. Each recertification survey requires at least one team member to be a Registered Nurse and due to the nature of many complaints, a Registered Nurse must also complete these investigations. There has been no meaningful increase in the federal budget since 2015, which further impacts the ability to hire and retain Registered Nurses. In addition, there is an ongoing shortage in the labor market for these professionals. The shortage has driven salaries well beyond the surveyor salary structure. DHSS has experienced turnover among surveyors leaving for other opportunities at a much higher salary. The shortage also limits the number of available candidates, and

State of Missouri - Single Audit  
Corrective Action Plans  
Year Ended June 30, 2022

candidates routinely will not apply for positions or even show up for interviews because of the salary gap.

In order to attempt to meet these time frames, DHSS has and will continue to request additional funding from both federal and state sources to increase salaries across the board for Registered Nurses and other survey staff.

As a short-term, time-limited solution possible through one-time additional funding from the Centers for Medicare and Medicaid Services, DHSS has contracted with third-party entities to complete recertification surveys so that DHSS staff can continue to focus on completing work timely.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 10 political subdivisions required to file a financial report by May 31, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in May 2023, after their filing deadline. The filing status for these 9 entities is presented in summary on page 3 and by individual entity in Appendixes B to D.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized, with the first letters of the first and last names being large and prominent.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Political Subdivision Filings

## May 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 10 political subdivisions, other than cities, towns, and villages, with a fiscal year end of November 30, 2022. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 10 political subdivisions, 9 filed an annual financial report timely.

This report also includes the filing status for 9 political subdivisions, other than cities, towns, and villages, that filed their financial report in May 2023, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by May 31, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 3 cities is presented in summary on page 4 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in May 2023, after their filing deadline. The filing status for these 20 cities and 2 villages is presented in summary on page 4 and by individual entity in Appendixes B to F.

Scott Fitzpatrick  
State Auditor

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. Rule 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. Rule 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

---

Monthly Report on Municipal Court and Revenue Filings  
May 2023  
Executive Summary

---

This report includes the filing status for the 3 cities with a fiscal year end of November 30, 2022, whose financial report was due by May 31, 2023. Of the 3 municipalities, 1 filed the financial report timely. Of the 3 municipalities required to file an addendum, 1 filed timely. Of the 2 municipalities required to file a certification, 2 filed timely.

This report includes the filing status for 20 cities and 2 villages that filed at least one of the items (financial report, addendum, or certification) in May 2023, after their filing deadline. Of these municipalities, 14 filed an annual financial report, 11 filed an addendum, and 5 filed a certification.

Appendix A

## Missouri State Auditor

### Howell County

Report No. 2023-027

June 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Summary of findings in the audit of Howell County

Sales Tax Rollback	The county did not properly report property tax levy reductions to the State Auditor's Office, accurately calculate property tax reduction amounts, or consider whether transfers were needed to the Special Road and Bridge Fund to replace lost property tax revenue.
Electronic Communication Policy	The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
County Collector's Commissions	The former County Collector improperly withheld and personally retained commissions on surtax and railroad and utility taxes collected for cities.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

All reports are available on our Web site: [auditor.mo.gov](http://auditor.mo.gov)

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

County Commission  
and  
Officeholders of Howell County

We have audited certain operations of Howell County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2021. The objectives of our audit were to:

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Howell County.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is fluid and cursive, with the first name "S." and the last name "Fitzpatrick" clearly distinguishable.

# Howell County Management Advisory Report State Auditor's Findings

---

## **1. Sales Tax Rollback**

The county did not properly report property tax levy reductions to the State Auditor's Office, accurately calculate property tax reduction amounts, or consider whether transfers were needed to the Special Road and Bridge Fund (SRBF) to replace lost property tax revenue.

Section 67.505, RSMo, requires the county to reduce property taxes for a percentage of sales taxes collected. Howell County voters enacted a one-half cent sales tax with a provision to reduce property taxes by 50 percent of sales taxes collected. The county is required to estimate the annual property tax levies to meet the 50 percent reduction requirement and provide for an adjustment for actual sales tax collections of the preceding year that are more or less than the estimate for the preceding year. The county is required to certify to the State Auditor's Office (SAO) the annual property tax levies including the amount the levies are reduced for sales tax collections, as well as any voluntary reductions.

The county did not properly report property tax reductions to the State Auditor's Office. For 2018 through 2021, the county only certified sales tax reductions for both the General Revenue Fund (GRF) and SRBF levies, when both sales tax and voluntary reductions were made. For example, the County Clerk's worksheets for 2021 indicated a required sales tax reduction of \$.2151 per \$100 of assessed valuation, but the county reported to the SAO sales tax reductions totaling \$.3080 per \$100 of assessed valuation. This \$.2151 reduction would not have reduced the GRF levy to \$.0000 but the county further reduced the levy by \$.0608 to get the GRF levy to \$.0000. Then the county also reduced the SRBF levy by \$.0321 to get the SRBF levy to \$.1775. These additional reductions are voluntary reductions but were reported as sales tax reductions. Voluntary reductions could impact the county's tax rate ceiling and the county's ability to increase the levy at the discretion of the County Commission. The County Clerk indicated the County Commission decided upon the actual levies for the GRF and SRBF and the county reported sales tax reductions from the tax rate ceilings to arrive at the decided levies.

The county did not accurately calculate the property tax reduction as the county did not account for any difference between estimated and actual sales taxes collected for the preceding year. The failure to properly account for this difference can either further increase or decrease the sales tax reduction required depending on whether more or less sales tax was actually received than what was estimated.

The county did not consider whether transfers were needed to the SRBF to replace lost property tax revenue to the SRBF due to the reduced property tax levy. The county deposited all of the sales tax revenues to the GRF and none to the SRBF even though some of the SRBF levy was reduced. The county has not considered the effects to the SRBF of any property tax revenues to the SRBF lost due to the sales tax reduction to the SRBF levy.

## Howell County Management Advisory Report - State Auditor's Findings

Section 137.073.5(4), RSMo, provides that a voluntary reduction taken in a non-reassessment year (even year) results in a reduced tax rate ceiling during the subsequent reassessment year (odd year). Additionally, since revenues of the SRBF are required by Section 137.555, RSMo, to be used only for improving and maintaining county roads and bridges, any lost property tax revenues of the SRBF that relate to the sales tax rollback requirement should be reimbursed by the GRF.

According to the County Clerk and County Commission, they set the rates lower than required for the sales tax reduction but were unfamiliar with the need to separate the reduction into a voluntary and sales tax reduction component, and they were unaware of the requirement to account for the difference between estimated and actual sales tax reductions or transfer sales tax revenues from the GRF to the SRBF for any lost property tax revenues.

To ensure property tax levies are properly set and property tax rate ceilings are maintained, property tax levy reductions must be accurately calculated, reported, and certified. Accurate property tax levy reductions are also necessary to determine whether transfers of sales tax revenues are needed to ensure SRBF funds are expended in accordance with state law.

### Recommendation

The County Commission and County Clerk properly calculate and report property tax rate reductions (sales tax or voluntary) and determine whether any transfer is needed to the Special Road and Bridge Fund.

### Auditee's Response

*Howell County has a long tradition of upholding a commitment that was made long ago to the citizens of the county, that if they passed a sales tax, the County Commission would do everything they could to keep the General Revenue tax levy at 0.0000, and as low as possible for the Special Road and Bridge Fund. Since 1985 the County has used an equivalent equation to arrive at the current levy of 0.0000 for General Revenue, even though we could set the levy at a higher rate. The calculation was a benefit to the citizens of Howell County and was a financial disservice to the County. The County will review the recommendation from the State Auditor's Office (SAO) when setting our levy for the upcoming year; however, following the SAO's recommendation may result in an increased levy in subsequent years.*

### Auditor's Comment

While the county's response indicates the tax levies may increase in subsequent years if the county follows the audit recommendation, the recommendation is for the county to calculate and report property tax reductions in accordance with state law. Properly reporting sales tax reductions and voluntary reductions, if applicable, may result in changes to the calculations in subsequent years due to a reduced tax rate ceiling, however, the county may still take voluntary reductions in those years to obtain the tax levy desired. Additionally, Section 137.073.5(4), RSMo,

## Howell County Management Advisory Report - State Auditor's Findings

outlines a process for the county to increase its tax rate, if desired, in the year following the reduction to the tax ceiling.

### 2. Electronic Communication Policy

The county has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>1</sup>

Development of a written policy to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law. The County Commission indicated it was unaware of the record retention requirements and electronic communication guidelines.

### Recommendation

The County Commission work with other county officials to develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

### Auditee's Response

*Howell County has contracted with an information technology firm to analyze our cybersecurity. Part of the service they are providing is developing policies and procedures to address the use of electronic communications.*

### 3. County Collector's Commissions

The former County Collector improperly withheld and personally retained commissions on surtax and railroad and utility taxes collected for cities. These commissions totaled \$4,051 for the year ended February 28, 2022.

The collection of surtax and railroad and utility taxes is a part of the County Collector's statutorily required duties, and he should not receive additional compensation for collecting these taxes. However, the former County Collector withheld and personally retained a 3 percent commission and

<sup>1</sup> Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed April 25, 2023.

---

## Howell County Management Advisory Report - State Auditor's Findings

---

retained a penalty charge added to delinquent taxes from surtax and railroad and utility taxes for the cities of West Plains and Willow Springs.

The County Collector and County Commission have written agreements with cities for property tax collection services that provide for the County Collector to personally retain a 3 percent collector commission on all city tax collections and a penalty charge on delinquent taxes. These agreements may be proper if a County Collector is not already required by law to collect the tax in question. Because the collection of surtax and railroad and utility taxes is a statutorily required duty, these contract terms conflict with state law and the County Collector should not receive this additional compensation. The County Collector would collect surtax and railroad and utility money for these cities even if he did not collect city levied property taxes for them. For the year ended February 28, 2022, the County Collector received \$50,793 in commissions for collecting property taxes for cities, \$4,051 of which was received improperly for the collection of surtax and railroad and utility taxes.

Since our prior audit questioned the propriety of withholding commissions on surtax and railroad and utility taxes collected for cities, the former County Collector provided the audit finding and city contracts to 3 law firms and obtained legal opinions in 2020, 2022, and 2023, that he believes supports the practice of withholding commissions on surtax and railroad and utility taxes collected for cities. However, the opinions focus on the authority of the city and county to contract for the provision of services and do not address the fact that the County Collector is already required by law to collect the surtax, railroad, and utility taxes, and that collection of those taxes is not a service that the cities would need to contract with the County Collector to provide.

Section 151.180, RSMo, requires the County Collector to collect all railroad taxes and Section 151.280, RSMo, requires the County Collector to withhold and pay a 1 percent commission on these taxes to the county's General Revenue Fund. Section 153.030, RSMo, requires utility taxes to be levied and collected in the same manner as railroad taxes. Section 139.600, RSMo, requires the collection of surtax, including those amounts distributed to the cities, to be a statutory responsibility of county collectors, and commissions retained on surtax collections should be distributed to the county's General Revenue Fund.

A similar condition was noted in our prior audit report.

## Recommendation

The County Collector discontinue personally retaining commissions withheld on surtax and railroad and utility taxes and distribute these collections in accordance with state law.

---

Howell County  
Management Advisory Report - State Auditor's Findings

---

## Auditee's Response

*The current County Collector provided the following response:*

*As the newly elected County Collector of Howell County, I agree with the auditor's findings that commissions should not have been personally retained on surtax and railroad and utility taxes collected for the cities, and I ceased this practice immediately upon taking office.*

*I have and will abide by the statutes stated in your findings as I know that is my statutory duty. I look forward to any input from the SAO on any recommendations for the office of County Collector so the citizens of our county will know it is ran with honesty and integrity.*

*The former County Collector provided the following response:*

*Article VI, Section 16, of the Missouri State Constitution, along with Sections 50.332 and 70.220, of the Revised Statutes does allow local governments to contract and cooperate with one another to provide service.*

*The current co-operative agreements for the collection of city taxes between the City Councils, County Commission and County Collector in Howell County began nearly 40 years ago, and were mutually negotiated and agreed to by all parties and are still in effect today. The process to establish the terms and conditions of these agreements is well publicly documented by minutes of meeting and newspaper accounts, dating back to 1984.*

*Now nearly four decades later, and after 12 State Auditor Office audits, and many more independent audits (approximately 60), a provision in these long time co-operative agreements is being questioned by the State Auditor's Office.*

*This finding was first presented by the Auditor's Office after the previous audit. At that time the explanation given for the finding did not seem to ring true. It was suggested that an independent legal opinion might be appropriate.*

*In an attempt to confirm if the existing agreements indeed have legal foundation, the Collector reached out to three prominent attorneys and requested a thorough review of these long time co-operative agreements, and the State Auditor's finding. These attorneys are associated with three much respected law firms within the state and outside of this area. Each of the three attorneys responded with self-explanatory opinions that substantially concluded the same, that found the co-operative agreements in place are proper and "is constitutional and enforceable".*

Howell County  
Management Advisory Report - State Auditor's Findings

---

**Auditor's Comment**

The County Collector is required by the statutes indicated in our finding to collect railroad and utility taxes and also surtax. A cooperative agreement is not needed to collect these taxes and the statutes require the commission withheld to be distributed to the county's General Revenue Fund. Cooperative agreements are needed to collect other city property taxes, and retention of these commissions is allowable. The concern is not cooperative agreements, but rather retention of personal commissions for collecting taxes that are already statutorily required to be collected by the County Collector. Any commissions received for collecting taxes the County Collector is required to collect by law are required to be distributed to the county's General Revenue Fund.

---

# Howell County

## Organization and Statistical Information

---

Howell County is a county-organized, third-class county. The county seat is West Plains.

Howell County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 110 full-time employees and 14 part-time employees on December 31, 2021.

In addition, county operations include the Senate Bill 40 Board.

### Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2022	2021
Mark B. Collins, Presiding Commissioner	\$	40,281
Calvin Wood, Associate Commissioner		39,740
Billy Sexton, Associate Commissioner		39,740
Jeffrey Brasier, Recorder of Deeds		57,181
Kelly Waggoner, County Clerk		57,181
Michael P. Hutchings, Prosecuting Attorney (1)		69,888
Brent Campbell, Sheriff		65,535
Nancy Franz, County Treasurer		57,181
James T. Cherry, County Coroner		22,331
John Pruett, Public Administrator		59,181
Dennis K. Von Allmen, County Collector (2), year ended February 28,	108,536	
Daniel Franks, County Assessor, year ended August 31,		56,936
Ralph Riggs, County Surveyor (3)		

- (1) The Prosecuting Attorney was a part-time position until January 3, 2023, when the Prosecuting Attorney became a full-time position. Voters approved this change during the August 2, 2022, elections.
- (2) Includes \$50,793 of commissions received for collecting property taxes for cities.
- (3) Compensation on a fee basis.

### Other Information

In April 2022, Howell county voters approved an additional county-wide sales tax of one-fourth of one percent for ten years for law enforcement services.

## Missouri State Auditor

### City of Holland

Report No. 2023-026

June 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the City of Holland

Background	Jessica Roach served as Acting Mayor from at least December 2017 until April 19, 2021, when a new Mayor was elected and took office. Prior to becoming the Acting Mayor, Ms. Roach served as the City Clerk. However, upon becoming Acting Mayor she did not appoint aldermen to fill vacant Board positions or cause a special election in accordance with city code. This allowed her, and the part-time City Clerks during her tenure, to manage the city without Board oversight.
Missing Money, Misappropriated Money and Services, and Nepotism	From January 1, 2018, through April 19, 2021, at least \$69,029 of money and utility services was not deposited and/or was misappropriated from the city. The Acting Mayor did not deposit city receipts totaling at least \$66,480, and she did not pay for her utility services totaling \$2,036 and city property taxes totaling \$213. She also improperly paid herself \$300. A review of the Acting Mayor's personal bank accounts noted large cash deposits totaling \$66,194 that could indicate missing city cash receipts were deposited into her personal account. The Acting Mayor indicated the cash deposits were a result of vaping device, t-shirt, and fireworks cash sales. However, a comparison of the timing of those transactions and the deposits into her personal account show the cash deposits cannot be fully attributed to these transactions and remain unexplained. In addition, the Acting Mayor hired and paid her daughter \$800 to serve as the City Clerk from February 2021 through April 2021 in violation of the Missouri Constitution. The current Mayor hired his sister on July 22, 2021, to be the City Clerk after the former City Clerk resigned.
Oversight, Annual Audits, Bonding, and City Ordinances	A Board of Aldermen was not established to provide oversight; annual audits of the city's utility system were not obtained as required by state law; city officials with access to city money were not bonded; and city codes and ordinances were incomplete, not indexed, not enforced as written, and not up to date.
Accounting Controls and Procedures	City receipting, recording, transmitting, and depositing procedures were poor. The Acting Mayor and former City Clerks did not prepare bank reconciliations for any of the city's bank accounts, maintain checkbook registers or book balances, account for all checks and issue checks in numerical order, or monitor the city's cash balances. Numerous financial records were not retained, including supporting documentation for more than \$150,000 in disbursements, which were payments for utilities, insurance, postage, etc.
Utility System Controls and Procedures	The Acting Mayor and former City Clerks made adjustments to customer utility statements without obtaining independent approval or maintaining adequate documentation to support the reasons for the adjustments. City personnel did not prepare reconciliations related to utility services. Neither the Acting Mayor nor the former City Clerks prepared a list of customer utility deposits to periodically reconcile to balances in the city's meter bank account. The city did not file or remit sales tax collected related to the utility services for several periods, and as a result, still owes sales taxes to the Department of Revenue.

Contracted Workers	The Acting Mayor did not document the basis for classifying former City Clerks, maintenance workers, and the water/sewer operator as independent contractors rather than employees, and these employees were misclassified as independent contractors. Former City Clerks, maintenance workers, and the water/sewer operator did not prepare timesheets or other documentation of work performed, and text messages documenting hours worked by a former City Clerk were not retained.
Budgets and Financial Reporting	City officials did not prepare a budget for the years ended December 31, 2021, 2020, 2019, and 2018. City officials did not file timely annual financial reports with the State Auditor's Office as required by state law. The city did not publish financial statements for the years ended December 31, 2020, 2019, and 2018. As a result, information regarding the city's financial activity and condition was not available to citizens.
Electronic Communication Policy	The city has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Service Division guidance.

In the areas audited, the overall performance of this entity was **Poor**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

E Acting Mayor's Utility Services Not Paid .....	42

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the Honorable Mayor  
and  
Members of the Board of Aldermen  
City of Holland, Missouri

We have audited certain operations of the City of Holland as they relate to the city finances in fulfillment of our duties under Chapter 29, RSMo. Due to concerns regarding missing or misappropriated money, the State Auditor initiated the audit with the approval of the City of Holland Board of Aldermen. The scope of our audit included, but was not necessarily limited to, the period of January 1, 2018, through April 19, 2021. The objectives of our audit were to:

1. Evaluate the city's internal controls over significant management and financial functions.
2. Evaluate the city's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.
4. Determine the extent of money missing and/or misappropriated from the city, if any.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the city, as well as certain external parties; verifying utility payments with customers; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the city's management and was not subjected to the procedures applied in our audit of the city.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, (3) the need for improvement in management practices and procedures, and (4) missing and misappropriated money and services totaling at least \$69,029. The accompanying Management Advisory Report presents our findings arising from our audit of the City of Holland.

A handwritten signature in black ink, reading "S. Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

Scott Fitzpatrick  
State Auditor

# City of Holland

## Introduction

---

### Background

Jessica Roach served as Acting Mayor<sup>1</sup> from at least December 2017<sup>2</sup> until April 19, 2021, when a new Mayor was elected and took office. Prior to becoming the Acting Mayor, Ms. Roach served as the City Clerk. However, upon becoming Acting Mayor she did not appoint aldermen to fill vacant Board positions or cause a special election in accordance with city code, Section 21.170. This allowed her, and the part-time City Clerks during her tenure as Mayor, to manage the city without Board oversight.

Jonathan Williams served as the part-time City Clerk from December 2017 to February 2021.<sup>3</sup> Ashley Roach, daughter of Jessica Roach, served as the City Clerk from February 2021 to April 2021.<sup>4</sup> The Acting Mayor and former City Clerks were responsible for the following financial accounting functions and records of the city from December 2017 to April 2021.

- Receipting - The City Clerks collected and recorded money collected.
- Transmitting and depositing - The Acting Mayor gathered city receipts from City Hall, and prepared and made bank deposits.
- Disbursements - The Acting Mayor received invoices for payment; prepared, signed (sole signer), and distributed checks; maintained supporting documentation; and transferred money between bank accounts.
- Payroll - The City Clerks reported hours worked to the Acting Mayor. The Acting Mayor prepared, signed (sole signer), and distributed payroll checks. The City Clerks were generally paid once a week.
- Utilities (water and sewer) - Former City Clerk Williams or a contracted maintenance worker read meters at the main pump and at each utility customer location. The City Clerk prepared and mailed utility bills to customers. The Acting Mayor authorized adjustments to utility bills and shutoffs for delinquent accounts.
- Property Taxes - The Pemiscot County Collector's office prepared annual city property tax statements and provided the statements to the city in

---

<sup>1</sup> Former Acting Mayor Jessica Roach is referred to as the Acting Mayor throughout this report.

<sup>2</sup> It is unclear when and how Jessica Roach began serving as the Acting Mayor because there was no record (Board meeting minutes) or testimony of a formal appointment, and no evidence that a Board existed to make the appointment. However, the Acting Mayor was the only signer of city checks as of December 2017.

<sup>3</sup> The city could not provide the dates of employment for City Clerk Jonathan Williams; however, he was paid by city check from at least December 2017 to February 2021.

<sup>4</sup> The city could not provide the dates of employment for City Clerk Ashley Roach; however, she was paid by city check from February 2021 to April 2021.

## City of Holland Introduction

October of each year. Former City Clerk Williams subsequently mailed the statements in November of each year and the 2 former City Clerks collected payments.

In April 2021, the State Auditor's Office (SAO) Whistleblower Hotline received a complaint from the newly elected Mayor about operations and finances of the City of Holland. The SAO subsequently conducted an initial review of these matters in July 2021, under Section 29.221, RSMo. After review of the documentation and communications provided, the SAO determined further investigation was warranted under Section 29.221, RSMo.

On August 30, 2021, the City of Holland's new Board of Aldermen passed an ordinance formally requesting and authorizing an audit by the SAO, and the SAO subsequently agreed to conduct the audit under Chapter 29, RSMo. The SAO began the audit in November 2021.

SAO auditors recorded interviews with the Acting Mayor on March 15, 2022, and again on October 12, 2022. The SAO issued a subpoena to the Acting Mayor (see Appendix A) to compel her to produce records and documents related to her testimony. Appendix A includes redactions of information of a personal, privileged, or sensitive nature, and/or information that is not directly related to the information requested in the subpoena. SAO auditors also recorded interviews with the former Mayor, former City Clerk Williams, and a former contracted maintenance worker, and requested copies of any city records they possessed that supported their statements.

The Pemiscot County Prosecuting Attorney and the Missouri State Highway Patrol (MSHP) investigated and obtained personal bank records<sup>5</sup> and credit card statements<sup>6</sup> of the Acting Mayor, and provided those records to the SAO for review.

The city's fiscal year is January 1 through December 31. The scope of our audit included, but was not necessarily limited to the period January 1, 2018, through April 19, 2021, the approximate time period of the Acting Mayor's known service. We applied procedures to city receipt, payroll, disbursement, and utility transactions to identify the amount of missing and/or misappropriated money and methods used to perpetrate and conceal the theft.

<sup>5</sup> Personal bank records were obtained for the period of January 1, 2018, to December 31, 2021.

<sup>6</sup> Personal credit card statements were obtained for the period of October 1, 2020, to December 31, 2021.

# City of Holland

## Management Advisory Report

### State Auditor's Findings

#### 1. Missing Money, Misappropriated Money and Services, and Nepotism

From January 1, 2018, through April 19, 2021, at least \$69,029<sup>7</sup> of money and utility services was not deposited and/or was misappropriated from the city. In addition, the Acting Mayor hired and paid her daughter to serve as the City Clerk in violation of the Missouri Constitution.

##### 1.1 Missing and Misappropriated Money and Utility Services

The Acting Mayor did not deposit city receipts totaling at least \$66,480. Also the Acting Mayor did not pay for her utility services totaling \$2,036 and city property taxes totaling \$213. She also improperly paid herself \$300.

The following table provides a summary of the amounts missing and/or misappropriated and identifies the appendixes where specific details are reported.

	Year Ended December 31,			January 1 through April 19,	Unknown	Total
	2018	2019	2020	2021	(1)	
Undeposited utility receipts (Appendix B)	\$ 571	2,065	8,770	140	2,798	14,344
Estimated undeposited utility receipts (Appendix C)	19,780	16,921	8,347	3,701	0	48,749
Undeposited property tax receipts (Appendix D)	0	0	247	207	74	528
Estimated undeposited property tax receipts	1,131	1,728	0	0	0	2,859
Total undeposited and estimated undeposited receipts	21,482	20,714	17,364	4,048	2,872	66,480
Acting Mayor's:						
Utility services not paid (Appendix E)	0	0	588	220	0	808
Estimated utility services not paid	614	614	0	0	0	1,228
Property taxes not paid	58	80	75	0	0	213
Improper payment	0	0	0	300	0	300
Total	\$ 22,154	21,408	18,027	4,568	2,872	69,029

(1) Documentation for these receipts did not indicate a payment date and the payment date is unknown. Decreases in utility balances were written on manual monthly utility statements indicating utility payments were made between billing cycles. The property tax receipts were likely received between November 1, 2020, and April 30, 2021, based on the property tax year. These payments were likely made in cash because no check or money order for these payments was located in the deposit support and the method of payment (cash, check, or money order) was not indicated in city records.

<sup>7</sup> Amounts presented in the report findings are rounded to the nearest dollar, whereas amounts presented in appendixes are not rounded.

City of Holland  
Management Advisory Report - State Auditor's Findings

Undeposited and estimated  
undeposited utility receipts

The Acting Mayor did not deposit all utility receipts collected during the period January 1, 2018, through April 19, 2021, and the money is missing. For the periods in which utility records were not available, we estimated the amount of undeposited utility receipts that are likely missing.

Undeposited utility receipts

The Acting Mayor did not deposit \$14,514 of recorded utility receipts into the city's bank account. Of that, \$170 in cash was used to pay 7 city invoices. As a result, \$14,344 was not deposited and is missing (see Appendix B).

The former City Clerk typically recorded utility payments on manual utility statements; however, most of these records were not retained for the periods reviewed. We compared recorded payments to deposits to determine the amount of undeposited utility receipts. The former City Clerks typically recorded the method of payment (cash, check, or money order) on the manual utility statements retained; however, the method of payment was not always recorded accurately. The method of payment noted in Appendix B was determined by comparing available payment records to the contents of the deposits.

The majority of the undeposited receipts were recorded as cash payments (\$9,151).<sup>8</sup> The remaining undeposited receipts (\$5,193) were recorded as check and money order receipts, or were receipts with unknown methods of payment. However, it is likely these were cash receipts because no checks or money orders for these payments were located in the contents of the deposits. One utility customer, who responded to our inquiry, indicated he made cash payments, in person, at city hall and provided us copies of receipt slips and utility statements, totaling \$2,502, that were marked paid. The Acting Mayor and former City Clerks did not retain most of this customer's receipt slips and utility statements, and these recorded receipts were not deposited into the city's bank accounts. Other customers signed affidavits<sup>9</sup> indicating they made payments for utility services, including cash payments; however, these payments were not deposited into the city's bank accounts.

In a recorded interview, the Acting Mayor indicated she occasionally used city cash receipts to make city purchases. In response to a subpoena, she provided vendor statements showing city purchases made with cash. We confirmed with these vendors that the identified invoices, totaling \$170, were paid with city cash receipts.

<sup>8</sup> The \$9,151 is recorded cash receipts totaling \$9,471, less \$150 cash deposited and \$170 cash receipts used to pay city invoices. See Appendix B for details.

<sup>9</sup> City utility customers signed affidavits and provided them to the City of Holland indicating they made utility payments, including cash payments; however, receipt slips indicating the date and amount of each payment were not provided by these customers. Current city officials provided these affidavits to our office.

## City of Holland Management Advisory Report - State Auditor's Findings

### Estimated undeposited utility receipts

The Acting Mayor did not deposit an estimated additional \$48,749 of utility receipts during 35 months from February 2018 through April 2021. Manual utility statements with recorded receipts were not retained for the periods of February 2018 through December 2019; March, April, June, and July 2020; and September 2020 through April 2021. We estimated utility billings and receipts for these months based on the average monthly 2020 billings for the months of January, February, May, and August and the actual collection percentage (90 percent) for the 2020 months with receipt records (February, March, June, and September).<sup>10</sup> We compared this to actual deposits and determined an estimated \$48,749 was not deposited (see Appendix C).

### Amount of utility receipts deposited increased after Acting Mayor's termination

As shown in Figure 1.1, total deposits and the cash included in those deposits increased significantly after the Acting Mayor's termination. We compared the average monthly total deposit and cash included in those deposits during the approximately 40 months of the Acting Mayor's tenure (December 2017 to April 2021) to the average total monthly deposits and amount of cash included in those deposits after the Acting Mayor's termination (May 2021 to December 2021). According to city utility statement records there was a 5 percent rate increase in January 2020, but no significant change in the number of utility customers that would explain the increase in amounts deposited after the Acting Mayor's termination. The increase is a further indication that cash utility receipts were not deposited and are missing.

Figure 1.1: Average total monthly deposits and cash deposited during and after Acting Mayor's tenure

### Undeposited and estimated undeposited property tax receipts

The Acting Mayor did not deposit some property tax receipts collected for tax years 2018 to 2020, and the money is missing. In addition, during periods in

<sup>10</sup> Amounts billed each month are collected/receipted in the following month.

City of Holland  
Management Advisory Report - State Auditor's Findings

which property tax records were not available, we estimated the amount of undeposited property tax receipts that are likely missing.

Undeposited property tax receipts

The Acting Mayor did not deposit \$528 of recorded property tax payments collected for the 2020 property tax year (see Appendix D). At least \$454 of these property tax payments were made in cash.

The former City Clerks recorded property tax payments on the 2020 property tax statements. We compared payments recorded on the statements retained to bank deposits to determine the amount undeposited. The methods of payment were typically noted on the property tax statements; however, for report purposes, the methods of payment noted in Appendix D were based on the form of payment included in the deposit.

Estimated undeposited property tax receipts

The Acting Mayor did not deposit an estimated additional \$2,859 in property tax receipts for tax years 2018 and 2019. A review of property tax deposits showed no cash deposited from January 1, 2018, through December 31, 2019. In comparison, the city received cash payments for property taxes in 2020, indicating at least some of this estimated missing money is cash.

Paid property tax statements were not retained for the 2018 and 2019 tax years. We obtained city property tax billings from the Pemiscot County Clerk for each year to determine the total amount due. We then estimated the amount collected and compared that to amounts deposited to determine any estimated undeposited property tax receipts. According to paid property tax statements retained for tax year 2020, property tax billings totaled \$6,922 and property tax collections totaled \$5,837, an 84 percent collection rate. We estimated property taxes collected by applying this same percentage (84 percent) to the 2018 and 2019 property tax billings and compared this to property tax receipts deposited to determine the following estimated undeposited property taxes during these 2 years:

	Tax Year	
	2018	2019
Property Tax Billings	\$ 6,510	6,655
Property Tax Collection Percentage	84%	84%
Estimated Property Tax Receipts	5,468	5,590
Less Property Taxes Deposited	(4,337)	(3,862)
Estimated Undeposited Property Taxes	\$ 1,131	1,728

Personal bank account and credit card

A review of the Acting Mayor's personal bank accounts noted large cash deposits totaling \$66,194 that could indicate missing city cash receipts were deposited into her personal account.

We compared the cash deposited into the Acting Mayor's personal bank accounts and cash used to purchase money orders to pay her personal credit

City of Holland  
Management Advisory Report - State Auditor's Findings

card from January 1, 2018, to April 22, 2021, to the total known and estimated undeposited city receipts from January 1, 2018, to April 19, 2021, below:

Time Period	Total Cash Deposited or Used for Personal Purposes	Total Known and Estimated Undeposited City Receipts
2018	\$ 10,680	21,482
2019	15,205	20,714
2020	33,584	17,364
January 1 to April 19, 2021	15,940 (1)	4,048
Unknown	N/A	2,872
Total	\$ 75,409	66,480

(1) Cash totaling \$900 deposited into the Acting Mayor's personal bank account on April 22, 2021, (after her termination) is possible city cash receipts and is included here.

The Acting Mayor indicated in a recorded interview that the cash deposits were a result of vaping device, t-shirt, and fireworks cash sales. However, a comparison of the timing of those transactions and the deposits into her personal account show the cash deposits cannot be fully attributed to these transactions and remain unexplained.

In response to a subpoena, the Acting Mayor provided information showing vaping devices were shipped from October 2020 to March 2021 and provided nothing to support cash sales. We confirmed the Acting Mayor made vaping device purchases using her personal credit card costing \$9,391 during this same time period. The Acting Mayor deposited \$24,225 of cash and \$628 in Cash App Square Inc. credit card receipts into her personal bank account during this time. If every vaping device shipped was sold and the cash proceeds deposited into the Acting Mayor's personal bank account, the vaping devices would have been sold at a 265 percent markup. Further, \$41,968 of the cash deposited into the Acting Mayor's personal bank account was deposited prior to the known purchases of any vaping devices and cannot be explained by vaping device sales.

The Acting Mayor also provided documentation showing she purchased \$1,093 in products from a t-shirt vendor during the 3 years ended December 31, 2020, and her personal bank account showed she deposited \$1,122 in checks for t-shirt sales during this same time period.

Further, in her October 2022 recorded interview, the Acting Mayor indicated she also had cash sales for fireworks and likely profited a "couple thousand dollars." Based on our review of the Acting Mayor's personal accounts she purchased \$3,953 in fireworks from June 9 to 17, 2020, and made Cash App Square Inc. credit card deposits totaling \$4,547 from June 23 to July 6, 2020. The Acting Mayor made cash deposits on June 23 and 24, 2020, totaling

---

City of Holland  
Management Advisory Report - State Auditor's Findings

---

\$2,115, but made no other cash deposits into her personal bank account until the end of August 2020.

The Acting Mayor provided no other documentation of specific cash sales and subsequent cash deposits into her personal bank account to support her contention that the deposits were related to the sale of vaping devices, t-shirts, and fireworks.

In addition, a review of the Acting Mayor's personal credit card activity from October 2020 to April 2021, showed the Acting Mayor used \$9,215 in money orders to make payments on her personal credit card balance. The Acting Mayor's personal bank account activity showed no evidence the money orders were purchased with funds from the bank account (cash withdrawals, debit purchases, or checks). Missing city cash receipts may have been used to purchase these money orders.

Finally, we reviewed the amount of cash deposited into the Acting Mayor's personal account before and after her termination in 2021 and noted the amount decreased significantly after her termination. The Acting Mayor deposited \$14,200 of cash into her personal bank accounts for the first 4 months of 2021, but only deposited \$7,250 total in cash during the next 8 months of 2021 after her termination. This further indicates that the cash activity in the Acting Mayor's personal bank accounts may not be solely attributable to her personal business activities.

Utility services and property  
taxes not paid

The Acting Mayor did not pay for her utility services totaling \$808 from January 1, 2020, to April 30, 2021, and an estimated \$1,228 for her utility services from January 1, 2018, to December 31, 2019. The Acting Mayor also did not pay her city property taxes totaling \$213 for the 2020, 2019, and 2018 tax years. The city could not locate the Acting Mayor's utility statements and records of payments made for the period January 1, 2018, to April 2021, and our review of all city bank deposits showed the Acting Mayor made no payments for utility service until after her termination. The payments made after her termination related only to current utility charges. The Acting Mayor paid her 2021 (current year) property taxes in October 2021 after her termination.

The Acting Mayor's utility billings from January 2020 through April 30, 2021, were calculated using her actual meter readings (see Appendix E). City officials and personnel did not retain meter readings for 2018 and 2019, so we calculated the estimated unpaid utility billings during this period based on

## City of Holland Management Advisory Report - State Auditor's Findings

the Acting Mayor's average monthly billings during eleven months of 2020 and the first four months of 2021, or \$614<sup>11</sup> annually for 2018 and 2019.

In a recorded interview the Acting Mayor indicated she paid her utility bill in cash; however, as noted above very little cash was deposited into the city's bank accounts during this timeframe.

### Improper payment

In March 2021 (just prior to the new Mayor's election), the Acting Mayor deposited the following \$300 improper payment<sup>12</sup> into her personal bank account on March 19, 2021.

This check was prepared and signed in the scripted handwriting of the Acting Mayor. In a recorded interview, the Acting Mayor indicated she probably paid herself because the former City Clerk had resigned, and she was performing additional duties. However, she retained no documentation (e.g., timesheet or invoice) to support this payment and this was not approved or signed by any other city official. In addition, during this time, the Acting Mayor's daughter was paid to serve as City Clerk.

### Overall Conclusion

The lack of segregation of duties and inadequate controls, and the absence of proper oversight, as discussed in the remainder of this report, resulted in undeposited receipts, utility services and property taxes not paid, and an improper payment going undetected for a significant period of time.

## 1.2 Nepotism

The Acting Mayor hired and paid her daughter \$800 to serve as the City Clerk from February 2021 through April 2021 in violation of the Missouri Constitution. The Acting Mayor prepared and signed 4 checks in her scripted handwriting that were issued to her daughter for serving as City Clerk (a \$150 check dated February 25, a \$200 check dated March 21, a \$250 check dated

<sup>11</sup> Auditors calculated an average monthly billing of \$53.85 from the eleven months in 2020 that a bill was due and the first 4 months of 2021. We reduced the average by 5 percent for 2018 and 2019 because the base charge for water usage increased 5 percent in 2020.

<sup>12</sup> Redactions (notated in black) are of information of a personal, privileged, or sensitive nature. The day of the month the check was issued and the first name on the check were blank in the imaged copy we received from the bank.

## City of Holland Management Advisory Report - State Auditor's Findings

April 1, and a \$200 check dated April 8). As noted in MAR finding number 5.2, timesheets or other records of work performed were not prepared or retained to support these payments.

While the checks were written to the Acting Mayor's daughter, the Acting Mayor deposited the April 1, \$250 check into the city's bank account with other city receipts on April 9, 2021. It is unclear why the Acting Mayor would deposit a check issued to, and endorsed by, her daughter into the city bank account. Because this was deposited into the city account and could have been cashed with city cash receipts or deposited to cover missing cash receipts noted above, it is considered a credit against the amount of missing cash receipts in Appendix B.

### Current City Clerk

The Mayor hired his sister on July 22, 2021, to be the City Clerk after the former City Clerk resigned. Two Board members subsequently approved her hiring on July 30, 2021, as documented in a memo; however, no vote was taken regarding her appointment. The current Mayor also signs his sister's checks.

### Conclusion

Article VII, Section 6, Missouri Constitution, provides that any public official who names or appoints to public office or employment any relative within the fourth degree shall forfeit his or her office. Discussions and decisions concerning situations in which potential nepotism exist should be completely documented so the public has assurance that no city official has benefited improperly. Current Board members indicated they were not aware of the importance of documenting such appointments.

## Recommendations

The Board of Aldermen:

- 1.1 Work with law enforcement officials regarding criminal prosecution of the undeposited receipts, utility services and property taxes not paid, and the improper payment; and take the necessary actions to obtain restitution.
- 1.2 Ensure compliance with the Missouri Constitution related to the hiring or appointment of relatives and approve and document hiring decisions.

## Auditee's Response

- 1.1 *We will work with law enforcement regarding criminal prosecution and take necessary actions to obtain restitution.*
- 1.2 *We will work to ensure compliance with the Missouri Constitution related to hiring or appointment of relatives.*

City of Holland  
Management Advisory Report - State Auditor's Findings

## **2. Oversight, Annual Audits, Bonding, and City Ordinances**

A Board of Aldermen was not established to provide oversight; annual audits of the city's utility system were not obtained as required by state law; city officials with access to city money were not bonded; and city codes and ordinances were incomplete, not indexed, not enforced as written, and not up to date.

### **2.1 Oversight and segregation of duties**

From January 1, 2018, to April 19, 2021, the city did not have a Board of Aldermen to govern the city, supervise the Acting Mayor, and establish internal controls, including segregation of duties over the various financial accounting functions. Weaknesses identified throughout this report are significant and demonstrate a lack of internal controls and oversight that allowed money to go missing and funds to be misappropriated. In addition, while a Board is now in place, the current Board does not provide sufficient oversight because it does not review bank statements and continues to allow related parties to work at the city without proper controls as noted in MAR finding number 1.2.

Good management practices require extensive and detailed oversight by a Board and sufficient controls in place to ensure city money is adequately safeguarded. Proper segregation of duties would help ensure transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties is not possible, timely supervisory or independent reviews of bank records and work performed, and investigation into unusual items and variances is necessary. The current Board indicated it was unaware of the importance of segregating duties and performing independent supervisory reviews.

### **2.2 Annual audits**

The city did not obtain an annual audit of its utility system for at least the years ended December 31, 2022, 2021, 2020, 2019, and 2018, as required by state law. Section 250.150, RSMo, requires the city to obtain annual audits of the combined waterworks and sewerage system, and the cost of the audit is to be paid from revenues received from the system. The current Board and Acting Mayor indicated they were not aware of this requirement.

### **2.3 Bonding**

The Acting Mayor, who signed checks and had access to money held in bank accounts, was not covered by a bond. Failure to properly bond individuals with access to city funds exposes the city to risk of loss. Had the city obtained bond coverage, some or all of the missing money and improper payments may have been covered and reimbursed by a bonding company. The Acting Mayor indicated she not aware of the importance of bonding all individuals with access to city money. In addition, there was no Board to provide oversight of city operations.

City of Holland  
Management Advisory Report - State Auditor's Findings

## 2.4 City codes and ordinances

City codes and ordinances are not complete and have not been updated as follows:

- The city does not have ordinances establishing the compensation of city officials and employees as required by Section 21.150 of city code.
- City codes and ordinances are poorly maintained, and an index of all city codes and ordinances passed and rescinded by the city is not maintained, making it difficult to determine which city codes and ordinances remain in effect.
- Many city codes and ordinances are old and out-of-date. City codes and ordinances authorizing utility rates charged to customers, the amount of utility deposits required for service, and connection and reconnection fees have not been updated and do not reflect the current amounts charged for utility services. In addition, city code indicated the reconnection fee was \$10 while the city ordinance indicated it was \$30.

Because ordinances passed by the Board to govern the city and its residents have the force and effect of law, it is important ordinances are current and complete. In addition, city codes and/or ordinances documenting approved compensation and utility rates help ensure equitable treatment and prevent misunderstandings. Section 79.270, RSMo, authorizes the Board to fix the compensation of city officials and employees by ordinance. Because there was no Board, city codes and ordinances were not updated. Current Board members indicated they are in the process of updating city codes and ordinances.

## Recommendations

The Board of Aldermen:

- 2.1 Segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures.
- 2.2 Obtain annual audits of the utility system as required by state law.
- 2.3 Obtain and maintain bond coverage for all city personnel with access to city money and other assets.
- 2.4 Establish the compensation of all city officials and employees by ordinance, ensure city codes and ordinances are maintained in a complete and well-organized manner, establish an index of all city codes and ordinances passed and rescinded, and update city codes and ordinances for amounts charged related to utility services.

## Auditee's Response

- 2.1 *We will implement appropriate reviews and monitoring procedures.*

City of Holland  
Management Advisory Report - State Auditor's Findings

- 2.2 *We will obtain annual audits of the utility system as required by state law.*
- 2.3 *We will obtain and maintain bond coverage for all city personnel with access to city money and other assets.*
- 2.4 *We will work on establishing, updating and maintaining all city codes and ordinances in a complete and well-organized manner, and establishing an index of all city codes and ordinances passed and rescinded.*

### 3. Accounting Controls and Procedures

#### 3.1 Receipting, recording, transmitting, and depositing

Accounting controls and procedures need improvement. City receipts totaled approximately \$271,000 and disbursements totaled approximately \$268,000 for the general and water operating bank accounts from January 1, 2018, to April 30, 2021.

City receipting, recording, transmitting, and depositing procedures were poor.

- Official prenumbered receipt slips were not issued for all money received, and paid utility and property tax statements were not always retained. Unrecorded receipts totaling approximately \$162,000 were deposited from January 1, 2018, to April 30, 2021.
- The method of payment (cash, check, or money order) was not always recorded on utility or property tax statements. We also noted instances in which the method of payment was inaccurately recorded on utility and property tax statements. For example, some payments recorded as cash were included in the deposits as a check payment, and some recorded check payments were not included in the related deposits and were likely cash payments.

In addition, the former City Clerks indicated the Acting Mayor picked up city receipts for deposit, but the transmittal of those receipts between the former City Clerks and Acting Mayor was not documented. The Acting Mayor also did not reconcile the composition of receipts to the composition of deposits, and current city officials also do not perform this reconciliation.

- The Acting Mayor did not always deposit receipts intact and timely. For example, 9 checks dated between June 2 and 24, 2020, totaling \$508 were not deposited until July 16, 2020. In addition, the Acting Mayor indicated in recorded interviews, she sometimes used cash receipts to pay city invoices as discussed in MAR finding number 1.1 and typically left some of the smaller dollar currency (ones, fives, and tens) from cash receipts with the former City Clerks to be used for change. This change fund was not maintained at a constant amount.

---

City of Holland  
Management Advisory Report - State Auditor's Findings

---

Failure to implement adequate receipting, recording, transmitting, and depositing procedures increases the risk that loss, theft, or misuse of money will occur and go undetected. The city's failure to properly receipt, record, transmit, and deposit money helped conceal the missing money and misappropriations discussed in MAR finding number 1.1. In recorded interviews, the Acting Mayor indicated she generally did not have time to ensure all accounting duties were adequately performed.

### 3.2 Bank reconciliations and accounting records

The Acting Mayor and former City Clerks did not prepare bank reconciliations for any of the city's 8 bank accounts, maintain checkbook registers or book balances, account for all checks and issue checks in numerical order, or monitor the city's cash balances.

Based on checks that cleared the bank accounts from January 1, 2018, to April 30, 2021, there were 13 instances in which 1 or more check numbers were skipped, resulting in 17 skipped checks whose disposition (unused, voided, issued but outstanding, etc.) could not be determined. In addition, during this same time period 54 checks were written out of order, including 34 checks issued to the city's contracted workers.

The Acting Mayor also failed to monitor the city's cash balances, and as a result, the city incurred \$247 in overdraft charges in the general and water bank accounts during 2020. In recorded interviews the Acting Mayor indicated she generally did not have time to perform all accounting duties required and sometimes issued checks in advance, if she was going to be out of town.

Performing monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Maintaining a checkbook register, book balance, and a list of disbursements for each account would aid in preparing the monthly bank reconciliations and monitoring the bank balances. In addition, issuing checks in numerical sequence and accounting for the numerical sequence of checks issued would help to properly account for all disbursements and reduce the risk of unauthorized transactions.

### 3.3 Supporting documentation and record retention

Numerous financial records were not retained. Manual receipt slips, utility and property tax statements, and supporting documentation for disbursements could not be located by the city. City officials could not provide supporting documentation (e.g., invoices) for over \$150,000 in disbursements, including payments for utilities, insurance, postage, etc.

To ensure obligations were incurred and amounts paid are proper, all disbursements should be supported by itemized vendor invoices or other detailed documentation with payment information clearly indicated. Retention of records is necessary to ensure the validity of transactions and

## City of Holland Management Advisory Report - State Auditor's Findings

provide an audit trail. Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. Record retention schedules can be found on the Secretary of State's website.<sup>13</sup>

The Acting Mayor and former City Clerks indicated they were not aware of the importance of maintaining invoices and other supporting documentation. The Acting Mayor may have disposed of these records to help conceal the misappropriations discussed in MAR finding number 1.1.

## Recommendations

The Board of Aldermen:

- 3.1 Ensure prenumbered receipt slips are issued for all payments received; the method of payment is indicated on all receipt slips; the transmittal of receipts is documented and reviewed; the composition of receipts is reconciled to the composition of deposits; all payments received are deposited intact and timely; and the change fund is maintained at a constant amount. The Board should also discontinue paying city expenses from city cash receipts.
- 3.2 Ensure monthly bank reconciliations are prepared for all bank accounts; checkbook registers, book balances, and lists of disbursements are maintained; and checks are issued in numerical sequence with the sequence properly accounted for.
- 3.3 Ensure adequate supporting documentation is maintained for all disbursements, and all records are retained in accordance with state law.

## Auditee's Response

- 3.1 *We will work on ensuring prenumbered receipt slips are issued for all payments received; the method of payment is indicated on all receipt slips; any transmittal of receipts is documented and reviewed; the composition of receipts is reconciled to the composition of deposits; all payments received are deposited intact and timely; and the change fund is maintained at a constant amount. The Board has also discontinued paying city expenses from city cash receipts.*
- 3.2 *We are now preparing monthly bank reconciliations for all accounts; checkbook registers, book balances, and lists of disbursements are maintained; and checks are issued in numerical sequence with the sequence properly accounted for.*

<sup>13</sup> <<https://www.sos.mo.gov/archives/localrecs/schedules>>, accessed October 11, 2022.

City of Holland  
Management Advisory Report - State Auditor's Findings

3.3 *We are now maintaining supporting documentation for all disbursements, and all records are retained in accordance with state law.*

## 4. Utility System Controls and Procedures

Utility system controls and procedures need improvement. The city provided utility services to an average of 115 customers per month during the period January 1, 2020, through April 30, 2021 (the months in which meter readings were retained). According to the city's bank and utility statements, the city received payments for utility services totaling approximately \$178,000 during the period January 1, 2018, through April 30, 2021.

### 4.1 Adjustments

The Acting Mayor and former City Clerks made adjustments to customer utility statements, including writing off charges caused by water leaks or incorrect meter readings, without obtaining independent approval or maintaining adequate documentation to support the reasons for the adjustments. In addition, a list of adjustments was not prepared and approved, so no comparison of adjustments to actual changes could be conducted. As a result, there is an increased risk of theft and misuse occurring without being detected. In a recorded interview, the Acting Mayor indicated she approved adjustments by verbally telling the City Clerk when an adjustment was necessary.

Review and approval of adjustments by an independent person is necessary to ensure adjustments made are valid and proper. The Acting Mayor indicated she was unaware of the importance of an independent review of adjustments made to the utility system.

### 4.2 Utility reconciliations

City personnel did not prepare reconciliations related to utility services.

- The former City Clerks did not perform monthly reconciliations of amounts billed, payments received, and amounts unpaid for utility services. Monthly reconciliations are necessary to ensure accounting records balance, transactions are properly recorded, and errors or discrepancies are detected timely.
- City personnel did not perform monthly reconciliations of total gallons of water billed to gallons of water pumped. Monthly reconciliations of gallons of water billed to gallons of water pumped are necessary to help detect significant water loss or other problems and ensure all water usage is properly billed.

While the information necessary to perform these calculations is available, no one reviewed or reconciled it. Had these reconciliations been performed and reviewed, the utility services not billed to the Acting Mayor may have been detected. In a recorded interview, a former City Clerk indicated the reconciliations were not part of his job description and he was not told he needed to perform these reconciliations.

## City of Holland Management Advisory Report - State Auditor's Findings

**4.3 Customer utility deposits** Neither the Acting Mayor nor the former City Clerks prepared a list of customer utility deposits to periodically reconcile to balances in the city's meter bank account, where utility deposits were typically deposited and disbursed (refunded and applied).

Five utility customers provided affidavits<sup>14</sup> or responded to requests for utility payment information and indicated utility deposits were paid. Three of the 5 utility customers reported an \$80 utility deposit was paid, while the other 2 reported utility deposits of \$60 and \$50 each. One of the 3 utility customers that paid \$80 provided a receipt slip that indicated the \$80 paid represented a \$50 deposit and \$30 connection fee. Based on city meter reading records there were 112 utility customers in April 2021 so the city should have had an estimated \$5,600 (112 at \$50 each) in utility deposits on hand in April 2021. However, as of April 30, 2021, the meter bank account had a balance of only \$1,481, resulting in an estimated shortage of \$4,119.

Refundable utility deposits are restricted funds held for customers. Periodic reconciliation of customer utility deposit balances to city accounting records is necessary to ensure sufficient funds are available for deposit refunds. Such reconciliations would allow for prompt detection of discrepancies. The Acting Mayor indicated she was unaware of the importance of reconciling utility deposit balances to city records.

## 4.4 Sales taxes

The city did not file or remit sales taxes collected related to the utility services for the periods of January to March 2018, July to September 2019, and July 2020 to June 2021, and still owed \$16 for the period of April 2020 to June 2020, as of April 2023.

Section 144.080, RSMo, requires sales tax collections be reported and remitted to the Department of Revenue on a monthly or quarterly basis, depending on the amounts collected. Additionally, penalties may be assessed under Section 144.250, RSMo, because of the city's failure to remit these sales taxes. Pursuant to 12 CSR 10-110.955(3)(B), sales by the state of Missouri and its political subdivisions are subject to tax. The Acting Mayor indicated she was not aware of these requirements.

## Recommendations

The Board of Aldermen:

- 4.1 Prepare a list of adjustments and ensure all adjustments to utility accounts are properly approved and compared to actual changes, and documentation of all adjustments is retained.

---

<sup>14</sup> City utility customers signed affidavits and provided them to the City of Holland indicating they made utility deposit payments. Current city officials provided these affidavits to our office.

City of Holland  
Management Advisory Report - State Auditor's Findings

- 4.2 Ensure monthly reconciliations are performed of amounts billed to amounts collected and delinquent accounts, and of gallons of water billed to gallons pumped, and investigate significant differences.
- 4.3 Periodically reconcile a list of customer utility deposits to the meter bank account balance, and promptly investigate any differences.
- 4.4 Ensure sales taxes collected are reported and remitted.

## Auditee's Response

- 4.1 *We will work to prepare a list of adjustments and ensure all adjustments to utility accounts are properly approved and compared to actual changes, and documentation of all adjustments is retained.*
- 4.2 *Procedures have been put in place to perform monthly reconciliations of amounts billed to amounts collected and delinquent accounts, and of gallons of water billed to gallons pumped. We will continue to investigate significant differences.*
- 4.3 *We will work on reconciling a list of customer utility deposits to the meter bank account balance, and promptly investigate any differences.*
- 4.4 *We are working to ensure sales taxes collected are reported and remitted.*

## 5. Contracted Workers

City controls and procedures related to contract workers need significant improvement.

The city classified former City Clerks, maintenance workers, and the water/sewer operator as independent contractors. Payments to former City Clerks totaled \$8,850 in 2018, \$9,660 in 2019, \$10,205 in 2020, and \$2,190 from January 1 to April 30, 2021. Payments to former maintenance workers totaled \$3,120 in 2018, \$3,100 in 2019, and \$1,600 in 2020. Payments to the former water/sewer operator totaled \$750 in 2018 and \$600 in 2019.

### 5.1 Employment classifications

The Acting Mayor did not document the basis for classifying former City Clerks, maintenance workers, and the water/sewer operator as independent contractors rather than employees, and these employees were misclassified as independent contractors. The current City Clerk is also classified as an independent contractor, and the city does not have documentation to support this decision.

Proper classification of employees is necessary to ensure compliance with various state and federal laws and regulations. Internal Revenue Service (IRS) Publication 15-A provides guidance on what to examine when determining whether an individual is an employee or independent contractor including, but not limited to, whether individual sets his or her own schedule, provides

## City of Holland Management Advisory Report - State Auditor's Findings

his or her own tools, and receives employee benefits; and whether the work is in the normal course of business for the city. Section 105.300, RSMo, defines an elected or appointed officer or employee of a political subdivision as an employee for Social Security and Medicare tax purposes. The failure to withhold and properly report payroll and income taxes for city employees makes the city potentially subject to tax liabilities along with penalties and interest. For employees, the IRS requires employers to report compensation on W-2 forms and withhold and remit income and payroll taxes. Similarly, Chapter 143, RSMo, includes requirements for reporting wages and withholding state income taxes. The Acting Mayor and current Board indicated they were not aware of these requirements.

### 5.2 Timesheets

Former City Clerks did not prepare timesheets, and text messages documenting hours worked by a former City Clerk were not retained (see MAR finding number 7). In addition, the former maintenance workers and water/sewer operator did not prepare timesheets or other documentation of work performed to support payments made.

In a recorded interview, a former City Clerk indicated he texted the Acting Mayor his time each week to support his payments, but these text messages were not retained. In addition, a former maintenance worker indicated in a recorded interview, he verbally communicated how many hours he worked to a City Clerk to support his payments.

Without adequate timesheets or other documentation of work performed, the city cannot ensure hours worked are accurate and properly documented. In addition, Fair Labor Standards Act (FLSA) regulation 29 CFR Section 516.2(a) requires employers to maintain accurate records of actual time worked by employees. The Acting Mayor indicated she was unaware of the importance of requiring documentation of work performed.

### 5.3 Independent contractors

As previously noted, the city misclassified former City Clerks, maintenance workers, and the water/sewer operator as independent contractors rather than employees from January 2018 to April 30, 2021. However, even if this classification been appropriate, the Acting Mayor did not enter into a written contract with the former City Clerks, maintenance workers, and the water/sewer operator and did not prepare and file 1099 forms for payments made during 2020, 2019, and 2018.

Section 432.070, RSMo, requires contracts of political subdivisions be in writing. Written contracts are necessary to ensure all parties are aware of their duties and responsibilities and to provide protection to both parties. Sections 6041 through 6050W of the Internal Revenue Code require non-wage payments of at least \$600 in one year for professional services or for services performed as a trade or business by non-employees (other than corporations, except for medical and legal services), be reported to the federal government

---

City of Holland  
Management Advisory Report - State Auditor's Findings

---

on 1099 forms. The Acting Mayor indicated she was not aware of these requirements.

## Recommendations

The Board of Aldermen:

- 5.1 Determine the proper classification for the City Clerk, maintenance workers, and water/sewer operator to ensure compliance with state and federal laws and regulations.
- 5.2 Ensure timesheets or other records of work performed are prepared, retained, signed, and approved.
- 5.3 Execute and retain written contracts for services that specify the services to be rendered and the manner and amount of payments to be paid. The Board and the current City Clerk should prepare the applicable tax forms for the former City Clerks, maintenance workers, and water/sewer operator for compensation provided as appropriate.

## Auditee's Response

- 5.1 *We will work with our Certified Public Accountant (CPA) to determine the proper classification for the City Clerk, maintenance workers, and water/sewer operator to ensure compliance with state and federal laws and regulations.*
- 5.2 *We now ensure timesheets or other records of work performed are prepared, retained, signed, and approved.*
- 5.3 *We will work with our CPA and attorney to execute and retain written contracts for services that specify the services to be rendered and the manner and amount of payments to be paid as applicable. We will also work with our CPA to prepare the applicable tax forms for the former City Clerks, maintenance workers, and water/sewer operator for compensation provided as appropriate.*

---

## 6. Budgets and Financial Reporting

Budgeting and financial reporting procedures need improvement.

### 6.1 Budgets

City officials did not prepare a budget for the years ended December 31, 2021, 2020, 2019, and 2018.

A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of city operations. It also assists in setting utility rates and tax levies and informing the public about city operations and current finances. Section 67.010, RSMo, requires the budget to present a

## City of Holland Management Advisory Report - State Auditor's Findings

complete financial plan for the ensuing budget year and sets specific guidelines for the information to be included in the budget. In addition, Section 67.080, RSMo, provides that no expenditures of public money should be made unless it is authorized in the budget. The Acting Mayor indicated she did not have time to prepare budgets.

### 6.2 Financial reporting

City officials did not file timely annual financial reports with the State Auditor's Office (SAO) as required by state law. The city did not file an annual financial report for the 3 years ended December 31, 2019, until April 2021. In addition, the city filed the 2020 report on August 2, 2021, 4 weeks after the deadline and the 2021 report on July 18, 2022, 2 weeks after the deadline.

Section 105.145, RSMo, requires each political subdivision to file annual reports of its financial transactions with the SAO. Section 105.145.5, RSMo, prohibits elected officials from continuing to receive compensation or processing disbursements after the deadline to submit the financial statement and until the financial statement is submitted to the SAO. Section 105.145.9, RSMo, allows political subdivisions to be fined \$500 per day for missing filing deadlines. In addition, 15 CSR 40-3.030, requires each political subdivision to file annual financial reports within 6 months of the end of the subdivision's fiscal year. The Acting Mayor indicated she did not have time to prepare financial reports.

### 6.3 Published financial statements

The city did not publish financial statements for the years ended December 31, 2020, 2019, and 2018. As a result, information regarding the city's financial activity and condition was not available to citizens.

Section 79.160, RSMo, requires the Board to prepare and publish semiannual financial statements that include a full and detailed account of the receipts, disbursements, and indebtedness of the city. The Acting Mayor indicated she did not have time to publish financial reports.

## Recommendations

The Board of Aldermen:

- 6.1 Prepare annual budgets that contain all information required by state law and ensure the budgets are adequately monitored.
- 6.2 Submit annual financial reports timely to the State Auditor's Office as required by state law.
- 6.3 Ensure publication of the city's semiannual financial statements as required by state law.

## Auditee's Response

- 6.1 *We now prepare annual budgets that contain all information required by state law and ensure the budgets are adequately monitored.*

City of Holland  
Management Advisory Report - State Auditor's Findings

6.2 *We will ensure annual financial reports are timely submitted to the State Auditor's Office as required by state law.*

6.3 *We now post the city's semiannual financial statements.*

## 7. Electronic Communication Policy

The city has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

In recorded interviews both the Acting Mayor and former City Clerk indicated text messages were sent by the former City Clerk to the Acting Mayor to support his hours worked and the amount he was paid, but these text messages were not retained.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>15</sup>

Development of a written policy to address the use of electronic communications is necessary to ensure all documentation of official business of the city is retained as required by state law. The Acting Mayor indicated she was unaware of the record retention requirements and the electronic communications guidelines.

## Recommendation

The Board of Aldermen develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.

## Auditee's Response

*We have had preliminary discussions and will continue to work to develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.*

<sup>15</sup> Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed September 30, 2022.

---

# City of Holland

## Organization and Statistical Information

---

The City of Holland is located in Pemiscot County. The city was incorporated in 1903 and is currently a fourth-class city. The city had 3 contracted workers on December 31, 2020. The city's population was 194 in 2020, according to the U.S. Census Bureau.

City operations include utility services (water and sewer) and street maintenance.

### Mayor and Board of Aldermen

From January 1, 2018, through April 20, 2021, the city was governed solely by Jessica Roach, Acting Mayor. There was no Board of Aldermen nor were any Board meetings held during this time period.

In April 2021, Leslie Myrick was elected as the city's Mayor and began his duties on April 20, 2021. He subsequently appointed Francis Hicks and Jessica Hosey as Aldermen. City code provides for 2 Aldermen from each of its two wards, so 2 vacancies on the Board remain as of April 2023.

### Financial Activity

A summary of the city's financial activity obtained from bank statements for the years ended December 31, 2018, 2019, and 2020, follows.

## City of Holland Organization and Statistical Information

# Supporting Documentation of Missing and Misappropriated Money and Unpaid Utility Services

---

The following appendixes provide supporting documentation for the missing and misappropriated money and unpaid utility services discussed in MAR finding number 1.1 and are summarized in the following table.

Appendix	Type of Supporting Documentation
A	State Auditor Subpoena - Jessica Roach
B	Undeposited Utility Receipts
C	Estimated Undeposited Utility Receipts
D	Undeposited 2020 Property Tax Receipts
E	Acting Mayor's Utility Services Not Paid

Appendix A  
City of Holland  
State Auditor Subpoena - Jessica Roach

Information of a personal, privileged, or sensitive nature, and/or information that is not directly related to the information requested in the subpoena has been redacted.

OFFICE OF MISSOURI STATE AUDITOR

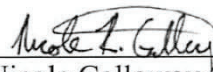

SUBPOENA

To: Jessica Roach

YOU ARE COMMANDED AND REQUIRED to appear personally before the State Auditor or her representatives, Mary Johnson, Chief of Investigations, and Meghan Luecke, Deputy General Counsel, at the Truman State Office Building, 301 West High Street, Room 880, Jefferson City, Missouri 65101, at 10:00 a.m. on August 18, 2022 for purposes of providing testimony and producing for examination, copying, and interrogation the records and documents described in Exhibit A attached to this Subpoena.

In lieu of appearance, you may ship the records responsive to this subpoena to the Missouri State Auditor to the attention of Mary Johnson or Meghan Luecke at 301 W. High St., Room 880, Jefferson City, MO 65101.

ISSUED this 29th day of July, 2022, pursuant to Section 29.235.4(1) of the Revised Statutes of Missouri.

  
Nicole Galloway  
Missouri State Auditor

I served the foregoing subpoena by HANNA DELGADO on this 15<sup>th</sup> day of AUGUST, 2022.

## OFFICE OF MISSOURI STATE AUDITOR

### EXHIBIT A

You are to preserve for production and inspection, and then appear as instructed on the attached subpoena and produce for inspection and examination, the following items in your possession or under your control:

All documents or other records, in whatever form, whether hard copy or electronic, pertaining or belonging to the City of Holland for the time period of January, 2018 to April, 2021.

This request includes, but is not limited to, the following:

1. All invoices or receipts for purchases at Woods, Buchanan, Car Mac, United States Post Office, Ron's Small Engine, RTB Disposal and Midwest Meters for the City of Holland from January 2018 through April 2021.
2. All text messages or documents sent to you as evidence of time worked from Johnathan Williams and Ashley Roach for payment for time rendered.
3. Invoices or requests of payment from Brian and Eddie Poplin, Danny and Martha Wesson, and Robert Drumright for services rendered.
4. Documentation of invoices or receipts for all cash payments made for items purchased for the City of Holland.
5. Documentation for the purchase of vapes which are sold at Bruce McCaig's convenience/liquor store.
6. Documentation to support cash payments received from the selling of vapes purchased and sold at Bruce McCaig's convenience/liquor store.

This request for records includes all materials that exist in paper ("hard copy") or electronic form (including but not limited to records and data maintained on computers, tablets, smart phones, external electronic storage drives, thumbnail drives, remote servers or back up tapes). All information requested in the items above are subject to inspection, review and copying by the state auditor. Section 29.235.4(1), RSMo.

Total	\$ 9,470.76	23,832.30	8,118.73	138,097.61	150.00	164,855.29	165,005.29	(14,514.11)	169.68	(14,344.43)

- (1) Represents receipts marked paid on utility statements retained by the city or provided by utility customers.
- (2) Represents deposited checks and money orders for which a paid utility statement or other receipt slip was not maintained by the city.
- (3) We adjusted receipt and deposit amounts for General Fund receipts incorrectly deposited into the Water Operating Fund bank account.
- (4) We adjusted receipt and deposit amounts for Water Operating Fund receipts incorrectly deposited into the General Fund bank account that were later transferred to the Water Operating Fund bank account the same day. Details of the deposit were taken from the General Fund bank account deposit.
- (5) Some payments were inaccurately recorded as cash payments or the payment amounts were inaccurately recorded on the utility statements or receipt records; however, the contents of the deposit showed these receipts were checks or money orders or the amount recorded was slightly different than the actual amount. Therefore, we adjusted the method of payment and amount of these receipts.
- (6) Amounts decreasing the utility balance due were written in the scripted hand writing of the former City Clerk on utility statements indicating a payment had been made. However, these entries did not indicate a payment date, or method of payment (cash, check, or money order). We could not determine the date of the receipt and it is likely these payments were made in cash because we could not locate customer utility payments made by check or money order in the contents of city deposits around the time of the utility statements. The dates of these deposits are shown as unknown during the billing cycle in which the balances decreased. The unknown amount included for April 2021 did not include any amounts received by the City Clerk hired on April 20, 2021.
- (7) The \$262.31 deposited on 08/05/20 consisted of utility payments for June 2020 billings paid in July 2020, but not deposited until August.
- (8) A utility statement indicated it was the customer's last billing and the sewer deposit was refunded, resulting in a negative balance due from the customer. A check was not found for the refund of the sewer deposit, so we recorded the negative amount as a cash refund.
- (9) A \$250 check written to Ashley Roach, former City Clerk, was deposited into the Water Operating Fund bank account on this date. We applied the amount of this check to the amount of undeposited utility receipts.
- (10) The receipt and deposit amounts only include utility statement amounts and checks dated up to and including April 19, 2021, the last day the acting Mayor served the city.

Appendix C  
City of Holland  
Estimated Undeposited Utility Receipts  
January 1, 2018, through April 30, 2021

- (1) Complete utility receipt records were not maintained for these time periods.
- (2) Estimated utility receipts were calculated by multiplying the actual or estimated utility amount billed (calculated in footnote (5)) by the collection percentage of 90 percent.

Utility statement records were only maintained for January, February, May, and August 2020. Auditors calculated the percentage of utility billings collected for these 4 months to use as the basis for estimating utility receipts collected and not deposited for the 35 months when complete receipt records were not maintained.

Calculation of Collection Percentage			
Month and Year	(a) Utility Amount Billed	(b) Utility Receipts Collected	(b)/(a) Collection Percentage
January 2020	\$ 6,586.57	6,500.03	99%
February 2020	6,489.94	5,808.50	90%
May 2020	6,609.97	5,883.12	89%
August 2020	7,093.32	5,971.60	84%
Total	\$ 26,779.80	24,163.25	90%

- (3) See Appendix B, column titled Net Total Undeposited Over/(Under). Amounts billed each month are collected/receipted in the following month, so amounts billed each month shown in this appendix correspond to the next month's deposits/amounts undeposited in Appendix B.
- (4) The 2018 and 2019 utility amounts billed are estimated at 5 percent less than the 2020 average monthly billing because the base water rate for 2018 and 2019 was \$27.00, or 5 percent less than the 2020 base rate of \$28.35 noted in footnote (5).
- (5) Auditors calculated monthly billing amounts using the meter readings retained for utility customers for the year ending December 31, 2020, below. Monthly billings include a base charge of \$28.35 for the first 1,000 gallons of water usage, then additional charges of \$0.55 for each additional hundred gallons, sales tax of 1.445 percent on water sales, and a \$20 sewer fee, if applicable. In addition, an annual primacy fee of \$3.24 was charged to customers in approximately August of each year. This calculation follows.

Calculation of 2020 Average Monthly Billing	
Month and Year	Utility Amount Billed
January 2020	\$ 6,586.57
February 2020	6,489.94
March 2020	6,253.71
April 2020	6,952.28
May 2020	6,609.97
June 2020	6,535.32
July 2020	8,076.98
August 2020	7,093.32
September 2020	6,533.95
October 2020	6,151.85
November 2020	6,053.26
December 2020	6,368.09
Total	\$ 79,705.24
Average Monthly Billing	\$ 6,642.10

- (6) Several utility statements recorded as paid during this month were for prior months' billings, which caused the negative amount in our calculation of estimated undeposited utility receipts.
- (7) March 2021 utility billings were due in April 2021 prior to the Acting Mayor's termination.

- (1) Recorded receipts represent property tax billings in the property tax book marked paid, copies of property tax billing statements marked paid, or receipt slips showing property tax payments received.  
(2) Represents deposited checks and money orders for which a paid property tax statement or other receipt slip was not maintained by the city.  
(3) The contents of the deposit indicated the payments were made by check or money order.  
(4) These property tax receipts were deposited with water and sewer receipts on this date.  
(5) These 2020 property tax billing statements were marked paid; however, the date they were paid was not documented. Therefore, we could not determine if they were paid in 2020 or 2021 or determine an approximate date they should have been deposited.

February 2021	812,200		814,300	2,100	34.40	0.50	20.00	0.00	54.90	
March 2021	814,300		816,300	2,000	33.85	0.49	20.00	0.00	54.34	
April 2021	816,300		819,600	3,300	41.00	0.59	20.00	0.00	61.59	
				2021 Subtotal	137.60	1.99	80.00	0.00	219.59	
				Total	\$ 497.25	7.19	300.00	3.24	807.68	

(1) Monthly billings include a base charge of \$28.35 for the first 1,000 gallons of water usage, then additional charges of \$0.55 for each additional hundred gallons, sales tax of 1.445 percent on water sales, and a \$20 sewer fee. In addition, an annual primacy fee of \$3.24 is charged to customers in approximately August of each year.

(2) No billed amounts were calculated because the beginning and ending meter reading did not change.

### City of Cuba

Report No. 2023-025

June 2023

[auditor.mo.gov](https://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the City of Cuba

Utility Transfers	The city has not established adequate procedures to ensure transfers from utility funds are reasonable and used for intended purposes. The city's audited financial statements report transfers from the Electric and Natural Gas Funds to the General Fund of \$1.8 million and \$1.7 million for the years ended June 30, 2020, and 2021, respectively.
Budgets	City budget documents approved by the Board for the years ended June 30, 2022, 2021, and 2020, do not reflect the anticipated fund balances, reducing the effectiveness of the budget as a tool for monitoring or controlling disbursements. In addition, the Board does not receive budget-to-actual information or actual cash and fund balance information, which are necessary to monitor the city's financial condition.
Procurement Procedures and Contracts	The city has not periodically solicited proposals for various contracted and professional services, did not always enter into written contracts when required, and did not have procedures to monitor contracts. The city entered into contracts with multiple and/or indefinite renewal periods and did not have procedures in place to identify expired contracts. As a result, the city did not periodically evaluate the services provided and determine if soliciting proposals was in the city's best interest.
City Planning	The city has not updated its required comprehensive plan since its adoption in 2003 and, as a result, this plan may not reflect the current needs of the city.
Worker Classification	The city did not adequately document why it classified the Waste Water Treatment Plant Manager as an independent contractor. Upon the Waste Water Treatment Plant Manager's retirement in March 2016, the Board entered into a written agreement for the individual to perform the same duties he performed before retirement until it hired and trained a new employee. The city did not hire anyone to fill the manager position, and the individual continues to perform the work as of March 2023.
Visitor Center	City officials sold merchandise at the city visitor center without Board knowledge or approval and circumvented city accounting controls and procedures. As a result the Board could not properly oversee these operations.
Electronic Communication Policy	The city has not developed a records management and retention policy in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. Additionally, the city has not always retained text messages in accordance with requirements.

In the areas audited, the overall performance of this entity was **Fair**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

---	----

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the Honorable Mayor  
and  
Members of the Board of Aldermen  
City of Cuba, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit the City of Cuba. We have audited certain operations of the city in fulfillment of our duties. The city engaged Sikich Certified Public Accountants (CPAs) and Business Advisors, LLP, to audit the city's financial statements for the year ended June 30, 2021. To minimize duplication of effort, we reviewed the CPA firm's audit report. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2021. The objectives of our audit were to:

1. Evaluate the city's internal controls over significant management and financial functions.
2. Evaluate the city's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the city, as well as certain external parties; and performing sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the city's management and was not subjected to the procedures applied in our audit of the city.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the City of Cuba.

A handwritten signature in black ink, reading "Scott Fitzpatrick". The signature is written in a cursive, flowing style with a large initial "S" and "F".

## Management Advisory Report

### State Auditor's Findings

---

#### 1. Utility Transfers

The city has not established adequate procedures to ensure transfers from city utility funds are reasonable and used for intended purposes. The Board has no documentation for the basis of the transfers (e.g. reimbursement for utility expenditures paid from the General Fund or administrative expense allocations) from restricted Electric and Natural Gas Funds to the General Fund. Instead, city officials indicated the amounts transferred each quarter are based on the amount necessary to cover budget shortfalls in the General Fund and prevent the General Fund from having a deficit fund balance. The city's audited financial statements report transfers from the Electric and Natural Gas Funds to the General Fund of \$1.8 million and \$1.7 million for the years ended June 30, 2020, and 2021, respectively.

Transferring restricted utility money may result in the city not having sufficient reserve funding available to ensure the utility system operates efficiently and effectively. The city's Electric Utility Cost of Service and Rate Design Study Report (preliminary report dated September 2022) conducted by BHMG Engineers, Inc., recommends the city consider lowering the amount of transfers out of the Electric Fund to build reserves to a recommended minimum.

To ensure utility transfers are reasonable and used only for utility fund operations, and reserve funding is sufficient, it is important the city evaluate the value of government services the transfers are offsetting and document the process for determining the amounts transferred to the General Fund.

#### Recommendation

The Board of Aldermen discontinue transferring money from the Electric and Natural Gas Funds to the General Fund unless such transfers support the utilities and are properly justified, documented, and authorized.

#### Auditee's Response

*The Board of Aldermen will continue to monitor the transfer of Electric and Natural Gas funds and ensure such transfers are supported and are properly justified, documented, and authorized by the rate study.*

---

#### 2. Budgets

##### Preparation

The Board of Aldermen does not have adequate procedures to prepare city budgets or adequately monitor the city's financial condition or cash balances.

City budget documents approved by the Board for the years ended June 30, 2022, 2021, and 2020, do not reflect the anticipated fund balances, reducing the effectiveness of the budget as a tool for monitoring or controlling disbursements. In addition, the budgets did not include a budget message, beginning and estimated ending available resources for each fund, or comparative statements of actual or estimated revenues or expenditures for the 2 previous years as required.

City budgets do not include the beginning fund balance so the budgeted ending available balance does not reasonably reflect potential fund balance.

## City of Cuba Management Advisory Report - State Auditor's Findings

Instead, the Comptroller includes current year budgeted revenues and expenditures. If budgeted expenditures exceed budgeted revenues, the Comptroller will add "other resources (retained earnings)" (accounting system title) or "transfers in" in the amount of the difference to ensure the ending budgeted balance is \$0. The "other resources" may include a portion of the beginning balance, but the \$0 ending balance does not necessarily represent a reasonable ending balance. For example, following are the city's General Fund budgets for the 3 years ended June 30, 2022.

	Year Ended June 30,		
	2022	2021	2020
Revenues	\$ 1,190,400	1,216,200	1,266,700
Other Resources (Retained Earnings)	-	-	-
Transfers In	2,328,090	2,224,963	2,000,825
Total Resources	\$ 3,518,490	3,441,163	3,267,525
Expenditures	\$ 3,518,490	3,441,163	3,267,525
Transfers Out	-	-	-
Total Expenditures	\$ 3,518,490	3,441,163	3,267,525
Resources Less Expenditures	\$ -	-	-

A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of city operations. Realistic projections of the city's available resources and uses of funds are essential for the efficient management of finances and for communicating accurate financial data to city residents. Section 67.010, RSMo, requires the budget to present a complete financial plan for the ensuing budget year and sets specific guidelines for the information to be included in the budget. The Comptroller indicated the city uses the budget feature of the accounting software and has examples of budgets from other cities, but has not had time to incorporate all elements into the city's budget.

### Monitoring

The Board is not adequately monitoring the city's financial condition, as it does not receive budget-to-actual information or actual cash and fund balance information. Instead, the Board only receives proposed quarterly budget revisions. Proper monitoring of budget-to-actual and actual cash and fund balance information is necessary for the budget to be an effective management tool and ensure the Board is fully aware of the financial condition of city funds. The Board indicated it believes expenditures presented for approval are properly budgeted and sufficient funding is available or the items would not be presented.

### Recommendation

The Board of Aldermen prepare annual budgets that contain all information required by state law and provide reasonable estimates of anticipated ending

City of Cuba  
Management Advisory Report - State Auditor's Findings

fund balances. The Board should also ensure it receives detailed financial data to adequately monitor budgets and the city's financial condition.

## Auditee's Response

*The Board of Aldermen will ensure detailed financial data is received to adequately monitor and prepare budgets that contain all information required by state law and provide reasonable estimates of anticipated ending fund balances.*

### 3. Procurement Procedures and Contracts

The city has not periodically solicited proposals for various contracted and professional services and does not have procedures to identify expiring contracts. We judgmentally selected 13 of 44 (30 percent) city vendors with disbursements for contract labor or professional services for review. Payments to these 13 vendors totaled approximately \$939,000 for the year ended June 30, 2021. Our review noted the following concerns:

#### Professional services

The city did not solicit proposals for professional services, including economic development services (\$62,830) and engineering services (\$192,992). City personnel indicated they did not solicit proposals on all professional services because the city code excluded professional services from the purchasing requirements.

#### Contracts

The city entered into contracts with multiple and/or indefinite renewal periods and did not have procedures in place to identify expired contracts. As a result, the city did not periodically evaluate the services provided and determine if soliciting proposals was in the city's best interest and continued to pay vendors without current written contracts. During the year ended June 30, 2021, the city issued disbursements for sanitation services totaling \$174,585 based on a contract that expired in 2009, legal services totaling \$29,650 based on a contract entered into in 2006 that was continuously renewed without a competitive selection process, and economic development services totaling \$62,830 based on a contract that expired in 2017.

#### Conclusion

Periodically soliciting proposals for professional services is a good business practice, helps provide a range of possible choices, and allows the city to make better-informed decisions to ensure necessary services are obtained from the best qualified provider after taking expertise, experience, and cost into consideration. For engineering services, Sections 8.289 and 8.291, RSMo, provide the requirements for obtaining, evaluating, and negotiating for such services.

In addition, current, clear, and detailed written contracts allow for proper monitoring, are necessary to ensure all parties are aware of their duties and responsibilities, prevent misunderstandings, and ensure taxpayer dollars are used appropriately and effectively. Section 432.070, RSMo, requires contracts for political subdivisions to be in writing.

City of Cuba  
Management Advisory Report - State Auditor's Findings

---

## Recommendation

The Board of Aldermen update the city code to include competitive selection for professional services, and ensure city code complies with statutory provisions. In addition, the Board should solicit competitive bids or proposals for contract and professional services on a periodic basis, develop procedures to identify expiring contracts, and enter into written agreements as required.

## Auditee's Response

*The Board of Aldermen will work to better monitor and solicit all contracts for professional services and update the city code to include competitive selection and ensure city code complies with statutory provisions.*

---

## 4. City Planning

The city has not updated its required comprehensive plan since its adoption in 2003 and, as a result, this plan may not reflect the current needs of the city. The Mayor indicated that parts of the plan have been updated but the city had not considered the need to update the entire plan.

According to a report from the Missouri Municipal League (MML)<sup>1</sup>, a "city plan is a detailed development plan, commonly referred to as a comprehensive development plan or master plan, showing the future growth of the municipality." The MML report also states that a "comprehensive plan . . . means that zoning decisions should be governed by what is good for the community as a whole rather than by what is best for an individual land owner."

Section 89.340, RSMo, requires the city's planning and zoning commission to make and adopt a city plan and comprehensive plan to help guide future decisions regarding development of the municipality. In addition, a comprehensive plan helps ensure efficient and effective use of city resources.

## Recommendation

The Board of Aldermen update the city's comprehensive plan and use it to guide future decisions regarding development of the municipality.

## Auditee's Response

*The Board of Aldermen will work with Meramec Regional Planning Commission and Missouri Municipal League to get a cost for budgeting and start to update the city's comprehensive plan.*

---

## 5. Worker Classification

The city did not adequately document why it classified the Waste Water Treatment Plant Manager as an independent contractor. Upon the Waste Water Treatment Plant Manager's retirement in March 2016, the Board entered into a written agreement, effective April 1, 2016, with him to perform the same duties he performed before retirement until it hired and trained a new employee. The city did not hire anyone to fill the manager position, and he continues to perform the work as of March 2023.

---

<sup>1</sup> <<https://www.mocities.com/Web/News/Technical-Bulletin-Pages/Planning-and-Zoning-Procedures-for-Missouri-Municipalities.aspx>>, accessed March 14, 2023.

---

City of Cuba  
Management Advisory Report - State Auditor's Findings

---

When the city entered into the agreement with the manager, they changed the position classification from employee to independent contractor and did not document the reason for the change. There were no significant modifications to the manager's responsibilities, and the manager continued to receive employee benefits including the use of a city vehicle and required continuing education. City officials indicated they reclassified this position because the employee wished to retire and the city did not have any other employees trained to take over the responsibilities of this position. While this may be the case, there are certain requirements to meet the definition of an independent contractor and to remain eligible for the Missouri Local Government Employees Retirement System (LAGERS) retirement benefits while working. In addition, because the city classified the manager as an independent contractor, the city did not resume his contributions to the LAGERS, and the city did not withhold payroll taxes.

Section 70.686, RSMo, provides that a retiree who becomes reemployed in a position covered by a participating political subdivision shall be considered a reemployed member with contributions due immediately. In addition, Section 70.630.3, RSMo, provides that in any case of question as to the system membership status of any person, the LAGERS board shall decide the question. Internal Revenue Source Publication 15-A provides guidance on what to examine when determining whether an individual is an employee or independent contractor including, but not limited to, whether an individual sets their own schedule, provides their own tools, and receives employee benefits; and whether the work is in the normal course of business for the city.

Proper classification of employees is necessary to ensure compliance with various state and federal laws and regulations. In addition, if an employee is classified as an independent contractor and there is no reasonable basis for doing so, the city is liable for employment taxes for that employee.

## Recommendation

The Board of Aldermen ensure all persons hired by the city are properly classified as employees or contract employees in compliance with state and federal laws and regulations. In addition, the Board should resume contributions for retired employees who are reemployed in a position covered by the LAGERS as required by state law.

## Auditee's Response

*The Board of Aldermen will ensure all future persons hired by the city are properly classified as employees or contract employees in compliance with state and federal laws and regulations. The Board of Aldermen will contact legal counsel and LAGERS to ensure compliance with state law.*

---

## 6. Visitor Center

City officials sold merchandise at the city visitor center without Board approval and circumvented city accounting controls and procedures.

City of Cuba  
Management Advisory Report - State Auditor's Findings

## 6.1 Board approval

City officials sold merchandise and consigned goods at the visitor center without Board knowledge or approval. As a result the Board could not properly oversee these operations. A review of Board meeting minutes found no discussion of the sales or any approval. Tourism Board meeting minutes indicate the visitor center and the purchase of promotional materials was discussed but not merchandise or consignment sales. Board members indicated they were aware city personnel displayed items of local businesses but were not notified of the addition of selling items.

## 6.2 Accounting controls and procedures

Accounting controls and procedures over sales at the city's visitor center need improvement.

- City personnel did not issue receipt slips for merchandise sales and were not aware of money or inventory that should be on hand. The city sells Osage Trail shirts and uses the proceeds to purchase promotional cards for tourism. During a cash count, we found \$131 in an envelope marked "Osage money" that city personnel indicated was from t-shirt sales. However, there were no receipt slips issued or records to indicate what was sold, when the sale took place, or how much money was collected.

Visitor center personnel indicated collections and inventory purchases were not processed through the normal city procedures because they did not want to wait for the city to issue a payment for the promotional items.

- The visitor center allows local vendors to display and sell merchandise on consignment at the visitor center without a written agreement and does not issue receipt slips for the sales or otherwise track receipts and items sold. Items for sale included Christmas cards, books, apparel, key chains, and jarred sauces from various local restaurants. During a cash count, we found \$175 in an envelope marked "Viva Cuba" and \$171 in the cash register. However, there were no receipt slips issued or records to indicate what was sold, when the sale occurred, or how much money was collected or disbursed to vendors. As noted, the Board was not aware of these operations so it did not ensure consignment operations followed city procedures.

Failure to implement adequate receipting, recording, and transmitting procedures increases the risk that loss, theft, or misuse of money will occur and increases the likelihood that errors will go undetected. Clear and detailed written contracts are necessary to ensure all parties are aware of their duties and responsibilities and to prevent misunderstandings. In addition, Section 432.070, RSMo, requires contracts for political subdivisions to be in writing.

City of Cuba  
Management Advisory Report - State Auditor's Findings

---

## Recommendations

The Board of Aldermen:

6.1&

6.2 Review visitor center sales and determine if it is an appropriate function of the city. If so, the Board should implement proper oversight and accounting controls and procedures including requiring receipt slips and inventory tracking, and enter into written contracts with consignment vendors.

## Auditee's Response

*The Board of Aldermen ceased all sales of merchandise at the visitor center upon the auditors notifying them of the issue.*

---

## 7. Electronic Communication Policy

The city has not developed a records management and retention policy that includes electronic communication in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. Additionally, the city has not always retained text messages in accordance with statutory requirements.

According to city officials, text messages are often used when conducting city business. However, the city does not maintain records of business related text messages. The Board indicated it was unaware of the record retention requirements and the electronic communications guidelines.

Section 109.210(5), RSMo, defines a public record as "documents, books, papers, photographs, maps, sound recordings or other material, regardless of physical form or characteristics, made or received pursuant to law or in connection with the transaction of official business." Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.<sup>2</sup>

The Board of Aldermen can help ensure compliance with state law by developing written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications, and retaining these records accordingly.

---

<sup>2</sup> Missouri Secretary of State Record Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed March 16, 2023.

City of Cuba  
Management Advisory Report - State Auditor's Findings

---

**Recommendation**

The Board of Aldermen develop a written records management and retention policy to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division electronic communications guidelines. In addition, retain electronic communication in accordance with these policies.

**Auditee's Response**

*The Board of Aldermen is moving forward to implement a written records management and retention policy to address electronic communications management to comply with Missouri Secretary of State Records Services Division electronic communications guidelines.*

---

# City of Cuba

## Organization and Statistical Information

---

The City of Cuba is located in Crawford County. The city was incorporated in 1857 and is currently a fourth-class city. The city employed 43 full-time employees and 22 part-time employees on June 30, 2021. The city's population was 3,181 in 2020, according to the U.S. Census Bureau.

City operations include law enforcement services, maintenance of streets, utilities (gas, electric, water, and sewer), airport management, animal control, visitor center, and parks and recreation.

### Mayor and Board of Aldermen

The city government consists of a mayor and 6-member board of aldermen, a city collector, and a city marshal. The board members are elected for 2-year terms. The mayor is elected for a 2-year term, presides over the board of aldermen, and votes only in the case of a tie. The Mayor and Board of Aldermen, as of June 30, 2021, are identified below. The Mayor is paid \$1,000 per month and the Board of Aldermen members are paid \$500 per month. The compensation of these officials is established by ordinance.

Cody Leathers, Mayor  
Warren Graddy, Alderman, Ward 1  
Vacant, Alderwoman, Ward 1 (1)  
Sam Black, Alderman, Ward 2  
Curtis Holt, Alderman, Ward 2  
Jeff Bouse, Alderman, Ward 3  
Kevin Copling, Alderman, Ward 3

(1) Debbie Martin resigned on June 15, 2021. Dave Honea was appointed July 20, 2021, to fill this vacancy.

### Financial Activity

City financial activity for the year ended June 30, 2021, obtained from the city's audited financial statements follows.

**CITY OF CUBA, MISSOURI**

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 56 political subdivisions required to file a financial report by April 30, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in April 2023, after their filing deadline. The filing status for these 11 entities is presented in summary on page 3 and by individual entity in Appendixes B to D.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Political Subdivision Filings

## April 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 56 political subdivisions, other than cities, towns, and villages, with a fiscal year end of October 31, 2022. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 56 political subdivisions, 47 filed an annual financial report timely.

This report also includes the filing status for 11 political subdivisions, other than cities, towns, and villages, that filed their financial report in April 2023, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by April 30, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 14 cities is presented in summary on page 4 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in April 2023, after their filing deadline. The filing status for these 15 cities and 2 villages is presented in summary on page 4 and by individual entity in Appendixes B to F.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Municipal Court and Revenue Filings

April 2023

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

---

Monthly Report on Municipal Court and Revenue Filings  
April 2023  
Executive Summary

---

This report includes the filing status for the 14 cities with a fiscal year end of October 31, 2022, whose financial report was due by April 30, 2023. Of the 14 municipalities, 11 filed the financial report timely. Of the 13 municipalities required to file an addendum, 11 filed timely. Of the 6 municipalities required to file a certification, 3 filed timely.

This report includes the filing status for 15 cities and 2 villages that filed at least one of the items (financial report, addendum, or certification) in April 2023, after their filing deadline. Of these municipalities, 8 filed an annual financial report, 10 filed an addendum, and 3 filed a certification.

Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the Annual Comprehensive Financial Report Report on Internal Control, Compliance, and Other Matters

Department of Revenue Financial Reporting Controls	The Department of Revenue does not have adequate controls and procedures over financial reporting of certain governmental and custodial fund financial activities. If not for calculation errors discovered by the audit, the Government Wide - Governmental Activities and General Fund net accounts receivable and related liability balances would have been overstated by approximately \$75 million in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022. Auditors also found several other calculation errors that resulted in both the overstatement and understatement of various balances.
Department of Social Services Financial Reporting Controls - Medicaid Payments	The Department of Social Services (DSS) - MO HealthNet Division (MHD) does not have adequate controls and procedures over financial reporting of Medicaid payment data. As a result, Medicaid payment data submitted to the Office of Administration (OA) - Division of Accounting (DOA) and used to estimate Medicaid accounts receivable and payable for inclusion in the ACFR for the year ended June 30, 2022, was misstated. If the misstatements had not been identified during the audit, Government Wide - Governmental Activities and General Fund accounts receivable would have been understated by approximately \$23 million and accounts payable would have been understated by approximately \$60 million in the ACFR.
Department of Social Services Financial Reporting Controls - Medicaid Accounts Receivable	The MHD does not have adequate controls and procedures over financial reporting of Medicaid drug rebate accounts receivable. As a result, data submitted to the DOA for inclusion in the ACFR for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, Government Wide - Governmental Activities and General Fund net accounts receivable and related liability balances would have been overstated by approximately \$30.6 million in the ACFR.
Department of Social Services Financial Reporting Controls - Accounts Payable	The DSS - Division of Finance and Administrative Services does not have adequate controls and procedures over financial reporting of accounts payable. As a result, accounts payable data submitted to the DOA for inclusion in the ACFR for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, Government Wide - Governmental Activities and General Fund accounts payable would have been overstated by approximately \$5.9 million in the ACFR.
Department of Natural Resources Financial Reporting Controls	The Department of Natural Resources does not have adequate controls and procedures over financial reporting of loans receivable. As a result, the loans receivable balance submitted to the DOA for inclusion in the ACFR for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, the Government Wide - Governmental Activities and Conservation and Environmental Protection Fund loans receivable balance would have been overstated by approximately \$27.5 million in the ACFR.

Office of Secretary of State Financial Reporting Controls	The Office of Secretary of State does not have adequate controls and procedures over financial reporting of accounts receivable. As a result, civil penalty accounts receivable data submitted to the DOA for inclusion in the ACFR for the year ended June 30, 2022, was misstated. If the resulting misstatements had not been identified during the audit, Government Wide - Governmental Activities and Public Education Fund net accounts receivable and related liability balances would have been overstated by at least \$9.7 million in the ACFR.
Department of Labor and Industrial Relations Financial Reporting Controls	The Department of Labor and Industrial Relations does not have adequate controls and procedures over financial reporting of Unemployment Compensation Fund financial activities. As a result, some balances submitted to the DOA for inclusion in the ACFR for the year ended June 30, 2022, were misstated, including an overstatement of the net position balance by approximately \$8 million. In addition, the financial reports were not submitted timely to the DOA.
Office of Administration Financial Reporting Controls - Fund Balance Classifications	The DOA does not have adequate controls and procedures over classification of ending fund balances. If a fund balance classification error had not been corrected, the Government Wide - Governmental Activities and General Fund restricted fund balance would have been overstated, and the unassigned fund balance would have been understated, by approximately \$1.4 billion in the ACFR for the year ended June 30, 2022.
Office of Administration SAM II Transaction Approvals	As noted in the Statewide Accounting System Internal Controls audit, OA management has not fully corrected a weakness in the Statewide Advantage for Missouri (SAM II) Financial system security settings that allows users to create a transaction and then apply approval to the same transaction without review or additional approval from another party.

Because of the nature of this audit, no rating is provided.

# State of Missouri - Annual Comprehensive Financial Report

## Report on Internal Control, Compliance, and Other Matters

### Introduction

---

#### **Summary of Financial Statement Audit Results**

In fulfillment of our duties under Section 29.200.10, RSMo, we issued our audit report (Report No. 2023-010<sup>1</sup>) of the State of Missouri's Annual Comprehensive Financial Report (ACFR), as of and for the year ended June 30, 2022, on March 24, 2023. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the ACFR audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

The State of Missouri's financial statements covered approximately \$57 billion in total assets and approximately \$34 billion in total expenses for state fiscal year 2022. Our report expressed qualified opinions on the governmental activities and the General Fund because we were not allowed access to tax returns and related source documents for income taxes. Our report expressed unmodified opinions on all remaining opinion units.

In connection with the audit, we tested internal controls and compliance with laws and regulations. The results of our tests are contained herein in our Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*. We reported nine findings related to internal control deficiencies at five state agencies and one office. We consider these findings to be significant deficiencies. The state agencies' and office's responses to the findings are included in this report. The agencies and office prepared a Corrective Action Plan (CAP) for each finding. The CAPs were submitted to the Office of Administration (OA) and will be included in the Corrective Action Plans section of the State of Missouri - Single Audit Report, to be issued later.

The state agencies and offices prepared and submitted to the OA the status of the prior audit findings. They will be presented in the Summary Schedule of Prior Audit Findings section of the State of Missouri - Single Audit Report.

---

<sup>1</sup>The ACFR is available online at: <<https://oa.mo.gov/accounting/reports/annual-reports/annual-comprehensive-financial-reports>>.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Missouri, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the State of Missouri's basic financial statements, and have issued our report thereon dated March 24, 2023. Our report expressed qualified opinions on the governmental activities and the General Fund, a major fund, because we were not allowed access to tax returns and related source documents for income taxes. Approximately 29 percent of governmental activities revenues and 32 percent of General Fund revenues are from this source. We were unable to satisfy ourselves by appropriate audit procedures as to the income tax revenue beyond the amounts recorded. Our report expressed unmodified opinions on all remaining opinion units.

Our report on the State of Missouri's financial statements includes a reference to other auditors who audited the financial statements of:

1. The Missouri Road Fund, a major fund; the Missouri Road Bond Fund; the Conservation Employees' Insurance Plan; the Transportation Self-Insurance Plan; the Missouri State Employees' Insurance Plan; the Missouri Consolidated Health Care Plan; and the Missouri Department of Transportation and Missouri State Highway Patrol Medical and Life Insurance Plan, which represent 61 percent of the assets and 9 percent of the revenues of the governmental activities.
2. The State Lottery Fund, a major fund, and the Petroleum Storage Tank Insurance Fund which represent 17 percent of the assets and 79 percent of the revenues of the business-type activities.
3. The aggregate discretely presented component units.

4. The pension (and other employee benefit) trust funds and the Missouri Department of Transportation custodial funds which represent 92 percent of the assets and 3 percent of the additions of the fiduciary funds.

This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

The financial statements of the Conservation Employees' Insurance Plan, Missouri State Employees' Insurance Plan, and the Missouri Consolidated Health Care Plan, internal service funds; the Missouri Development Finance Board, the Missouri Agricultural and Small Business Development Authority, and the State Environmental Improvement Energy Resources Authority, discretely presented component units; and the pension (and other employee benefit) trust funds were not audited in accordance with *Government Auditing Standards*. Accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with these entities and funds.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the State of Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of the State of Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the State of Missouri's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings and Responses as finding numbers FS2022-001 through FS2022-009 that we consider to be significant deficiencies.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the State of Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests

disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **State of Missouri's Responses to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the State of Missouri's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Responses. The State of Missouri's responses were not subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, pursuant to Section 29.200, RSMo, this report is a matter of public record and its distribution is not limited.

A handwritten signature in black ink that reads "Kim Spraggs". The signature is written in a cursive, flowing style.

# State of Missouri - Annual Comprehensive Financial Report

## Report on Internal Control, Compliance, and Other Matters

### Schedule of Findings and Responses

---

#### **FS2022-001.**

#### **Department of Revenue Financial Reporting Controls**

The Department of Revenue (DOR) does not have adequate controls and procedures over financial reporting of certain governmental and custodial fund financial activities. As a result, some balances submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022, were misstated.

To determine and submit financial activities of governmental and custodial funds to the DOA, the DOR - Administration Division first obtains reports generated from the DOR's various computerized systems. Information from these reports is then extracted into schedules, and various calculations are performed to determine the balances to be reported to the DOA. Our review of the governmental and custodial fund balances submitted to the DOA for inclusion in the ACFR identified the following concerns.

- Errors were identified in the calculations to estimate the allowance for uncollectible balances for withholding income tax and corporate income tax accounts receivable. In addition, the calculation of net accounts receivable for corporate income tax incorrectly used the estimated allowance for uncollectible balance calculated for withholding income tax.<sup>2</sup> If these errors had not been identified during the audit, Government Wide - Governmental Activities and General Fund net accounts receivable and related liability balances would have been overstated by approximately \$75 million in the ACFR. After we identified the calculation errors and discussed them with DOR personnel, the Administration Division submitted revised reports to the DOA and the DOA made the corrections prior to completing the ACFR.
- As similarly noted in our previous audit,<sup>3</sup> various errors were identified in the calculation to estimate the uncollectible percentage for sales and use tax accounts receivable. As a result, net accounts receivable and related liability balances were overstated by approximately \$71,000. Since these errors did not result in material misstatements to the affected opinion units, no revisions were submitted to the DOA.
- Calculation errors were identified in the reports used to determine gross delinquent accounts receivable balances for motor vehicle sales tax accounts receivable. In addition, the calculation to estimate the allowance

---

<sup>2</sup>For withholding income tax and corporate income tax accounts receivable, our audit work was limited to reviewing these calculations. We were not allowed access to tax returns and related source documents for income taxes.

<sup>3</sup>See State of Missouri Annual Comprehensive Financial Report - Report on Internal Control, Compliance, and Other Matters, Year Ended June 30, 2021 at <<https://auditor.mo.gov/AuditReport/ViewReport?report=2022022>>, finding number FS2021-001.

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

for uncollectible balances was not in accordance with the DOR's current methodology. These errors resulted in net accounts receivable and related liability balances for governmental funds being understated by approximately \$379,000, and asset and additions balances for custodial funds being understated by approximately \$3.2 million. Since these errors did not result in material misstatements to the affected opinion units, no revisions were submitted to the DOA.

- Several errors were identified in the calculation and allocation of custodial fund beginning balances and financial activities for the Motor Fuel Tax and Bonds Non-State Fund and the Sales and Use Tax Non-State Fund. If these errors had not been identified during the audit, certain Custodial Funds - Program balances would have been misstated in the ACFR as noted in the table below.

Account Type	Custodial Funds - Program Overstated/(Understated)
Assets	\$(56,779,000)
Additions	\$(49,851,000)
Deductions	\$ 24,945,000

After we identified the errors and discussed them with DOR personnel, the Administration Division submitted revised reports to the DOA and the DOA made the corrections prior to completing the ACFR.

- Additional errors were identified in the custodial fund schedules for the Motor Fuel Tax and Bonds Non-State Fund and the Sales and Use Tax Non-State Fund. In total, the asset and additions balances for these funds were overstated by approximately \$63 million in the custodial fund schedules. After we identified the errors and discussed them with DOR personnel, the Administration Division submitted revised reports to the DOA. Because the misstatements were not material to the affected opinion unit, the DOA made no corrections to the ACFR.

In response to our finding in the previous audit, DOR personnel indicated their corrective action included performing an evaluation of their current ACFR reporting process and establishing a new two-step review process for all financial reports submitted to the DOA and the State Auditor's Office. However, the DOR's newly implemented review process did not detect the errors noted above.

It is essential the DOR strengthen controls and procedures to prepare and submit accurate financial reports to the DOA. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states management is responsible for the design, implementation, and operating effectiveness of the internal control system

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

and the control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The DOR strengthen controls and procedures to prepare and submit accurate financial reports to the DOA.

## Auditee's Response

*The DOR understands the auditor's finding. The DOR wants to reassure our customers that the finding does not have any effect or added cost to them. Our Corrective Action Plan includes our planned actions to address the finding.*

### **FS2022-002.**

#### **Department of Social Services Financial Reporting Controls - Medicaid Payments**

The Department of Social Services (DSS) - MO HealthNet Division (MHD) does not have adequate controls and procedures over financial reporting of Medicaid payment data. As a result, Medicaid payment data submitted to the Office of Administration - Division of Accounting (DOA) and used to estimate Medicaid accounts receivable and payable for inclusion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022, was misstated. If the misstatements had not been identified during the audit, Government Wide - Governmental Activities and General Fund accounts receivable would have been understated by approximately \$23 million and accounts payable would have been understated by approximately \$60 million in the ACFR.

To compile and submit Medicaid payment data to the DOA, MHD personnel extract payment information from the statewide accounting (SAM II) system, management reports from the Medicaid Management Information System (MMIS), and various payment documents. The DOA uses the payment data to estimate Medicaid accounts receivable and accounts payable amounts for inclusion in the ACFR.

For the year ended June 30, 2022, the MMIS management reports did not include payments beginning in October 2021, on behalf of the Medicaid Adult Expansion Group, a new population that became eligible with the Medicaid expansion effective as of July 1, 2021. As a result, MHD personnel did not include approximately \$538 million in the Medicaid payments report to the DOA. The error occurred because some MMIS management reports were not updated with the Medicaid expansion, and MHD and DSS - Division of Finance and Administrative Services (DFAS) supervisory reviews did not detect the missing payment information.

After we identified the issue and discussed it with department officials, DFAS personnel submitted a revised Medicaid payment report to the DOA. If the report had not been revised, accounts receivable would have been understated by approximately \$23 million and accounts payable would have been understated by approximately \$60 million.

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

It is essential the DSS strengthen controls and procedures to prepare and submit accurate Medicaid payment reports to the DOA. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states that management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The DSS through the MHD and the DFAS strengthen controls and procedures to prepare and submit accurate Medicaid payment reports to the DOA.

## Auditee's Response

*The DSS agrees with the State Auditor's Office's recommendation. The Corrective Action Plan includes the department's planned actions to address the finding. MO HealthNet and Research and Evaluation staff have worked together to update coding on the reports used in the creation of the Annual Comprehensive Financial Report to include the Medicaid Expansion group.*

### **FS2022-003. Department of Social Services Financial Reporting Controls - Medicaid Accounts Receivable**

The Department of Social Services (DSS) - MO HealthNet Division (MHD) does not have adequate controls and procedures over financial reporting of accounts receivable. As a result, Medicaid drug rebate accounts receivable data submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, Government Wide - Governmental Activities and General Fund net accounts receivable and related liability balances would have been overstated by approximately \$30.6 million in the ACFR.

The MHD reports various accounts receivable data, including data related to drug manufacturer rebates for Medicaid pharmacy claims, to the DOA. To compile drug rebate accounts receivable data, MHD personnel extract and enter financial information from Medicaid Management Information System (MMIS) accounts receivable summary reports into a spreadsheet. Because the MMIS report activity and balances are cumulative through the date the reports are generated, MHD personnel adjust the spreadsheet to reflect the MMIS report ending balance and activity for transactions after June 30.

Our review of the drug rebate accounts receivable spreadsheet for the year ended June 30, 2022, identified multiple errors. MHD personnel did not increase the MMIS report ending accounts receivable balance for \$13 million in collections made after June 30, 2022. In addition, MHD personnel made \$43 million of data entry errors. These errors resulted in the Medicaid drug rebate net accounts receivable and related liability balances being overstated by approximately \$30.6 million.

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

While MHD and DSS - Division of Finance and Administrative Services (DFAS) personnel stated they reviewed the spreadsheet and accounts receivable report for accuracy and completeness prior to submission to the DOA, their reviews did not detect the errors. After we identified the spreadsheet errors and discussed them with department officials, DSS personnel corrected the spreadsheet and submitted a revised accounts receivable report to the DOA.

It is essential the DSS strengthen controls and procedures to prepare and submit accurate accounts receivable reports to the DOA. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states that management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The DSS through the MHD and the DFAS strengthen controls and procedures to prepare and submit accurate Medicaid accounts receivable reports to the DOA.

## Auditee's Response

*The DSS agrees with the State Auditor's Office's recommendation. The Corrective Action Plan includes the department's planned actions to address the finding. MO HealthNet staff will examine the methodology used in the creation of the Medicaid accounts receivable report and will adjust accordingly. MO HealthNet and DFAS staff will continue to ensure reviews are completed.*

### **FS2022-004. Department of Social Services Financial Reporting Controls - Accounts Payable**

The Department of Social Services (DSS) - Division of Finance and Administrative Services (DFAS) does not have adequate controls and procedures over financial reporting of accounts payable. As a result, accounts payable data submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, Government Wide - Governmental Activities and General Fund accounts payable would have been overstated by approximately \$5.9 million in the ACFR.

To compile the accounts payable balances for the ACFR, the DOA provides the DFAS a statewide accounting (SAM II) system report of transactions coded as year-end accounts payable. DFAS personnel are to review the transactions and supporting documentation, and prepare and submit to the DOA a report of adjustments that need to be made to the report, plus

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

additional accounts payable balances associated with non-SAM II transactions.

For the year ended June 30, 2022, the DFAS reviewed significantly fewer SAM II transactions for accounts payable reporting purposes than in previous years. As a result, the DFAS did not identify adjustments, totaling approximately \$1.3 million, needed to reduce amounts in the SAM II system report. Adjustments were needed for transactions incorrectly coded in the SAM II system and for transactions that should have been excluded from the DOA SAM II system report. DFAS personnel indicated procedural changes were made to save time and improve efficiencies.

Also, the DFAS did not accurately determine additional non-SAM II transactions that needed to be reported. As a result, the DFAS overstated additional non-SAM II accounts payable by approximately \$4.6 million. DFAS personnel indicated multiple new DFAS team members were involved in the reporting process this year and documented procedures did not include a necessary step in that process. Supervisory reviews did not detect the overstatement.

After our inquiries, DFAS personnel submitted to the DOA a revised additional accounts payable report. The revision resolved the SAM II system and non-SAM II transaction overstatements totaling approximately \$5.9 million.

It is essential the DFAS strengthen controls and procedures to prepare and submit accurate accounts payable reports to the DOA. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states that management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The DSS through the DFAS strengthen controls and procedures to prepare and submit accurate accounts payable reports to the DOA.

## Auditee's Response

*The DSS agrees with the recommendation. In prior years, the ACFR Accounts Payable (AP) procedures in place took a significant amount of staff time to complete. Therefore, the DSS did change the procedures starting with the state fiscal year (SFY) 2022 reporting. The updated procedures were designed to align with those of other state departments with the overall goal to improve efficiencies within the Accounts Payable Unit. This change, in return, allowed for enhanced processes in other areas of the unit.*

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

*Upon feedback from the State Auditor's Office, the DSS did further refine the procedures for the SFY 2022 reporting. With the refined procedures, the DSS did submit revised ACFR AP reports to the Division of Accounting.*

*Effective January 9, 2023, the DSS Accounts Payable staff started including the service dates and/or received dates on the Line Description field of the payment in preparation of the completion of the SFY 2023 ACFR. Effective February 2023, the DSS has updated the written ACFR AP procedures to document the changes made.*

**FS2022-005.**  
**Department of Natural**  
**Resources**  
**Financial Reporting**  
**Controls**

The Department of Natural Resources (DNR) does not have adequate controls and procedures over financial reporting of loans receivable. As a result, the loans receivable balance submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022, was misstated. If the misstatement had not been identified during the audit, the Government Wide - Governmental Activities and Conservation and Environmental Protection Fund loans receivable balance would have been overstated by approximately \$27.5 million in the ACFR.

To compile and submit loans receivable data to the DOA, DNR accounting personnel obtain and compile loans receivable information from State Revolving Fund reports and the statewide accounting (SAM II) system. For the year ended June 30, 2022, DNR accounting personnel incorrectly included certain future loan principal repayments twice. As a result, the loans receivable balance reported to the DOA was overstated by approximately \$27.5 million. This error was not detected during the supervisory review of the loans receivable financial report provided to the DOA. The error was identified during our audit after DOA and State Auditor's Office personnel requested the DNR explain a large variance between the reported June 30, 2022, loans receivable balance and prior year's balance. DNR accounting personnel subsequently submitted a corrected loans receivable financial report to the DOA.

DNR officials stated the error occurred without detection due to human error and a significant increase in workload. DNR officials indicated they have taken steps to minimize the risk of future misstatements, including additional procedures to verify reporting accuracy and analyze identified variances prior to the submission of loans receivable financial reports to the DOA.

The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states that management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The DNR ensure established and newly implemented controls and procedures over loans receivable financial reporting are operating as designed.

## Auditee's Response

*Department management agrees with the recommendation. In the future, we will ensure duplicate entries are not included in the information compiled from the State Revolving Fund System Reports and that the totals reconcile to the SAM II system prior to submission of the loans receivable ACFR survey to the DOA.*

### **FS2022-006.** **Office of Secretary of State** **Financial Reporting** **Controls**

The Office of Secretary of State (SOS) does not have adequate controls and procedures over financial reporting of accounts receivable. As a result, civil penalty accounts receivable data submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022, was misstated. If the resulting misstatements had not been identified during the audit, Government Wide - Governmental Activities and Public Education Fund net accounts receivable and related liability balances would have been overstated by at least \$9.7 million in the ACFR.

The SOS has not established procedures to analyze and estimate civil penalty uncollectible amounts for financial reporting purposes. Each year, the SOS reports \$0 uncollectible, although the SOS historically collects only a small portion of the balance. For the year ended June 30, 2022, the SOS reported civil penalty gross accounts receivable of \$19.4 million, \$0 uncollectible, and net accounts receivable of \$19.4 million, although annual collections only averaged \$9,000 during the last 5 fiscal years. The table below shows civil penalty accounts receivable balances reported to the DOA as well as actual collections during the 5 fiscal years ended June 30, 2022.

Fiscal Year	Amounts Reported to the DOA:			Actual Collections
	Gross Accounts Receivable	Uncollectible Amount	Net Accounts Receivable	
2018	\$ 5,993,779	0	5,993,779	\$ 11,149
2019	7,012,992	0	7,012,992	13,588
2020	7,275,371	0	7,275,371	19,121
2021	13,604,734	0	13,604,734	637
2022	19,414,209	0	19,414,209	525
Total				\$ 45,020

Paragraph 21 of the Governmental Accounting Standards Board (GASB) Statement No. 33, requires recognition of receivables and revenues net of estimated uncollectible amounts. SOS personnel indicated they do not

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

estimate and report uncollectible amounts to the DOA because they do not intend to write off any amounts due. However, this approach is not in accordance with accounting standards for financial reporting, does not consider the likelihood of collection, and overstates the value of accounts receivable and related liability balances in the ACFR. Furthermore, estimating uncollectible amounts for financial reporting purposes is independent of any actual write offs of amounts due.

Because uncollectible amounts were not estimated and reported, the net accounts receivable and related liability balances reported to the DOA were overstated for the year ended June 30, 2022. After we identified and discussed the issue with SOS and DOA personnel, DOA personnel estimated a civil penalties uncollectible amount of \$9.7 million (50 percent of gross accounts receivable), calculated corrected net accounts receivable and related liability balances of \$9.7 million, and corrected the Government Wide - Governmental Activities and Public Education Fund opinion units of the ACFR prior to its completion. Therefore, the net accounts receivable and related liability balances reported to the DOA by the SOS were overstated by at least \$9.7 million.

It is essential the SOS establish controls and procedures to prepare and submit accurate accounts receivable reports to the DOA. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states that management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The SOS implement controls and procedures to prepare and submit accurate accounts receivable reports to the DOA.

## Auditee's Response

*The agency does not agree with the audit finding and corrective action is not required. Explanation and specific reasons are as follows:*

*The SOS reported to the DOA an accurate amount of fines and penalties owed and will not misrepresent what is owed to aggrieved Missourians. The State Auditor's Office notes the estimation of uncollectibles is for financial reporting purposes only. As the ACFR is a product of the DOA, the SOS does not control how the financial report is presented. The SOS disagrees with the selective reading of the GASB Statement No. 33. Each year the SOS is required to report the amount of civil penalties listed as receivables to the DOA for inclusion in the ACFR. These amounts are owed by violators of securities laws enforced by the SOS Securities Division. All receivables*

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

*related to said violators are valid penalties until paid for by the bad actors who committed the violations.*

## Auditor's Comment

The language of Paragraph 21 of GASB Statement No. 33 clearly requires the SOS to recognize receivables net of estimated uncollectible amounts. Not doing so results in an accounts receivable balance that would overstate the net position of the Government Wide - Governmental Activities and Public Education Fund opinion units in the ACFR. Acknowledging that a portion of the receivables in question is unlikely to be collected and estimating an uncollectible amount does not reduce or eliminate the amounts owed; rather, such estimation is necessary to ensure the net position of the related opinion units is accurately stated in accordance with GASB guidance.

### **FS2022-007. Department of Labor and Industrial Relations Financial Reporting Controls**

The Department of Labor and Industrial Relations (DOLIR) does not have adequate controls and procedures over financial reporting of Unemployment Compensation Fund (UCF) financial activities. As a result, some balances submitted to the Office of Administration - Division of Accounting (DOA) for inclusion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022, were misstated. In addition, the financial reports were not submitted timely to the DOA.

DOLIR staff extract and use various information from the UInteract system to prepare UCF trial balances. The DOLIR is to submit the trial balances, along with other financial information, to the DOA by August 15 each year. Our review of the UCF trial balance and supporting documentation for the year ended June 30, 2022, noted the following errors and delays:

- The net position balance was overstated by approximately \$8 million. This misstatement occurred because the DOLIR incorrectly restated the June 30, 2021, (prior year) net position balance.

After our inquiries, DOLIR personnel submitted a revised UCF trial balance to the DOA, and the DOA made the necessary corrections prior to completing the ACFR. If the misstatement had not been identified during the audit, the Government Wide - Business-Type Activities and UCF ending net position balance would have been overstated by approximately \$8 million.

- The DOLIR incorrectly recorded accounts receivable totaling approximately \$2.5 million as accounts payable. This amount represents excess transfers of penalties from the UCF to the Special Employment Security Fund that needed to be refunded back to the UCF fund. This error caused accounts payable to be overstated and accounts receivable to be understated by approximately \$2.5 million, in the trial balance. Because the misstatements were not material to the affected opinion units, the DOA made no corrections to the ACFR.

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

- The DOLIR submitted the UCF trial balance to the DOA significantly past the due date of August 15, 2022. The DOLIR submitted a preliminary trial balance on October 31, 2022, and revised final trial balances on November 9, 22, and 30, 2022. The delayed submission of the trial balance and other financial records negatively impacted the completion of both the ACFR and the ACFR audit.

DOLIR supervisory reviews did not detect the errors noted above. DOLIR personnel indicated the errors and delays occurred due to staff turnover and they are currently implementing additional monthly reviews to help identify and correct issues timely.

It is essential the DOLIR strengthen controls and procedures to prepare and submit accurate and timely UCF financial reports to the DOA. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states that management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The DOLIR strengthen controls and procedures to prepare and submit accurate and timely UCF financial reports to the DOA.

## Auditee's Response

*The DOLIR agrees with the finding and has corrected the net position misstatement. The misstatement is related to increased volume of COVID-19 pandemic unemployment programs, when the department was processing an unprecedented amount of benefits and time did not allow for adequate review and corrections. The DOLIR is working with the Office of Administration Information Technology Services Division to generate financial data queries to compare UInteract monthly and yearly reports, which will allow the DOLIR to review and correct discrepancies sooner and will prevent future delays and allow for timely reporting.*

### **FS2022-008. Office of Administration Financial Reporting Controls - Fund Balance Classifications**

The Office of Administration - Division of Accounting (DOA) does not have adequate controls and procedures over classification of ending fund balances. If a fund balance classification error had not been corrected, the Government Wide - Governmental Activities and General Fund restricted fund balance would have been overstated, and the unassigned fund balance would have been understated, by approximately \$1.4 billion in the State of Missouri Annual Comprehensive Financial Report (ACFR) for the year ended June 30, 2022.

The DOA classifies fund balances as nonspendable, restricted, committed, assigned, or unassigned. Restricted fund balances are amounts that are

---

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

---

restricted for a specific purpose due to constraints that are externally imposed by creditors, grantors, contributors, laws and regulations of other governments, or laws through constitutional provisions or enabling legislation. Unassigned fund balances are amounts that do not meet the criteria for nonspendable, restricted, committed, or assigned.

Each year, the DOA performs a fund analysis that determines the classification for various funds. The fund balance classifications are then updated in the statewide accounting (SAM II) system, if necessary. If the analysis is completed after the SAM II system has been closed for the fiscal year, the DOA must manually update the fund balance classifications in the ACFR working papers and trial balances so that the fund balance classifications are accurately stated in the ACFR.

For the year ended June 30, 2022, DOA personnel did not update a trial balance for the results of the fund balance classification analysis for 4 funds within the General Fund. Each of these funds was initially classified in the SAM II system as a restricted fund. In the analysis performed in September 2022, after the SAM II system was closed for fiscal year 2022, the funds were determined to be classified as unassigned funds. Because DOA personnel did not update the classifications in the trial balances, the fund balances for these 4 funds were incorrectly classified in the draft ACFR. This resulted in an overstatement of the restricted fund balance and an understatement of the unassigned fund balance by approximately \$1.4 billion, in the draft Government Wide - Governmental Activities and General Fund. This error was not identified in the DOA's initial supervisory review of the draft ACFR. After we brought the classification error to the DOA's attention, DOA personnel made corrections to the trial balances prior to completing the ACFR.

The State Auditor's Office (SAO) performs the annual ACFR audit concurrently with the DOA's completion of the ACFR. The ACFR is normally published no later than late January each year; however, the ACFR for the year ended June 30, 2022, was not published until March 24, 2023. We normally communicate significant errors to the DOA after DOA personnel have performed their final supervisory review of the ACFR. However, in an effort to prevent further delays and minimize inefficiencies, we informed the DOA of the fund balance classification error after DOA personnel had performed their initial, but not final, supervisory review. We brought the error to the DOA's attention on January 31, 2023, after DOA supervisory personnel had provided the draft General Fund trial balances to auditors (January 13, 2023) and uploaded the draft ACFR to the Electronic Municipal Market Access (EMMA®) service (January 24, 2023). DOA personnel's final supervisory review of the ACFR was completed on March 6, 2023.

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

It is essential the DOA strengthen controls and procedures for classifying ending fund balances in the ACFR. The *Standards for Internal Control in the Federal Government*, issued by the Comptroller General of the United States, states that management is responsible for the design, implementation, and operating effectiveness of the internal control system and that control activities should be designed to achieve objectives and respond to risks. Such controls would allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements.

## Recommendation

The DOA strengthen controls and procedures to ensure proper classification of ending fund balances in the ACFR.

## Auditee's Response

*While the DOA agrees that there was an error in the draft document, the DOA disagrees with the SAO's finding that the DOA has inadequate internal controls because the DOA was not allowed to complete its internal audit process.*

## Auditor's Comment

DOA personnel provided auditors the draft ACFR and many supporting working papers significantly later than in previous years. As noted in the finding, we brought the error to the DOA's attention after their initial supervisory review had been performed and the DOA had uploaded the draft ACFR to the EMMA® service. At that time, we estimated the ACFR would be issued no sooner than early March 2023. Therefore, we communicated the error to the DOA at that time, rather than waiting several weeks and risking further delay of the ACFR issuance. Had the DOA completed and reviewed the items more timely, and caught and corrected this error, the SAO would not have issued a finding.

### **FS2022-009. Office of Administration SAM II Transaction Approvals**

As noted in our Statewide Accounting System Internal Controls audit,<sup>4</sup> Office of Administration (OA) management has not fully corrected a weakness in the Statewide Advantage for Missouri (SAM II) Financial system security settings that allows users to create a transaction and then apply approval to the same transaction without review or additional approval from another party.

Each user account in the SAM II Financial system is assigned certain rights and privileges from a list of available options, including the authority to create and approve transactions. The OA is also able to assign rules to transactions to specify approvals necessary based on dollar value and transaction type. If a user is allowed rights to both create and approve a transaction, and these rights satisfy the rules established for the transaction, the user would be able

<sup>4</sup> See Management Advisory Report finding number 1.2 in Report No. 2023-001, *Statewide Accounting System Internal Controls*, issued in February 2023.

---

State of Missouri - Annual Comprehensive Financial Report  
Report on Internal Control, Compliance, and Other Matters  
Schedule of Findings and Responses

---

to create and approve the same transaction without review or additional approval from an independent party. While OA management has taken steps to limit this risk, we identified 2 SAM II Financial system user accounts had authority to enter and approve the same expenditure transaction as of April 2022.

OA management indicated the authority for both users to enter and approve transactions was unintended. Such authority began when the OA enabled (and ended when the OA later disabled) statewide system access for both users. Such access was intended to temporarily support the state's processing and oversight of Coronavirus Relief Fund transactions. However, while enabled, this access, combined with the users' pre-existing rights, provided the users the authority to enter and approve transactions. We confirmed that neither user had both entered and approved any transactions inappropriately during their respective 2 and 9 month period with such authority.

Allowing users to approve their own transactions without another approval increases the risk that inappropriate or unauthorized transactions may be processed.

## Recommendation

The OA continue to eliminate the risk of users approving transactions they create and establish policies to ensure future users are not granted this ability.

## Auditee's Response

*OA will continue providing oversight of user accounts.*

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Atchison County, Missouri

The Office of the State Auditor contracted for an audit of Atchison County's financial statements for the 2 years ended December 31, 2021, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CR Williams & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

Scott Fitzpatrick  
State Auditor

May 2023  
Report No. 2023-021

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

---

### Recommendations in the contracted audit of Atchison County

2021-01

Every time the county receives new funds, they should set a formal budget even on interim period.

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and Officeholders  
The County of Atchison, Missouri

### **Unmodified and Adverse Opinions**

We have audited the accompanying financial statements of the Atchison County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash and Investment Balances- All Governmental Funds – Regulatory Basis , Comparative Statements of Receipts, Disbursements, Changes in Cash and Investment Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, and 2020, and the related notes to the financial statements.

### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, Statement of Receipts, Disbursements and Changes in Cash and Investment Balances- All Governmental Funds – Regulatory Basis , Comparative Statements of Receipts, Disbursements, Changes in Cash and Investment Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, and 2020, in accordance with the financial reporting provisions of Missouri Law described in Note I.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021, and 2020, or changes in net position and cash flows thereof for the years then ended.

### **Basis for Unmodified and Adverse Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinion.

### **Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note I of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note I and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Atchison County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Atchison County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Atchison County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2023, on our consideration of Atchison County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Atchison County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Atchison County, Missouri's internal control over financial reporting and compliance.

*CRWilliams & Associates LLC*  
St. Louis, Missouri

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Atchison, Missouri ("County") is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Atchison County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County's legal entity.

Certain elected County officials, particularly the Collector and Treasurer, collect and hold monies in a trustee capacity as an agent of individuals, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are included in the Statements of Assets and Liabilities Arising from Cash Transactions – Agency Funds – Regulatory Basis.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri law, which include a Statement of Receipts, Disbursements and Changes in Cash and Investment Balances – All Governmental Funds, a Comparative Statement of Receipts and Disbursements – Budget and Actual – All Governmental Funds, and a Statement of Assets and Liabilities Arising from Cash Transactions – Agency Funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation (concluded)

Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

Fiduciary Fund Types

*Agency* – Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units. Agency funds are accounted for and reported similarly to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

As a result of using this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, the County adopts a budget for each governmental fund.
2. On or before second Monday in January, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements.
7. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of formal budget is required by law. No budget on American Rescue Plan Act Fund as this Fund was newly created in 2021.
10. State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Property Taxes

Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in October and November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2021 and 2020, for purposes of taxation were:

	2021	2020
Real Estate	\$ 117,023,489	\$ 100,287,890
Personal Property	40,199,477	33,607,866
Railroad and Utilities	26,015,485	24,524,567
	<u>\$ 183,238,451</u>	<u>\$ 158,420,323</u>

For calendar years 2021 and 2020, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2021	2020
General Revenue	\$ 0.4928	\$ 0.4957
Special Road and Bridge	0.4928	0.4957
Senate Bill 40 Board	0.0986	0.0992
Senior Citizens Service Board	0.0492	0.0495
County Special Road	0.3500	0.3613

In addition to the levies above, the County assesses a \$0.50 levy to every agricultural acre in Atchison County to be used solely for rock. The property tax revenues of the Special Road & Bridge Fund consist of 58% of the collections from the Road & Bridge and Special Road & Bridge levies.

F. Cash and Investments

Deposit and cash equivalents are stated at cost, which approximates the market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or any instrumentality thereof, certain municipal bonds authorized by

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Cash and Investments (continued)

Missouri statute, or time certificates of deposit. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent and investment balances are presented in Note II.

G. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting.

Legally required transfers are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

II. CASH AND CASH INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed as "Cash and Investments" under each fund's caption. Deposits with maturities greater than three months are considered investments. In addition, cash and investments are separately held by several of the County's funds. Investments of the County consist of certificates of deposit with local banking institutions.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021, and 2020, the carrying amount of the County's deposits and investments were \$ 4,798,255 and \$ 4,369,909, and the bank balance was \$ 4,827,216 and \$ 4,388,972, respectively. The total bank balances as of December 31, 2021, and 2020 were insured through the Federal Deposit Insurance Corporation and securities set by the County's financial institutions.

SUMMARY OF CARRYING VALUES

The carrying values of deposits and investments shown above are included in the financial statements at December 31, 2021, as follows:

THE COUNTY OF ATCHISON  
 ROCK PORT, MISSOURI  
 NOTES TO THE FINANCIAL STATEMENTS  
 DECEMBER 31, 2021 AND 2020

II. CASH AND CASH INVESTMENTS (continued)

Statements of Receipts, Disbursements and Changes in Cash and Investment Balances	
Deposits and cash equivalents	\$ 4,798,255
Investments	-
Total Governmental Funds	\$ 4,798,255

Statement of Assets and Liabilities Arising from Cash Transactions – Agency Funds:	
Deposits	\$ 9,666,213
Investments	2,000
Total Agency Funds	9,668,213
Total Deposits and Investments as of December 31, 2021	\$ 14,466,468

The carrying values of deposits and investments shown above are included in the financial statements at December 31, 2020, as follows:

Statements of Receipts, Disbursements and Changes in Cash and Investment Balances	
Deposits and cash equivalents	\$ 4,369,909
Investments	-
Total Governmental Funds	\$ 4,369,909

Statement of Assets and Liabilities Arising from Cash Transactions – Agency Funds:	
Deposits	\$ 7,669,942
Investments	11,000
Total Agency Funds	7,680,942
Total Deposits and Investments as of December 31, 2020	\$ 12,050,851

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's investment policy does not include custodial credit risk requirements. The County's deposits were not exposed to custodial credit risk for the years ended December 31, 2021, and 2020.

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

II. CASH AND CASH INVESTMENTS (concluded)

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments. All investments, evidenced by individual securities, are registered in the name of the County or of a type not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government). The County has no policy in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities. The County's investments were not exposed to concentration of investment credit risk for the years ended December 31, 2021, and 2020.

III. COUNTY EMPLOYEES' RETIREMENT PLANS

A. Missouri Local Government Employees Retirement System (LAGERS)

1) Plan Description

Atchison County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, [www.molagers.org](http://www.molagers.org).

2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

3) Funding Policy

Full-time employees of Atchison County do not contribute to the pension plan. The June 30th statutorily required contribution rates were 16% and 15.8% (General), and 8% and 7.7% (Police) of annual covered payroll for 2021 and 2020 respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the years ended December 31, 2021 and 2020, the County contributed \$279,032.45 and \$263,096.26 to LAGERS.

4) Funding Status

As of February 28, 2021, the accrued liabilities exceeded the actuarial value of assets of the plan by \$629,557 for the General division and the actuarial value of assets exceeded the accrued liabilities by \$154,977 for the Police division. As of February 29, 2020, the accrued liabilities exceeded the actuarial value of assets of the plan by \$868,685 for the General division and the actuarial value of assets exceeded the accrued liabilities by \$101,078 for the Police division. These net pension assets and liabilities are not recognized in the cash basis financial statements of the County.

B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions.

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

The County has elected not to make contributions on behalf of employees. During 2021 and 2020, the County collected and remitted to CERF employee withholding and fees collected of \$124,834 and \$122,088, respectively, for the years then ended.

C. Prosecuting Attorney Retirement Fund

In accordance with state statute Section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 and \$3,366, respectively, for the years ended December 31, 2021 and 2020.

IV. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. No employee participated in COBRA as of the years ended December 31, 2021 and 2020.

V. CLAIMS, COMMITMENT AND CONTINGENCIES

A. Compensated Absences

The County provides full-time employees with up to 180 days of sick time, to accrue at one day per complete calendar month of employment. Upon termination, employees are compensated for up to 173 hours of accrued sick time. Vacation time is accrued for every full-time employee and accrues at the rate of 48 hours per year up to 216 hours per year depending on length of employment. However, employees may only carry over a maximum of two years' worth of vacation hours from one year to the next. Any days accrued in excess of two years will be forfeited as they are earned. Upon termination, employees are compensated for up to 173 hours of unused vacation time.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

C. Landfill

The County owns a solid waste disposal area and is obligated in the amount of \$262,658 to the Missouri Department of Natural Resources upon failure to close and/or provide post-closure care of the solid waste disposal area. At December 31, 2021, the County is not aware of any current obligation, however, any future obligations or liabilities related to the solid waste disposal area are unknown.

VI. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. Insurance is obtained from commercial insurance companies. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

VII. CAPITAL LEASES

On May 7, 2015, the County Commission entered into a \$196,650 capital lease with John Deere Financial for the lease purchase of a 2015 John Deere 672G Motor Grader at a nominal interest rate of 3.0%. The lease term is effective from May 13, 2015 to May 13, 2020, with five annual lease payments of \$42,995.

The following schedule shows changes in long-term debt outstanding during the year December 31, 2020:

DESCRIPTION	Balance 12/31/2019	Additions	Payments	Balance 12/31/2020	Interest Paid 2020
Motor Grader	\$ 42,461	\$ -	\$ 42,461	\$ -	\$ 534

THE COUNTY OF ATCHISON  
 ROCK PORT, MISSOURI  
 NOTES TO THE FINANCIAL STATEMENTS  
 DECEMBER 31, 2021 AND 2020

VIII. INTERFUND TRANSFERS

Transfers between funds for the years ended December 31, 2021, and 2020, are as follows:

	2021		2020	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue Fund	\$ 20,312	\$ 560,000	\$ 45,671	\$ 510,000
Special Road and Bridge Fund	24,174	23,000	21,383	23,000
Assessment Fund	30,000	6,000	30,000	6,000
Law Enforcement Sales Tax Fund	500,000	20,000	450,000	20,000
Landfill Fund	-	1,000	-	1,000
Multi-Purpose Election Fund	-	-	-	950
Emergency Management Fund	-	23,879	-	25,450
Collector's Tax Maintenance Fund	-	2,000	-	29,000
Economic Development Fund	-	42,649	-	37,725
Senate Bill 40 Board Fund	2,843	-	2,515	-
911 Fund	21,879	10,000	21,450	10,000
Senior Citizens Services Board Fund	1,420	100	1,256	100
Health Reimbursement Fund	88,000	-	90,000	-
Election Services Fund	-	-	950	-
TOTAL	<u>\$ 688,628</u>	<u>\$ 688,628</u>	<u>\$ 663,225</u>	<u>\$ 663,225</u>

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

IX. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2021 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through March 29, 2023, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

## **COMPLIANCE SECTION**

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the County Commission and Officeholders  
Atchison County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Atchison County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash and Investment Balances - All Governmental Funds -Regulatory Basis and the Statements of Assets and Liabilities Arising From Cash Transactions – Agency Funds - Regulatory Basis as of December 31, 2021 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash and Investment Balances - Budget and Actual – All Governmental Funds - Regulatory Basis as of and for the year ended December 31, 2021 and 2020 and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 29, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Atchison County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Atchison County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Atchison County, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses or significant deficiencies. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Atchison County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* as described in the accompanying schedule of findings and responses as item 2021-01.

## **Atchison County, Missouri's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Atchison County, Missouri's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The Atchison County, Missouri's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*CRWilliams & Associates LLC*

St. Louis, Missouri  
March 29, 2023

THE COUNTY OF ATCHISON  
ROCK PORT, MISSOURI  
SCHEDULE OF FINDINGS AND RESPONSES  
YEARS ENDED DECEMBER 31, 2021 AND 2020

---

**FINANCIAL STATEMENT FINDINGS**

2021-01: NO FORMAL BUDGET SET FOR AMERICAN RESCUE PLAN ACT FUND

**Condition:** The County has no budget on American Rescue Plan Act Fund for 2021.

**Criteria:** In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund. Adoption of a formal budget is required by law.

**Cause:** This fund was newly created in 2021. Thus, formal budget was scheduled to be set in January 2022.

**Effect:** This condition is a violation of the budgetary policies. This violation will lead to overspending of funds.

**Recommendation:** We recommend that every time the County receives new funds, they should set a formal budget even on interim period.

**Management's Response:** Corrective action has been taken. We will implement a budget for new funding streams upon acceptance.

Management's Response for Financial Statement Findings

2021-01: NO FORMAL BUDGET SET FOR SOME FUNDS

Condition: At the end of 2020, and the beginning of 2021 the County had no knowledge of ARPA Funding that would be allocated to the County.

Criteria: The Revenue did come into the county at the end of 2021, but no funds were expensed from the ARPA money during 2021.

Cause: A formal budget for ARPA was part of the budget that was set and adopted in 2022. It is outlined in the budget message as well.

Recommendation: Corrective action has been taken. We will implement a budget for new funding streams upon acceptance. Upon Budget Approval the county allows each department head and elected officials the ability to make purchases for their department. All purchases are approved by the commission and departments are not allowed to exceed their overall budget. Monitoring is in place to alert the Clerk's office if anyone is over budget, as well as reviewing financial expenditure reports on at least a monthly basis.

Susette M. Taylor  
Atchison County Clerk

### Polk County Collector and Property Tax System

Report No. 2023-020

May 2023

[auditor.mo.gov](http://auditor.mo.gov)

**Scott Fitzpatrick**  
Missouri State Auditor

# CITIZENS SUMMARY

## Findings in the audit of the Polk County Collector and Property Tax System

Background	The County Collector bills and collects property taxes for the county and most local governments. Debbi McGinnis served as County Collector until July 4, 2022. Rachel Boyce was appointed the Polk County Collector and sworn into office on July 5, 2022.
Additional Comments	The audit identified no significant deficiencies in internal controls and no significant noncompliance with legal provisions. No findings resulted from the audit.

In the areas audited, the overall performance of this entity was **Excellent**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	4
---	---

## SCOTT FITZPATRICK MISSOURI STATE AUDITOR

County Commission  
and  
County Collector  
Polk County, Missouri

We have audited the County Collector and Property Tax System of Polk County. Section 52.150, RSMo, requires the State Auditor to audit the office of the County Collector after being notified of a vacancy in that office. On July 4, 2022, a vacancy occurred in the office of the County Collector of Polk County. A successor was appointed and sworn into office effective July 5, 2022. The scope of our audit included, but was not necessarily limited to, the period of March 1, 2022, to July 4, 2022, and the year ended February 28, 2022. The objectives of our audit were to:

1. Evaluate the county's internal controls over significant property tax functions.
2. Evaluate the county's compliance with certain legal provisions.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We reviewed receipt and disbursement transactions, addition and abatement activity, commissions, and the annual settlement; and performed sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the County Collector and county management and was not subjected to the procedures applied in our audit of the County Collector and Property Tax System.

Section 52.150, RSMo, requires the County Commission to accept the State Auditor's report and, if necessary, to take certain specific actions if the State Auditor finds any funds owed to the county or the former County Collector. For the areas audited, we identified (1) no significant deficiencies in internal controls and (2) no significant noncompliance with legal provisions. No findings resulted from our audit of the County Collector and Property Tax System of Polk County.

A handwritten signature in black ink, reading "Scott Fitzpatrick". The signature is written in a cursive, flowing style with a large initial "S" and "F".

Scott Fitzpatrick  
State Auditor

# Polk County Collector and Property Tax System

## Organization and Statistical Information

---

The County Collector bills and collects property taxes for the county and most local governments. Pursuant to Section 52.015, RSMo, the term for which collectors are elected expires on the first Monday in March of the year in which they are required to make their last final settlement for the tax book collected by them. Annual settlements are to be filed with the county commission for the fiscal year ended February 28 (29).

Debbi McGinnis served as County Collector until July 4, 2022. Rachel Boyce was appointed the Polk County Collector and sworn into office on July 5, 2022.

The County Collector received compensation of \$20,172 for the period March 1, 2022, through July 4, 2022. During the year ended February 28, 2022, the County Collector received compensation of \$43,615. Compensation was in accordance with statutory provisions.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 98 political subdivisions required to file a financial report by March 31, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in March 2023, after their filing deadline. The filing status for these 17 entities is presented in summary on page 3 and by individual entity in Appendixes B to F.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

Scott Fitzpatrick  
State Auditor

## March 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 98 political subdivisions, other than cities, towns, and villages, with a fiscal year end of September 30, 2022. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 98 political subdivisions, 88 filed an annual financial report timely.

This report also includes the filing status for 17 political subdivisions, other than cities, towns, and villages, that filed their financial report in March 2023, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by March 31, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 63 cities and 2 villages is presented in summary on page 4 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in March 2023, after their filing deadline. The filing status for these 23 cities and 10 villages is presented in summary on page 4 and by individual entity in Appendixes B to F.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive style with a large, stylized "S" and "F".

Scott Fitzpatrick  
State Auditor

# Monthly Report on Municipal Court and Revenue Filings

March 2023

## Executive Summary

---

### Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

Monthly Report on Municipal Court and Revenue Filings  
March 2023  
Executive Summary

---

This report includes the filing status for the 63 cities and 2 villages with a fiscal year end of September 30, 2022, whose financial report was due by March 31, 2023. Of the 65 municipalities, 49 filed the financial report timely. Of the 62 municipalities required to file an addendum, 39 filed timely. Of the 37 municipalities required to file a certification, 22 filed timely.

This report includes the filing status for 23 cities and 10 villages that filed at least one of the items (financial report, addendum, or certification) in March 2023, after their filing deadline. Of these municipalities, 15 filed an annual financial report, 17 filed an addendum, and 10 filed a certification.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Washington County, Missouri

The Office of the State Auditor contracted for an audit of Washington County's financial statements for the 2 years ended December 31, 2021, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CR Williams & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

Scott Fitzpatrick  
State Auditor

April 2023  
Report No. 2023-017

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

---

### Recommendations in the contracted audit of Washington County

2021-01

Every time the county receives new funds, they should set a formal budget even on interim period. We recommend further that the county needs to monitor its procurement process so that only budgeted items will be incurred and paid.

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and Officeholders  
The County of Washington County, Missouri

### **Adverse and Unmodified Opinions**

We have audited the accompanying financial statements of the Washington County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash and Investment Balances- All Governmental Funds – Regulatory Basis , Comparative Statements of Receipts, Disbursements, Changes in Cash and Investment Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, and 2020, and the related notes to the financial statements.

### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, Statement of Receipts, Disbursements and Changes in Cash and Investment Balances- All Governmental Funds – Regulatory Basis , Comparative Statements of Receipts, Disbursements, Changes in Cash and Investment Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, and 2020, in accordance with financial reporting provisions of Missouri Law described in Note I.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021, and 2020, or changes in net position and cash flows thereof for the years then ended.

### **Basis for Adverse and Unmodified Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Washington County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

## INDEPENDENT AUDITOR'S REPORT – continued

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinion.

### **Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note I of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note I and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Washington County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## INDEPENDENT AUDITOR'S REPORT – continued

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Washington County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Washington County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

## INDEPENDENT AUDITOR’S REPORT – continued

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2023, on our consideration of Washington County, Missouri’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Washington County, Missouri’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Washington County, Missouri’s internal control over financial reporting and compliance.

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Washington, Missouri ("County"), which is governed by a three-member board of commissioners, was established in 1813 by an Act of the Missouri Territory. In addition to the three Commissioners, there are eleven elected Constitutional Officers: Assessor, County Clerk, Treasurer, Collector, Circuit Clerk, Sheriff, Coroner, Surveyor, Public Administrator, Recorder and Prosecuting Attorney.

As discussed further in Note I, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present the County's financial accountability.

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, and social and recreation services.

The financial statements referred to above include only the primary government of Washington County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri law, which include a Statement of Receipts, Disbursements and Changes in Cash and Investment Balances – All Governmental Funds, a Comparative Statement of Receipts and Disbursements – Budget and Actual – All Governmental Funds, and a Statement of Assets and Liabilities Arising from Cash Transactions – Agency Funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation (concluded)

Governmental Fund Types

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

Fiduciary Fund Types

*Agency* – Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similarly to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

As a result of using this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, the County adopts a budget for each governmental fund.
2. On or before January 15th, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements.
7. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of formal budget is required by law. No budget on American Rescue Plan Act Fund and Towne Square Park Fund as these Funds were newly created in 2021.
10. State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar year 2021 and 2020, for purposes of taxation, was:

	<u>2021</u>	<u>2020</u>
Real Estate	\$ 140,109,160	\$ 133,416,960
Personal Property	65,152,480	57,421,951
Railroad and Utilities	<u>84,453,731</u>	<u>81,954,699</u>
	<u>\$ 289,715,371</u>	<u>\$ 272,793,610</u>

During 2021 and 2020, the County Commission approved a \$0.6862 and \$0.6993, respectively, tax levy per \$100 of assessed valuation of tangible taxable property for purposes of County taxation, as follows:

	<u>2021</u>	<u>2020</u>
General Revenue Fund	\$ 0.1910	\$ 0.2012
Special Road and Bridge Fund	0.2590	0.2605
Senior Citizen Services Fund	0.0472	0.0475
Senate Bill 40 Fund	<u>0.1890</u>	<u>0.1901</u>
	<u>\$ 0.6862</u>	<u>\$ 0.6993</u>

F. Cash and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balances. Cash equivalents include repurchase agreements and any other instruments with an original maturity of 90 days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in Note II.

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

G. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting.

Legally required transfers are reported as “transfers in” by the recipient fund and as “transfers out” by the disbursing fund.

II. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed as "Cash and Investments" under each fund's caption. Deposits with maturities greater than three months are considered investments. In addition, cash and investments are separately held by several of the County's funds. Investments of the County consist of certificates of deposit with local banking institutions.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021, and 2020, the carrying amount of the County's deposits and investments were \$8,814,496 and \$7,039,616, and the bank balance was \$9,726,212 and \$8,454,584, respectively. The total bank balances as of December 31, 2021, and 2020 were insured through the Federal Deposit Insurance Corporation and securities set by the County's financial institutions.

SUMMARY OF CARRYING VALUES

The carrying values of deposits and investments shown above are included in the financial statements at December 31, 2021, as follows:

Statements of Receipts, Disbursements and Changes in Cash  
and Investment Balances

Deposits and cash equivalents	\$ 8,714,496
Investments	<u>100,000</u>
Total Governmental Funds	\$ <u>8,814,496</u>

Statement of Assets and Liabilities Arising from Cash  
Transactions – Agency Funds:

Deposits	\$ 8,824,865
Investments	<u>-</u>
Total Agency Funds	<u>8,824,865</u>

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

II. CASH AND INVESTMENTS (concluded)

The carrying values of deposits and investments at December 31, 2020, are as follows:

Statements of Receipts, Disbursements and Changes in Cash and Investment Balances	
Deposits and cash equivalents	\$ 6,657,116
Investments	382,500
Total Governmental Funds	\$ 7,039,616
Statement of Assets and Liabilities Arising from Cash Transactions – Agency Funds:	
Deposits	\$ 7,996,080
Investments	-
Total Agency Funds	7,996,080
Total Deposits and Investments as of December 31, 2020	\$ 15,035,696

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's investment policy does not include custodial credit risk requirements. The County's deposits were not exposed to custodial credit risk for the years ended December 31, 2021, and 2020.

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments. All investments, evidenced by individual securities, are registered in the name of the County or of a type not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government). The County has no policy in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities. The County's investments were not exposed to concentration of investment credit risk for the years ended December 31, 2021, and 2020.

The County entered into an operating lease through John Deere Financial for a Motor Grader for the Road and Bridge office as of February 26, 2020. The lease is effective for 60 months with annual payments of \$27,125. The County has a purchase option price of \$105,444 on February 26, 2025. During the 2021 and 2020 year, the County made payments totaling \$27,125 and \$27,125.

2021 Future Minimum Payments for Operating Leases:

Year Ending December 31,	Total Minimum Payments
2021	\$ 53,954
2022	32,218
2023	29,355
2024	27,125
	\$ 142,652

2020 Future Minimum Payments for Operating Leases:

Year Ending December 31,	Total Minimum Payments
2022	\$ 32,926
2023	30,063
2024	27,836
2025	708
2026	236
	\$ 91,769

THE COUNTY OF WASHINGTON

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

V. INTERFUND TRANSFERS

Transfers between funds for the years ended December 31, 2021, and 2020, are as follows:

	2021		2020	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue Fund	\$ 161,802	\$ 617,314	\$ 498,360	\$ 790,287
Special Road and Bridge Fund	-	112,414	-	152,649
Assessment Fund	-	-	23,953	-
Sheriff L.E.F. Fund	361,014	-	425,090	-
Sheriff's Civil Fund	-	11,000	-	4,000
Airport Fund	-	32,088	-	36,642
Building Fund	250,000	-	385,000	60,000
Rental Property Fund	-	-	60,000	-
Sheriff's Inmate Security Fund	-	-	-	39,756
Cares Act Stimulus Fund	-	-	-	309,069
TOTAL	\$ 772,816	\$ 772,816	\$ 1,392,403	\$ 1,392,403

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

VI. COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

A. Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in Sections 50.1000-50.1300 of the Missouri Revised Statutes (RSMo). The Board of Directors consists of 11 members, 9 of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The Board of Directors has the authority to adopt rules and regulations for administering the system.

CERF is a mandatory cost-sharing multiple employer retirement system for each county in the state of Missouri, except any city not within a county (which excludes the city of St. Louis) and counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter county which is not participating in the Local Government Employees Retirement System (LAGERS); and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system.

VI. COUNTY EMPLOYEES' RETIREMENT FUND (CERF) (continued)

A. Plan Description (continued)

CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after 8 years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of 8 years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55. Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

B. Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Counties may elect to make all or a portion of the required 4% contribution on behalf of employees. Total contributions remitted to CERF for the years ended December 31, 2021, and 2020 were \$ 153,605.36 and \$152,907.65, respectively.

VII. POST-EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. The County has no active participants of COBRA as of December 31, 2021 and 2020. Thus, no payments were made for the premiums as of December 31, 2021 and 2020.

VIII. PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with state statute Section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County has contributed \$11,628 and \$11,628, respectively, for the years ended December 31, 2021, and 2020.

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

IX. CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County has filed charges against the County Collector and her deputy clerk, the former County trustee and the former clerk. The four individuals were charged with stealing from Washington County by receiving cash fees for processing trustee property sales. As of audit report date, there's no determination if restitution can be made or completed.

Compensated Absences

The County provides employees with annual leave. Each employee earns leave based upon his or her term of service with the County earning 72 hours after the first year, 120 hours per year for 2-5 years of service, 144 hours per year for 6-10 years of service, 168 hours per year for 11-15 years of service, 192 hours per year for 16-20 years of service, 216 hours per year for 21-25 years of service, and 240 hours per year after 26 years of service. Annual leave must be used in the year it is earned. Any unused leave time will be forfeited at the end of the calendar year. Any employee with benefits, who has worked for one full year, leaving the County service due to resignation, death or termination, shall be compensated for vacation credit unused to the date of termination.

Employees in the County earn 8 days of sick leave per year, and this can be accrued to an unlimited number. It is not paid to the employee upon separation of employment of the County.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required, and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

X. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. Insurance is obtained from commercial insurance companies. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

X. RISK MANAGEMENT (continued)

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

XI. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2021, to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through March 27, 2023, the date the financial statements were available to be issued.

The County believes that there are no subsequent events that need to be disclosed in the financial statements.

**SUPPLEMENTARY SCHEDULES AND AUDITOR'S REPORT**

## **FEDERAL COMPLIANCE SECTION**

1257 Hornsby \* St. Louis, Missouri 63147  
TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the County Commission and Officeholders  
Washington County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the County of Washington ("County") which comprise the Statement of Receipts, Disbursements and Changes in Cash and Investment Balances - All Governmental Funds -Regulatory Basis and the Statements of Assets and Liabilities Arising From Cash Transactions – Agency Funds - Regulatory Basis as of December 31, 2021 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash and Investment Balances - Budget and Actual – All Governmental Funds - Regulatory Basis as of and for the year ended December 31, 2021 and 2020 and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 27, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Washington County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Washington County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Washington County, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Washington County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* as described in the accompanying schedule of findings and questioned costs as item 2021-01.

**Washington County, Missouri's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Washington County, Missouri's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Washington County, Missouri's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE

To the County Commission and Officeholders  
Washington County, Missouri

**Report on Compliance for Each Major Federal Program*****Opinion on the Major Federal Program***

We have audited County of Washington's ("County") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the County's major federal program for the years ended December 31, 2021 and 2020. The County's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program for the years ended December 31, 2021 and 2020.

***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE COUNTY OF WASHINGTON  
POTOSI, MISSOURI  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
YEAR ENDED DECEMBER 31, 2021 and 2020

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of the County of Washington under programs of the federal government for the years ended December 31, 2021, and 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the County.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3 – INDIRECT COST RATE

The County has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4 – SUB-RECIPIENTS

The County provided federal awards to sub-recipients during the years ended December 31, 2021 and 2020. The sub-recipients are as follows:

Program Title	Subrecipient	Federal ALN	Amount Provided to Subrecipient	
			2021	2020
Schools and Roads -Grants to States	Potosi R-3 SD	10.665	\$ 42,901.04	\$ 46,099.89

Re: Washington County, Missouri Audit – Years Ending December 31, 2021 and 2020

Please consider this correspondence to be Washington County's formal response to Finding  
**2021-01: NO FORMAL BUDGET SET FOR SOME FUNDS.**

The budget for the Towne Square Park Fund for 2021 and 2022 was provided. This fund contains no tax-payer funds. It is a fund holding patron donations that will be used to complete the Towne Square Park Project. The budget for the American Rescue Plan Act Fund for 2022 is provided. The budget lists the funds deposited in 2021. The budget for the American Rescue Plan Act fund was created when guidelines were made clear to the counties. Washington County did not spend any of the American Rescue Plan Act Fund until a budget was created.

Please let us know if you have any questions or if further documentation will be required.

Sincerely,

Dave Sanscrauw  
Presiding Commissioner

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Reynolds County, Missouri

The Office of the State Auditor contracted for an audit of Reynolds County's financial statements for the 2 years ended December 31, 2021, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CR Williams & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

Scott Fitzpatrick  
State Auditor

April 2023  
Report No. 2023-016

**Scott Fitzpatrick**  
Missouri State Auditor

## RECOMMENDATION SUMMARY

---

### Recommendations in the contracted audit of Reynolds County

2021 & 2020-001

The county strictly adheres to the internal budgetary control procedures and the statutory requirements established for the State of Missouri. It is also recommended that the budgetary system should be regularly reviewed.

## INDEPENDENT AUDITOR'S REPORT

To the County Commission  
The County of Reynolds, Missouri

### **Unmodified and Adverse Opinions**

We have audited the accompanying financial statements of Reynolds County, Missouri, which comprise the Statement of Receipts, Disbursements, and Changes in Cash Balances- All Governmental Funds – Regulatory Basis, Comparative Statements of Receipts, Disbursements, Changes in Cash Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, and 2020, and the related notes to the financial statements.

### **Unmodified Opinion on the Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, Statement of Receipts, Disbursements, and Changes in Cash Balances- All Governmental Funds – Regulatory Basis, Comparative Statements of Receipts, Disbursements, Changes in Cash Balances- Budget and Actual – All Governmental Funds- Regulatory Basis and the Statement of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2021, and 2020, in accordance with financial reporting provisions of Missouri Law described in Note 1.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021, and 2020, or changes in net position and cash flows thereof for the years then ended.

### **Basis for Unmodified and Adverse Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Reynolds County, State of Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinions.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

## INDEPENDENT AUDITOR'S REPORT- (continued)

### *Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles*

As described in Note I of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note I and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Reynolds County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Governmental Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

## INDEPENDENT AUDITOR'S REPORT- (continued)

**Auditor's Responsibilities for the Audit of the Financial Statements - *continued***

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Reynolds County, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Reynolds County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

## INDEPENDENT AUDITOR'S REPORT- (continued)

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March xx, 2023 on our consideration of Reynolds County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Reynolds County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Reynolds County's internal control over financial reporting and compliance.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Reynolds, Missouri ("County"), which is governed by a three-member board of commissioners, was established in 1845 by an Act of the Missouri Territory. In addition to the three Commissioners, there are ten elected Constitutional Officers: Assessor, County Clerk, Collector, Coroner, Treasurer, Circuit Clerk, Recorder of Deeds, Sheriff, Prosecuting Attorney, and Public Administrator.

As discussed further in Note I, these: financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, and social and recreation services.

The financial statements referred to above include only the county of Reynolds County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri law, which include a Comparative Statement of Receipts, Disbursements, and Changes in Cash Balances - All Governmental Funds, a Comparative Statement of Receipts and Disbursements - Budget and Actual - All Governmental Funds and Changes in Cash Balances, and a Statement of Assets and Liabilities Arising from Cash Transactions - Agency Funds.

Governmental resources are allocated to and accounted for in individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)

B. Basis of Presentation (concluded)

*Governmental Fund Types*

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon the determination of and changes in financial position rather than upon net income.

*Fiduciary Fund Types*

*Agency* - Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Agency funds are accounted for and reported similarly to governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of the results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

As a result of using this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)

a. Basis of Accounting

capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

b. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- i. In accordance with Chapter 50 RSMo, the County adopts a budget for each governmental fund.
- ii. On or before January 15th, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
- iii. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget included estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed the beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget-to-actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
- iv. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*continued*)

b. Budget and Budgetary Accounting-continued

- v. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
- vi. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements.
- vii. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.
- viii. Budgets are prepared and adopted on the cash basis of accounting. State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budgets.

II. PROPERTY TAXES

Property taxes attach as an enforceable lien on the property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar years 2020 and 2021, for purposes of taxation, was:

	2021	2020
Real Estate	\$134,455,597	\$ 133,657,702
Personal Property	35,586,311	33,762,936
Railroad and Utilities	7,459,954	7,288,781
Total	<u>\$177,501,862</u>	<u>\$ 174,709,419</u>

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

II. Property Taxes - continued

During 2021 and 2020, the County Commission approved a \$0.89 and \$0.88, respectively, tax levy per \$100 of assessed valuation of tangible taxable property, for purposes of County taxation, as follows:

	2021	2020
General Revenue Fund	\$ 0.3984	\$ 0.4127
Road and Bridge Fund	0.3500	0.3500
Senate Bill 40	0.1000	0.1000
Senior Services Fund	0.0300	0.0300
Total	<u>\$ 0.8784</u>	<u>\$ 0.8927</u>

III. Cash and Investments

Deposits and investments are stated at cost, which approximates the market. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the fund's average daily cash balances. Cash equivalents include repurchase agreements and any other instruments with an original maturity of 90 days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest-bearing obligations guaranteed as to both principal and interest by the United States, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in Note V.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

IV. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting.

Legally required transfers are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

V. CASH AND INVESTMENTS

The County maintains a cash investment pool that is available for all funds. Each fund type's portion of this pool is displayed as "Cash" under each fund's caption. Deposits with maturities greater than three months are considered investments. In addition, cash is separately held by several of the County's funds.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021, and 2020, the carrying amount of the County's deposits was \$7,468,006 and \$5,895,857, and the bank balances were \$7,607,289 and \$6,151,745, respectively. The total bank balances as of December 31, 2021, and December 31, 2020, were insured through the Federal Deposit Insurance Corporation and securities set by the County's financial institutions.

SUMMARY OF CARRYING VALUES

The carrying values of deposits shown above are included in the financial statements at December 31, 2021, as follows:

Statements of Receipts, Disbursements, and Changes in Cash Balances:

Deposits and Cash Equivalents	\$ 3,904,596
Total Governmental Funds	<u>3,904,596</u>

Statement of Assets and Liabilities Arising  
from Cash transactions - Agency Funds:

Deposits and Cash Equivalents	\$ 3,563,410
Total Agency Funds	<u>3,563,410</u>
Total Deposits and Cash Equivalents	<u><u>\$ 7,468,006</u></u>

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

V. CASH AND INVESTMENTS -continued

The carrying values of deposits shown above are included in the financial statements at December 31, 2020, as follows:

Statements of Receipts, Disbursements, and Changes in Cash Balances:

Deposits and Cash Equivalents	\$ 3,175,232
Total Governmental Funds	<u>3,175,232</u>

Statement of Assets and Liabilities Arising  
from Cash transactions - Agency Funds:

Deposits and Cash Equivalents	\$ 2,720,625
Total Agency Funds	<u>2,720,625</u>
Total Deposits and Cash Equivalents	<u><u>\$ 5,895,857</u></u>

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's investment policy does not include custodial credit risk requirements. The County's deposits were not exposed to custodial credit risk for the years ended December 31, 2021, and December 31, 2020.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

V. CASH AND INVESTMENTS -continued

The concentration of Investment Credit Risk

The concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government). The County has no policy in place to minimize the risk of loss resulting from over-concentration of assets in a specific maturity, specific issuer, or specific class of securities. The County's investments were not exposed to a concentration of investment credit risk for the years ended December 31, 2021, and 2020.

VI. INTERFUND TRANSFERS

There were no transfers made for the years ending December 31, 2021, and 2020.

VII. COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

A. Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in Sections 50.1000-50.1300 of the Missouri Revised Statutes (RSMo). The Board of Directors consists of eleven members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The Board of Directors has the authority to adopt rules and regulations for administering the system.

CERF is a mandatory cost-sharing multiple employer retirement system for each county in the state of Missouri, except any city not within a county (which excludes the City of St. Louis) and counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first-class, non-charter county which is not participating in the Local Government Employees Retirement System (LAGERS); and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system.

CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

VII. COUNTY EMPLOYEES' RETIREMENT FUND (CERF) - continued

B. Plan Description

CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after 8 years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life-based on the form of payment selected. The normal form of payment is a single-life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of 8 years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55. Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

C. Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to make contributions of 2% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Total contributions remitted to CERF for the years ended December 31, 2021, and 2020 were \$144,735.76 and \$134,916.37 respectively.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

VIII. POST-EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. The County did not have any COBRA participants at December 31, 2021, and December 31, 2020.

IX. PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with state statute Section 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for the administration of this plan. The County has contributed \$3,366.00 and \$3,646.50, respectively, for the years, ended December 31, 2021, and 2020.

X. CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County was involved in pending litigation as of the audit report date. The County's attorneys are vigorously defending the County in these matters. County management believes that such litigation and claims will ultimately be resolved without material financial liability, if any, to the County.

B. Compensated Absences

The County provides employees with up to four weeks of paid vacation based on the number of years of continuous service. This ranges from getting one week after the first year of service, and four weeks after fifteen years of service. Upon termination from county employment, an employee is reimbursed for unused vacation and overtime, if applicable. County employees receive two personal days when they start, after one year they get six days. An employee is not reimbursed for an unused personal time upon termination of employment. These have not been subjected to auditing procedures.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020

---

XI. CLAIMS COMMITMENTS AND CONTINGENCIES - continued

C. Federal and State-Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required, and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in refunding of grant monies to the grantor agencies. Management believes that any required refunds if determined necessary, will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

XII. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. Insurance is obtained from commercial insurance companies. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participating in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet their obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

XIII. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2021, to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through March 13, 2023, the date the financial statements were be available issued. o There were no subsequent events report as of the audit report date.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS*

To the County Commission and  
Officeholders of Reynolds County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Reynolds County, which comprise the Statement of Receipts, Disbursements, and Changes in Cash Balances – Governmental Funds – Regulatory Basis and the Statements of Assets and Liabilities Arising From Cash Transactions – Agency Funds – Regulatory Basis as of December 31, 2020, and 2021, and the related Statement of Receipts, Disbursements, and Changes in Cash Balances – Budget and Actual – Governmental Funds – Regulatory Basis as of and for the years ended December 31, 2020, and 2021, and the related notes to the financial statements, which collectively comprise the County's basis financial statement, and have issued our report thereon dated March 13, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Reynolds County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Reynolds County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Reynolds County, Missouri's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as items 2020 & 2021-001 that we consider to be significant deficiency.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS* - continued

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Reynolds County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2021 & 2020-001.

**Reynolds County, Missouri's Response to Findings**

*Government Auditing Standards* require the auditor to perform limited procedures on Reynolds County, Missouri's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. Reynolds County, Missouri's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE

To the County Commissioner  
Reynolds County, Missouri

**Report on Compliance for Each Major Federal Program*****Opinion on Each Major Federal Program***

We have audited Reynolds County, Missouri's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Reynolds County, Missouri's major federal programs for the year ended December 31, 2021, and 2020. Reynolds County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Reynolds County, Missouri complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on *ALN 21.019 Coronavirus Relief Fund* for the year ended December 31, 2021, and 2020.

***Basis for Opinions***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in Auditor's Responsibilities for the Audit of the Compliance section of our report.

We are required to be independent of Reynolds County, Missouri, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Reynolds County, Missouri's compliance with the compliance requirements referred to above.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE-*continued*

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grants agreements applicable to Reynolds County, Missouri's federal programs.

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Reynolds County, Missouri's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Reynolds County, Missouri's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Reynolds County, Missouri's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Reynolds County, Missouri's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Reynolds County, Missouri's internal control over compliance. Accordingly, no such opinion is expressed.

1257 Hornsby \* St. Louis, Missouri 63147

TEL: (219) 944-1615 \* FAX: (866) 834-4294 \* [www.crwilliams.net](http://www.crwilliams.net)

AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM  
GUIDANCE-*continued*

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEARS ENDED DECEMBER 31, 2020

**NOTE 1 – BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of the County of Reynolds under programs of the federal government for the year ended December 31, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of Reynolds, it is not intended to and does not present the financial position, changes in net assets, or cash flows, of the County of Reynolds.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

**NOTE 3 – INDIRECT COST RATE**

The County has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE 4 – SUBRECIPIENTS**

During the year ended December 31, 2021 the County provided \$8,808 in federal awards to sub-recipients for the Schools Grants to States under Federal Assistance Listing Number 21.019.

During the year ended December 31, 2020, the County provided \$265,836, in federal awards to sub-recipients for the Schools, Title III Project and Roads – Grants to States under Federal Assistance Listing Number 10.665 and \$286,939, in federal awards to sub-recipients for the Schools Grants to States under Federal Assistance Listing Number 21.019.

**NOTE 5 – DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE) (Unaudited)**

The County received donated face masks, hand sanitizer, protective gloves and disinfected wipes from the State of Missouri during 2021 and 2020.

## I. SUMMARY OF AUDITOR'S RESULT

1. Type of Auditor's report issued: Qualified – Regulatory Basis

- a. Material Weakness(es) identified?

2021	Yes	<u>    </u>	No	$\frac{\sqrt{\quad}}{\quad}$
2020	Yes	<u>    </u>	No	$\frac{\sqrt{\quad}}{\quad}$

- b. Significant deficiency(ies) identified?

2021 Yes √ No —  
2020 Yes √ No —

3. Noncompliance material to financial statements noted?

$$\frac{2021}{2020} \frac{\text{Yes}}{\text{Yes}} \frac{\text{No}}{\text{No}} \frac{\sqrt{\quad}}{\sqrt{\quad}}$$

1. Internal control over major federal programs:

- a. Material weakness(es) identified?

2021	Yes	<u>    </u>	No	$\frac{\sqrt{\quad}}{\quad}$
2020	Yes	<u>    </u>	No	$\frac{\sqrt{\quad}}{\quad}$

- b. Significant deficiency(ies) identified?

2021 Yes        No  $\frac{\sqrt{\quad}}{\quad}$   
2020 Yes        No  $\frac{\sqrt{\quad}}{\quad}$

2. Type of auditor's report issued on compliance for Major program:

2021 Unmodified  
2020 Unmodified

3. Any audit findings disclosed that are required to be reported in accordance with section 2CFR 200.516(a)?

2021 Yes          No           $\frac{\sqrt{}}{\sqrt{}}$   
 2020 Yes          No           $\frac{\sqrt{}}{\sqrt{}}$

- #### 4. Identification of Major Federal Program

<i>Name Federal Program or Cluster Title</i>	ALN Number	Expenditures
Coronavirus Relief Fund	21.019	693,610

5. Dollar threshold used to distinguish between type A and Type B programs \$ 750,000

6. Auditee qualified as a low-risk auditee?

2021 Yes \_\_\_\_\_ No  $\sqrt{\quad}$   
2020 Yes \_\_\_\_\_ No  $\sqrt{\quad}$

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2021 and 2020

## II. FINANCIAL STATEMENT FINDINGS

### **Significant Deficiency and Noncompliance**

#### **2021 & 2020-001: Budgetary Policies Noncompliance**

**Condition:** During our audit for December 2021 and 2020, we noted the following budgetary noncompliance:

1. The County did not allocate a budget for the Matching grant in 2020 (*repeat finding in 2019*), and FEMA fund for the year 2021 and 2020 (*repeat finding in 2019*).
2. The County actual expenditures exceeded the budget for the following funds:
  - a. Inmate Security Fund -(2020 & 2021)
  - b. Senior Services Fund - (2020)
  - c. Sherriff's Civil Fee Fund- (2020)
  - d. Senate Bill 40 Fund – (2021 and 2020)
  - e. Sherriff's Revolving Fund- (2020)
  - f. County Law Enforcement Restitution Fund- (2021)
  - g. Election Services Fund – (2020)
  - h. Tax Maintenance Fund- (2020)
  - i. Matching Grant Fund- (2021)
  - j. COVID-19 ARPA Fund (2021 & 2020)

#### **Criteria:**

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund. Adoption of a formal budget is required by law.
2. Section 50.740 RSMo prohibits expenditures in excess of approved budget.

**Cause:** There is a significant deficiency in the budgetary system in the County. In addition, the County has poor budgetary control.

**Effect:** These conditions were a violation of the budgetary policies. These will lead to overspending of funds and misappropriation of assets.

**Recommendation:** We recommend that the County strictly adheres to the internal budgetary control procedures and the statutory requirements established for the State of Missouri. It is also recommended that the budgetary system be regularly reviewed.

**Management Response:** Going forward our office will have better records of any and all amendments made. See page 44 to see more on client response.

THE COUNTY OF REYNOLDS  
CENTERVILLE, MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2021 AND 2020

**II. FEDERAL AWARD FINDINGS AND QUESTIONED COST**

There were no Federal Award Findings and Questioned Costs for the year ended December 31, 2021 and 2020.

REYNOLDS COUNTY, MISSOURI  
SCHEDULE OF PRIOR YEARS' FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2021, and 2020

- A. For the year ending December 31, 2019, the Matching Grant Fund did not have a budget. – UNRESOLVED
- B. For the year ending December 31, 2018, the FEMA fund did not have a budget. This was mandated by FEMA to have a non-interest-bearing account to receive FEMA funds late in the year. This money was, however, budgeted under the Special Road and Bridge Fund. – UNRESOLVED.
- C. For the year ending December 31, 2018, the Title III fund did not have a budget prepared. - RESOLVED

## Management Response on Findings 2021 & 2020-002: Budgetary Policies Noncompliance

- 1) The county opened a matching grant fund and took \$100,000.00 from County Revenue and \$100,000.00 from Road & Bridge. The funds are not used until a grant has been approved. Covid 19/Cares Act Funds was received May 2020 and there was no budget amended for the income. In 2021 the county amended the budget on the income in the amount of \$608,937.00 and the expense amount of \$345,938.71. For 2021 there was no FEMA funds. In 2020 the county received income of \$1,535,084.43 for the 2019 floods.
  - 2) a: Inmate security fund should have been amended/county over spent in 2020 \$7570.91 & in 2021 \$3,010.25 b: Senior Services fund received \$669.57 more than estimated.  
c: The county over spent \$245.77  
d: The Senate Bill 40 for 2021 income was \$18,673.62 more than budgeted.  
e: The Sheriff's Revolving Fund was over budgeted \$2319.25  
f: The county restitution fund 2021 was under budgeted \$21.40  
g: The election services fund we received for 2020 \$34,194.67 and with expended \$30,086.73. In May of 2020 we received \$29,213.48 for the Mo Cares Act and we actually refunded \$19,499.34 back to the Secretary of States Office.  
h: on the Tax Maintenance fund we were under budget \$14.21 for 2020.  
i: On the matching grant fund we budgeted \$25,000 and we spent \$25,838.80 over spending by \$838.80.
- Also see attached budget amendments and commission court records.
- Going forward our office will take better records of any and all amendments made.

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and Officeholders of  
Gasconade County, Missouri

### **Unmodified and Adverse Opinion**

We have audited the accompanying financial statements of Gasconade County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash - All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash - Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis for the year then ended, and the related notes to the financial statements.

### **Unmodified Opinions on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the Statement of Receipts, Disbursements and Changes in Cash - All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash - Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis for the year then ended, in accordance with the financial reporting provisions of Missouri Law described in Note 1.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021 or changes in net position and cash flows thereof for the year then ended.

### **Basis for Unmodified and Adverse Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Gasconade County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITOR'S REPORT- (continued)

### *Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles*

As described in Note 1 of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Missouri Law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gasconade County, Missouri's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

## INDEPENDENT AUDITOR'S REPORT- (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gasconade County, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gasconade County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 3, 2023, on our consideration of Gasconade County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Gasconade County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Gasconade County, Missouri's internal control over financial reporting and compliance.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Gasconade, Missouri ("County"), which is governed by a three-member board of commissioners, was established in 1820 by an Act of the Missouri Territory. In addition to the three Commissioners, there are 10 elected Constitutional Officers: Assessor, County Clerk, Collector, Coroner, Treasurer, County Surveyor, Circuit Clerk/Recorder of Deeds, Sheriff, Public Administrator and Prosecuting Attorney.

As discussed further in Note I, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present the financial accountability of the County.

The County's operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Gasconade County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County's legal entity. The financial statements do not include financial data for the County's legally separate component unit, in accordance with accounting principles generally accepted in the United States of America, as applicable to the regulatory basis of accounting, the Gasconade County Senate Bill 40 Board has issued separate reporting entity audited financial statements.

The County is also responsible for appointing a majority of the members of the board of the Community Mental Health Services Board but the County's accountability for this organization does not extend beyond making appointments.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which include a Statement of Receipts, Disbursements and Changes in Cash Balances – All Governmental Funds, Statement of Receipts, Disbursements and Changes in Cash Balances – Budget and Actual – All Governmental Funds, and a Statement of Assets and Liabilities Arising from Cash Transactions – Agency Funds.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation (concluded)

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

**Governmental Fund Types**

Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds. The measurement focus is upon determination of and changes in financial position rather than upon net income.

**Fiduciary Fund Types**

*Agency* – Agency funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds, or other governmental units. Agency funds are accounted for and reported similar to the governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other officeholders.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting (continued)

If the County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, the County adopts a budget for each governmental fund.
2. On or before January 15th, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget included estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.
4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budget and Budgetary Accounting (continued)

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.

7. Budgets are prepared and adopted on the cash basis of accounting.

State law requires that budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. Section 50.740 RSMo prohibits expenditures in excess of the approved budget.

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar year 2021 for purposes of taxation, was:

	<u>2021</u>
Real Property	\$ 179,377,680.00
Personal Property	61,248,244.00
Railroad and Utilities	<u>32,801,391.00</u>
	<u><u>\$ 273,427,315.00</u></u>

During 2021, the County Commission approved a \$0.3935 tax levy per \$100 of assessed valuation of tangible taxable property, for purposes of County taxation, as follows:

	<u>2021</u>
General Revenue Fund	\$ 0.1394
Special Road and Bridge Fund	<u>\$ 0.2541</u>
	<u><u>\$ 0.3935</u></u>

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest-bearing obligations guaranteed as to both principal and interest by the United States, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in Note II.

G. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting. Legally required transfers are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

II. DEPOSITS AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed as "Cash" under each fund's caption. In addition, cash is separately held by several of the County's funds.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021, the carrying amount of the County's deposits and investments was \$3,156,616, and the bank balance was \$3,193,404. The total bank balance as of December 31, 2021, was insured through the Federal Deposit Insurance Corporation and securities set by the County's financial institutions.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

II. DEPOSITS AND INVESTMENTS (continued)

SUMMARY OF CARRYING VALUES

The carrying values of deposits shown above are included in the financial statements at December 31, 2021, as follows:

Statements of Receipts, Disbursements and Changes in Cash Balances

Deposits and cash equivalents	\$ 3,411,936.00
Total Governmental Funds	<u>3,411,936.00</u>

Statements of Assets and Liabilities Arising from Cash Transactions-  
Agency Funds

Deposits and cash equivalents	\$ 36,788.00
Total Agency Funds	<u>36,788.00</u>
Total Deposits as of December 31, 2021	<u><u>\$ 3,448,724.00</u></u>

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The County's investment policy does not include custodial credit risk requirements. The County's deposits were not exposed to custodial credit risk for the year ended December 31, 2021.

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the County or its agent but not in the government's name. The County does not have a policy for custodial credit risk relating to investments.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

II. DEPOSITS AND INVESTMENTS (continued)

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government). The County has no policy in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities. The County's deposits were not exposed to concentration of investment credit risk for the year ended December 31, 2021.

III. LOANS PAYABLE

On September 14, 2017, the County entered into a loan agreement with Peoples Savings Bank of Rhineland in the amount of \$488,000.00, with a 2% interest rate. This loan was renewed on February 1, 2021. The principal balance renewed was \$219,722.67 and to mature on February 1, 2022. During 2021, the County made payments to principal and interest amounting \$76,013. Subsequently, it was renewed on February 1, 2022, and paid off completely on December 20, 2022.

The loan proceeds were used to replace the roof on the County Courthouse. These payments were made from the General Revenue Fund.

IV. OPERATING LEASES

On February 6, 2020, the Gasconade County Sheriff's office entered into an operating lease with Marco Technologies LLC for two copiers. The lease requires a monthly payment of \$189.72 per month for a term of 60 months. The lease expires in February 2025.

On September 9, 2019, the Gasconade County Emergency Management entered into an operating lease with Marco Technologies LLC for a copier. The lease requires a monthly payment of \$88.52 per month for a term of 60 months. The lease expires in September 2024.

The future payments for the operating lease as of December 31, 2021, are as follows:

Year Ending December 31,	Rental Payments
2022	\$ 3,338.88
2023	3,338.88
2024	3,073.32
2025	379.44
	<u>\$ 10,130.52</u>

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

V. INTERFUND TRANSFER

Transfers between funds for the year ended December 31, 2021, are as follows:

	2021	
	TRANSFERS IN	TRANSFERS OUT
General Revenue Fund	\$ 116,812.00	\$ -
Special Road and Bridge Fund	-	114,453.00
Union Electric SOP Fund	-	2,359.00
TOTAL	\$ 116,812.00	\$ 116,812.00

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Revenue Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

VI. COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

A. Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in Sections 50.1000-50.1300 of the Missouri Revised Statutes (RSMo). The Board of Directors consists of eleven members, nine of whom are county employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The Board of Directors has the authority to adopt rules and regulations for administering the system.

CERF is a mandatory cost-sharing multiple-employer retirement system for each county in the state of Missouri, except any city not within a county (which excludes the City of St. Louis) and counties of the first classification with a charter form of government. CERF covers county elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter county which is not participating in the Local Government Employees Retirement System (LAGERS); and does not cover circuit clerks, deputy circuit clerks, county prosecuting attorneys, and county sheriffs. Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

VI. COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

A. Plan Description (continued)

CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after 8 years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of 8 years of creditable service may retire with an early retirement benefit and receive a reduced allowance after attaining age 55. Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

B. Contributions

Prior to January 1, 2003, participating county employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002, are required to have contributions of 4% made by the County if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. During 2021, the County collected and remitted to CERF, employee contributions of \$27,624 for the year then ended.

VII. LOCAL GOVERNMENT EMPLOYEES' RETIREMENT SYSTEM (LAGERS)

A. Plan Description

The Gasconade County's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. Gasconade County participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple employers, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

VII. LOCAL GOVERNMENT EMPLOYEES' RETIREMENT SYSTEM (LAGERS)

A. Plan Description (continued)

As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at [www.molagers.org](http://www.molagers.org).

B. Benefits Provided

LAGERS provides retirement, death, and disability benefits to employees of participating political subdivisions. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program then in effect for their political subdivision. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance. The LAGERS Board of Trustees establishes the benefit plans and provisions that are available for adoption. The political subdivision's governing body adopts all benefits of the plan.

	<u>2021 Valuation</u>
Benefit Multiplier:	1.50%
Final Average Salary:	5 Years
Member Contributions:	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered By Benefit Terms

At June 30, 2021, the following employees were covered by the benefit terms:

	<u>General</u>	<u>Police</u>
Inactive employees or beneficiaries currently receiving benefits	32	13
Inactive employees entitled to but not yet receiving benefits	11	30
Active employees	31	8
TOTAL	<u>74</u>	<u>51</u>

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

VII. LOCAL GOVERNMENT EMPLOYEES RETIREMENT SYSTEM (LAGERS)  
(continued)

B. Employees Covered By Benefit Terms (continued)

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of Gasconade County do not contribute to the pension plan. Employer contribution rates are 2.4% (General) and 4% (Police) of annual covered payroll.

VIII. PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with state statute Chapter 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County has contributed \$3,366 for the year ended December 31, 2021.

IX. POST-EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. There were no participants at December 31, 2021.

X. CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

The County was involved in pending litigation as of the audit report date. The County's attorneys are vigorously defending the County in these matters. County management believes that such litigation and claims will ultimately be resolved without material financial liability, if any, to the County.

B. Compensated Absences (Vacation and Sick Time)

The County provides employees with up to four weeks of paid vacation based upon the number of years of continuous service. This ranges from getting two weeks after the first year of service. Upon termination from county employment, an employee is reimbursed for unused vacation and overtime, if applicable. All regular full-time employees, working 30 hours a week or more, in the County earn four hours of sick leave for each calendar month of employment.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

X. CLAIMS COMMITMENTS AND CONTINGENCIES (continued)

B. Compensated Absences (Vacation and Sick Time) (continued)

Sick leave for new and terminated full time employees is prorated based on when the employee starts or terminates employment during the month. The employee receives one hour of sick leave for each week worked the first and last month of employment. Upon termination from county employment, an employee is reimbursed for unused sick leave, if applicable.

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as inappropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

XI. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

THE COUNTY OF GASCONADE  
HERMANN, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

XII. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2021 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through March 3, 2023, the date the financial statements were available to be issued.

The county believes that there are no subsequent events that need to be disclosed in the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS*

To the County Commission and Officeholders of  
Gasconade County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements and Changes in Cash - All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash - Regulatory Basis, and the related Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis of Gasconade County, Missouri as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise Gasconade County, Missouri's basic financial statements and have issued our report thereon dated March 3, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Gasconade County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Gasconade County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Gasconade County, Missouri's internal control.

*A deficiency in internal control exists* when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS* - continued

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Gasconade County, Missouri’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Gasconade County, Missouri’s Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Gasconade County, Missouri’s response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The Gasconade County, Missouri’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*CRWilliams & Associates LLC*

St. Louis, Missouri  
March 3, 2023

GASCONADE COUNTY MISSOURI  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE YEAR ENDED DECEMBER 31, 2021

No Findings in the current year noted.

GASCONADE COUNTY MISSOURI  
STATUS OF PRIOR YEAR AUDIT FINDINGS  
FOR THE YEAR ENDED DECEMBER 31, 2021

II. FINANCIAL STATEMENT FINDINGS

**2020-001** Criteria: Statement on Auditing Standards (SAS) No. 115, Communicating Internal Control Related Matters Identified in an Audit, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, Statements on Auditing Standards: Clarification and Recodification, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

Condition: Documentation of the County's internal controls has not been prepared.

Status: The condition was resolved and does not exist anymore as of December 31, 2021.

**2020-002** Criteria: Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: During the audit, we noted there is no formal fraud risk assessment in place.

Status: The condition was resolved and does not exist anymore as of December 31, 2021.

**2020-003** Criteria: SAS No. 55, Consideration of Internal Control in a Financial Statement Audit, as amended by SAS No. 78, Consideration of Internal Control in a Financial Statement Audit: An Amendment to SAS No. 55.

Condition: Lack of sufficient segregation of duties within the offices of the Collector and Treasurer.

Status: The condition was resolved and does not exist anymore as of December 31, 2021.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 19 political subdivisions required to file a financial report by February 28, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in February 2023, after their filing deadline. The filing status for these 22 entities is presented in summary on page 3 and by individual entity in Appendixes B to D.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Political Subdivision Filings

## February 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 19 political subdivisions, other than cities, towns, and villages, with a fiscal year end of August 31, 2022. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 19 political subdivisions, 12 filed an annual financial report timely.

This report also includes the filing status for 22 political subdivisions, other than cities, towns, and villages, that filed their financial report in February 2023, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by February 28, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 6 cities, 1 town, and 4 villages is presented in summary on page 4 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in February 2023, after their filing deadline. The filing status for these 57 cities, 1 town, and 5 villages is presented in summary on page 4 and by individual entity in Appendixes B to F.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

# Monthly Report on Municipal Court and Revenue Filings

## February 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

---

Monthly Report on Municipal Court and Revenue Filings  
February 2023  
Executive Summary

---

This report includes the filing status for the 6 cities, 1 town, and 4 villages with a fiscal year end of August 31, 2022, whose financial report was due by February 28, 2023. Of the 11 municipalities, 8 filed the financial report timely. Of the 9 municipalities required to file an addendum, 4 filed timely. Of the 2 municipalities required to file a certification, 1 filed timely.

This report includes the filing status for 57 cities, 1 town, and 5 villages that filed at least one of the items (financial report, addendum, or certification) in February 2023, after their filing deadline. Of these municipalities, 15 filed an annual financial report, 47 filed an addendum, and 19 filed a certification.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Wayne Wallingford, Director  
Department of Revenue  
and  
Mike Leara, Chairman  
Missouri Gaming Commission  
and  
Dr. Margie Vandeven, Commissioner  
Department of Elementary and Secondary Education  
Jefferson City, Missouri

To address our responsibilities of Section 313.822(3), RSMo, we have audited the revenues of and the transfers from the Gaming Proceeds for Education Fund to the Classroom Trust Fund and the expenditures from that fund, as part of our audit of the State of Missouri's Annual Comprehensive Financial Report (ACFR), as of and for the year ended June 30, 2022, and have issued our report (Report No. 2023-010), dated March 24, 2023. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the ACFR audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

No expenditures occur from the Gaming Proceeds for Education Fund. Revenue from that fund is transferred to the Classroom Trust Fund (over 99 percent) and the School District Bond Fund (less than 1 percent). The State of Missouri's ACFR is comprised of the financial statements of the governmental activities (including the Gaming Proceeds for Education Fund and the Classroom Trust Fund), the business-type activities, the aggregate discretely presented component units, each major fund (including the Public Education Fund, which includes the Gaming Proceeds for Education Fund and the Classroom Trust Fund), and the aggregate remaining fund information of the State of Missouri, and the related notes to the financial statements.

Our report expressed qualified opinions on the governmental activities (including the Gaming Proceeds for Education Fund and the Classroom Trust Fund) and the General Fund because we were not allowed access to tax returns and related source documents for income taxes. Our report expressed unmodified opinions on all remaining opinion units.

Our audit determined the appropriation from the Classroom Trust Fund decreased 1 percent and the expenditures increased 4 percent from fiscal year 2021 to fiscal year 2022, and the appropriation was used for educational purposes. No findings resulted from our audit procedures related to the Gaming Proceeds for Education Fund and the Classroom Trust Fund.

Kim Spraggs, CPA, CGAP  
Director of Audits

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
and  
Anne L. Precythe, Director  
Department of Corrections  
Jefferson City, Missouri

To address our responsibilities of Section 217.595.6, RSMo, we have audited the revenues and the expenditures of the Working Capital Revolving Fund, as part of our audit of the State of Missouri's Annual Comprehensive Financial Report (ACFR), as of and for the year ended June 30, 2022, and have issued our report (Report No. 2023-010), dated March 24, 2023. The State of Missouri's ACFR is comprised of the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information (including the Working Capital Revolving Fund) of the State of Missouri, and the related notes to the financial statements. To avoid the appearance of a conflict of interest, the State Auditor recused himself from participation in the ACFR audit because he managed various cash and investment balances in his role as State Treasurer as of June 30, 2022. He directed the Audit Director to oversee procedures performed by the State Auditor's professional audit staff.

Our report expressed qualified audit opinions on the governmental activities and the General Fund opinion units and unmodified opinions on the business-type activities, the aggregate discretely presented component units, each major fund excluding the General Fund, and the aggregate remaining fund information (including the Working Capital Revolving Fund) opinion units of the State of Missouri, as of June 30, 2022.

No findings resulted from our audit procedures related to the Working Capital Revolving Fund.

An additional audit of the Department of Corrections' Missouri Vocational Enterprises Program is in process, and any findings and recommendations will be included in a subsequent report.

Kim Spraggs, CPA, CGAP  
Director of Audits

March 24, 2023

The Honorable Michael L. Parson  
The Honorable Members of the Legislature  
Citizens of the State of Missouri

In accordance with generally accepted accounting principles, I submit to you the Annual Comprehensive Financial Report (ACFR) of the State of Missouri for the fiscal year ended June 30, 2022. This report was prepared by the Office of Administration, Division of Accounting, whose management is responsible for its contents.

The report is prepared to show the financial position and operating results of the State. The State's internal accounting controls provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposal and the reliability of financial records for preparing financial statements. The concept of reasonable assurance recognizes that the cost of a control should not exceed the resulting benefit. We believe the data presented is accurate in all material respects and that all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial activities have been included.

An annual audit of the basic financial statements is completed each year by the State Auditor's Office. The State Auditor conducts the audit in accordance with generally accepted government auditing standards, and their opinion has been included in this report. The State Auditor conducts a "Single Audit" of all federal funds in accordance with the Federal Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform guidance).

A narrative introduction, overview, and analysis of the basic financial statements is presented in the *Management's Discussion and Analysis (MD&A)* section of this report. This letter of transmittal is intended to complement MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Auditor's Report.

## **PROFILE OF THE GOVERNMENT**

Missouri was organized as a territory in 1812 and was the second state (after Louisiana) of the Louisiana Purchase to be admitted to the Union. Statehood was granted on August 10, 1821, making Missouri the 24th state. The State encompasses 68,945 square miles.

The State operates under three branches of government: executive, legislative, and judicial. The executive branch consists of the Governor, Lieutenant Governor, Secretary of State, State Auditor, State Treasurer, and Attorney General. The legislative branch consists of 34 members of the Senate and 163 members of the House of Representatives. The judicial branch is a three-tier court system: the Supreme Court, the State's highest court, has statewide jurisdiction; a court of appeals that consists of districts established by the General Assembly; and a system of circuit courts that has original jurisdiction over all cases and matters, civil and criminal.

The State provides a range of services in the areas of agriculture, education, health and social services, transportation systems, public safety, judicial systems, economic development, conservation and natural resources, labor relations, and general administration.

The State operates on a legally adopted budget in order to ensure compliance with legal provisions embodied in the annual appropriated budget passed by the General Assembly and approved by the Governor prior to the beginning of the fiscal year. If appropriations are not sufficient for a fiscal year, supplemental amounts are requested during the next legislative session by the same process that original appropriations are requested. Budgets are established at the program level. Expenditures cannot exceed the individual appropriation amount. The Governor has the authority to reduce the allotments of appropriations in any fund if it appears that the revenue estimate will not be met. Article IV, Section 27 of the Missouri Constitution, amended in 2014, requires the Governor to notify the General Assembly if the Governor reduces allotments when it appears revenues will be less than estimated. This Section then gives the General Assembly the authority to overturn any of the Governor's restrictions with a two-thirds vote, similar to the procedure to overturn a veto. Unexpended appropriations lapse at the end of each fiscal year, unless reappropriated to the following budget fiscal year.

The financial reporting entity of the State includes all of the funds of the primary government as well as component units for which the State is financially accountable. The transmittal letter, MD&A, and the financial statements focus on the primary government and its activities. Although information pertaining to the component units is provided, their separately issued financial statements should be read to obtain a complete overview of their financial position.

## **ECONOMIC CONDITION AND OUTLOOK**

### **State Economy**

Revenue collection information as of June 30, 2022, indicates that net general revenues collections for fiscal year 2022 increased by 14.6% compared to June 2021, from \$11.24 billion in fiscal year 2021 to \$12.88 billion in fiscal year 2022. This increase reflects strong growth in all major tax categories.

The State's economic outlook for fiscal year 2023 anticipates continued improvement in employment and wages, while consumption is expected to slow as federal stimulus wanes. Since fiscal year 2022 finished significantly above forecast, the Governor has begun fiscal year 2023 with no restrictions in place on general revenue spending. However, the Governor may restrict spending during the fiscal year if necessary.

During fiscal year 2022, the State received \$2,685,296,000 in grant monies as part of the American Rescue Plan Act (ARPA), \$1,698,819,000 of which is for Revenue Replacement. ARPA was signed to deliver relief to the American economy and work towards beating the COVID-19 virus. Monies received through ARPA are to be used for expenditures such as public health, assistance for negative economic impacts, infrastructure to provide safe drinking water, infrastructure for broadband, and some administrative expenses to assist in these endeavors. The Revenue Replacement portion specifically is to be spent on items such as provision of government services and non-federal match for other Federal programs

In November 2022 it was voted to legalize the use of recreational marijuana with estimated annual revenues of at least \$40.8 million.

Missouri's GDP was \$295.7 billion in 2021 in 2012 inflation-adjusted dollars; this is a 4.6% increase over 2020. Missouri's per capita personal income was \$55,159 in 2021, an increase from 2020. The national per capita income is \$63,444. While the State's per capita income is lower than the national average, so is the cost of living. In 2021, Missouri ranked 7th lowest in cost of living for states.

## Personal Income Annual Growth Rate

Source: MERIC 2022 Missouri Economic Report

In July 2022, Missouri's unemployment rate was 2.8%, while the nation's unemployment rate was 3.6%, a significant decrease from July 2021, reflecting continued recovery from the economic downturn caused by the COVID-19 pandemic during 2020. Prior to the COVID-19 pandemic, Missouri and the nation were experiencing record low unemployment numbers and a tight labor market. The current unemployment rate of 2.8%, a historic low, shows economic improvement following the COVID-19 pandemic.

## **Long-Term Financial Planning**

During the 2014 legislative session, the legislature passed Senate Bill 509 and Senate Bill 496, relating to changes to the State's income tax structure. The legislation reduced the maximum tax rate on personal income and created an income tax deduction for business income as well as increased a personal exemption for individuals that have an adjusted gross income of less than \$20,000. (The federal Tax Cuts and Jobs Act of 2017 eliminated the personal exemption.) The implementation of the tax cut is gradual with a 0.10% decline each calendar year and will go into effect following fiscal years where net general revenue collections grow at least \$150 million. Estimates indicate that the bills will cost at least \$620 million annually once fully in effect, which will occur in fiscal year 2025 at the earliest, due to a phased implementation. General revenue growth for fiscal year 2017, 2018, and 2021 triggered the first three income tax reductions in tax year 2018, 2019, and 2022. The general revenue growth for 2019 and 2020 did not trigger a tax reduction for tax years 2020 and 2021.

The General Assembly passed several tax-related bills during the 2022 legislative session. The General Assembly passed HB 2400 which made multiple changes to individual income taxes and tax credits. HB 2400 created the SALT Parity Act, allowing pass-through businesses to file their individual income tax returns at the entity level. In addition, HB 2400 grants an income tax credit to S-corporations that earn income in certain states. The impact from these provisions on general revenue is unknown. The General Assembly passed HB 1606 and SB 652, which exempt the 2026 FIFA World Cup game tickets from sales tax. These bills will only result in a general revenue loss during fiscal year 2026. Another provision of HB 2400 creates a sales tax exemption for qualified research purchases. In addition, the General Assembly passed SB 745, which creates a sales tax exemption for utilities used by transient guest services and solar energy system purchases. SB 745 is expected to reduce general revenue by \$30 to \$32 million in fiscal year 2023. Once fully implemented, SB 745 is estimated to reduce general revenue by \$21 to \$23 million annually. The passage of HB 2400 also created and changed tax credit programs. It changes the self-employed health insurance tax credit, making the credit non-refundable and disallowing the use of both the credit and income tax deduction. In addition, HB 2400 created a tax credit for qualified research with an annual cap of \$20 million starting in FY 2024. HB 2400 is estimated to reduce general revenue by \$9 million annually once fully implemented. SB 672 creates a tax credit for activities located within a TIME Zone. The tax credit program has an annual \$5 million limit. The combined impact to general revenue during Fiscal Year 2023 is estimated to be an approximately \$13 to \$30 million loss. Once fully implemented, the legislation could reduce general revenue by up to \$30 million annually.

## **Relevant Financial Policies**

Article X, Sections 16-24 of the Constitution of Missouri (the "Tax Limitation Amendment"), imposes a limit on the amount of taxes that may be imposed by the General Assembly in any fiscal year. This limit is tied to total state revenues for fiscal year 1981, as defined in the Tax Limitation Amendment and adjusted annually, in accordance with the formula set forth in the amendment which is tied to increases in the personal income of Missouri for certain designated periods. If the revenue limit is exceeded by one percent or more in any fiscal year the excess revenue will be refunded pro-rata, based on the liability reported on state income tax returns. If the excess revenue collected is less than one percent of the revenue limit, the excess revenue shall be transferred to the General Revenue Fund.

The revenue limit can be exceeded by a constitutional amendment duly adopted by the people or if the General Assembly approves by a two-thirds vote an emergency declaration by the Governor. Strong economic growth resulted in revenues above the total state revenue limit in fiscal years 1995-1999. The State has refunded to taxpayers \$979 million in excess revenue for these fiscal years. The revenue limit was not exceeded in fiscal years 2000 through 2022, inclusive. The State is currently \$3.62 billion below the limit and does not expect the limit to be exceeded in fiscal year 2023.

## **Major Initiatives**

Highlights of the 2022 Regular Session include the passage of the following:

- **Workforce Development**

The General Assembly passed SB 672 which expands the state's adult higher education financial aid program, Fast Track. The program will now cover active-duty service personnel, offer grants for eligible apprenticeships, and have fewer application requirements. The General Assembly passed SB 718 which promotes adult education and workforce development by creating the Workforce Diploma program. With nearly 450,000 adult Missourians lacking a high school credential, this program will assist students, at no cost to them, to receive a diploma while teaching them workforce-ready skills.

- **Education**

The General Assembly passed SB 681 which offers new flexibility for innovative districts via a waiver program that will allow requirements on individual schools to be waived by the State Board if the schools shows they can improve student post-secondary readiness or teacher recruitment and retention. SB 681 also creates a framework for a more student-centered education system by promoting competency-based education which allows students to advance as they reach proficiency rather than at the pace determined by the whole class.

- **Elections**

The General Assembly passed HB 1878 which modernizes and revises many of the state's election and voting laws. Starting August 28th, 2022 all registered voters will be able to vote by mail or at an election authority up to two weeks prior to an election without needing an excuse for their absence on Election Day. The bill also updates the state's presidential primary election to reflect Missouri's political parties' long-standing caucus process. Lastly, HB 1878 moves all election authorities to paper ballot elections by prohibiting electronic-only voting machines after 2023.

- **Public Health**

The General Assembly passed HB 2162 which adds provisions aimed at addressing the opioid epidemic. The bill will improve access to addiction mitigation medication through a statewide standing order by the Department of Health and Senior Services director. Ahead of a global settlement with opioid manufacturers, HB 2162 will also allow more state departments to use the settlement funds on programs related to the opioid crisis.

- **Childcare**

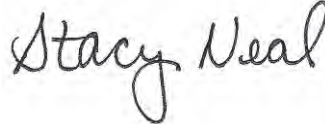

The General Assembly passed SB 683 which improves access to child care by expanding the number of children allowed within licensed family child care homes. The bill also establishes a prison nursery program to allow a pregnant offender to stay with her child for up to 18 months. SB 683 also modifies a number of statutes to reflect Executive Order 21-1 which created the Office of Childhood and consolidated many early childhood-related responsibilities within the office

## **ACKNOWLEDGEMENTS**

While the Office of Administration, Division of Accounting, is responsible for the contents of this report, no one division could do it alone. Many people were involved in the compilation of materials necessary to complete the report.

We want to issue a special thanks to all the personnel at the State agencies who provided us with information quickly and accurately so that we could issue the ACFR in a timely manner. We also owe thanks to the professionalism and dedication demonstrated by technical and management personnel within the State Auditor's Office, the State Treasurer's Office, Office of Administration, Information Technology Services Division, and the State Printing Center. We appreciate all their efforts.

Sincerely,

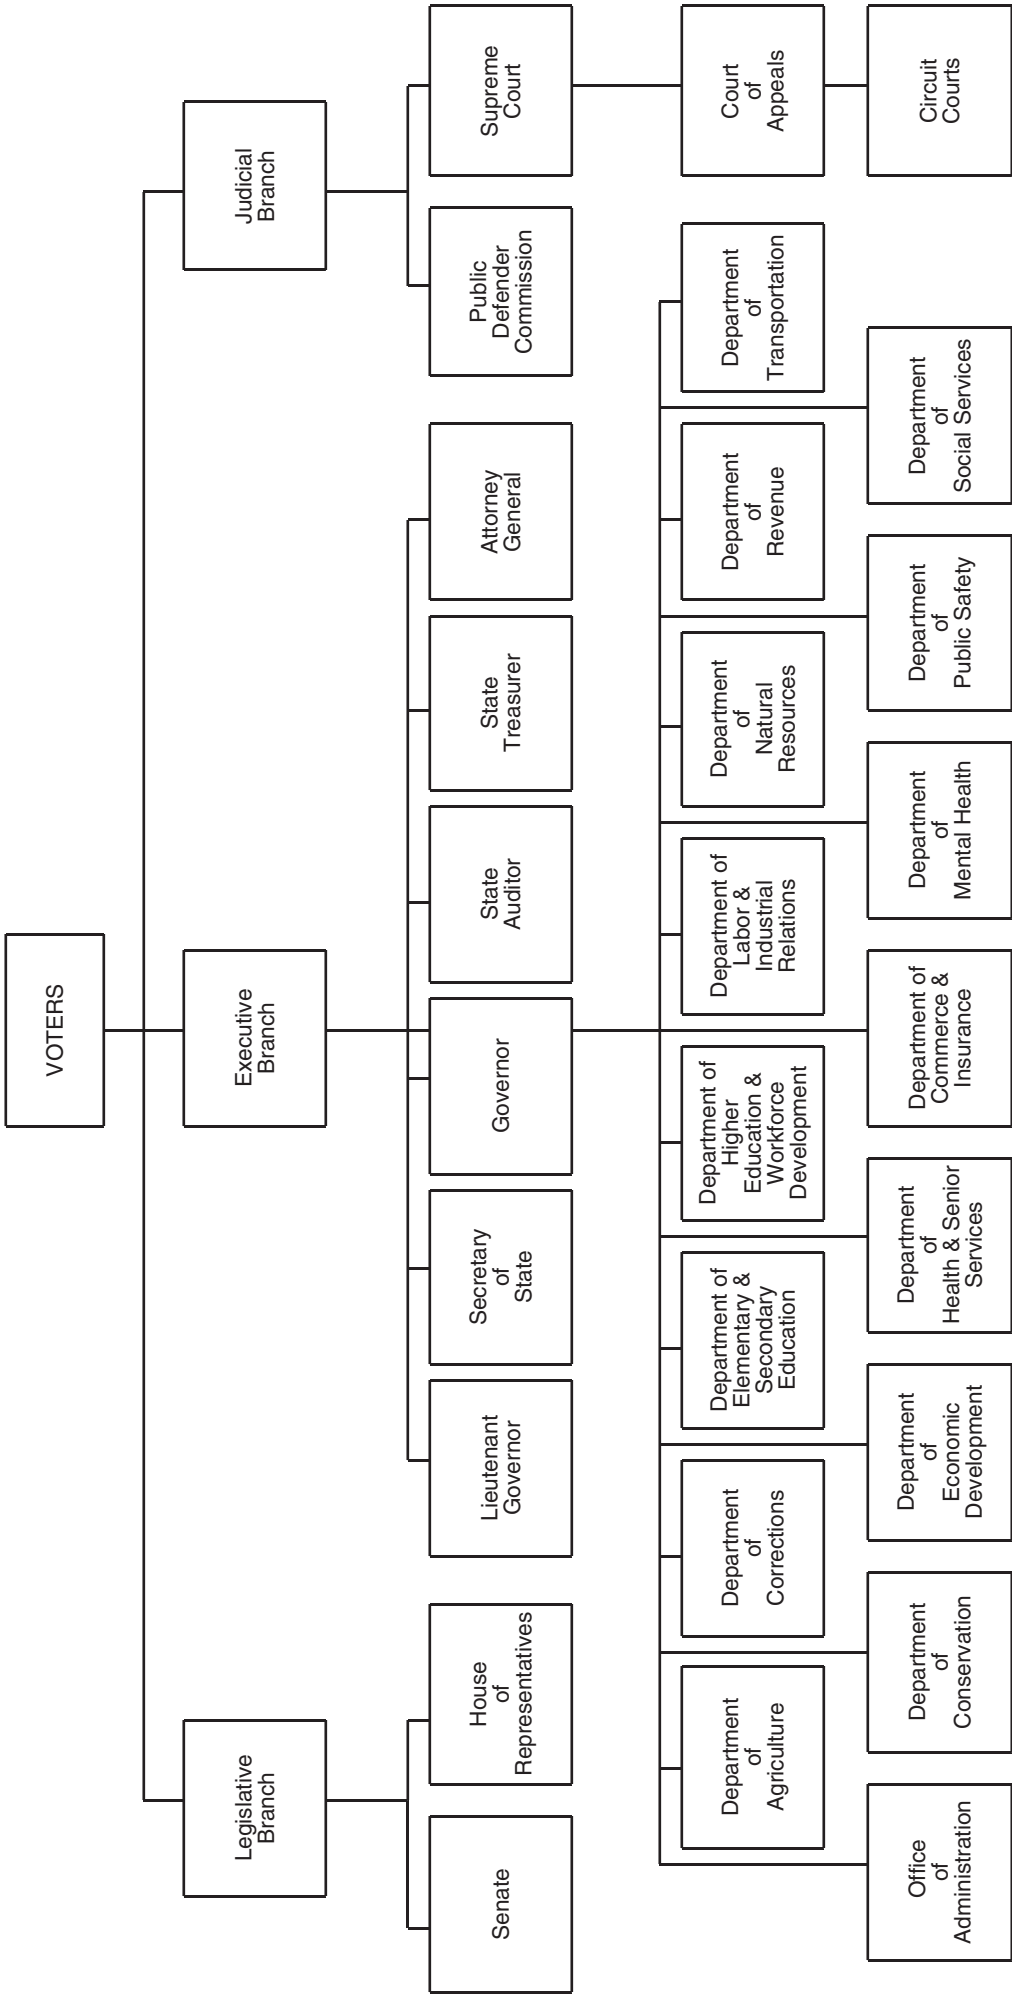

A handwritten signature in black ink that reads "Stacy Neal". The signature is written in a cursive, flowing style.

Stacy Neal, CPA  
Director

and  
Members of the General Assembly

**Report on the Audit of the Financial Statements**

***Qualified and Unmodified Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Missouri, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the State of Missouri's basic financial statements as listed in the table of contents.

***Summary of Opinions***

<b>Opinion Unit</b>	<b>Type of Opinion</b>
Governmental Activities	Qualified
Business-Type Activities	Unmodified
Aggregate Discretely Presented Component Units	Unmodified
General Fund	Qualified
Public Education Fund	Unmodified
Conservation and Environmental Protection Fund	Unmodified
Missouri Road Fund	Unmodified
State Lottery Fund	Unmodified
Unemployment Compensation Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

***Qualified Opinions on the Governmental Activities and the General Fund***

In our opinion, based on our audit and the reports of other auditors, except for the effects of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the General Fund of the State of Missouri, as of June 30, 2022, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Missouri Road Fund, a major fund; the Missouri Road Bond Fund; the Conservation Employees' Insurance Plan; the Transportation Self-Insurance Plan; the Missouri State Employees' Insurance Plan; the Missouri Consolidated Health Care Plan; and the Missouri Department of Transportation and Missouri State Highway Patrol Medical and Life Insurance Plan, which

represent 61 percent of the assets and 9 percent of the revenues of the governmental activities. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities and funds, are based solely on the reports of the other auditors.

### *Unmodified Opinions*

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component units, each major fund excluding the General Fund, and the aggregate remaining fund information of the State of Missouri, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of certain entities and funds. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities and funds, are based solely on the reports of the other auditors. Those entities and funds were:

1. The State Lottery Fund, a major fund, and the Petroleum Storage Tank Insurance Fund which represent 17 percent of the assets and 79 percent of the revenues of the business-type activities.
2. The aggregate discretely presented component units.
3. The pension (and other employee benefit) trust funds and the Missouri Department of Transportation custodial funds which represent 92 percent of the assets and 3 percent of the additions of the fiduciary funds.

### *Basis for Qualified and Unmodified Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the State of Missouri and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified audit opinions. The financial statements of the Conservation Employees' Insurance Plan, the Missouri State Employees' Insurance Plan, and the Missouri Consolidated Health Care Plan, internal service funds; the Missouri Development Finance Board, the Missouri Agricultural and Small Business Development Authority, and the State Environmental Improvement Energy Resources Authority, discretely presented component units; and the pension (and other employee benefit) trust funds were not audited in accordance with *Government Auditing Standards*.

### *Matter Giving Rise to Qualified Opinions on the Governmental Activities and the General Fund*

We were not allowed access to tax returns and related source documents for income taxes. Access was denied based on the Department of Revenue's interpretation of the decision rendered by the Missouri Supreme Court in the case of *Director of Revenue v. State Auditor* 511 S.W.2d 779 (Mo. 1974). Approximately 29 percent of governmental activities revenues and 32 percent of General Fund revenues

are from this source. We were unable to satisfy ourselves by appropriate audit procedures as to the income tax revenue beyond the amounts recorded.

### ***Emphasis of Matter***

As discussed in Note 17 to the financial statements, the 2021 financial statements have been restated for the implementation of GASB Statement No. 87, *Leases*, and to correct misstatements. Our opinions are not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the State of Missouri's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State of Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the State of Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the information listed under Required Supplementary Information in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Missouri's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the audit procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, except for the effect of the matter described in the Basis for Qualified and Unmodified Opinions section of our report, the supplementary information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based

on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, our report dated March 24, 2023, on our consideration of the State of Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters will be issued under separate cover in the Report on Internal Control, Compliance, and Other Matters. The purpose of our report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State of Missouri's internal control over financial reporting or on compliance. Our report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State of Missouri's internal control over financial reporting and compliance.

*The Management's Discussion and Analysis provides a narrative overview and analysis of the financial activities of the State.*

# Management's Discussion and Analysis

The following is a discussion and analysis of the State of Missouri's financial activities for the fiscal year ended June 30, 2022. Readers are encouraged to consider the information presented here in conjunction with additional information that is furnished in the letter of transmittal.

## FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT

### Government-Wide:

- *Net Position.* Assets and deferred outflows of the State of Missouri exceeded liabilities and deferred inflows at the close of fiscal year 2022 by \$37.3 billion. Of the \$37.3 billion, "unrestricted net position" is reported as a negative \$1.7 billion, offset by \$6.1 billion in "restricted net position", and \$32.9 billion net investment in capital assets.
- *Changes in Net Position.* The State's total net position increased by \$5.0 billion in fiscal year 2022. Net position for governmental-type activities increased by \$4.8 billion.
- *Excess of Revenues over (under) Expenses.* During fiscal year 2022, the State's total revenues of \$38.5 billion were \$5.0 billion greater than total expenses of \$33.5 billion (excluding capital contributions, transfers, and extraordinary items). Of these expenses, \$21.1 billion were covered by program revenues. General revenues, generated primarily from various taxes, totaled \$17.4 billion.

### Fund-Level:

- *Governmental Funds – Fund Balance.* At the close of fiscal year 2022, the State's governmental fund assets exceeded liabilities by \$14.0 billion, an increase of \$4.0 billion or 39.5% from the prior year. The increase was due to the net effect of several factors. Revenues increased \$2.1 billion, primarily from an increase in tax revenue of \$2.3 billion and related expenditures in Education increased \$1.3 billion.
- *General Fund – Fund Balance.* At the end of the current fiscal year, the State's General Fund reported a balance of \$8.7 billion.

Additional information regarding individual funds begins on Page 8.

### Debt Issued and Outstanding:

- The primary government's total long-term obligations related to bonds payable decreased \$173.6 million, or 7.9%, over the prior year. The outstanding bonds payable represents 8.9% of financial assets (cash, receivables, and investments) and 3.5% of total assets. On October 19, 2021, the Board of Public Buildings of the State of Missouri issued its Taxable Special Obligation Bonds, Series A 2021, in the amount of \$60.9 million. On December 15, 2021, the Missouri Highways and Transportation Commission issued its Third Lien State Road Bonds, Series A 2021, in the amount of \$89.0 million. Additionally, bond payments of \$323.4 million were made during the fiscal year. The State has financed purchases through direct borrowing with banks in the amount of \$31.4 million. Additional detail is available in *Note 11*.

### Revenue Limit:

- The State Constitution limits the State's ability to retain revenue collected over an amount set by a constitutional amendment known as Article X. Excess revenue of 1.0% or more must be refunded to the taxpayers each year. During fiscal year 2022, the State did not exceed the revenue limit.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The State's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

### Government-Wide Financial Statements:

The government-wide financial statements are designed to provide readers with a broad overview of the State's finances in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the State's assets, deferred outflows, liabilities, and deferred inflows, with the difference between them reported as *net position*. Increases or decreases in net position may serve as a useful indicator of the State's financial position.

The *Statement of Activities* presents information showing how the State's net position changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of when the cash is received. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report three activities:

*Governmental Activities* are primarily supported by taxes and intergovernmental revenues. They include general government, education, natural and economic resources, transportation and law enforcement, and human services.

*Business-Type Activities* are intended to recover all or a significant portion of their costs through user fees and charges. They include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, publishing maps and documents, insurance coverage, and inmate canteen. Also included are the operations of the State Lottery and Unemployment Compensation funds.

*Discretely Presented Component Units* are operations for which the State has financial accountability, but are legally separate. They include the college and universities, Missouri Development Finance Board, Missouri Agricultural and Small Business Development Authority, Missouri Transportation Finance Corporation, Missouri Wine and Grape Board, and the State Environmental Improvement Energy Resources Authority.

### Fund Financial Statements:

The fund financial statements present more detailed information about the government's operations than the government-wide statements. The State uses fund accounting to ensure and demonstrate compliance with statutory requirements. The funds of the State can be divided into three categories: governmental, proprietary, and fiduciary.

*Governmental funds.* Governmental funds are used to account for most of the basic services provided by the State. Unlike the government-wide financial statements, governmental fund financial statements focus on short-term inflows and outflows of current financial resources and utilize the modified accrual basis of accounting. This presentation focuses on when cash will be received and disbursed making the statements useful in evaluating a government's financing requirements in the near future.

Governmental funds include the general, special revenue, capital projects, debt service, and permanent funds. Major funds include general, public education, conservation and environmental protection, and the Missouri Road Fund which are presented in separate columns. Data from other governmental funds are combined into a single column for aggregated presentation. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements in supplementary information.

A user can compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. A reconciliation to facilitate this comparison is provided on the page immediately following each governmental fund financial statement.

**Proprietary funds.** Proprietary funds are used to account for activities similar to private businesses in which goods and services are sold for specified fees. Generally, the State uses enterprise funds to account for activities that provide goods and services to the general public. These include constructing or operating state park facilities, fairgrounds, historical properties and office buildings, hospital services, warehousing, merchandising, and publishing maps and documents. Also included are the operations of the State Lottery and Unemployment Compensation funds. Internal service funds report activities that provide supplies and services for the State's other programs and activities. The State uses internal service funds to account for insurance and health care plans, as well as administrative services for other state agencies, such as fleet management, data processing, and telecommunication services. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds focus on economic resources and utilize the full accrual basis of accounting. The proprietary fund financial statements provide separate information for the State Lottery and Unemployment Compensation, which are considered major enterprise funds. Non-major enterprise funds are also combined into a single column for aggregated presentation. All internal service funds are combined into a single column in the proprietary fund financial statements. Individual fund data for the non-major enterprise and internal service funds is provided in the form of combining statements in supplementary information.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside State government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are not available to support the State's own programs. The fiduciary funds are presented using the full accrual basis of accounting.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information (RSI) including a budgetary comparison schedule for the General Fund and major special revenue funds and schedules for pension and other post-employment benefits. Other supplementary information includes the combining statements for the general, non-major governmental, non-major enterprise, internal service, fiduciary, and non-major component unit funds. It also includes the statistical section as well as budgetary comparison schedules and statements for the Missouri Road Fund, non-major special revenue, debt service, capital projects, and permanent funds.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

### Net Position:

The State's total net position increased \$5.0 billion during fiscal year 2022. Cash and cash equivalents and investments increased \$6.4 billion. This was mainly due to a decrease in unemployment compensation of \$3.4 billion because of a decline in the benefits paid compared to during the COVID-19 pandemic. There was also an increase of \$4.1 billion in tax revenues. Accounts receivable increased \$915.3 million. Capital assets increased \$487.6 million primarily related to an increase in investment in the State's infrastructure and the implementation of GASB Statement No. 87 - *Leases*. The State issued the Third Lien State Road Bonds, Series A 2021 in the amount of \$89.0 million. This issuance plus bond payments of \$320.1 million resulted in bonds payable and the related unamortized bond premium liability to decrease by \$253.9 million for Governmental Activities. The Board of Public Buildings of the State of Missouri issued the Taxable Special Obligation Bonds, Series A 2021, in the amount of \$60.9 million. This issuance and bond payments of \$3.3 million resulted in Bonds Payable and the related unamortized bond discount liability to increase by \$57.5 million for Business Type Activities. The total issuances and bond payments resulted in a total decrease of \$196.5 million in bonds payable liability and the related unamortized bond premium/discount liability for the State.

Net investment in capital assets, which includes capital assets, bonds payable, and lease/financed purchase obligations, is the largest component of the State's net position at \$32.9 billion or 88.1%. These assets include construction in progress, software in progress, infrastructure in progress, land, easements, land improvements, buildings, equipment, software, trademarks and intangible right-to-use assets related to leases which are not easily converted to cash or readily available to pay state debts as they come due. Net investment in capital assets and restricted net position, which do not represent resources available to pay day-to-day operating expenses, increased by \$564.0 million or 1.5%. The increase was primarily due to the increase in capital assets of \$487.6 million and a decrease in related outstanding bond, lease, and financed purchase obligation of \$426.9 million.

Restricted net position of the primary government totaled \$6.1 billion or 16.4% of total net position vs. 19.7% from the prior year. Net position is restricted for several reasons including constitutional, legal, enabling legislation, or external requirements. Examples of restricted net position include lottery proceeds restricted for public education, funds restricted for debt service, and certain sales taxes restricted for the maintenance of highways or state parks and conservation areas. Also, many federal funds are restricted to funding certain programs.

The following table displays the current and prior year government-wide condensed Statement of Net Position.

## Changes in Net Position:

The schedule below reflects how the State's net position changed during the year. The State collected program revenues of \$21.1 billion and general revenues of \$17.4 billion for total revenues of \$38.5 billion during fiscal year 2022. Expenses for the State during fiscal year 2022 were \$33.5 billion. Total net position, net of contributions and transfers, increased by \$5.0 billion.

The following table displays the current and prior year government-wide condensed Statement of Activities.

\*Fiscal year 2021 amounts have been restated. Fiscal year 2021 June 30 Net Position does not tie to fiscal year 2022 July 1 Net Position due to the restatement for GASB 87, which is a beginning balance restatement.

## Governmental Activities

The net position of governmental activities increased \$4.8 billion in fiscal year 2022. General and program revenues of governmental activities were \$2.8 billion more in fiscal year 2022 than in fiscal year 2021, most notably due to an increase in income taxes.

As shown in the Revenues by Source chart below, approximately 46.3% of revenues from all sources earned came from taxes. Grants and contributions, which represents amounts received from other governments/entities, primarily the federal government, provided 47.1% of total revenue. Charges for services contributed 4.9% and various other revenues provided 1.7% of the remaining governmental activity revenue sources.

The State's governmental activities program expenses for fiscal year 2022 were \$1.7 billion more than fiscal year 2021. The most notable increase is \$1.3 billion in Education. This is mainly due to an increase in federal funding related to the Elementary and Secondary School Emergency Relief Fund (ESSER).

As shown in the Expenses by Function chart below, expenses for Human Services comprised the largest portion of total governmental activities expenses at 54.9%, followed by Education at 28.5%.

**Business-Type Activities**

Net position of the State's business-type activities increased \$166.9 million in fiscal year 2022, primarily caused by a decrease in overall expenses. The decrease was primarily caused by a decrease in unemployment benefit costs following COVID-19.

Revenues of business-type activities totaled \$2.3 billion. As shown in the Revenues by Source chart below, 81.5% of the revenues came from charges for services. Operating grants and contributions provided 18.4% of the total revenues and all other revenues provided 0.1%.

**Revenues by Source**

Expenses of business-type activities totaled \$1.7 billion. As shown in the Expenses by Fund chart below, State Lottery makes up the largest portion with 81.5% of total business-type expenses. Unemployment Compensation comes in second at 14.5%, followed by Inmate Canteen at 1.7%, Petroleum Storage Tank Insurance at 1.0%, State Parks and DNR at 0.9%, State Fair Fees at 0.3%, and Surplus Property at 0.1%.

**Expenses by Fund**

## FINANCIAL ANALYSIS OF THE STATE'S INDIVIDUAL FUNDS

### Governmental Funds:

At the end of fiscal year 2022, the State's governmental funds reported combined ending fund balances of \$14.0 billion. Approximately 74.6% is unrestricted and available for spending at the government's discretion. The remainder of fund balance is nonspendable and restricted to indicate that it is not available for new spending because it has already been allocated for: 1) inventories, 2) to pay debt service, 3) for loans receivable, and 4) for a variety of other purposes.

Fund balances (in thousands) for governmental funds are as follows:

	General Fund	Public Education	Conservation and Environmental Protection	Missouri Road Fund	Non-Major Funds	Total
Nonspendable	\$ 161,279	\$ —	\$ 219	\$ 46,849	\$ 73,091	\$ 281,438
Restricted	999,191	479,940	247,664	1,083,032	460,833	3,270,660
Committed	760,316	5,317	1,986,022	—	423,317	3,174,972
Assigned	207,622	36,969	100,538	—	344,003	689,132
Unassigned	6,555,818	—	—	—	—	6,555,818
<b>Total</b>	<b>\$ 8,684,226</b>	<b>\$ 522,226</b>	<b>\$ 2,334,443</b>	<b>\$ 1,129,881</b>	<b>\$ 1,301,244</b>	<b>\$ 13,972,020</b>

The General Fund is the chief operating fund of the State. At the end of fiscal year 2022, the State's General Fund reported a total fund balance of \$8.7 billion, an increase of \$4.0 billion from fiscal year 2021. Investments increased by \$4.0 billion. Other significant changes from fiscal year 2021 includes an increase in cash of \$2.2 billion, offset by an increase in unearned revenue of \$2.4 billion. These increases are mainly due to an increase of \$2.1 billion in tax revenue and \$2.7 billion received in federal ARPA funds, \$2.6 billion of which is not yet spent and, therefore, not yet earned.

The Public Education Fund provides general and special education services to the children of the State and other related functions, such as library services and student loans. Fund balance ended the year with a balance of \$522.2 million, an increase of \$120.0 million or a 29.8% increase from fiscal year 2021. This was mainly due to an increase of \$35.0 million in cash and an increase of \$70.8 million in investments which was mainly due to a \$124.5 million increase in sales and use tax..

The Conservation and Environmental Protection Fund provides the preservation of the State's wildlife and environment. At the end of fiscal year 2022, the fund balance was \$2.3 billion, a decrease of \$30.6 million from fiscal year 2021. Cash and cash equivalents and investments increased \$67.7 million while loans receivable decreased \$108.2 million.

The Missouri Road Fund accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. Total fund balance decreased \$68.4 million from fiscal year 2021. Revenues totaled \$1.3 billion while expenditures totaled \$2.0 billion. Total revenues decreased by \$326.6 million from fiscal year 2021, mainly due to a decrease of \$319.0 million in Contributions and Intergovernmental from federal grants revenue.

### Proprietary Funds:

The State has two major proprietary funds: State Lottery and Unemployment Compensation. The State Lottery Fund was established in 1986 to account for the sale of lottery tickets and lottery operations. Since 1992, public education has been the sole beneficiary of lottery proceeds. Unemployment Compensation accounts for contributions and payments collected from Missouri employers under the provision of the "Unemployment Compensation Law." This tax finances benefits for workers who become unemployed through no fault of their own.

The State Lottery Fund's net position decreased by \$6.2 million in fiscal year 2022, due mainly to fluctuation in market yields, which increase or reduce the unrealized gain on investments. Total operating revenues decreased by 1.0% and operating expenses decreased by 0.6% in fiscal year 2022. Ticket sales decreased by \$18.5 million which also led to a decrease in prize expenses of \$1.6 million. The decrease was mainly the result of a decline in Scratcher ticket sales of \$20.4 million.

The Unemployment Compensation Fund's net position increased by \$174.9 million during fiscal year 2022. This is mainly due to an increase in cash of \$151.6 million and an increase in accounts receivable of \$24.8 million. Additionally, revenues, mainly Federal Contracts, decreased by \$2.8 billion and unemployment benefits expense decreased by \$3.4 billion. The increase in cash as well as the decrease in expenses are due to a decline in benefits paid compared to what was paid during the pandemic. The decrease in revenues is a result of the state no longer receiving federal pandemic revenues at the rate seen in fiscal year 2021. The increase in accounts receivable is due to the increase of overpayments established from pandemic programs that were paid in prior years.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

The original budget is the appropriated budget that is truly agreed to and finally passed by the legislature, and signed by the Governor at the beginning of the fiscal year. The final budget includes emergency and supplemental appropriations, reverted amounts, and increases to estimated appropriations, which occur during the fiscal year.

Budgeted charges to appropriations for fiscal year 2022 from the General Fund were \$35.1 billion original budget and \$40.1 billion final budget. Actual spending was \$30.4 billion. Reasons for the final budget variances include:

- Appropriation authority exceeded cash available for expenditures.
- Lapse of various appropriations.
- Multiple year grants are appropriated in one year, but the expenditures may occur over several years.
- Capital improvement appropriations were restricted during the budget process.

Budgeted revenues/transfers in for fiscal year 2022 for the General Fund were \$37.4 billion original budget and \$39.3 billion final budget. Actual revenue/transfers in was \$36.9 billion.

Refer to the *Notes to RSI*, Budgetary Reporting, on page 141 for more information on budgetary variances.

## GOVERNMENT-WIDE CAPITAL ASSET AND DEBT ADMINISTRATION

### Capital Assets:

The State's investment in capital assets for its governmental and business-type activities as of June 30, 2022, was \$34.7 billion (net of accumulated depreciation/amortization). This investment in capital assets includes construction in progress, software in progress, infrastructure in progress, land, permanent easements, land improvements, temporary easements, buildings and improvements, equipment, software, trademarks, infrastructure, and intangible right-to-use assets related to leases.

### Capital Assets of the State include (in thousands):

	Governmental Activities	Business-Type Activities	Total
Construction in Progress	\$ 210,683	\$ 3,388	\$ 214,071
Software in Progress	123,671	—	123,671

Equipment - Right-to-Use	1,786	518	2,304
Infrastructure - Right-to-Use	25,244	—	25,244
<i>Subtotal</i>	<i>65,173,658</i>	<i>194,832</i>	<i>65,368,490</i>
Less Accumulated Depreciation/ Amortization	(30,627,102)	(82,940)	(30,710,042)
<b>Total Capital Assets, Net</b>	<b>\$ 34,546,556</b>	<b>\$ 111,892</b>	<b>\$ 34,658,448</b>

Additional information on capital assets can be found in *Note 5* of this report.

### Debt Administration:

At the end of fiscal year 2022, the primary government had total general obligation and other bonded debt outstanding of \$2.0 billion. Of this amount, \$12.1 million comprises debt backed by the full faith and credit of the government. The State had an additional \$31.4 million of financed purchases from direct borrowings obligation outstanding.

Principal amounts retired or refunded in fiscal year 2022 were \$16.6 million for general obligation bonds, \$306.8 million for other bonds, and \$16.6 million for direct borrowings.

The State of Missouri is proud to have maintained a Triple-A credit rating since 1989 from all three major credit rating agencies (Moody's Investor Services, Inc., Standard and Poor's, and Fitch Ratings, Inc.) on the State's General Obligation Bonds.

### Outstanding Bonds Payable Financed Purchase Obligation of the State include (in thousands):

	Governmental Activities	Business-type Activities	Component Units	Total
General Obligation Bonds	\$ 12,090	\$ —	\$ —	\$ 12,090
Other Bonds	1,950,235	57,575	2,100,219	4,108,029
Direct Placements	—	—	145,104	145,104
Financed Purchases from Direct Borrowings	31,417	—	77,482	108,899
<b>Total</b>	<b>\$ 1,993,742</b>	<b>\$ 57,575</b>	<b>\$ 2,322,805</b>	<b>\$ 4,374,122</b>

Additional information on long-term debt can be found in *Notes 10, 11, and 12* of this report.

## ECONOMIC OUTLOOK AND NEXT YEAR'S BUDGET

As a major manufacturing, financial, and agricultural state, Missouri's economic health is tied closely to that of the nation. The recovery after the COVID-19 induced recession was strong and is now nearly complete. Missouri's economy continues to expand; however, there are growing headwinds from inflation, energy market shocks, volatile stock markets, and geopolitical conflicts.

Missouri's personal income, which directly impacts individual income tax and sales tax, increased 7.0% in 2021. The strong personal income growth was primarily due to federal stimulus payments. Missouri's employment stood at 2.9 million in June 2022, about 2.3% higher than in June 2021. The state's seasonally adjusted unemployment rate registered 2.8% in June 2022, compared to 4.4% one year earlier. The national rate was 3.6% in June 2022.

Since 2015, personal incomes have increased, on average, 3.7% annually for the state and 4.3% for the nation. The average income of a Missouri citizen was \$55,159 in 2021, which was lower than the national average of \$63,444. Missouri's per capita personal income grew 6.7%, compared to national growth in per capita income of 7.3%, from 2020 to 2021. While the State's per capita income is lower than the national average, so is the cost of living. Missouri is among the most affordable states as it had the twelfth lowest cost of living in the United States during the first quarter of 2022. The below graph depicts the components of personal income, with transfer payments (such as social security, Medicare, etc.) comprising 23.8% of the State's total personal income, due in part to the State's aging population and federal COVID-19 related stimulus payments.

*Source: U.S. Bureau of Economic Analysis 2022*

The State of Missouri's net general revenue collections in fiscal year 2022 were \$12.9 billion, a 14.6% increase from fiscal year 2021 collections. This increase reflects strong growth in all major tax categories.

The State's economic outlook for Fiscal Year 2023 anticipates continued improvement in employment and wages, while consumption is expected to slow as federal stimulus wanes. Since Fiscal Year 2022 finished significantly above forecast, the Governor has begun Fiscal Year 2023 with no restrictions in place on general revenue spending. However, the Governor may restrict spending during the fiscal year if necessary.

## REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the State's finances for all those with an interest in the State's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of Administration, Division of Accounting, P.O. Box 809, Jefferson City, MO 65102.

*The **Governmental Funds** focus on current financial resources.*

## ***Governmental Fund Financial Statements***

### **Major Funds**

**General Fund** - Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

#### **Major Special Revenue Funds:**

**Public Education** - Provides general and special education needs of the State and other related areas such as library services and student loans.

**Conservation and Environmental Protection** - Provides for the preservation of the State's wildlife and environment.

#### **Major Capital Projects Fund:**

**Missouri Road Fund** - Accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system.

### **Non-Major Funds**

Non-Major Governmental Funds are presented in the Combining and Individual Fund Statements for non-major funds as part of Supplementary Information.

**STATE OF MISSOURI**  
**RECONCILIATION OF THE BALANCE SHEET OF**  
**GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION**  
**June 30, 2022**  
**(In Thousands of Dollars)**

Total Fund Balances - Governmental Funds	\$ 13,972,020
--	---------------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental funds are not financial resources and are not reported in the funds. These assets consist of (Note 5):

Non Depreciable Capital Assets	5,564,141	
Capital Assets being depreciated/amortized	58,901,598	
Accumulated Depreciation/Amortization	(30,186,974)	
		34,278,765

Deferred inflows of resources related to the State's revenues that will be collected after year-end, but are not available soon enough to pay for the current period's expenditures are deferred in the funds.	2,052,690
--	-----------

Deferred inflows of resources related to the State's lease revenues that will be collected after year-end, but are not available soon enough to pay for the current period's expenditures are deferred in the funds.	1,062
--	-------

Deferred outflows of resources related to pensions and OPEB (Other Postemployment Benefits) are applicable to future reporting periods and therefore, not reported in the funds.	1,585,825
--	-----------

Deferred outflows of resources related to asset retirement obligations are applicable to future reporting periods and therefore, not reported in the funds.	770
---	-----

Deferred inflows of resources related to pensions and OPEB are applicable to future reporting periods and therefore, not reported in the funds.	(1,644,241)
---	-------------

Deferred outflows of resources related to deferred charges or credits on debt refundings are applicable to future reporting periods and therefore, not reported in the funds.	11,116
---	--------

Deferred inflows of resources related to deferred charges or credits on debt refundings are applicable to future reporting periods and therefore, not reported in the funds.	(1,794)
--	---------

Some liabilities are not due and payable in the current period and therefore, not reported in the funds. Those liabilities consist of (Note 10):

Due to Other Entities	(7,035)	
General Obligation and Other Bonds Payable	(1,962,325)	
Unamortized Bond Premium	(94,557)	
Accrued Interest on Bonds	(18,072)	
Obligation under Financed Purchases	(6,083)	
Lease Liability	(100,781)	
Pollution Remediation	(50,261)	
Asset Retirement Obligations	(1,812)	
Compensated Absences	(192,559)	
Claims Liability	(81,322)	
Contingent Liabilities	(2,385,865)	
Net Other Postemployment Benefit Obligation	(3,117,375)	
Net Pension Liability	(6,290,521)	
		(14,308,568)

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The assets and liabilities are included in governmental activities in the Statement of Net Position.

	466,295
Net Position of Governmental Activities	\$ 36,413,940

**STATE OF MISSOURI**  
**RECONCILIATION OF THE STATEMENT OF REVENUES,**  
**EXPENDITURES, AND CHANGES IN FUND BALANCES IN**  
**GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**For the Fiscal Year Ended June 30, 2022**  
**(In Thousands of Dollars)**

Net Change in Fund Balances - Total Governmental Funds	\$ 3,967,059
--	--------------

Amounts reported for governmental activities in the Statement of Activities are different because:

Inventories, which are recorded under the purchases method for governmental fund reporting, are reported under the consumption approach on the Statement of Activities. As a result of this change, the Increase in Reserve for Inventories on the fund statement has been reclassified as a functional expense on the government-wide statement.	(10,902)
---	----------

Governmental funds report capital outlays as expenditures. In the Statement of Activities, however, the cost of these assets is allocated over their estimated useful lives and reported as depreciation/amortization expense. This is the amount that capital outlays of \$1,232,589 , exceeds depreciation/amortization of \$807,278 in the current period.	425,311
---	---------

In the Statement of Activities only the gain/loss on the sale of assets is reported, whereas in the governmental funds, the proceeds from the sales increase financial resources. Thus the change in net position differs from the change in governmental fund balance by the net book value of the assets sold.	(9,655)
--	---------

The net effect of the donation of capital assets increased net position.	26
--	----

Deferred inflows do not provide current financial resources and are not recognized as revenues until available in governmental funds.	517,579
---	---------

Pension and OPEB (Other Postemployment Benefits) contributions are reported as expenditures in the governmental funds when made. However, they are reported as deferred outflows of resources in the Statement of Net Position because the reported net pension liability and OPEB liability are measured a year before the report date. Pension expense and OPEB expense, which are the change in the net pension liability and the net change in OPEB liability, adjusted for changes in deferred outflows and inflows of resources related to pensions and OPEB, is reported in the Statement of Activities.

Pension Contributions	629,147
Pension Expense	(763,358)
OPEB Contributions	91,959
OPEB Expense	(141,801)

Deferred outflows of resources related to deferred charges on asset retirement obligations are applicable to future reporting periods and therefore, not reported in the funds.	(23)
---	------

Proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. In governmental funds, repayment of principal is an expenditure, but the repayment reduces long-term liabilities in the Combined Statement of Net Position (Note 10):

Bonds Issued	(88,955)	
Bond Premiums and Refunding Costs	(11,439)	
Bonds Retired	320,080	
Financed Purchases Issued	(2,533)	
Financed Purchase Payments	7,054	
Leases Issued	(17,448)	
Lease Payments	15,162	
	221,921	

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, not reported as expenditures in governmental funds (Note 10):

Amortization of Bond Premium and Refunding Costs	28,834	
Decrease in Accrued Interest	2,182	
Increase in Pollution Remediation	(2,127)	
Increase in Asset Retirement Obligations	(13)	
Increase in Due to Other Entities	(6,223)	
Increase in Compensated Absences	(2,176)	
Increase in Contingent Liabilities	(100,455)	
Decrease in Claims Liability	(59,243)	
	(139,221)	

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications, to individual funds. The net revenue and expense of internal service funds are reported with governmental activities.

39,111

Change in Net Position of Governmental Activities	\$ 4,827,153
---	--------------

\$ 4,827,153

The notes to the financial statements are an integral part of this statement.

---

*The **Proprietary Funds** focus on economic resources and are operated in a manner similar to private business enterprises.*

### ***Proprietary Fund Financial Statements***

#### **Major Funds**

**State Lottery** - Accounts for proceeds from the sale of lottery tickets and all other moneys credited or transferred to this fund. A minimum of 45% of the moneys are used for prizes.

**Unemployment Compensation** - Accounts for contributions and payments collected under the provisions of the "Unemployment Compensation Law" to pay benefits.

#### **Non-Major Funds**

Non-major enterprise funds and all internal service funds are presented in our combining non-major fund financial statements as part of Supplementary Information.

**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies**

**A. Financial Statements and Reporting Entity**

The accompanying financial statements of the State of Missouri (primary government) and its component units have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The financial statements include the departments, agencies, boards, commissions, and other organizational units over which the State has financial accountability. GASB set forth the following criteria in Statement No. 14, *The Financial Reporting Entity*, for determining financial accountability: appointment of a voting majority of an organization's governing body and either: 1) the ability to impose the State's will on the organization; or 2) the organization's ability to provide specific benefits to, or impose specific burdens on, the primary government. Where the State does not appoint a voting majority of the governing body, the entity would still be included if it is fiscally dependent on the State. Statement No. 39, *Determining Whether Certain Entities are Component Units*, added a requirement to include all entities whose relationship with the State would make it misleading to exclude it. Statement No. 61, *The Financial Reporting Entity: Omnibus an amendment of GASB Statements No. 14 and No. 34*, improves financial reporting by amending GASB Statement No. 14, *The Financial Reporting Entity*, and Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, in blending component units: 1) if there is a financial benefit or burden relationship with the primary government; 2) management of the primary government has operational responsibility for the component unit's activities; and 3) if the total outstanding debt is expected to be repaid entirely or almost entirely with the resources of the primary government. GASB Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*, requires component units to be blended if they are incorporated as not-for-profit corporations and the primary government is the sole corporate member.

In addition to the legislative, executive, and judicial branches, the following organizations are included in these financial statements:

Component Units (Blended):

Blended component units are legally separate entities from the State, but are so intertwined with the State that they are, for all practical purposes, the same as the State. They are reported as part of the primary government and blended into the appropriate funds. The following component units are blended because they provide services entirely or almost entirely to the primary government:

Governmental Funds:

Board of Fund Commissioners – The Board was created by state law and is comprised of the Governor, Lieutenant Governor, Attorney General, State Treasurer, and the Commissioner of Administration. The Board's purpose is to issue, redeem, and cancel state general obligation bonds and perform other administrative activities related to state general obligation debt as assigned by law. Separate financial statements are not required or issued for the Board.

Board of Private Investigator and Private Fire Investigator Examiners – The Board was created by state law and is charged with the licensure and regulation of the practice of private investigators and private fire investigators in Missouri. The seven member board shall consist of three private investigators, two private fire investigators, and two public members, appointed by the Governor. The Board is appointed by the primary government. It is therefore considered a blended special revenue fund and shown in the financial statements as part of the primary government.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

Coordinating Board for Early Childhood – The Board was created by state law within the Missouri Children's Services Commission. The Board's purpose is to develop a comprehensive statewide long-range strategic plan for a cohesive early childhood system, and to work with public and private entities for the purpose of promoting and improving the development of Missouri's children from birth through age five. The 17 member Board is composed of representatives from the Governor's Office; the following departments: Health and Senior Services, Mental Health, Social Services, and Elementary and Secondary Education; the judiciary; the Family and Community Trust Board; the Head Start Program; and nine members appointed by the Governor. The majority of the board members are appointed by the primary government and, therefore, separate financial statements are not required for the Board.

Internal Service Funds:

Board of Public Buildings – This is reported with the State Facility Maintenance and Operation Fund. The Board was created by state law and its governing body is made up of the Governor, the Lieutenant Governor, and the Attorney General. Its purpose is to provide state buildings by issuing revenue bonds and to supervise the operations of these facilities. All construction contracts must be approved by the Division of Facilities Management, Design and Construction, and its projects must be approved by the General Assembly. The Board can require state agencies to occupy its projects. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds and pay the costs of operations.

Missouri State Employee's Insurance Plan – The Plan was created to provide basic life insurance to eligible members and is administered through the Missouri State Employees' Retirement System (MOSERS). Death benefits, optional life insurance, and long-term disability benefits are also provided by the Plan for certain members. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System  
P.O. Box 209  
Jefferson City, Missouri 65102-0209

Missouri Consolidated Health Care Plan (MCHCP) – The Plan was created by state law to provide medical benefits to its members and is administered by a board of trustees. The Board consists of two members of the Senate; two members of the House; three members appointed by the Governor; the Director of the Department of Health and Senior Services; the Director of the Department of Commerce and Insurance; the Commissioner of Administration; two members of the system who are current employees; and one member of the system who is a retiree. The management of MCHCP is the responsibility of the Executive Director who is appointed by the Board. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan  
P.O. Box 104355  
832 Weathered Rock Court  
Jefferson City, Missouri 65110-4355

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

MoDOT/MSHP Medical and Life Insurance Plan – The Plan provides health and life insurance coverage to eligible employees, retirees, and their dependents of the Missouri Department of Transportation (MoDOT) and the Missouri State Highway Patrol (MSHP). The Plan is administered by a board of trustees consisting of four active MoDOT employees, one retired MoDOT employee appointed by the Director of MoDOT, two active MSHP employees, and one retired MSHP employee appointed by the Superintendent of MSHP. Additional information may be requested from:

Missouri Department of Transportation  
Financial Services Division  
P.O. Box 270  
Jefferson City, Missouri 65102

Pension (and other employee benefit) trust funds:

Missouri State Employees' Retirement System (MOSERS) – The System was created by state law and provides retirement, survivor, and disability benefits to its members and is administered by a board of trustees. The Board consists of two members of the Senate, two members of the House, two members appointed by the Governor, three members elected by the System's members, the State Treasurer, and the Commissioner of Administration. The management of MOSERS is the responsibility of the Executive Director who is appointed by the Board. The MOSERS Board of Trustees also oversees the State's Deferred Compensation Plan which is administered by a third party. Copies of the System's financial statements may be requested from:

Missouri State Employees' Retirement System  
P.O. Box 209  
Jefferson City, Missouri 65102-0209

Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) – The System provides retirement, survivor, and disability benefits to qualified employees of the Missouri Department of Transportation, uniformed and non-uniformed members of the Missouri State Highway Patrol, and MPERS staff. The System is administered by a board of trustees consisting of three members of the Missouri Highways and Transportation Commission, the Director of the Missouri Department of Transportation, the Superintendent of the Missouri State Highway Patrol, one member of the Senate, one member of the House, one member elected by MoDOT employees, one member elected by the Missouri State Highway Patrol employees, one retired member elected by retired MoDOT employees, and one retired member elected by retired Missouri State Highway Patrol employees. Copies of the System's financial statements may be requested from:

Missouri Department of Transportation and  
Highway Patrol Employees' Retirement System

Jefferson City, Missouri 65102-1930

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

Missouri Consolidated Health Care Plan (MCHCP) State Retiree Welfare Benefit Trust – The Trust was established on June 27, 2008, to provide health and welfare benefits for the exclusive benefit of current and future retired employees of the State and their dependents who meet eligibility requirements, except those covered by other State sponsored post-employment benefit plans. The Trust is administered by the MCHCP board of trustees, which also administers the benefits for the active participants of the Plan. The net position and activity related to active participants are reported in an internal service fund. Copies of the Plan's financial statements may be requested from:

Missouri Consolidated Health Care Plan  
P.O. Box 104355  
832 Weathered Rock Court  
Jefferson City, Missouri 65110-4355

Missouri State Public Employees' Deferred Compensation Plan – The Missouri State Public Employees' Deferred Compensation Plan is administered by ICMA-RC and oversight of the Plan is provided by the MOSERS board of trustees. Under this Plan, employees are permitted to defer a portion of their current salary until future years. In addition, eligible employees have the opportunity to participate in the Missouri State Employees' Deferred Compensation Incentive Plan. Under this Plan, the State contributes \$25, \$30, or \$35 per month on behalf of any employee who contributes at least that amount to the Missouri State Public Employees' Deferred Compensation Plan and who has been an employee of the State for at least one year. However, due to budget constraints, the State's contribution amount was suspended in March 2010. Copies of financial statements for both Plans may be requested from:

Plan Administrator  
c/o MOSERS  
P.O. Box 209  
Jefferson City, Missouri 65102-0209

**Component Units (Discretely Presented):**

Discretely presented component units are legally separate entities for which the State is financially accountable. The financial data for these entities is reported separately from the financial data of the primary government.

**Missouri Western State University**  
4525 Downs Drive  
St. Joseph, Missouri 64507

**University of Missouri System**  
118 University Hall  
Columbia, Missouri 65211

**Northwest Missouri State University**  
107 Administration Building  
800 University Drive  
Maryville, Missouri 64468-6001

Non-Major

Missouri Development Finance Board — The Board was created by state law as an independent, self-supporting, body corporate and politic to promote economic development of the State and was created within the Department of Economic Development. The Board is empowered to issue taxable, tax-exempt, and public purpose infrastructure industrial revenue bonds or notes; provide loans or loan guarantees to eligible businesses; provide loans and grants to political subdivisions to fund public infrastructure improvements; and issue tax credits against certain state income taxes in exchange for contributions made to the Board. The twelve member board is made up of the Lieutenant Governor and the Directors of the Department of Economic Development, the Department of Natural Resources, and the Department of Agriculture, who serve as ex-officio voting members, and eight members appointed by the Governor and confirmed by the Senate. Copies of the Board's financial statements may be requested from:

Missouri Development Finance Board  
Governor Office Building  
200 Madison Street, Suite 1000  
Jefferson City, Missouri 65102

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

Missouri Agricultural and Small Business Development Authority — The Authority was created by state law and is authorized to issue bonds to finance agricultural and small business development loans for property acquisitions/renovations and pollution control facilities throughout the State. If for any reason, the Authority ceases to exist, all rights and properties of the Authority will pass to the State. Its governing body consists of seven members appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's financial statements may be requested from:

Missouri Agricultural and Small  
Business Development Authority  
P.O. Box 630  
1616 Missouri Boulevard  
Jefferson City, Missouri 65102

Missouri Transportation Finance Corporation — The Corporation is a not-for-profit corporation organized under the Missouri Nonprofit Corporation Law. The Corporation is financed by federal highway and transit dollars, plus state and local matching funds. It is authorized to issue revenue bonds. The Corporation provides loans to assist public and private entities to fund highway and transportation projects throughout the State. Missouri Transportation Finance Corporation's board determines which applicants are extended loans. Copies of the Corporation's financial statements may be requested from:

Missouri Transportation Finance  
Corporation  
P.O. Box 270  
105 West Capitol Avenue  
Jefferson City, Missouri 65102

Missouri Wine and Grape Board — The Board was created by state law to further growth and development of the grape growing industry in Missouri and foster the expansion of the grape market for Missouri grapes. The eleven member board consists of seven members representing the grape and wine industry, food service industry, or media marketing industry. The four other members include the director of the Department of Agriculture and the presidents of the Missouri Grape Growers Association, the Missouri Vintners Association, and the Missouri Wine Marketing and Research Council. Copies of the Board's annual report may be requested from:

Missouri Wine and Grape Board  
P.O. Box 630  
1616 Missouri Boulevard  
Jefferson City, Missouri 65102

State Environmental Improvement and Energy Resources Authority — The Authority was created by state law and is authorized to finance, acquire, construct, and equip projects to reduce, prevent, and control pollution and develop the energy resources of the State. The Authority is governed by a five-member board appointed by the Governor with the advice and consent of the Senate. Copies of the Authority's annual report may be requested from:

State Environmental Improvement and  
Energy Resources Authority  
425 Madison Street  
Jefferson City, Missouri 65101

**Note 1 - Significant Accounting Policies (cont.)**

Related Organizations

Related organizations are excluded from the financial reporting entity because the State's accountability does not extend beyond appointing a voting majority of the organization's board members. Related organizations of the State of Missouri include:

Missouri Health and Educational Facilities Authority — finances health and educational facilities.

Missouri Higher Education Loan Authority — provides a secondary market for loans made under the Federal Family Education Loan Program.

Missouri Housing Development Commission — finances the purchase, development or rehabilitation of affordable housing and funds housing assistance.

Missouri Technology Corporation — promotes the modernization of businesses through the development of science and technology applications.

Missouri Public Entity Risk Management Fund — provides liability protection to participating public entities, their officials, and employees.

Jackson County Sports Complex Authority — responsible for construction, operation, and financing of the Jackson County Sports Complex.

Kansas City Regional Sports Complex Authority — responsible for the study and review of all current major sports leagues, clubs, or franchises in Kansas City.

St. Charles County Convention and Sports Facility Authority — responsible for planning, constructing, and managing convention and sports facilities in the St. Charles area.

Missouri Cotton Growers' Organization — organized for boll weevil eradication.

Universal Service Board — organized to ensure just, reasonable, and affordable rates for comparable essential local telecommunication services throughout the State.

Interstate Commission for Adult Offender Supervision — responsible for promoting public safety and protecting the rights of victims through the control and regulation of the interstate movement of adults placed under community supervision.

Board of Trustees of the Missouri Mesothelioma Risk Management Fund — provides coverage of liabilities for participating employers relating to mesothelioma awards.

P-20 Council — organized to create a more efficient and effective education system that more adequately prepares students for the challenges of entering the workforce.

Missouri Propane Safety Commission — responsible for developing comprehensive plans and programs for the prevention, control, and abatement of propane-related accidents in Missouri.

Missouri Family Trust Board of Trustees — provides trust services for persons with disabilities.

**Note 1 - Significant Accounting Policies (cont.)**

**B. Government-Wide and Fund Financial Statements**

Government-Wide Financial Statements:

The government-wide financial statements focus on the government as a whole. The Statement of Net Position and Statement of Activities report information on all non-fiduciary activities of the primary government and its component units. Primary government activities are distinguished between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues. Governmental activities include governmental type funds and internal service funds. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services and consist of enterprise funds.

The Statement of Net Position presents the reporting entity's non-fiduciary assets, deferred outflows, liabilities, and deferred inflows with the difference reported as net position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Indirect costs, such as depreciation/amortization expense, are included in the direct expenses reported for individual functions. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are instead reported as general revenues.

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred. Fiduciary funds have been excluded from the government-wide financial statements because, by definition, the resources of these funds cannot be used to support government operations. Generally, interfund transactions have also been eliminated. Some interfund transactions, such as the exchange of services, were not eliminated because doing so would mistakenly understate both expenses of the buyer and revenues of the seller.

Fund Financial Statements:

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though fiduciary funds are excluded from the government-wide statements. For governmental and proprietary fund financial statements, the emphasis is on major individual governmental and enterprise funds, with each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Internal service funds are also aggregated and reported in a separate column on the proprietary fund financial statements.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

The governmental fund financial statements are presented using the current financial resources measurement focus and modified accrual basis of accounting. With the current financial resources measurement focus, only current assets and current liabilities are included on the balance sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to pay current period liabilities. Operating statements of governmental funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balance. Material revenues susceptible to accrual include federal grants and sales and income taxes. Expenditures are recognized when the related fund liability is incurred except for the following:

- Principal and interest on general long-term debt is recorded as an expenditure when due.
- Compensated absences (accumulated vacation and compensatory time) and sick pay are recorded as expenditures when paid.
- Inventories are reported as expenditures when purchased, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method.

The proprietary, pension (and other employee benefit) trust, private-purpose trust, and custodial fund financial statements are presented using the economic resources measurement focus and accrual basis of accounting. With the economic resources measurement focus, assets, deferred outflows, liabilities, and deferred inflows associated with the operation of these funds are included on the Statement of Net Position. Under the accrual basis of accounting, revenues are recognized in the period earned and expenses are recognized in the period incurred. Proprietary fund-type operating statements present revenues and expenses in total net position. Operating revenues and expenses in proprietary funds are classified as those activities that make up the primary ongoing operations associated with those funds. Non-operating revenues and expenses in proprietary funds are classified as those activities that are deemed incidental or unusual for those funds.

The discretely presented component unit financial statements are presented using the economic resources measurement focus and accrual basis of accounting with the following exception in regard to the college and universities. Revenues and related expenditures in connection with the summer sessions in progress at June 30 are deferred at that date.

The State reports the following major funds categories:

General Fund – accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. Major revenues include contributions and taxes.

Public Education – provides general and special education needs of the State and other related areas such as library services and student loans. Major revenues include contributions and taxes.

Conservation and Environmental Protection – provides for the preservation of the State's wildlife and environment. Major revenues include contributions, taxes and licenses, fees, and permits.

Missouri Road Fund – accounts for revenues from highway users' fees, federal reimbursements for highway projects, and bond proceeds to be used for costs of constructing and maintaining an adequate state highway system. Major revenues are from contributions.

State Lottery – accounts for proceeds from the sale of lottery tickets and all other moneys credited to this fund. A minimum of 45% of the moneys are used for prizes. Major revenues are from sales of lottery tickets.

Unemployment Compensation – accounts for contributions, payments, and federal loans collected under the provisions of the Unemployment Compensation Law to pay benefits. Major revenues include federal and employer contributions.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

**C. Basis of Presentation**

The State's financial practices are based upon fund accounting concepts. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and fund balances, and changes therein, that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The accompanying financial statements are structured into three categories of funds and discretely presented component units:

Primary Government:

Governmental Funds include the General Fund, special revenue funds, debt service funds, capital projects funds, and permanent funds. These funds account for the revenues and expenditures, capital outlay, and certain debt service of the State.

Proprietary Funds include enterprise funds and internal service funds. These funds account for the cost of certain services provided by the State.

Fiduciary Funds include pension (and other employee benefit) trust funds, private-purpose trust funds, and custodial funds. These funds account for assets held by the State in a trustee or custodial capacity for individuals, other governments, and other entities.

Discretely Presented Component Units:

Major

College and Universities account for moneys from student tuition and fees, federal and state grants, debt proceeds, gifts and contributions, state appropriations, investments, and endowments. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position are accounted for on the Statement of Net Position. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Position/Statement of Activities.

Non-Major

Non-Major Component Units account for moneys from bond proceeds, loans, contributions, gifts, grants, and other revenue sources. Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position are accounted for on the Statement of Net Position. Revenues, expenses, gains, and losses are reported on the Statement of Revenues, Expenses, and Changes in Net Position/Statement of Activities.

**D. Cash and Cash Equivalents**

For reporting purposes, cash and cash equivalents include bank accounts, petty cash, and all investments with an original maturity of 92 days or less, such as certificates of deposit, money market certificates, and repurchase agreements. Cash and cash equivalents on the Proprietary Funds Statement of Cash Flows are also reported under this definition. This definition excludes Fiduciary funds. Cash balances of most state funds are pooled and invested by the State Treasurer (see *Note 3*).

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

**E. Investments**

These are long-term investments with an original maturity greater than 92 days, which are expected to be held to maturity and redeemed at face value. The majority of investments are reported in pension (and other employee benefit) trust funds, however, investments are held in all fund types. Repurchase agreements and certificates of deposit held by the State Treasurer's Office are reported at amortized cost. The Missouri State Public Employees' Deferred Compensation Plan and the Missouri State Public Employees' Deferred Compensation Incentive Plan report their Stable Value Funds at contract value. The Missouri State Employees' Retirement System reports their cash equivalents at cost plus accrued interest. All other investments of the State are reported at fair value.

There are multiple funds that have income from investments which are directed to the General Fund. These funds consist of special revenue, enterprise, internal service, private-purpose, and custodial funds.

**F. Interfund Receivables/Payables**

The State makes various transactions between funds or between the primary government and component units to distribute interest earnings, finance operations, provide services, and acquire capital assets. These receivables at June 30 are classified as "due from other funds" or "due from primary government/component units" on the Balance Sheet and Statement of Net Position. Payables are classified as "due to other funds" or "due to primary government/component units" on the Balance Sheet and Statement of Net Position (see *Note 15*). These receivables/payables are due within one year. Any receivables/payables that are due to and due from an enterprise fund are eliminated on the face of the Proprietary Funds Statement of Net Position. If any receivables/payables that remain after this elimination are both in the same activity (Governmental), they are eliminated at the Government-Wide Statement of Net Position. Interfund receivables/payables between the primary government and the component units or the fiduciary funds are reclassified as accounts receivable/payable at the government-wide level. Any remaining interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Position.

**G. Advances to/from Other Funds**

Long-term interfund receivables are classified as "advances to other funds" or "advances to primary government/component units" on the Balance Sheet and Statement of Net Position. Long-term interfund payables are classified as "advances from other funds" or "advances from primary government/component units" on the Balance Sheet and Statement of Net Position (see *Note 15*). These receivables/payables are eliminated if both the receivable and payable are in the same activity (Governmental). Advances to/from that are between the primary government and the component units are reclassified as accounts receivable/payable at the government-wide level. Any remaining long-term interfund receivables/payables are reported as internal balances on the Government-Wide Statement of Net Position.

**H. Inventories**

Inventories in the governmental funds consist of expendable supplies held for consumption, the cost of which is recorded as an expenditure at the time of purchase, except for the Missouri Road Fund, which updates inventory perpetually under the consumption method. Inventory balances for governmental funds are shown in the nonspendable fund balance classification. Inventories in the proprietary funds consist of both expendable supplies held for consumption and the cost of goods held for resale, the cost of which is recorded as an expense as they are used. Inventories are valued at cost using various methods such as moving average; weighted average; and first-in, first-out.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

**I. Capital Assets**

Capital assets, which include construction in progress, software in progress, infrastructure in progress, land, land improvements, permanent and temporary easements, buildings and improvements, equipment, software, trademarks, and infrastructure assets, are valued at historical cost or estimated historical cost if actual historical cost is not available. The estimate of historical cost was based on current appraised value indexed to the date of acquisition. Donated capital assets are reported at estimated acquisition value at the time received. Assets the State has the right to use per lease agreements are capitalized at the inception of the lease term and capital assets acquired through financed purchases are capitalized at the date the obligation is established (see *Notes 5, 6, and 11*).

Infrastructure assets (including highways, bridges, streets and sidewalks, drainage systems, lighting systems, communication towers, and similar items) are capitalized. Interest costs incurred during construction of capital assets are not capitalized.

The capitalization threshold for all capital assets is as follows: land improvements – \$15,000, buildings and improvements – \$15,000, software and trademarks – \$5,000, equipment – \$1,000, right-to-use land - \$20,000, right-to-use buildings - \$50,000, right-to-use equipment - \$1,000, right-to-use temporary easements - \$5,000 and right-to-use infrastructure - \$100,000. No dollar threshold is set for land, easements, or infrastructure.

Capital assets are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 to 50 years, land improvements and building improvements – 15 to 20 years, temporary easements – term of easement, equipment – 2 to 5 years, software – 3 to 5 years, trademarks – 10 years, infrastructure – 12 to 50 years, right-to-use land - lease term, right-to-use buildings - shorter of lease term or useful life, right-to-use equipment - shorter of lease term or useful life, right-to-use temporary easement - shorter of lease term or useful life, and right-to-use infrastructure - shorter of the lease term or useful life. Construction in progress, software in progress, infrastructure in progress, land, and permanent easements are not depreciated/amortized.

Most works of art and historical treasures are not capitalized or depreciated/amortized. The State's non-capitalized collections include the historical artifacts at the various state museums and historical sites, monuments, and other art throughout the capitol grounds. Assets that were previously capitalized continue to be reported in the government-wide financial statements.

Component unit capital assets are stated at cost and are depreciated/amortized using the straight-line method of depreciation/amortization over the following useful lives: buildings – 40 years, land improvements and building improvements – 20 years, equipment – 5 to 15 years, software – 3 to 5 years, right-to-use land - lease term, right-to-use buildings - shorter of lease term or useful life, right-to-use equipment - shorter of lease term or useful life, and right-to-use infrastructure - shorter of the lease term or useful life.

**J. Leases**

Leases where the State of Missouri is the lessee, are recognized based on the present value of future lease payments over the contract term. A lease liability and an intangible right-to-use lease asset are recognized including right-to-use land, buildings, equipment, communication infrastructure and temporary easements. Lease right-to-use assets are reported with capital assets, and lease liabilities are reported as long-term debt in the statement of Net Position (see *Notes 5, 6, and 10*). The right-to-use lease assets are amortized over the term of the lease or the underlying asset's useful life, whichever is shorter.

Leases where the State of Missouri is the lessor, a lease receivable and a deferred inflow of resources are recognized based on the present value of lease payments over the contract term (see *Notes 13 and 14*). Types of assets the State leases as a lessor include land and buildings. The deferred inflow of resources is amortized evenly over the life of the lease.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

**K. Deferred Outflow of Resources and Deferred Inflow of Resources**

In addition to assets, the Statement of Net Position/Balance Sheet may report a separate line item for deferred outflows of resources. Deferred outflows of resources consist of the decrease of net position by the State that is applicable to a future reporting period and will not be recognized as outflow of resources (expense/expenditure) until then.

In addition to liabilities, the Statement of Net Position/Balance Sheet may report a separate line item for deferred inflows of resources. Deferred inflows of resources consist of the increase of net position by the State that is applicable to a future reporting period and will not be recognized as inflow of resources (revenue) until then.

**L. Unearned Revenues**

Unearned revenues are amounts collected in advance of the year in which earned.

**M. Long-Term Debt**

Long-term liabilities that will be financed from governmental funds are not reported on the fund financial statements. However, the long-term liabilities are reported on the government-wide financial statements. The reconciliation between fund financial statements and government-wide financial statements includes a line item for the long-term liabilities of governmental funds. These long-term liabilities include the following:

1. Due to Other Entities includes outstanding principal on advances from other governments and contractual obligations to other governments. The expenditures are recorded in the appropriate governmental funds when the liability is paid (see *Note 10*).
2. Outstanding principal for general obligation debt. The expenditure for payment of principal and interest for general obligation debt is recorded in the debt service funds when paid (see *Note 11*).
3. Outstanding principal for bonds issued by the Board of Public Buildings, bonds issued by the Missouri Development Finance Board, and the State Road Bonds issued by the Missouri Highways and Transportation Commission. The expenditure for payment of principal and interest for these bonds is recorded in the appropriate governmental and enterprise funds when paid (see *Note 11*).
4. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest rate method in the government-wide financial statements. Bonds payable are reported net of the applicable bond premium and discount.

In the fund financial statements, governmental fund and enterprise fund types recognize bond premiums and discounts during the current period. Premiums and discounts on debt issuances are reported as other financing sources (see *Note 10*).

5. Obligations under leases and financed purchases reported include the present value of net minimum future lease payments, which will be paid from the General Fund, various special revenue funds, proprietary funds, and the Missouri Road Fund (see *Notes 6 and 11*).
6. Pollution remediation liabilities are measured based on the pollution remediation outlays expected to be incurred to settle those liabilities. These liabilities include all remediation work that the State expects to perform, including work expected to be performed for other responsible parties or potentially responsible parties, whether or not the State is required to do that work. For goods or services used for pollution remediation activities, amounts that are normally expected to be liquidated with expendable available financial resources are recognized as liabilities upon receipt of those goods and services (see *Note 22*).

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

7. Asset Retirement Obligations are measured based on the best estimate of the current value of outlays expected to be incurred. These liabilities include all legally enforceable amounts associated with the future retirement of a tangible capital asset. Liabilities and expenditures are recognized for goods and services used for asset retirement activities upon receipt of those goods and services (see *Note 23*).
8. Compensated absences include accumulated unpaid vacation and compensatory time accruals and related employer payroll taxes. These amounts are not accrued in the governmental funds, but are recorded as expenditures when paid (see *Note 10*).

Vacation leave is accumulated at a rate of 10 to 14 hours per month depending on the number of years of employment. Accumulated vacation leave cannot exceed twice the number of vacation hours earned annually. Compensatory time is accumulated as earned by an individual employee.

Sick leave is accumulated at a rate of 10 hours per month with no limit to the amount which can be accumulated. Accumulated sick leave is not paid upon employee termination and does not represent a liability of the State. However, unused sick leave may be converted to additional credited service upon retirement (usable only for benefit computation, not eligibility).

9. Claims and contingent liabilities include estimates of the risk of loss related to tort liability, general liability, motor vehicle liability, contractor liability, and injuries to employees. These liabilities are reported when it is probable that a loss has occurred and the amount of loss can be reasonably estimated. These losses include an estimate of claims that have been incurred, but not reported. Expenditures are recorded in the fund from which the liability is paid (see *Notes 21 and 24*).
10. The State provides postemployment health care (OPEB) and life insurance benefits to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the MoDOT/MSHP Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). MCHCP is a cost-sharing multiple-employer defined benefit plan, while MHPML and CEIP are single-employer defined benefit plans. Health care benefits and MOSERS life insurance benefits are funded through both employer and employee contributions. The University of Missouri's OPEB plan is a single-employer defined benefit plan for all qualified employees.

For the purposes of measuring the total/net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position and additions to/deductions from have been recognized on the same basis as they are reported by the plans. Employer contributions are recognized as revenue and reported when due and payable. Benefits are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value (see *Note 8*).

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

11. The State has two major retirement systems which cover substantially all State employees and a retirement plan for University of Missouri employees. These systems are the Missouri State Employees' Retirement System (MOSERS) and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). The Missouri State Employees' Plan (MSEP) is a cost-sharing multiple employer defined benefit public employee retirement plan administered by MOSERS. MOSERS also administers the Judicial Plan, a single-employer defined benefit public employee retirement plan. MPERS is a single-employer defined benefit public employee retirement plan. The University of Missouri Retirement, Disability, and Death Benefit Plan is a single-employer defined benefit plan for all qualified employees.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value (see Note 7).

Long-term liabilities of all proprietary, pension (and other employee benefit) trust, and private-purpose trust funds are accounted for in the respective funds.

**N. Net Position and Fund Balance**

The difference between fund assets, deferred outflows, liabilities, and deferred inflows is reported as "Net Position" on the government-wide, proprietary, fiduciary, and component unit fund statements and "Fund Balance" on the governmental fund financial statements.

Net Position is reported in three categories:

Net Investment in Capital Assets – An account used to segregate the portion of net position attributable to capital assets and related debt. It consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributed to acquisition, construction, or improvement of those assets.

Restricted Net Position – An account used to segregate the portion of net position that have constraints on their use, which are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through enabling legislation.

Enabling legislation authorizes the State to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. At June 30, 2022, net position restricted by enabling legislation equaled \$895,814,000 for governmental activities.

Unrestricted Net Position – An account used to segregate the portion of net position that does not meet the definition of the two preceding categories.

When both restricted and unrestricted resources are available for use, generally the State uses restricted resources first, then unrestricted resources as they are needed. However, there may be instances in which restricted funds may only be spent in proportion to unrestricted funds spent.

**Governmental Fund Balance Classifications**

The State's fund balances are classified as:

Nonspendable – Amounts that are not expected to be converted to cash or amounts that are legally or contractually required to be maintained intact.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 1 - Significant Accounting Policies (cont.)**

Restricted – Amounts that are restricted for specific purpose due to constraints that are externally imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Committed – Amounts that can only be used for specific purposes pursuant to constraints imposed by a formal action of the legislature. Committed amounts cannot be used for other purposes unless the General Assembly passes legislation to remove the restraints.

Assigned – Amounts that are constrained by the legislature's intent to be used for a specific purpose, but do not meet the criteria for restricted or committed. The constraint for assigned fund balance is established by the Revised Statutes of the State of Missouri.

Unassigned – Amounts that do not meet the criteria of any of the classifications listed above.

**Negative Fund Balance**

A negative fund balance is prohibited in all fund balance classifications except Unassigned. When a negative fund balance exists, the shortfall would be covered by the next fund balance classification for that specific purpose.

**O. Interfund Transactions**

During the fiscal year, the State incurs various transactions between funds, including expenditures and transfers of resources to distribute interest earnings, finance operations, provide services, service debt, and acquire capital assets. Interfund transactions consist of these three types:

1. Transactions that would be treated as revenues or expenditures/expenses, if they involved organizations external to the State, are similarly treated when involving other funds of the State. Major transactions that fall into this category include payments to internal service funds from other funds for services rendered.
2. Transactions that reimburse another fund for an expense reduce the expenses of the fund that is being reimbursed and increase the expenses for the fund doing the reimbursement. Therefore, they are not shown on the face of the statements.
3. Operating subsidies and transfers from funds receiving revenues to funds through which the resources are to be expended are classified as transfers (see *Note 16*). These transactions are eliminated on the face of the financial statements if the transfer in and transfer out are either both in governmental funds or both in enterprise funds. Of the remaining transfers, any transfers in and transfers out that are within the governmental activities are eliminated at the Government-Wide Statement of Activities.

**P. Property Taxes**

Presently there is a state property tax of three cents on each hundred dollars assessed valuation on all real estate and personal property. The tax collected is deposited into the Blind Pension Fund, which is a component of social assistance.

Property taxes in Missouri are levied by October 31 of each year on assessed valuation as of January 1 of that year. Property taxes are due and payable by December 31 and penalties on unpaid taxes are imposed after that date. Assessed values are established by each county assessor's office and are calculated as a percent of market value except for agricultural land which is calculated on productive capability. The percentage for real property varies according to use: residential at 19%, commercial at 32%, and agricultural at 12%. Personal property is assessed according to type with the majority at 33 1/3% of market value.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 2 - Reporting Changes and Classifications**

The State of Missouri implemented the following new accounting standards issued by the Governmental Accounting Standards Board (GASB) for the fiscal year ending June 30, 2022:

- GASB Statement No. 87, *Leases*, requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The implementation of this statement is reflected in *Note 5 - Capital Assets*, *Note 6 - Leases*, and *Note 13 - Payables and Receivables* of the financial statements.
- GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, establishes accounting requirements for interest cost incurred before the end of a construction period. The implementation of this statement did not have an impact on the financial statements.
- GASB Statement No. 92, *Omnibus 2020*, establishes accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, reinsurance recoveries, and nonrecurring fair value measurements. The implementation of this statement did not have an impact on the financial statements.
- GASB Statement No. 93, *Replacement of Interbank Offered Rates*, provides an exception to the lease modifications guidance in Statement 87, as amended, for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend. It also removes LIBOR as an appropriate benchmark interest rate for a derivative instrument that hedges the interest rate risk of taxable debt. The implementation of this statement did not have an impact on the financial statements.
- GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans-an amendment of GASB Statements No. 14 and No.84, and a suppression of GASB Statement No. 32*, determines the classification of a Section 457 Deferred Compensation Plan and the accounting for a Section 457 Plan classified as a pension plan. The implementation of this statement did not have an impact on the financial statements.
- GASB Statement No. 98, *The Annual Comprehensive Financial Report*, establishes the term annual comprehensive financial report and its acronym ACFR. This statement changes the title of the financial statements to Annual Comprehensive Financial Report (ACFR) and was early implemented in fiscal year 2021.
- GASB Statement No. 99, *Omnibus 2022*, establishes or amends accounting and financial reporting requirements for specific issues related to the transition from the LIBOR, the Supplemental Nutrition Assistance Program (SNAP), non-monetary transactions, pledges of future revenues, the focus of government-wide financial statements, and terminology. The implementation of this statement did not have an impact on the financial statements.

The State of Missouri reclassified one fund for the fiscal year ending June 30, 2022. The Missouri Veteran's Homes fund was reclassified from an enterprise fund to a special revenue fund.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 3 - Deposits and Investments**

The State Treasurer's Office maintains a cash and short-term investment pool that is used by substantially all state funds of the primary government. These funds do not include accrued interest. Certain organizational units are authorized to administer assets designated to their organization in a manner similar to the deposit and investment activities of the State as a whole. Summarized on the following page is the portfolio that represents the "Cash and Cash Equivalents," "Investments," "Restricted Assets – Cash and Cash Equivalents," and "Restricted Assets – Investments" as reported at June 30, 2022.

**A. Deposits**

The State minimizes custodial credit risk by restrictions set forth in state law and stipulations in the State Treasurer's Office Investment Policy. Custodial credit risk is risk that, in the event of the failure of a depository financial institution, the State will not be able to recover deposits or will not be able to recover collateralized securities that are in the possession of an outside party. Statutes restrict the State Treasurer's Office to deposit funds in financial institutions that are physically located in Missouri, which are selected based on financial stability and community involvement. The financial institution's loan to deposit ratio must exceed 50% at the time of deposit and deposits must be collateralized at least 100% in excess of FDIC coverage with approved securities. Deposits must have a maturity of five years or less and earn interest at varying rates based on State law.

Primary Government

At June 30, 2022, the bank balance of the primary government's deposits was \$1,504,256,000. Of the bank amount, \$31,217,000 was exposed to custodial credit risk by being uninsured and collateralized with securities held by the pledging financial institutions, \$3,035,000 was exposed to custodial credit risk by being uninsured and collateralized with securities held by pledging financial institution's trust department or agent, \$757,061,000 was held by the U.S. Treasury, and the remainder was not exposed to custodial risk.

Fiduciary

At June 30, 2022, the bank balance of the deposits of the fiduciary funds was \$102,446,000.

Component Units

Information on the component units' deposits is available within their individual financial statements.

**B. Investments**

Statutes authorize the State Treasurer's Office to invest in U.S. Treasury or Agency securities maturing within five years, commercial paper and banker's acceptances maturing within 180 days, or in repurchase agreements maturing within 90 days secured by U.S. Treasury, or Agency securities of any maturity. There have been no violations of these investment restrictions during fiscal year 2022.

The State Treasurer's Office minimizes credit risk, the risk of loss due to the failure of the security issuer or backer, by establishing a pre-approved list of financial institutions and companies that will be used to purchase commercial paper. The State Treasurer's Office also conducts regular credit monitoring, pre-qualifies the financial institutions and brokers/dealers with which the State Treasurer's Office will do business for broker services and repurchase agreements, and diversifies the portfolio to reduce potential losses on individual securities.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 3 - Deposits and Investments (cont.)**

Custodial credit risk is the risk that, in the event of failure of the counterparty to a transaction, the State will not be able to recover the value of their investment or collateral securities that are in the possession of an outside party. The State Treasurer's Office minimizes custodial credit risk by requiring that all securities be held in the State's name at the State's custodial bank, Wells Fargo National Association, Principal Financial Services, or at one of the State Treasurer's Office approved collateral custodians.

Primary Government

At June 30, 2022, the reported amount of the primary government's investments was \$14,629,023,000. Of this amount, \$174,473,000 was exposed to custodial credit risk because it was uninsured and unregistered with securities held by the State's counterparty.

Fiduciary

At June 30, 2022, the reported amount of the fiduciary funds investments was \$18,794,464,000.

Component Units

Information on the component units investments is available within their individual financial statements.

The following table (in thousands of dollars) provides information about the interest rate risks associated with the State's investments. Statutes also authorize investment of funds not held by the State Treasurer's Office. The externally-held internal service funds, the custodial and pension (and other employee benefit) trust funds, and the component units, in accordance with statutory authority, invest primarily in U.S. government securities, repurchase agreements, preferred and common stocks, bonds, real estate, fixed income securities, mutual funds, and investments in limited partnerships. The investments include certain short-term cash equivalents, various long-term items, and restricted assets by maturity, or in certain instances, a weighted average maturity in years. The State Treasurer's Office minimizes the risk of the market value of securities falling due to changes in interest rates by maintaining an effective duration of less than 3.5 years, and holding at least 30% of the portfolio's total market value in securities with a maturity of 12 months or less.

\*The State Treasurer's Office reports their repurchase agreements and certificates of deposit in the amount of \$1,573,000 at amortized costs. The Missouri State Public Employees Deferred Compensation Plan and the Missouri State Public Employees Deferred Compensation Incentive Plan reports their Stable Value Funds in the amounts of \$571,000 and \$331,000 respectively, at contract value. The Missouri State Employees' Retirement System reports their cash equivalents in the amount of \$756,000, at cost plus accrued interest.

The State minimizes concentration of credit risk, the risk attributed to the magnitude of an investment in a single issuer. State statute prohibits the State Treasurer's Office from investing more than 15% of the total time deposits with any single financial institution. State investment policy limits investment in commercial paper to 10% of the total portfolio per issuer and no more than 15% of the total portfolio may be invested in repurchase agreements with a single counterparty. Addendum A to the investment policy limits the total amount of linked deposits a financial institution may receive to 20% of the statutory cap set forth in Section 30.753.1, RSMo. There are no restrictions in the amount that can be invested in U.S. securities. During fiscal year 2022, the State did not have any instances of noncompliance with these requirements and policies.

**Note 3 - Deposits and Investments (cont.)**

Fair Value Measurement

The State of Missouri categorizes its fair value measurements within the fair value hierarchy established by GASB Statement No. 72, *Fair Value Measurements and Application*. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

- Level 1 – Unadjusted quoted prices for identical instruments in active markets.
- Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs are unobservable.
- Level 3 – Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lower level input that is significant to the valuation. The State's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The State Treasurer's Office uses the market approach for the determination of the fair value of investments, except for repurchase agreements and certificates of deposit, which are measured at amortized costs.

Debt, equities, and investment derivatives classified in level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

Debt securities and liabilities classified in level 2 have non-proprietary information that was readily available to market participants from multiple independent sources, which are known to be actively involved in the market. Pricing inputs may include market quotations, yields, maturities, call features, and ratings. A portion of the derivative securities classified in level 2 are securities whose values are derived daily from associated traded securities. Other investments listed as level 2 include debt securities where an independent pricing evaluator had direct observable information, including: trading volume, multiple sources of market data and benchmark spreads. FX forwards are included due to the valuation coming from observable forward rates on the underlying currencies. The equity index swap is included because valuation inputs include an observable interest rate and the underlying index.

Investments listed as level 3 include debt securities where an independent pricing evaluator did not have direct observable information for comparable securities. Significant inputs used in the valuation are not available aside from the evaluator providing the price. Direct investments in private equity, real estate, credit, and real assets are included because the valuation techniques utilize discounted cash flows or other non-observable market information.

The following is a description of valuation methodologies used for assets recorded at fair value.

<sup>1</sup>Equity market neutral hedge fund – This value is 100% from MOSERS. This consists of one fund whereby the strategy invests in both long and short in U.S. and global equity securities, with the goal of having little to no net market exposure. This investment is valued at NAV, is redeemable quarterly and is not subject to lockup restrictions.

<sup>2</sup>Event driven hedge funds – This value is 98.2% from MOSERS (with a redemption period of 60 days) and 1.8% from MPERS (with a redemption period of 90 days). Consisting of one fund for MOSERS and one fund for MPERS, this strategy seeks to gain an advantage from pricing inefficiencies that may occur in the onset or aftermath of a corporate action or related event. This investment is valued at NAV, redeemable semi-annually, and is not subject to lockup restrictions for MOSERS. Due to contractual lock-up restrictions, the value of this investment is eligible for redemption in the next four months for MPERS.

<sup>3</sup>Fund-of-funds – This value is 100% from MOSERS. Consisting of five funds, these funds seek to provide diversification by holding a number of funds within a single fund structure. These investments are valued at the NAV, are redeemable monthly, and are subject to liquidation of the underlying funds.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 3 - Deposits and Investments (cont.)**

<sup>4</sup>Global asset allocation – This value is 100% from MPERS. Consisting of one fund, this strategy is highly diversified and uses fundamental research to develop systematic rules for trading positions. Due to contractual lock-up restrictions, the value of this fund is eligible for redemption in the next 35 days.

<sup>5</sup>Pending liquidated hedge funds – This value is 88.4% from MOSERS and 11.6% from MPERS. MOSERS has eight hedge funds that have been fully redeemed as of June 30, 2022, which are awaiting final distribution of the proceeds, which will be received upon sale of the underlying investments or upon completion of the audit of financial statements for MOSERS. MPERS has a small investment in two hedge funds that are in liquidation and have been closed, MPERS is awaiting the sale of the final assets.

<sup>6</sup>Merger arbitrage hedge fund – This value is 100% from MOSERS. Consisting of one fund, this strategy invests in the common stock of companies that are involved in publicly announced mergers and seeks to generate attractive returns while dampening volatility. This investment is valued at NAV, is redeemable monthly, and is not subject to lock-up restrictions.

<sup>7</sup>Multi-strategy hedge fund – This value is 73.5% from MOSERS and 26.5% from MPERS. Consisting of five funds for MOSERS and two funds for MPERS, these funds aim to pursue varying strategies in order to diversify risks and reduce volatility. These investments are redeemable monthly or quarterly, but are subject to lock-up restrictions for MOSERS. Due to contractual restrictions, the value of these investments is eligible for redemption in the next six months for MPERS.

<sup>8</sup>Quantitative hedge funds – This value is 100% from MOSERS. Consisting of two funds, this strategy attempts to achieve uncorrelated returns using advanced statistical methods to select securities across liquid public markets. These investments are redeemable monthly, and are not subject to lock-up restrictions.

<sup>9</sup>Structured credit – relative value – This value is 100% from MPERS. As of June 30, 2022, MPERS had one fund that is in liquidation in this strategy.

<sup>10</sup>Commingled equity funds – This value is 100% from MOSERS. This consist of six equity funds which are considered to be commingled in nature. Each are valued at the NAV held at the end of the period based upon the fair value of the underlying investments.

<sup>11</sup>Commingled fixed income funds – This value is 100% from MOSERS. One fixed income fund is considered to be commingled in nature. This investment is valued at the NAV held at the end of the period based upon the fair value of the underlying investment.

<sup>12</sup>Commingled short-term investment funds – This value is 100% from MOSERS. One short-term investment fund is considered to be commingled in nature. These investments are valued at the NAV held at the end of the period based upon the fair value of the underlying investments.

<sup>13</sup>MOSERS Investment Portfolio (MIP) fund – This value is 84.6% from the Deferred Compensation Plan and 15.4% from the Deferred Compensation Incentive Plan. Participant transactions (purchases and sales) may occur monthly. The significant investment strategies are designed to achieve long-term total returns, comprised of capital appreciation and income. There are no unfunded commitments. There are generally no restrictions as to the redemption of these investments.

<sup>14</sup>Missouri target date funds – This value is 81.5% from Deferred Compensation Plan and 18.5% from the Deferred Compensation Incentive Plan. Participant transactions (purchases and sales) may occur daily. The significant investment strategies of the funds are to seek the highest total return over time, consistent with the fund's asset mix. The asset allocations within these target date funds adjust automatically over time. Each fund invests more aggressively in its early years and becomes more conservative as it reaches its time horizon. There are no unfunded commitments. There are generally no restrictions as to the redemption of these investments.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 3 - Deposits and Investments (cont.)**

<sup>15</sup>Private equity, real estate and timber funds – This value is 94.1% from MOSERS and 5.9% from MPERS. MOSERS' private equity portfolio consists of 41 funds with exposure to buyout funds, distressed funds, infrastructure, energy, secondary, royalty funds, and special situations. The real estate portfolio, comprised of eight funds, invests mainly in U.S. commercial real estate. The timber portfolio consists of one fund in liquidation which invests in global timberland. The fair values of the majority of these funds has been determined using net assets valued one quarter in arrears plus current quarter cash flows. These funds are not eligible for redemption. Distributions are received as underlying investments when the funds are liquidated, which, on average, can occur over the span of 5 to 10 years. MPERS invests in five core private real estate funds that are commingled in nature. Four are eligible for redemption on a quarterly basis and one on a daily basis.

The State Treasurer's Office requires investments in commercial paper and bankers' acceptances to have the highest letter and numerical ranking (such as A1/P1) as rated by at least two Nationally Recognized Statistical Rating Organizations (NRSROs). The Treasurer does not have any additional policies regarding credit ratings of investments.

The following table (in thousands of dollars) provides information on the credit ratings associated with the State's investments in debt securities.

**Note 3 - Deposits and Investments (cont.)**

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The State Treasurer's Office does not have any deposits or investments in foreign currency and therefore does not have a policy regarding foreign currency risk. The Missouri State Employees' Retirement System and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System do have foreign currency deposits and investments which may be used for hedging purposes. The following table (in thousands of dollars) provides information on deposits and investments held in various foreign currencies, which are stated in U.S. dollars.

Currency	Investment Type				Total
	Cash	Equities	Fixed Income	Real Estate	
Australian Dollar	\$ 8,283	\$ 397	\$ —	\$ —	\$ 8,680
Canadian Dollar	5,568	320	—	—	5,888
Euro	6,405	832	1,691	41,025	49,953

**C. Securities Lending Program**

Missouri State Employees' Retirement System:

The Missouri State Employees' Retirement System's (MOSERS) board of trustees' investment policies permit the pension trust funds to participate in a securities lending program. Fixed income, international equity and domestic equity securities of the pension trust funds are loaned to participating brokers who provide collateral in the form of cash, U.S. Treasury or government agency securities, or letters of credit issued by approved banks. Collateral must be provided in the amount of 102% of fair value for domestic loans and 105% of fair value for international loans. MOSERS does not have the authority to pledge or sell collateral securities without borrower default.

MOSERS had no securities lending activity in fiscal year 2022.

Missouri Department of Transportation and Highway Patrol Employees' Retirement System:

In accordance with the investment policies set by the board of trustees, the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS), lends its securities to broker-dealers and banks pursuant to a form of loan agreement. MPERS custodial bank, Northern Trust, is authorized to lend available securities to approved broker-dealers and banks subject to the receipt of acceptable collateral.

MPERS may lend securities and receive cash, securities insured or guaranteed by the U.S. government or its agencies, and irrevocable bank letters of credit as collateral. MPERS cannot pledge or sell non-cash collateral unless a borrower defaults. Borrowers are required to deliver collateral for each loan equal to: 1) 102% of the fair value of the loaned securities plus any accrued interest in the case of loaned securities denominated in United States dollars or whose primary trading market is located in the United States, and 2) 105% of the fair value of the loaned securities plus any accrued interest in the case of loaned securities not denominated in United States dollars or whose primary trading market was not located in the United States.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 3 - Deposits and Investments (cont.)**

MPERS did not impose any restrictions during the fiscal year on the amount of the loans that the custodial bank made on its behalf. There were no known failures by any borrowers to return loaned securities or pay distributions thereon during the year.

MPERS and borrowers maintained the right to terminate all securities lending transactions on demand. At June 30, 2022, the cash collateral fund had a fair value of \$23,800,000.

At June 30, 2022 and June 30, 2021, MPERS had earned \$184,000 and \$131,000, respectively, on the securities lending program.

**Component Units:**

Information on the component units securities lending program is available within their individual financial statements.

**D. Derivatives**

**Missouri State Employees' Retirement System:**

While the Board has no formal policy specific to derivatives, Missouri State Employees' Retirement System (MOSERS), through its external investment managers, holds investments in futures contracts and swap contracts. MOSERS enters into these certain derivative instruments as investments primarily to enhance the performance and reduce the volatility of its portfolio. It enters swaps and futures contracts to gain or hedge exposure to certain markets and to manage interest rate risk. For the year ended June 30, 2022, the change in fair value of the swap contracts resulted in a gain of \$133 million of investment income. The change in fair value in the futures contracts resulted in a gain of \$25 million of investment income. MOSERS does not anticipate additional significant market risk from the derivative arrangements. MOSERS could be exposed to risk if the counterparties to the contracts are unable to meet the terms of the contracts. MOSERS anticipates that the counterparties will be able to satisfy their obligations as credit evaluations and credit limits are monitored by the investment managers.

The following table (in thousands of dollars) summarizes the various contracts in MOSERS portfolio as of June 30, 2022. The investments are reported at fair value and are included on the Statement of Fiduciary Net Position of the pension (and other employee benefit) trust funds.

**Futures Contracts:**

Notional Amount	Exposure
\$(100,256)	\$(688)

**Swap Contracts:**

Notional Amount	Counterparty Exposure
\$2,674,921	\$(135,961)

**Missouri Department of Transportation and Highway Patrol Employees' Retirement System:**

MPERS has an investment policy which holds investments in future contracts, swap contracts, options contracts, and forward foreign currency exchange contracts. Derivative financial instruments involve credit risk and market risk. The notional value related to these derivative instruments are generally not recorded on the financial statements; however, the change in fair value of these instruments is incorporated in performance.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 3 - Deposits and Investments (cont.)**

The following table (in thousands of dollars) summarizes the various contracts in MPERS portfolio as of June 30, 2022. The investments are reported at fair value and are included on the Statement of Fiduciary Net Position of the pension (and other employee benefit) trust funds.

Type	Notional/Fair Value	Unrealized Gain (Loss)
Foreign Currency Forward Contract	\$ 6,178	\$ 40
Futures Contracts	643,536	(103,816)
Swap Contracts	237,846	(55,443)
Total	<u>\$ 887,560</u>	<u>\$ (159,219)</u>

Through the use of derivatives, MPERS is exposed to risk that the counterparties involved in the contracts are unable to meet the term of their obligation. MPERS investment managers seek to control this risk through counterparty credit evaluations and approvals, counterparty credit limits, and exposure monitoring procedures. MPERS anticipates the counterparties will be able to satisfy their obligations under the contracts. The associated counterparty's credit rating is an A+.

Component Units:

Information on the component units derivatives is available within their individual financial statements.

**E. Assets Held in Escheat**

The Unclaimed Property Division of the Missouri State Treasurer's Office holds unclaimed stocks, bonds, mutual fund positions, and other securities that have been turned over by their holders on behalf of the securities' owners. The State takes custody of these securities until the owner claims them or if unclaimed, liquidates them after 18 to 24 months. The State holds the securities in order to return them to their owners. The State does not report these securities as investments because they do not meet the Governmental Accounting Standards Board's definition of "investments". This is because the State does not hold the securities for income or profit, nor do the securities have a present service capacity for the State. A total of \$22,285,000 of these unclaimed securities is shown as "Assets Held in Escheat" on the private-purpose trust funds combining statement of fiduciary net position in Unclaimed Property.

**A. Budget Reserve Fund**

The Budget Reserve Fund is established in Article IV, Section 27(a) of the Missouri Constitution. The Commissioner of Administration may transfer amounts from the Budget Reserve Fund to any other fund when necessary to meet the cash requirements of the State. However, the Budget Reserve Fund must be paid back with interest prior to May 16<sup>th</sup> of the fiscal year in which the transfer was made.

Budget stabilization expenditures may occur in a fiscal year in which the Governor reduces the expenditures of the State or any of its agencies below their appropriation or in which there is a budget need due to a natural disaster as proclaimed by the Governor to be an emergency. An appropriation from the Budget Reserve Fund may be granted by a two-thirds vote of the members elected to each House. The maximum amount which may be appropriated at any one time for budget stabilization purposes is one-half the sum of the balance of the Budget Reserve Fund and any amounts appropriated or otherwise owed to the fund, less all amounts owed to the fund for budget stabilization purposes but not yet appropriated for repayment to the fund. One-third of the amount expended or transferred from the Budget Reserve Fund for budget stabilization purposes plus interest shall stand appropriated to the Budget Reserve Fund during each of the next three fiscal years from the fund which received the budget stabilization appropriation. The balance of the Budget Reserve Fund at June 30, 2022, was \$750,513,000.

**Capital Asset Impairments**

Multiple software in development projects were stopped in fiscal year 2022 due to cancellation, which resulted in an impairment loss of \$67,000. This loss is reported as a program expense in the government-wide financial statements.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 6 - Leases**

The State has entered into various agreements to lease land, buildings, equipment, infrastructure and temporary easements. GASB Statement No. 87, *Leases*, requires that the State, as a lessee, recognize a lease liability and an intangible right-to-use lease asset (lease asset). The lease liability and lease asset are recognized at the commencement date of the lease based on the estimated present value of lease payments over the lease term.

Lease liability for the internal service and enterprise funds are reported as a long-term obligation in those funds along with the related assets. Leases and the related assets are not reported on the fund financial statements of governmental type funds. However, the leases and related assets of governmental funds are included on the government-wide financial statements and they are shown on the reconciliation between fund financial statements and government-wide statements.

Following is a summary of future minimum payments due for leases (in thousands of dollars):

Fiscal Year Ending	Governmental Activities		Business-Type Activities	
	Principal	Interest	Principal	Interest
2023	\$ 18,042	\$ 3,230	\$ 547	\$ 55
2024	15,401	2,662	523	37

2083-2087	1,357	1,144	—	—
2088-2092	1,609	893	—	—
2093-2097	1,906	595	—	—
2097-2102	2,259	243	—	—
2103	246	2	—	—
Total	<u>\$ 103,613</u>	<u>\$ 41,811</u>	<u>\$ 1,874</u>	<u>\$ 128</u>

Certain lease contracts include variable payments, residual value guarantees or termination penalties that are not known or certain to be exercised at the time of the calculation of the lease liability. These are recognized as expenses in the period they are incurred. For the fiscal year ended, June 30, 2022, there were no such variable payments excluded from the measurement of the lease liability. There were also no termination penalties or residual value guarantee payments expensed for the fiscal year ended, June 30, 2022.

**Note 6 - Leases (cont.)**

**Discretely Presented Component Units**

Following is a summary of future minimum payments due for leases (in thousands of dollars):

	College and Universities		Non-Major Component Units	
	Principal	Interest	Principal	Interest
2023	\$ 22,666	\$ 2,404	\$ 105	\$ 9
2024	19,059	1,911	107	4
2025	14,605	1,422	58	—
2026	10,409	1,048	42	—
2027	6,385	793	14	—
2028-2032	18,477	2,232	—	—
2033-2037	9,511	889	—	—
2038-2042	2,459	275	—	—
2043-2047	619	62	—	—
2048-2052	56	27	—	—
2053-2057	43	23	—	—
2058-2062	49	19	—	—
2063-2067	52	14	—	—
2068-2072	57	10	—	—
2073-2077	62	4	—	—
2078	13	—	—	—
Total	<u>\$ 104,522</u>	<u>\$ 11,133</u>	<u>\$ 326</u>	<u>\$ 13</u>

For the fiscal year ended, June 30, 2022, there were no variable payments excluded from the measurement of the lease liability for discretely presented component units. There were no termination penalties or residual value guarantee payments expensed for the fiscal year ended, June 30, 2022.

**Note 7 - Retirement Systems**

The State has two major retirement systems which cover substantially all State employees. These systems are the Missouri State Employees' Retirement System (MOSERS) and the Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS). MOSERS is comprised of the Missouri State Employees' Plan (MSEP), a cost-sharing multiple-employer, defined benefit public employee retirement plan and the Judicial Plan, a single-employer defined benefit public employee retirement plan. MPERS is a single-employer defined benefit public employees' retirement plan.

**Plan Descriptions**

The Missouri State Employees' Plan (MSEP) is a cost-sharing multiple-employer, defined benefit public employee retirement plan administered by MOSERS. The Plan is administered in accordance with Sections 104.010 and 104.312-104.1215, RSMo.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

The MSEP has three benefit structures known as MSEP (closed plan), MSEP 2000, and MSEP 2011. The MSEP covers all full-time employees hired before July 1, 2000, who are not covered under another state-sponsored retirement plan. MSEP 2000 covers all full-time employees hired on or after July 1, 2000 and before January 1, 2011. MSEP 2011 covers all full-time employees first hired on or after January 1, 2011. Members of the closed plan have the option at retirement to choose between the benefit structure of the MSEP or MSEP 2000.

The Judicial Plan is a single-employer, defined benefit public employee retirement plan administered by MOSERS. The Plan is administered in accordance with Sections 476.445 - 476.690, RSMo. The Judicial Plan covers eligible members appointed/elected before January 1, 2011. The Judicial Plan 2011 covers eligible members appointed/elected for the first time on or after January 1, 2011.

MOSERS provides retirement, survivor, and disability benefits to its members. General employees are fully vested after 5 years of creditable service if covered by the MSEP, MSEP 2000, and MSEP 2011 plans. Elected officials are fully vested after 4 years of creditable service and Members of the General Assembly are fully vested after 6 years of creditable service. The base retirement benefits are calculated by multiplying the employee's final average pay by a specific factor multiplied by the years of credited service. The retirement eligibility requirements are as follows for general employees:

**MSEP**

Age 65 and active with 4 years of service  
Age 65 with 5 years of service  
Age 60 with 15 years of service  
Age 48 with age and service equaling 80 or more (Rule of 80)  
Employees may retire early at age 55 with at least 10 years of service with reduced benefits.  
The base benefit in the general employee plan is equal to 1.6% multiplied by the final average pay multiplied by years of credited service.

**MSEP 2000**

Age 62 with 5 years of service  
Age 48 with age and service equaling 80 or more (Rule of 80)  
Employees may retire early at age 57 with at least 5 years of service with reduced benefits.  
The base benefit in the general employee plan is equal to 1.7% multiplied by the final average pay multiplied by years of credited service.

**MSEP 2011**

Age 67 with 5 years of service  
Age 55 with age and service equaling 90 or more (Rule of 90)  
Employees may retire early at age 62 with at least 5 years of service with reduced benefits.  
The base benefit in the general employee plan is equal to 1.7% multiplied by the final average pay multiplied by years of credited service.

**Judicial Plan**

Age 62 with 12 years of service  
Age 60 with 15 years of service  
Age 55 with 20 years of service  
Employees may retire early at age 62 with less than 12 years of service or age 60 with less than 15 years of service with a reduced benefit that is based upon years of service relative to 12 or 15 years.  
The base benefit for members with 12 or more years of service is equivalent to 50% of compensation on the highest court served.

**Judicial Plan 2011**

Age 67 with 12 years of service  
Age 62 with 20 years of service  
Employees may retire early at age 67 with less than 12 years of service with reduced benefits or age 62 with less than 20 years of service with a reduced benefit based on years of service.  
The base benefit for members with 12 or more years of service is equivalent to 50% of compensation on the highest court served.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

For members hired prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the percentage increase in the average Consumer Price Index (CPI) from one year to the next, with a minimum rate of 4% and a maximum rate of 5%, until the cumulative amount of COLAs equals 65% of the original benefit, thereafter the 4% minimum rate is eliminated. For members hired on or after August 28, 1997, and members who have met their COLA cap receive COLAs annually based on 80% of the percentage increase in the average CPI from one year to the next, up to a maximum rate of 5%. Qualified, inactive-vested members of MSEP and the Judicial Plan may make a one-time election to receive the present value of their future benefit in a lump sum payment. To qualify, a member must have left state employment on or after October 1, 1984 and prior to September 1, 2002, have less than 10 years of service, not be within 5 years of retirement eligibility, meet age requirements, and have a benefit present value of less than \$10,000.

The Missouri Department of Transportation and Highway Patrol Employees' Retirement System (MPERS) is a single-employer, defined benefit public employee retirement plan administered in accordance with Sections 104.010-104.1093, RSMo.

MPERS is considered a single-employer plan because its membership is composed of qualified employees of the Missouri Department of Transportation, uniformed and non-uniformed members of the Missouri State Highway Patrol, and MPERS staff.

MPERS provides retirement, survivor, and disability benefits to its members. The MPERS has three benefit structures known as the Closed Plan, the Year 2000 Plan, and the Year 2000 Plan-2011 Tier. Generally, the Closed Plan covers employees hired before July 1, 2000. The Year 2000 Plan generally covers employees hired on or after July 1, 2000 and before January 1, 2011. The Year 2000 Plan-2011 Tier covers employees hired on or after January 1, 2011. Employees covered by the Closed Plan and the Year 2000 Plan are fully vested after 5 years of creditable service. Employees covered by the 2011 Tier are fully vested after 5 years of creditable service if they were active on or after January 1, 2018.

The retirement eligibility requirements are as follows:

**Closed Plan**

**MoDOT and non-uniformed patrol members:**

Age 65 and active with 4 or more years  
of service  
Age 65 with 5 or more years of service  
Age 60 with 15 or more years of service  
Age 48 with sum of age and service  
equaling 80 or more (Rule of 80)

**Uniformed patrol members:**

Age 55 and active with 4 or more years  
of service  
Age 55 with 5 or more years of service  
Age 48 with sum of age and service  
equaling 80 or more (Rule of 80)  
Mandatory retirement at age 60

All non-uniformed members may retire early, with reduced benefits, at age 55 with at least 10 years of service.

The base benefit in the Closed Plan is equal to 1.6% multiplied by the final average pay multiplied by years of creditable service for non-uniformed members. For members of the uniformed patrol, the base benefit is equal to 2.1333% multiplied by the final average pay multiplied by years of creditable service.

For members employed prior to August 28, 1997, cost of living adjustments (COLAs) are provided annually based on 80% of the increase in the Consumer Price Index for all urban consumers for the United States (CPI-U). The minimum rate is 4% and the maximum rate is 5%, until the cumulative amount of COLAs equals 65% of the original benefit. Thereafter, the 4% minimum rate is eliminated and the annual COLA rate will be equal to 80% of the increase in the CPI-U (annual maximum of 5%). For members employed on or after August 28, 1997, COLAs are provided annually based on 80% of the increase in the CPI-U, up to a maximum rate of 5%.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

**Year 2000 Plan**

**MoDOT and non-uniformed patrol members:**

Age 62 with 5 or more years of service  
 Age 48 with sum of age and service  
 equaling 80 or more (Rule of 80)

**Uniformed patrol members:**

Age 48 with sum of age and service  
 equaling 80 or more (Rule of 80)  
 Mandatory retirement at age 60 with  
 5 or more years of service

All members may retire early with reduced benefits at age 57 with at least 5 years of service.

The base benefit in the Year 2000 Plan is equal to 1.7% multiplied by the final average pay multiplied by years of creditable service. Members retiring under the Rule of 80, and uniform patrol members retiring at the mandatory retirement age (currently 60), receive an additional temporary benefit until age 62. The temporary benefit is equivalent to 0.8% multiplied by final average pay multiplied by years of creditable service. COLAs are provided annually based on 80% of the change in the CPI-U, up to a maximum rate of 5%.

**Year 2000 Plan-2011 Tier**

**MoDOT and non-uniformed patrol members:**

Age 67 with 5 or more years of service  
 Age 55 and active with sum of age and service  
 equaling 90 or more (Rule of 90)

**Uniformed patrol members:**

Age 55 and active with 5 or more years  
 of service  
 Mandatory retirement at age 60 with no  
 minimum service amount, active only.

Active MoDOT and non-uniformed patrol members may retire early with reduced benefits at age 62 with at least 5 years of service. Terminated and vested uniformed patrol members may retire at age 67 with 5 or more years of service.

The base benefit in the 2011 Tier is equal to 1.7% multiplied by the final average pay multiplied by years of creditable service. Members retiring under the Rule of 90, and uniform patrol members retiring at the mandatory retirement age (currently 60) or at age 55 with 5 years of creditable service, receive an additional temporary benefit until age 62. The temporary benefit is equivalent to 0.8% multiplied by final average pay multiplied by years of creditable service. COLAs are provided annually based on 80% of the change in the CPI-U, up to a maximum rate of 5%.

Single-Employer Plans:

**Employees Covered by Benefit Terms – Single-Employers Only**

As of June 30, 2021 valuation, membership consisted of the following:

	<u>Judicial Plan</u>	<u>MPERS</u>
Retirees, beneficiaries, and the disabled currently receiving benefits	607	9,235
Terminated employees entitled to, but not yet receiving benefits	27	2,133
Active		
Vested	—	5,106
Nonvested	418	2,113
Total Membership	<u>1,052</u>	<u>18,587</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

**Contributions**

Per Chapter 104.436, RSMo, contribution requirements of the active employees and the participating employers are established and may be amended by the MOSERS Board. Employees in the MSEP 2011 Plan are required to contribute 4.00% of their annual pay. The State's required contribution rates for the MSEP and the Judicial Plan for the year ended June 30, 2021, were 22.88% and 63.38% of annual payroll, respectively. The contribution rates as a percentage of covered payroll for the MSEP and the Judicial Plan for the year ended June 30, 2021, were 22.88% and 63.38%, respectively. Contributions to the pension plan from the MSEP Plan and the Judicial Plan were \$388,097,000 and \$39,990,000 respectively, for the year ended June 30, 2021.

Per Chapter 104.070, RSMo, contribution requirements of the active employees and the participating employers are established and may be amended by the MPERS Board of Trustees. Beginning January 1, 2011, employee contributions of 4.00% of gross pay are required for those covered by the Year 2000 Plan-2011 Tier. Employer contributions are determined through annual actuarial valuations. Administrative expenses are financed through contributions from participating employers and investment earnings. The state's required contribution rate, as adopted by the MPERS Board of Trustees, for the year ended June 30, 2021, was to be at least 58.00%. The contribution rate as a percentage of covered payroll for the MPERS plan year ended June 30, 2021, was 58.00%. Contributions to the pension plan from the MPERS plan were \$208,213,000.

For the portion of the MSEP Plan relating to the State's component units, the required contribution rate for the year ended June 30, 2021, was 22.88%. The contribution rates as a percentage of covered payroll for the year ended June 30, 2021, was 22.88%. Contributions to the pension plan were \$71,589,000 for the year ended June 30, 2021.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

**Cost-Sharing Multiple Employer Plan:**

At June 30, 2022, a liability was reported for the State's proportionate share of the net pension liability for the MSEP and the MSEP-CU plans based on an actuarial valuation as of June 30, 2021. The State's proportionate share of the net pension liability was based on the State's actual share of contributions to the pension plan relative to the actual contributions of all participating employers for plan year ended June 30, 2021.

The State reported the following proportionate share of the net pension liability and the pension expense for the fiscal year ended June 30, 2022 (in thousands of dollars):

	<u>MSEP</u>	<u>MSEP-CU</u>
Pension Expense	\$ 615,127	\$ 81,507
Proportionate share:		
2022	84.15 %	15.52 %
Net Pension Liability	\$4,704,810	\$ 867,854

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 7 - Retirement Systems (cont.)**

For the year ended June 30, 2022, the Judicial Plan and MPERS recognized pension expense of \$37,148,000 and \$134,331,000, respectively.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 7 - Retirement Systems (cont.)**

At June 30, 2022, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources				Deferred Inflows of Resources			
	MSEP	Judicial	MPERS	MSEP-CU	MSEP	Judicial	MPERS	MSEP-CU
Difference between expected and actual experience	\$ 75,020	\$ 238	\$ 1,880	\$ 13,838	\$20,815	\$12,990	\$ 23,247	\$ 3,840
Changes of assumptions	329,055	4,518	183,836	60,698	—	3,738	—	—
Net difference between projected and actual earnings on pension plan investments	—	—	—	—	848,227	22,176	325,829	156,465
Changes in proportion and differences between plan contributions and proportionate share of contributions	32,797	—	—	6,246	129	—	—	38,904
Contributions subsequent to the measurement date	392,186	39,268	212,711	74,722	—	—	—	—
<b>Total</b>	<b>\$ 829,058</b>	<b>\$44,024</b>	<b>\$398,427</b>	<b>\$155,504</b>	<b>\$869,171</b>	<b>\$38,904</b>	<b>\$349,076</b>	<b>\$199,209</b>

Amount reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the measurement period of the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources			
	MSEP	Judicial	MPERS	MSEP-CU
2023	\$ 40,041	\$ (8,398)	\$ (18,571)	\$ (14,766)
2024	6,989	(9,799)	(21,274)	(15,244)
2025	(227,259)	(9,065)	(23,192)	(41,920)
2026	(252,070)	(6,886)	(100,323)	(46,497)
<b>Totals</b>	<b>\$ (432,299)</b>	<b>\$ (34,148)</b>	<b>\$ (163,360)</b>	<b>\$ (118,427)</b>

**Actuarial Assumptions**

The total pension liability at June 30, 2022, is based upon the June 30, 2021, actuarial valuation for MOSERS and MPERS using the entry age normal actuarial cost method. Significant actuarial assumptions used in the June 30, 2021, actuarial valuations are the following:

	MSEP and MSEP-CU	Judicial	MPERS
Price Inflation	2.25 %	2.25 %	3.00 %
Salary Increases	2.75-10.00%	3.00 %	3.00-12.45%
Investment Rate of Return	6.95 %	6.95 %	6.50 %

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 7 - Retirement Systems (cont.)**

The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study covering the five-year period ended June 30, 2020, performed in 2021, for MOSERS. Changes in assumptions since the prior year were: subsequent changes in the unfunded actuarial accrued liability due to actuarial gains/losses or assumption changes are now amortized over a closed 25 year period, instead of 30 years; the mortality assumptions are now based on generational tables; the merit component of the salary increase assumption was adjusted to partially reflect observed experience. For the MSEP and Judicial Plan, the pre-retirement mortality rates were based on the Pub-2010 General Members Below Median Employee mortality table; the post-retirement mortality rates for retirees were based on the Pub-2010 General Members Below Median Healthy Retiree mortality table, scaled by 104% for MSEP; the post-retirement mortality rates for beneficiaries were based on the Pub-2010 General Members Median Contingent Survivor mortality table; mortality was projected generationally from 2010 to 2020 using Scale MP-2020 and 75% of Scale MP-2020 for years after 2020, all tables were set back 2 years for males and set forward 1 year for females for MSEP.

Amounts reported in the June 30, 2021, actuarial report are assumptions reflecting adjustments to expected rates of withdrawal, disability, normal and early retirement, mortality, and merit and seniority pay for MPERS. The actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2017. Mortality rates, for post-retirement mortality, used in evaluating allowances to be paid to non-disabled pensioners were the RP-2014 Healthy Mortality Tables projected to 2022 using projection scale MP-2017. The pre-retirement mortality used were the RP-2014 Employee Mortality Table projected to 2022 using projection scale MP-2017 and multiplied by a factor of 65%. Disabled pension mortality was based on RP-2014 Disabled Retiree Annuitant Mortality Tables projected to 2022 using projection scale MP-2017.

The long-term (30 year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of the real rates of return for the MSEP and Judicial Plan and arithmetic real rates of return for MPERS for each major asset class included in the target allocation are summarized in the table below:

**Target Asset Allocation**

Asset Class	MSEP and MSEP-CU		Judicial		MPERS	
	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	30.0%	5.8%	30.0%	5.8%	40.0%	2.6%
Private Equity	15.0%	7.4%	15.0%	7.4%	10.0%	6.6%
Fixed Income					22.5%	(0.4)%
Real Assets					10.0%	3.1%
Real Estate					10.0%	2.5%
Hedge Funds	5.0%	2.9%	5.0%	2.9%		
Opportunistic Debt					7.5%	4.1%
Long Treasuries	25.0%	1.6%	25.0%	1.6%		
Core Bonds	10.0%	1.2%	10.0%	1.2%		
Commodities	5.0%	3.6%	5.0%	3.6%		
TIPS	25.0%	0.8%	25.0%	0.8%		
Private Real Assets	5.0%	5.2%	5.0%	5.2%		
Public Real Assets	5.0%	5.8%	5.0%	5.8%		
Alternative Beta	10.0%	3.4%	10.0%	3.4%		
Private Credit	5.0%	7.6%	5.0%	7.6%		
Cash and Cash Equivalents**	(40.0)%	0.0%	(40.0)%	0.0%		
	<u>100.0%</u>		<u>100.0%</u>		<u>100.0%</u>	

\*\*Cash and cash equivalents policy allocation amounts are negative due to use of leverage.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

**Discount Rate**

A single discount rate based on the expected rate of return on pension investments of 6.95%, 6.95%, and 6.50% was used to measure the total pension liability for MSEP, Judicial Plan, and MPERS, respectively. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate for MPERS. The projection of cash flows used to determine the discount rate assumed that contributions will be made using actuarial determined rates from participating employers for MOSERS. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate, as well as, what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	5.95%	6.95%	7.95%
MSEP Net Pension Liability	\$6,201,169	\$4,704,810	\$3,455,538
	5.95%	6.95%	7.95%
Judicial Plan Net Pension Liability	\$477,775	\$415,203	\$361,631
	5.50%	6.50%	7.50%
MPERS Net Pension Liability	\$1,861,001	\$1,340,148	\$906,821
	5.95%	6.95%	7.95%
MSEP-CU Net Pension Liability	\$1,143,874	\$867,854	\$637,412

**Payables to the Pension Plan**

As of June 30, 2022, the State had payables of \$19,020,000 to MOSERS for the outstanding amount of contributions to the pension plan, relating to a two week lag in payroll.

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separate financial reports issued by MOSERS and MPERS:

---

**Note 7 - Retirement Systems (cont.)**

**University of Missouri Retirement System**

**Plan Description**

The University of Missouri Retirement, Disability, and Death Benefit Plan is a single-employer defined benefit plan for all qualified employees. As authorized by Section 172.300, RSMo, the University's Board of Curators administers the Retirement Plan and establishes its terms.

Full-time employees vest in the Retirement Plan after five years of credited service and become eligible for benefits based on age and years of service. A vested employee who retires at age 65 or older is eligible for a lifetime annuity calculated at a certain rate times the credited service years times the compensation base (average consumption for the five highest consecutive salary years). The rate is 2.2% if the employee was hired before October 1, 2012, or 1.0% if the employee was hired after September 30, 2012. Academic members who provide summer teaching and research service receive additional summer service credit. The Board of Curators may periodically approve increases to the benefits paid to existing pensioners. However, vested members who leave the University prior to eligibility for retirement are not eligible for these pension increases. Vested employees who are at least age 55 and have ten years or more of credited service, or age 60 with at least five years of credited service may choose early retirement with a reduced benefit. However, if the employee retires at age 62 and has at least 25 years of credited service, the benefit is not reduced. Up to 30% of the retirement annuity can be taken in a lump sum payment. In addition, the standard annuity can be exchanged for an actuarially-equivalent annuity selected from an array of options with joint and survivor, period certain, and guaranteed annual increase features.

As of June 30, 2022, membership consisted of the following:

Vested members	13,409
Inactive vested members	6,098
Pensioners and beneficiaries	11,479
Total Membership	<u>30,986</u>

The University closed the defined benefit plan to new entrants as of October 1, 2019. Employees starting on or after that date, are enrolled in a defined contribution plan. Vested defined benefit employees that are rehired on or after October 1, 2019, no longer receive creditable service credit within the defined benefit plan.

**Contributions**

The University's contributions to the Retirement Plan are equal to the actuarially determined contribution requirement (ADC). The ADC for those employees hired before October 1, 2012, averaged 12.7% of covered payroll for the year ending June 30, 2022. The ADC for those employees hired after September 30, 2012, averaged 9.1% of covered payroll for the year ended June 30, 2022. Employees are required to contribute 1% of their salary up to \$50,000 in a calendar year and 2% of their salary in excess of \$50,000. An actuarial valuation of the Plan is performed annually and the University's contribution rate is updated on July 1, to reflect the actuarially determined funding requirement from the most recent valuation, as of the preceding October 1. This actuarial valuation reflects the adoption of any Retirement Plan amendments during the previous fiscal year. The University contributed \$114,999,000 during the fiscal year ended June 30, 2022.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

Employees hired after September 30, 2012, participate in a single employer, defined contribution plan. Each year the University contributes 2% of each employee's eligible salary to a 401(a) plan. Employees are able to contribute to a 457(b) and 403(b) plan. The University will match up to 3% of the employee's contribution to the 457(b) plan with the University's match funds going into the 401(a) plan. Employees in the defined contribution plans are immediately 100% vested in their contributions. Employees hired or rehired beginning October 1, 2019, will participate in a single employer, defined contribution plan. Employees will be automatically enrolled in the plan to contribute 8% of eligible salary into a 457(b) plan. Each year the University will match up to 8% of each employer's eligible salary to a 401(a) plan. The University's matching contributions vest following three years of consecutive or nonconsecutive service. The defined contribution plan recognized \$37,385,000 of pension expense net of \$5,859,000 of forfeitures for the year ended June 30, 2022.

**Net Pension Liability**

The Retirement Plan's net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of October 1, 2021. Roll-forward procedures were used to measure the Retirement Plan's net pension liability as of June 30, 2022. For the year ended June 30, 2022, fiduciary net position as a percentage of the total pension liability amounted to 80.24%.

Changes in net pension liability (in thousands of dollars):

	Total Pension Liability (TPL) (a)	Fiduciary Net Pension (FNP) (b)	Net Pension Liability (NPL) (a) - (b)
Balances at June 30, 2021	\$ 4,872,088	\$ 4,557,145	\$ 314,943
Changes for the year:			
Service Cost	60,290	—	60,290
Interest	343,730	—	343,730
Differences between expected and actual experience	114,655	—	114,655
Changes in assumptions	243,508	—	243,508
Contributions – Employer	—	114,999	(114,999)
Contributions – Employee	—	14,238	(14,238)
Net Income Investment	—	(107,876)	107,876
Benefit payments, including refunds of employee contributions	(292,357)	(292,357)	—
Net Changes	469,826	(270,996)	740,822
Balances at June 30, 2022	<u>\$ 5,341,914</u>	<u>\$ 4,286,149</u>	<u>\$ 1,055,765</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

**Pension Expense**

Annual pension expense consists of service cost and interest on the pension liability less employee contributions and projected earnings on pension plan investments. The difference between actual and expected earnings is recorded as a deferred outflow/inflow of resources and recognized in pension expense over a five year period.

For the year ended June 30, 2022, the Retirement Plan recognized pension expense of \$196,499,000. At June 30, 2022, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 122,369	\$ 6,725
Changes in assumptions	203,876	—
Net difference between projected and actual earnings on pension plan investments	—	26,473
Total	<u>\$ 326,245</u>	<u>\$ 33,198</u>

The University recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the University's employees. The following table summarizes the future recognition of these items:

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources
	Recognition
2023	\$ 119,168
2024	77,596
2025	10,582
2026	85,701
Totals	<u>\$ 293,047</u>

**Actuarial Assumptions**

The October 1, 2021, actuarial valuation utilized the entry age actuarial cost method. The discount rate used to measure the total pension liability was 7.00%. Actuarial assumptions included:

Inflation	2.20 %
Salary Increases	3.5 - 4.4%
Investment Rate of Return	7.00 %

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

For purposes of determining actuarially required contributions, the actuarial value of assets was determined using techniques that spread effects of short-term volatility in the market value of investments over a five-year period. Starting with the October 1, 2021 valuation the underfunded actuarial accrued liability is being amortized using a method that separately amortizes the initial unfunded liability as of October 1, 2021 over 20 years, the impact of the assumption changes over 20 years, and future experience gains and losses over 25 years and 15 years, respectively. The mortality rates were based on Pub-2010 Teacher Healthy Annuitant Mortality Table with generational projection using scale MP-2020 for academic and administrative members and Pub-2010 General Healthy Annuitant Mortality Table with generational projection using scale MP-2020 for clerical and service members.

The actuarial assumptions used in the October 1, 2021, valuation were based on the results of the most recent quinquennial study of the University's own experience covering 2016 to 2020.

The annual money-weighted rate of return is calculated as the internal rate of return on pension investments, net of pension plan investment expense. The money-weighted rate of return expresses investment performance, net of pension plan investment expense, adjusted for the changing amounts actually invested. The annual money-weighted rate of return on pension plan investments for the year ended June 30, 2022, was (1.8)%. The following table provides long-term expected rates of real return:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Public equity	34.0 %	3.8 %
Private equity	13.0 %	7.3 %
Sovereign bonds	8.0 %	(0.7)%
Inflation linked bonds	9.0 %	(0.5)%
Private debt	6.0 %	5.8 %
Risk balanced	12.0 %	4.9 %
Commodities	5.0 %	1.2 %
Real estate	13.0 %	6.3 %
	<u>100.0 %</u>	

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the University contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 7 - Retirement Systems (cont.)**

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate, as well as, what the plan's net pension liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	6.00%	7.00%	8.00%
MU Net Pension Liability	\$1,726,811	\$1,055,765	\$492,627

Separate financial statements are not prepared for the Plan.

Detailed information concerning the Plan is presented in the University's 2022 financial report, which is publicly available. Copies of this report may be requested from:

University of Missouri System

Columbia, Missouri 65211  
[www.umsystem.edu](http://www.umsystem.edu)

**Note 8 - Other Postemployment Benefits**

In addition to the retirement benefits described in Note 7, the State provides postemployment health care and life insurance benefits, in accordance with State statutes, to the majority of employees who either retire from the State or receive long-term disability benefits. These benefits are administered by the Missouri Consolidated Health Care Plan (MCHCP), the Missouri State Employees' Retirement System (MOSERS), the Missouri Department of Transportation and Highway Patrol Employees' Medical and Life Insurance Plan (MHPML), and the Conservation Employees' Insurance Plan (CEIP). MCHCP is a cost-sharing multiple-employer, defined benefit other postemployment benefits plan, MOSERS is an insured, defined benefit insurance plan, and MHPML and CEIP are single-employer defined benefit public employees' other postemployment benefits plans.

**Plan Descriptions**

Missouri Consolidated Health Care Plan (MCHCP) operates a cost-sharing multiple-employer, defined benefit Other Postemployment Benefits Plan (OPEB), the State Retiree Welfare Benefit Trust (SRWBT). Employees may participate at retirement, if eligible, to receive a monthly retirement benefit from either the Missouri Employees' Retirement System (MOSERS) or another retirement system whose members are grandfathered for coverage under the MCHCP by law. The terms and conditions governing postemployment benefits, are vested with the MCHCP Board of Trustees within the authority granted under sections 103.003 - 103.178, RSMo. MCHCP provides medical, dental, and vision benefits, and the Strive Employee Life & Family program for the exclusive benefit of current and future retired employees of the state and their dependents who meet eligibility requirements, except those retired members covered by other OPEB plans of the state. Covered categories include active employees, participants and spouses in payment status, participants with a deferred benefit, and disabled participants.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 8 - Other Postemployment Benefits (cont.)**

The Missouri Department of Transportation and Highway Patrol Employees' Medical and Life Insurance Plan (MHPML) is a single-employer, defined benefit OPEB plan administered in accordance with Section 104.270, RSMo. MHPML is not a separate legal entity and is self insured. The plan does not maintain assets in a trust and pays expenses on a pay-as-you-go basis. The plan assets are neither legally protected from creditors nor are they dedicated to providing OPEB benefits. The State has no legal obligation to pay the benefits. MHPML provides healthcare insurance benefits to employees who retired from the Department who participated in the Medical and Life Insurance Plan when they were an active employee and had a minimum of five years creditable service. Coverage categories include retirees, certain disabled employees, spouses, certain dependents and survivors of deceased employees and retirees. At July 1, 2021, the number of participants covered by the plan included 6,148 retirees or beneficiaries currently receiving benefits, 80 retirees entitled to but not yet receiving benefits, and 7,237 active employees.

The Conservation Employees' Benefits Plan (CEIP) is a single-employer defined benefit OPEB plan administered by the Conservation Employees' Benefits Plan Board of Trustees in accordance with Article IV, Section 42 of the Missouri Constitution. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The benefit plan for the Department of Conservation is not irrevocable.

CEIP provides for the continuation of medical insurance benefits for retirees and their dependents. Coverage categories include active employees, retirees and surviving spouses, and spouses of current retirees. At June 30, 2021, 1,326 active employees, 869 retirees and surviving spouses, and 409 spouses of current employees were participating in the plan.

**Contributions**

Contributions are established and may be amended by the MCHCP Board of Trustees with the authority granted under sections 103.003 - 103.178, RSMo. Contributions to MCHCP by the State are not legally or contractually required. For the fiscal year end June 30, 2021, employers contributed 4.29% for the period July 1, 2020 through December 31, 2020; 4.22% for the period January 1, 2021 through June 30, 2021, of covered payroll. Retiree contribution rates are established based on projected claims experience and funding provided by employer contributions. Contributions to the OPEB plan for MCHCP and MCHCP-CU was \$74,039,000 and \$33,000, respectively for the year ended June 30, 2022.

The contribution requirements for MHPML are recommended by the Medical and Life Insurance Plan's Board of Trustees and are approved by the Missouri Highways and Transportation Commission. The Commission contributes a percentage of medical premiums for retirees. For those who retired on or prior to January 1, 2015, an amount ranging from 40.0% to 57.0% of the premium is contributed, dependent on the level of coverage. Medical premiums, for employees who retire on or after January 1, 2015, are based on total years of service, with the Commission contributing 2.0% per year of service, not to exceed 50.0% of the total premium, with the retiree responsible for the remaining balance of the premiums. Benefit projections for financial reporting purposes are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and the historical pattern of cost sharing between employer and the plan members to that point. Contributions to the Plan for the year ended June 30, 2022, was \$23,838,000.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 8 - Other Postemployment Benefits (cont.)**

The contribution requirements for CEIP are established by a trust agreement between the Conservation Commission and the Conservation Employees' Benefits Plan Board of Trustees, which grants the authority to establish and amend benefit terms and financing requirements to the Board of Trustees. The Commission contribution toward retiree medical premium is based on tenure or years of service with the State. At the time of retirement, employees who have 25+ years of service receive a 35% contribution, 20-24 years of service receive a 30% contribution, 15-19 years of service receive a 26.47% contribution, vested status up to 14 years of service receive a 21.57% contribution, and employees who retired prior to January 1, 2013, continue to receive a 35% contribution towards their premium. Benefit projections for financial reporting purposes are based on an established policy of the retiree's paying the premium amount less any direct subsidy paid by the Commission based on years of service and date of retirement. Contributions to the Plan for the year ended June 30, 2022, was \$3,128,000.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

**Cost-Sharing Multiple Employer Plan:**

At June 30, 2022, a liability was reported for the State's proportionate share of the collective net OPEB liability for the MCHCP and the MCHCP-CU plans based on an actuarial valuation as of July 1, 2021. The State's proportionate share of the collective net OPEB liability was calculated by dividing the State's contribution to the SRWBT by the total contributions from all applicable employers during the measurement period. From the previous valuation, the discount rate changed from 4.38% to 4.50%.

The State reported the following proportionate share of the collective net OPEB liability and the OPEB expense for the fiscal year ended June 30, 2022, was as follows (in thousands of dollars):

	MCHCP	MCHCP-CU
OPEB Expense	\$ 94,486	\$ 29
Proportionate share:	99.61 %	0.04 %
Net OPEB Liability	\$1,699,030	\$ 749

**Single-Employer Plans:**

The State's total OPEB liability and related information for the MHPML and CEIP plans for the fiscal year ended June 30, 2022, were as follows (in thousands of dollars):

	MHPML	CEIP
	Total OPEB Liability	Total OPEB Liability
Balances at June 30, 2021	\$ 1,355,660	\$ 155,450
Changes for the year:		
Service Cost	44,538	4,031
Interest	30,682	3,411
Differences between expected and actual experience	(28,165)	—
Effect of economic/demographic gains or losses	—	(5,674)
Changes of assumptions or other inputs	(13,734)	(31,215)
Benefit payments	(23,838)	(3,128)
Net Changes	9,483	(32,575)
Balances at June 30, 2022	\$ 1,365,143	\$ 122,875

For the year ended June 30, 2022, the MHPML and CEIP recognized OPEB expense of \$53,430,000 and \$712,000, respectively.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 8 - Other Postemployment Benefits (cont.)**

At June 30, 2022, deferred outflows of resources and deferred inflows of resources related to OPEBs were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources				Deferred Inflows of Resources			
	MCHCP	MHPML	CEIP	MCHCP -CU	MCHCP	MHPML	CEIP	MCHCP -CU
Difference between expected and actual experience	\$ 68,447	\$ 219	\$ —	\$ 30	\$ (17,112)	\$ (53,251)	\$ (22,364)	\$ (8)
Changes of assumptions	—	168,462	19,566	—	(210,817)	(93,424)	(27,044)	(94)
Net difference between projected and actual earnings on plan investments	—	—	—	—	(5,121)	—	—	(2)
Changes in proportion and differences between employer contributions and proportionate share of contributions	935	—	—	68	(347)	—	—	(140)
Contributions subsequent to the measurement date	71,397	23,513	—	27	—	—	—	—
Total	<u>\$140,779</u>	<u>\$192,194</u>	<u>\$19,566</u>	<u>\$ 125</u>	<u>\$ (233,397)</u>	<u>\$ (146,675)</u>	<u>\$ (49,408)</u>	<u>\$ (244)</u>

Amount reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability for the measurement period of the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources			
	MCHCP	MHPML	CEIP	MCHCP-CU
2023	\$ (25,364)	\$ (21,791)	\$ (6,730)	\$ (24)
2024	(26,055)	1,939	(6,026)	(25)
2025	(26,260)	13,132	(7,031)	(25)
2026	(27,040)	30,726	(6,459)	(25)
2027	(24,597)	(2,000)	(3,596)	(22)
Thereafter	(34,699)	—	—	(25)
Totals	<u>\$ (164,015)</u>	<u>\$ 22,006</u>	<u>\$ (29,842)</u>	<u>\$ (146)</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 8 - Other Postemployment Benefits (cont.)**

**Actuarial Assumptions**

The total OPEB liability at June 30, 2022, is based upon the the July 1, 2021, actuarial valuation date for MCHCP and MHPML, and the June 30, 2021, actuarial valuation date for CEIP, using the entry age normal actuarial cost method. Significant actuarial assumptions used in the actuarial valuations are the following:

	MCHCP and MCHCP-CU
Price Inflation	3.00%
Salary Increases	4.00%
Investment Rate of Return	4.50%
Healthcare Cost Trend Rate	Non-Medicare is 6.50% for fiscal 2022; the rate decreases by 0.25% per year to an ultimate rate of 5.00% in fiscal 2028 and later. Medicare is 9.00% in fiscal 2022, 13.50% in fiscal 2023, 12.50% in fiscal 2024, 11.50% in fiscal 2025, 10.50% in fiscal 2026, 9.75% in fiscal 2027, 9.00% in fiscal 2028, 8.25% in fiscal 2029, 7.50% in fiscal 2030, 6.75% in fiscal 2031, 6.00% in fiscal 2032, 5.25% in fiscal 2033, then 5.00% in fiscal 2034 and after.
	MHPML
Price Inflation	2.00%
Salary Increases	2.50%
Investment Rate of Return	2.16%
Healthcare Cost Trend Rate	6.10% for 2021, decreasing to 4.60% for 2027 and later years.
	CEIP
Price Inflation	2.3%
Salary Increases	4.0%
Investment Rate of Return	3.54%
Healthcare Cost Trend Rate	Pre-65 rate of 5.8% for 2021, gradually decreasing to an ultimate rate of 3.7% for 2073 and beyond. Post-65 trend rate of 5.6% for 2021, gradually decreasing to an ultimate rate of 3.7% for 2073 and beyond.

MCHCP's actuarial assumptions used in the July 1, 2021, valuation for SRWBT involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The valuation to determine MCHCP's total OPEB liability is required to be performed at least every two years, but is performed annually. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of the valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long term perspective of the calculations. The collective total OPEB liability for June 30, 2021, measurement date was determined by an actuarial valuation as of July 1, 2021. The cost method utilized for the valuation year June 30, 2021, was the entry age normal, level percentage of payroll. Mortality rates were based on Pri-2012 for Employees/Annuitants without collar adjustments using Scale MP-2021. The last experience study was conducted in 2020.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 8 - Other Postemployment Benefits (cont.)**

MHPML's actuarial assumptions used in the July 1, 2021, valuation were determined using a measurement date of July 1, 2021. The inflation rate was based on the actuary's long-term estimate of inflation as of July 1, 2020. The salary increases were based on projected salaries, which include COLA's. The discount rate was based on Bond Buyer General Obligation 20-Bond Municipal Bond Index. Mortality rates were based on Pub-2010 Public Retirement Plans Safety Employees Mortality Table weighted by Headcount project by MP-2021 for July 1, 2021. The actuarial assumptions used in the July 1, 2021, valuation were based on the results of an actuarial experience study for the period July 1, 2020, through June 30, 2021. From the previous valuation, the discount rate changed from 2.21% to 2.16%.

CEIP's actuarial assumptions used in the June 30, 2021, valuation were determined using a measurement date of June 30, 2022. The discount rate was based on the 20-year Bond General Obligation Index. Mortality rates were based on Pub-2010 Mortality for General Employees, Healthy Annuitants and Contingent Survivors, with generational projection per Scale MP-2021. The plan has not had a formal actuarial experience study performed. From the previous valuation, the discount rate changed from 2.16% to 3.54%.

For MCHCP, the long-term expected rate of return on OPEB plan investments was determined as a blend of the plan sponsor's best estimate on the expected return on plan assets and the 20-year high quality municipal bond rate as of the measurement date. The target asset allocation and best estimates of arithmetic real rate of returns for each major asset class are listed below.

Asset Class	MCHCP and MCHCP-CU	
	Target Allocation	Long-Term Expected Real Rate of Return
Large Cap Stocks	18.0%	8.5%
Mid Cap Stocks	7.0%	8.8%
Small Cap Stocks	9.0%	8.8%
International Stocks	5.0%	8.9%
BarCap Aggregate Bonds	59.0%	2.7%
Cash Equivalents	2.0%	2.2%
	100.0%	

**Discount Rate**

A single discount rate based on the expected rate of return on OPEB investments of 4.50%, 2.16%, and 3.54% was used to measure the total OPEB liability for MCHCP, MHPML, and CEIP, respectively. For MCHCP, the projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions will be made at required rates, actuarially determined. For years where the expected benefit payments can be covered by projected trust assets, expected returns are used. For years where payments are not expected to be covered by trust assets, the municipal Bond Buyer 20-Bond General Obligation Index rate is utilized.

**Note 8 - Other Postemployment Benefits (cont.)**

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net OPEB liability for MCHCP and total OPEB liability for MHPML and CEIP, to changes in the single discount rate, the following presents the State's liability, calculated using a single discount rate, as well as, what the plan's liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
MCHCP Net OPEB Liability	3.50% \$2,030,891	4.50% \$1,699,030	5.50% \$1,436,537
MHPML Total OPEB Liability	1.16% \$1,660,624	2.16% \$1,365,143	3.16% \$1,139,832
CEIP Total OPEB Liability	2.54% \$148,370	3.54% \$122,875	4.54% \$103,239
MCHCP-CU Net OPEB Liability	3.50% \$895	4.50% \$749	5.50% \$633

**Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates**

Regarding the sensitivity of the net OPEB liability for MCHCP and the total OPEB liability for MHPML and CEIP, to changes in healthcare cost trend rates, the following presents the plan's liability, calculated using healthcare cost trend rates, as well as, what the plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Health Care Cost Trend Rates	1% Increase
MCHCP Net OPEB Liability	\$1,432,364	\$1,699,030	\$2,036,252
MHPML Total OPEB Liability	\$1,115,880	\$1,365,143	\$1,699,528
CEIP Total OPEB Liability	\$103,513	\$122,875	\$148,334
MCHCP-CU Net OPEB Liability	\$631	\$749	\$897

**Note 8 - Other Postemployment Benefits (cont.)**

**OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in the separate financial reports issued by MCHCP:

Missouri Consolidated Health Care Plan  
P.O. Box 104355  
Jefferson City, Missouri 65110-4355  
[www.mchcp.org](http://www.mchcp.org)

**Missouri State Insured Defined Benefit Insurance Plan**

The Missouri State Insured Defined Benefit Insurance Plan is administered through The Standard, which is a third party administrator with oversight by Missouri State Employees Retirement System (MOSERS). In the event that the Standard becomes insolvent, the Missouri Guarantee Association will work with the Standard to see what assets are available to handle their liabilities and the MO Guarantee Association would handle the open and unpaid claims up to the maximum outlined in Section 376.717, RSMo.

**Retiree Life Insurance**

Members who retire on or after October 1, 1985, or retirees of the Department of Labor and Industrial Relations (DOLIR) who retire on or after January 1, 1996, are eligible for \$5,000 of state-sponsored basic life insurance coverage if they retire directly from active employment. This group plan is financed on a percentage of payroll and is purchased as a group policy through competitive bids. Premiums are contributed as provided by Section 104.515, RSMo. Retirees of the DOLIR who retire prior to January 1, 1996, are eligible for state-sponsored insured defined benefit coverage in the same amount of coverage they were receiving through the DOLIR. The coverage for this closed group is purchased as a group policy at a current cost of \$2.07 per thousand dollars of coverage, per month as provided by Section 288.225, RSMo. The cost for fiscal year 2022 was \$1,973,000.

**Long-Term Disability Insurance (LTD)**

MOSERS provides LTD coverage for eligible members and generally includes those active members of MOSERS' retirement plans who do not have other disability coverage and are not yet eligible to receive normal (unreduced) retirement benefits. There were 29,503 members covered under the program as of June 30, 2022. This insured defined-benefit coverage is billed on percentage of covered payroll (0.04%). Purchased as group policy through competitive bids, LTD is administered by The Standard Insurance Company. The cost for the year ended June 30, 2022, was \$6,886,000. Premiums are contributed by the State and its component employers as provided for by Section 104.515, RSMo.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 8 - Other Postemployment Benefits (cont.)**

**University of Missouri System**

**Plan Description**

In addition to the retirement benefits described in *Note 7*, the University of Missouri operates a single-employer, defined benefit Other Postemployment Benefits (OPEB) Plan. The assets of the OPEB Trust Fund are irrevocable and legally protected from creditors and dedicated to providing postemployment benefits in accordance with the plan. The OPEB plan provides postemployment medical, dental, and life insurance benefits to employees who retire from the University after attaining age 55 and before reaching age 60 with ten or more years of service, or after attaining age 60 with five or more years of service. As of January 1, 2018, employees must be 60 years old and have 20 years of service at the date of retirement to access the same percentage subsidy as retirees prior to January 1, 2018. Employees with age plus years of service less than 80, but with more than 5 years of service as of January 1, 2018, will receive a subsidy of \$100 per year of service up to a maximum of \$2,500 annually. Employees with less than 5 years of service as of January 1, 2018, will not receive an insurance subsidy or be eligible to participate in the University's plans.

As of June 30, 2022, 8,360 retirees were receiving benefits, and an estimated 7,220 active University employees may become eligible to receive benefits under the plan. Postemployment medical, dental and life insurance benefits are also provided to long-term disability claimants who were vested in the University's Retirement Plan at the date the disability began, provided the onset date of the disability was on or after September 1, 1990. As of June 30, 2022, 119 long-term disability claimants met those eligibility requirements. The terms and conditions governing the postemployment benefits to which employees are entitled are at the sole authority and discretion of the University's Board of Curators. The OPEB plan does not issue a separate financial report.

**Contributions**

Postemployment benefits are funded through both employer and employee contributions. Contribution requirements of employees and the University are established and may be amended by the University's Board of Curators. For employees retiring prior to September 1, 1990, the University contributes 2/3 of the medical benefits premium and 1/2 of the dental plan premium. For employees who retire on or after September 1, 1990, the University contributes towards premiums based on the employee's length of service and age at retirement.

The University makes available two group term life insurance options. Option A coverage is equal to the retiree's salary at the date of retirement, while Option B is equal to two times the amount. For each Option, graded decreases in coverage are made when the retiree attains specific age levels. The University pays the full cost of Option A and approximately 91% of Option B coverage. Coverage for group term life insurance ends on January 1 following the retiree's 70th birthday.

For the year ended June 30, 2022, participant contributions were \$17,325,000, or approximately 52.2%, of the total premiums through their required contributions, which vary depending on the plan and coverage selection. In fiscal year 2022, the contribution rate as a percentage of covered payroll was 2.9% and the University contributed \$15,846,000.

The University also makes available two long-term disability options to its employees. Option A coverage is equal to 60% of the employee's salary on the date the disability began, when integrated with benefits from all other sources. Option B coverage is equal to 66-2/3% of the employee's salary, integrated so that benefits from all sources will not exceed 85% of the employee's salary. Both options have a 149-day waiting period and provide benefits until age 65. The University pays the full cost of the Option A premium, while employees enrolled in Option B pay the additional cost over the Optional A premium.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 8 - Other Postemployment Benefits (cont.)**

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources**

At June 30, 2022, the net OPEB liability for the University was based on an actuarial valuation as of June 30, 2022, and measured as of that date. For the year ended June 30, 2022, fiduciary net position as a percentage of the net OPEB liability amounted to 19.99%.

Changes in net OPEB liability (in thousands of dollars):

	Total OPEB Liability (TOL)	Fiduciary Net Position (FNP)	Net OPEB Liability (NOL)
Balances at June 30, 2021	\$ 253,308	\$ 39,491	\$ 213,817
Changes for the year:			
Service Cost	4,380	—	4,380
Interest	5,399	—	5,399
Differences between expected and actual experience	(1,786)	—	(1,786)
Changes in assumptions	(46,087)	—	(46,087)
Contributions – Employer	—	15,846	(15,846)
Contributions – Employee	—	17,325	(17,325)
Net Investment Income	—	98	(98)
Benefit payments, including refunds of employee contributions	(15,512)	(32,838)	17,326
Administrative Expenses	—	—	—
Net Changes	(53,606)	431	(54,037)
Balances at June 30, 2022	<u>\$ 199,702</u>	<u>\$ 39,922</u>	<u>\$ 159,780</u>

For the year ended June 30, 2022, the University recognized OPEB expense of (\$49,324,000). In FY22, changes in the valuation assumptions included an update to the health care costs and future trends in costs, a revision to the demographic assumptions and an increase in the discount rate. There was also an updated experience study for the retirement plan that was also used for OPEB that had changes to the mortality rate, termination rates prior to retirement, and disability rates, which is what drove the change in the demographic assumptions. At June 30, 2022, deferred outflows of resources and deferred inflows of resources related to OPEBs were reported from the following sources (in thousands of dollars):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 14,477	\$ 12,258
Changes in assumptions	—	175,218
Net difference between projected and actual earnings on OPEB plan investments	—	747
Total	<u>\$ 14,477</u>	<u>\$ 188,223</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 8 - Other Postemployment Benefits (cont.)**

The University recognizes differences between actual and expected investment performance included in deferred outflows/inflows of resources on a straight-line basis over five years. Differences between expected and actual experience on actuarial assumptions are amortized over the average expected remaining service life of the University's employees. The following table summarizes the future recognition of those items (in thousands of dollars):

Fiscal Year Ended June 30	Net Deferred Outflows/Inflows of Resources
	Recognition
2023	(58,786)
2024	(55,460)
2025	(47,200)
2026	(12,300)
Totals	\$ (173,746)

**Actuarial Assumptions**

The total OPEB liability at June 30, 2022, is based upon the June 30, 2022, actuarial valuation, using the entry age normal, as a level percentage of pay, actuarial cost method. Significant actuarial assumptions used in the actuarial valuations are the following:

Price Inflation	2.2%
Salary Increases	Varies based on age: 0.3% to 6.0% (including inflation) for academic and administrative; 0.2% to 3.1% (including inflation) for clerical and service
Investment Rate of Return	3.54%
Pre-65 Medical and HSP Plans Trend Rate	7.5% decreasing by 0.25% per year until an ultimate trend of 4.5% is reached.
Pre-65 Rx trend rate	8.5% decreasing by 0.25% per year until an ultimate trend of 4.5% is reached.
Post-65 Medicare Base and Rx Trend Rate	3.0%, then 6.0% decreasing by 0.25% per year until an ultimate trend of 4.50% is reached
Post-65 Medicare Buyup and Rx trend rate	3.0%, then 6.0% decreasing by 0.25% per year until an ultimate trend of 4.50% is reached.
Dental trend rates	2.00%

The University's actuarial assumptions used in the June 30, 2022, valuation involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Benefit projections for financial reporting purposes are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation and the historical pattern of cost sharing between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. For healthy retiree mortality rates, the Pub-2010 Teacher Employee and Healthy Annuitant Headcount-Weighted Mortality Tables, weighted 95% for males and 103% for females, with generational projection using Scale MP-2020 was used for academic and administrative members. The Pub-2010 General Employee and Healthy Annuitant Headcount-Weighted Mortality Tables, weighted 124% for males and 112% for females, with generational projection using Scale MP-2020 was used for clerical and service members. For disabled retiree mortality rates, the Pub-2010 Non-Safety Disabled Annuitant Headcount-Weighted Mortality Table, weighted 95% for males and females, with generational projection using Scale MP-2020 was used.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 8 - Other Postemployment Benefits (cont.)**

**Discount Rate**

The discount rate used to measure the total OPEB liability was 3.54% for the year ended June 30, 2022. The projection of cash flows used to determine the discount rate assumed that the University would not make additional contributions to the OPEB Trust and would continue to fund the plan on a pay-as-you-go basis. Based on those assumptions, the OPEB Plan's fiduciary net position was not projected to cover a full year of projected future benefit payments. Therefore, all future benefit payments are discounted at the current index rate for 20 year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate**

Regarding the sensitivity of the net OPEB liability for the University, to changes in the single discount rate, the following presents the University's liability, calculated using a single discount rate, as well as, what the plan's liability would be if it were calculated using a single discount rate that is 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
	2.54%	3.54%	4.54%
Net OPEB Liability	\$186,474	\$159,780	\$137,690

**Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates**

Regarding the sensitivity of the net OPEB liability for the University, to changes in healthcare cost trend rates, the following presents the University's liability, calculated using healthcare cost trend rates, as well as, what the plan's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher (in thousands of dollars):

	1% Decrease	Current Health Care Cost Trend Rates	1% Increase
Net OPEB Liability	\$148,562	\$159,780	\$172,896

Detailed information concerning the Plan is presented in the University's 2022 financial report, which is publicly available. Copies of this report may be requested from:

**Note 9 - Deferred Compensation**

**Missouri State Public Employees' Deferred Compensation Plan:**

In accordance with Internal Revenue Code Section 457, the State offers all employees the opportunity to participate in the Missouri State Public Employees' Deferred Compensation Plan. Under the Plan, employees are permitted to defer a portion of their current salary until future years.

All amounts of compensation deferred under the Plan must be held in a trust, custodial account, or annuity contract for the exclusive benefit of Plan participants and their beneficiaries. Investments are managed by the Plan's trustee under one of several investment options, or a combination thereof. The choice between the investment option(s) available by the Plan is made by the participants.

Copies of the Plan's financial statements may be requested from:

Plan Administrator  
c/o MOSERS  
P.O. Box 209  
907 Wildwood Drive  
Jefferson City, Missouri 65102-0209

**Missouri State Public Employees' Deferred Compensation Plan:**

The Plan was established by the Missouri State Public Employees' Deferred Compensation Commission in July 1995 pursuant to Section 401(a) of the Internal Revenue Code.

Under the Plan provisions, any employee of the State is eligible to participate in the Plan if he/she has been an employee of the State for at least 12 consecutive months preceding any employer contributions to the Plan, and is making continuous monthly deferrals of at least \$25 to the Missouri State Public Employees' Deferred Compensation Plan. As of March 2010, employer incentive (match) associated with the State of Missouri Deferred Compensation Plan was suspended. Participating employees are 100% vested.

The first employer contributions to the Plan were made in January 1996. The Plan receives contributions from employers as well as rollovers from other qualified plans. During fiscal year 2022, net rollovers and contributions to ICMA-RC were \$1,392,000.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 11 - Debt**

**Bonds:**

All of the State's Bonds are long-term liabilities and are reconciling items from governmental fund financial statements to government-wide financial statements, with the exception of Board of Public Buildings, Series A 2021. On the Government-Wide Statement of Net Position, the long-term liabilities are shown as the amounts due within one year from the date of the statement and the amounts due in more than one year from the date of the statement. Board of Public Buildings, Series A 2021, is paid with enterprise funds and is reported as a long-term obligation in the Proprietary Funds *Statement of Net Position*.

**General Obligation Bonds:**

The Board of Fund Commissioners of the State of Missouri, upon voter approval and subsequent authorization of the General Assembly, issues general obligation bonds that are secured by a pledge of the full faith, credit, and resources of the State. The principal and interest amounts are transferred one year in advance from the General Fund or other funds to the debt service funds from which principal and interest payments are made. Three types of general obligation bonds are currently outstanding. Proceeds from the Water Pollution Control Bonds were used to provide funds for the protection of the environment through the control of water pollution. Proceeds from the Fourth State Building Bonds were used to provide funds for improvements of buildings and property of higher education institutions, Department of Corrections, and the Division of Youth Services. Proceeds from the Stormwater Control Bonds were used to provide funds to protect the environment through the control of stormwater.

To take advantage of lower interest rates, the Board of Fund Commissioners has issued bonds to refund various outstanding bond issues. The following indicates the outstanding refunding bonds issued by the Board (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Water Pollution Control Bonds:				
Series A 2010-Refunding	7/27/10	\$ 81,450	A 2001	\$ 15,030
			A 2002	20,225
			B 2002-Refunding	12,990
			A 2005-Refunding	8,595
			A 2007	31,385
Fourth State Building Bonds:				
Series A 2010-Refunding	7/27/10	9,060	A 2002-Refunding	8,970
			A 2005-Refunding	1,470
Stormwater Control Bonds:				
Series A 2010-Refunding	7/27/10	15,150	A 2001	7,320
			A 2002	8,475
			A 2005-Refunding	905

The additional principal amount of the refunding bonds does not decrease the amount of the authorization.

As of June 30, 2022, \$594,494,240 of the Water Pollution Control Bonds; \$250,000,000 of the Fourth State Building Bonds; and \$45,000,000 of the Stormwater Control Bonds have been issued. The remaining authorization for the Water Pollution Control Bonds is \$130,505,760 and for Stormwater Control Bonds is \$155,000,000. There is no remaining authorization for the Fourth State Buildings Bonds.

**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 11 - Debt (cont.)**

General obligation bonds issued and outstanding as of June 30, 2022, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Water Pollution Control Bonds:						
Series A 2010-Refunding	4.0 - 5.0%	12/1; 6/1	7/10	12/1/22	\$ 81,450	\$ 9,320
Fourth State Building Bonds:						
Series A 2010-Refunding	4.0 - 5.0%	12/1; 6/1	7/10	12/1/22	9,060	1,035
Stormwater Control Bonds:						
Series A 2010-Refunding	4.0 - 5.0%	12/1; 6/1	7/10	12/1/22	15,150	1,735
Total General Obligation Bonds					<u>\$ 105,660</u>	<u>12,090</u>
Less: Amount in Sinking Fund for payment of Principal						(11,851)
						<u>\$ 239</u>

As of June 30, 2022, general obligation debt service requirements for principal and interest in future years were as follows (in thousands of dollars):

Fiscal Year Ended June 30	Principal	Interest	Totals
2023	\$ 12,090	\$ 302	\$ 12,392
Totals	<u>\$ 12,090</u>	<u>\$ 302</u>	<u>\$ 12,392</u>

**Other Bonds:**

The Board of Public Buildings of the State of Missouri, upon the approval of the General Assembly, issues revenue bonds for building projects and commits state agencies to lease space in these buildings. The General Assembly appropriates to the Board, on behalf of the state agencies, amounts sufficient to pay the principal and interest on the bonds, maintain certain required reserves, and to pay the costs of operations. The total amount authorized for the Board equals \$1,545,000,000.

To take advantage of lower interest rates, the Board of Public Buildings has issued bonds to refund various outstanding bond issues. The following indicates the outstanding refunding bonds issued by the Board (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Board of Public Buildings:				
Series A 2011-Refunding	09/27/11	\$ 143,020	A 2001	\$ 126,850
			A 2003	12,620
			A 2006	3,175
Series A 2014-Refunding	08/19/14	88,680	A 2006	87,225
Series A 2015-Refunding	04/01/15	20,250	A 2011-Refunding	21,380
Series A 2020-Refunding	03/26/20	38,920	A 2011-Refunding	40,350
Series B 2020-Refunding	08/25/20	172,850	A 2012-Refunding	185,850
			A 2013-Refunding	19,635

The additional principal amount of the refunding bonds does not decrease the amount of the authorization.

**Note 11 - Debt (cont.)**

State Road Bonds:

The Missouri Highways and Transportation Commission authorized by Article IV, Section 29-34 of the Missouri Constitution and Section 226.133 of the State Highway Act, issues bonds for highway construction and repairs. Under the Missouri Constitution, the principal and interest of the State Road Bonds are payable solely from the revenues of the Missouri Road Fund. State Road Bonds have the following levels of priority: Senior Bonds, First Lien Bonds, Second Lien Bonds, and Third Lien Bonds. Proceeds from State Road Bonds are used for the purpose of constructing and maintaining the State's highways. As of June 30, 2022, the Missouri Highways and Transportation Commission had issued \$4,079,520,000. In addition, Senate Concurrent Resolution 14 authorized \$301,000,000 in Missouri Highways and Transportation Commission bonds to renovate bridges and other important transportation infrastructure. In fiscal year 2022, the Third Lien State Road Bonds, Series A 2021 were issued in the amount of \$88,955,000. The Third Lien State Road Bonds, Series B 2019 and the Third Lien State Road Bonds, Series A 2021 are payable from the General Revenue Fund.

To take advantage of lower interest rates, the Missouri Highways and Transportation Commission has issued Bonds to refund various outstanding bond issues. The following indicates the outstanding refunding bonds issued by the Commission (in thousands of dollars):

	Date Issued	Amount Issued	Series Refunded	Amount Refunded
Senior Lien State Road Bonds:				
Series C 2010-Refunding	11/10/10	\$ 130,390	A 2001	\$ 11,135
			A 2002	18,405
			A 2003	111,760
Series A 2014-Refunding	6/3/14	589,015	A 2006	149,150
			B 2006	503,330
Series B 2014-Refunding	6/3/14	311,975	2007	325,290

Non-Major

Missouri Development Finance Board:

In December 2000, the Board issued \$6,500,000 in St. Louis Convention Center Hotel Series 2000B, taxable infrastructure facilities revenue bonds and \$14,600,000 in St. Louis Convention Center Hotel Series 2000C, tax-exempt infrastructure facilities revenue bonds, respectively for the purpose of paying the costs of acquiring land and constructing a parking garage. These bonds were remarketing in June 2020 as \$4,590,000 2020B and \$4,730,000 2020C bonds, replacing 2000B and 2000C, respectively. Bonds are payable, both principal and interest, out of revenues derived from the operation of the parking garage.

In April 2010, the Board issued \$9,000,000 in Seventh Street Garage Series 2010, tax exempt infrastructure facilities revenue bonds.

The Missouri Development Finance Board Revenue Bonds issued and outstanding as of June 30, 2022, were as follows (in thousands of dollars):

	Interest Rates	Payment Dates	Issue Date	Final Maturity Date	Issued	Outstanding
Missouri Development Finance Board:						
Revenue Bonds						
Series 2010	Variable	monthly	4/10	10/1/33	\$ 9,000	\$ 3,758
Series 2020B/C	Variable	monthly	6/20	12/1/49	9,320	8,700
Total Missouri Development Finance Board Revenue Bonds					<u>\$ 18,320</u>	<u>\$ 12,458</u>

As of June 30, 2022, the debt service requirements for principal and interest in future years for the Missouri Development Finance Board Revenue Bonds were as follows (in thousands of dollars):

Fiscal Year Ended June 30	Principal	Interest	Totals
2023	\$ 574	\$ 240	\$ 814
2024	585	227	812
2025	597	217	814

**Financed Purchases from Direct Borrowings:**

The State has entered into various agreements for financed purchases from direct borrowings for buildings, equipment, and software. Through contracts with Central Bank, the State has a \$7.0 million obligation outstanding as of June 30, 2022, for governmental activities. These financed purchases are secured with collateral of capital assets in the amount of \$14.1 million. In the event of default, the lease shall be terminated and the resulting property returned to the lessor. If the termination is the result of non-appropriation, the State shall deliver the property to the lessor within 10 business days after the termination of the lease schedule. If the property is not delivered within 10 business days, then the State shall also be responsible for the payment of damages in an amount equal to the amount of the lease payments that would have thereafter come due on the lease schedule had it not been terminated. The State had an unused line of credit in the amount of \$ 5.5 million at the end of fiscal year 2022.

The State has entered into an agreement for financed purchases from direct borrowings for energy star equipment through a contract with Bank of America. These purchases are secured with capital assets as collateral with a value of \$15.9 million. The State has a \$0.8 million obligation outstanding as of June 30, 2022, for governmental activities. In the event of default, the lease shall be terminated and the resulting property returned to the lessor. If the termination is the result of non-appropriation, the State shall deliver the property to the lessor within 10 business days after the termination of the lease schedule. If the property is not delivered within 10 business days, then the State shall also be responsible for the payment of damages in an amount equal to the amount of the lease payments that would have thereafter come due on the lease schedule had it not been terminated. The State had no available line of credit at the end of fiscal year 2022.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 11 - Debt (cont.)**

Through a contract with IBM, the State has \$4.6 million of financed purchases from direct borrowings outstanding as of June 30, 2022, for governmental activities. These financed purchases are secured with capital assets in the amount of \$14.8 million. The State of Missouri can terminate the agreement with written notice prior to 90 days of each starting anniversary. Upon termination, the State will pay to IBM all amounts due and payable including cross-band allotment offerings, termination and/or financing prepayments and applicable taxes on or before the termination. The State of Missouri may elect to cancel the fixed term license program under the agreement by giving IBM 30 day's written notice and may receive a prorated credit for a prepaid term. The prorated credit may be used to purchase IBM programs prior to the end date or termination of the remaining agreement. The credits are not transferable, cannot be converted to cash, and upon expiration eligible credit will be forfeited. The State had no available line of credit at the end of fiscal year 2022.

The State has entered into an agreement for financed purchases from direct borrowings for Leasehold Revenue Bonds through a contract with Missouri Development Finance Board. The State's obligation under the purchase does not constitute a general obligation or other indebtedness of the State. Ownership transfers to the State at the end of the term. The State has a \$19.0 million obligation outstanding as of June 30, 2022. The payments under the agreement have been structured in the amounts sufficient to pay principal and interest on the Leasehold Revenue Bonds issued by the Board. In November 2005, the Board issued \$28,995,000 of the Leasehold Revenue Bonds Series 2005 for the purpose of purchasing buildings in Florissant, St. Louis, and Jennings. In May 2006, the Board issued \$9,865,000 of Leasehold Revenue Bonds Series for the purpose of purchasing one building in St. Louis. In June 2013, the Board issued \$21,820,000 of Leasehold Refunding Bond Series A 2013 and \$7,450,000 of Leasehold Revenue Refunding Bonds Series B 2013 for the purpose of refunding \$20,805,000 of Leasehold Revenue Bonds Series 2005 and \$7,100,000 of Leasehold Revenue Bonds Series 2006, respectively. The payments are subject to annual appropriation by the State legislature. The State had no available line of credit at the end of fiscal year 2022.

As of June 30, 2022, debt service requirements for principal and interest in future years for direct borrowings were as follows (in thousands of dollars):

Fiscal Year Ending	Financed Purchases from Direct Borrowings					
	Governmental Funds		Internal Service Funds		College and Universities	
	Principal	Interest	Principal	Interest	Principal	Interest
2023	\$ 2,948	\$ 56	\$ 5,525	\$ 599	\$ 10,552	\$ 1,219

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 12 - Defeased Debt**

**A. Current Year Debt Defeasance**

On July 6, 2021, the Missouri State University issued the Missouri Health and Educational Facilities Revenue Bonds, Series 2021B, in the amount of \$17,710,000, with an interest rate of 2.69%, to refund \$17,940,000 of the Series 2014A Missouri Health and Educational Facilities Revenue Bonds. As a result of the refunding, the University reduced its total debt service payments by \$56,000 to obtain an economic gain (difference between present values of the old and the new debt service payments) of \$1,015,000.

**B. Cumulative Debt Defeasances**

Various bond issues have been defeased by the advance refunding of bonds. Irrevocable escrow accounts, containing proceeds of the refunding bond issues in the form of cash and U.S. government securities, are used to pay principal, interest, or redemption prices of the defeased bonds as and when due.

For financial reporting purposes, the following debt has been defeased and therefore removed as a liability from the governmental activities and college and universities Statement of Net Position.

College and Universities - As of June 30, 2022, bonds outstanding of \$28,575,000 are defeased.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 13 - Payables and Receivables**

A summary of accounts payable and accounts receivable at June 30, 2022, is shown below (in thousands of dollars):

	Governmental Activities	Business-Type Activities	Balance June 30, 2022
Accounts Payable:			
Taxpayers	\$ 373,122	\$ 428	\$ 373,550
Other Governments	254,107	7	254,114

Receivables, net	<u>\$ 6,272,316</u>	<u>\$ 193,372</u>	<u>\$ 6,465,688</u>

Governmental activities lease receivables are held primarily by Missouri Road fund and business-type activities lease receivables are held by State Parks.

For the fiscal year ended June 30, 2022, the statement of activities includes lease revenues and interest of \$719,000 and \$60,000, respectively for governmental activities and \$18,000 and \$14,000 for business-type activities. There was no additional revenue for variable and other payments not included in the measurement of the lease receivable.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 14 - Deferred Inflows and Outflows**

Deferred outflows of resources are defined as consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources are defined as acquisition of net assets by the government that is applicable to a future reporting period. Deferred outflows increase net position, similar to assets and deferred inflows decrease net position, similar to liabilities.

The components of deferred outflows of resources and deferred inflows of resources reported in the government-wide financial statements as of June 30, 2022, are as follows (in thousands):

	Primary Government			Component Units
	Governmental Activities	Business-Type Activities	Total	
<b>Deferred Outflows of Resources</b>				
Pension Differences Between Expected and Actual Experience	\$ 76,517	\$ 595	\$ 77,112	\$ 136,207

Internal Service Funds		—	—	10	2,902
Totals	\$	8,119	\$ 977	\$ 28	\$ 2,274,476

Principal reasons for interfund transfers include:

- moving general revenue funds to support elementary and secondary education
- moving state lottery funds to support elementary and secondary education
- moving general revenue funds to support social assistance programs reported in non-major governmental funds
- moving funds related to the construction of capital assets

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 17 - Restatements**

During fiscal year 2022, additional information became available which required fund equity amounts. The following table presents a summary of these restatements by fund (in thousands of dollars):

	June 30, 2021 Fund Balance/Net Position Previously Reported	Prior Period Adjustments	June 30, 2021 Fund Balance/Net Position Restated
<b>GOVERNMENTAL FUNDS</b>

Non-Major	238,994	636	239,630
<b>Total Component Units</b>	<b>\$ 7,696,090</b>	<b>\$ (10,953)</b>	<b>\$ 7,685,137</b>

**Breakdown of restatements by type:**

- General Fund, the restatement is due to a decrease of cash and cash equivalents of \$622,000 and a decrease of accounts receivable of \$17,000.
- Conservation and Environmental Protection, the restatement is due to a decrease in accounts receivable of \$97,000 and a decrease of loans receivable of \$2,241,000.
- Missouri Road Fund, the restatement is due to a decrease of accounts receivable of \$27,986,000.
- Non-major special revenue funds, the restatement is due to accounts receivable decreased by \$101,000. The increase in cash and cash equivalents of \$13,474,000, investments of \$11,127,000, accounts receivable of \$5,051,000, interest receivable of \$11,000, inventories of \$924,000, accounts payable of \$1,297,000, accrued payroll of \$2,057,000, due to other funds of \$68,000, and unearned revenue of \$111,000 was due to the reclassification of the Missouri Veterans' Homes Fund from an enterprise fund to a special revenue fund. Additionally, the reclassification caused an increase to deferred inflows of resources of \$98,000.
- Missouri Veterans' Homes, the restatement is due to the reclassification of the Missouri Veterans' Homes Fund from an enterprise fund to a special revenue fund.
- Non-major enterprise funds, the restatement is due to an increase of capital assets (net of accumulated depreciation/amortization) of \$103,000 and an increase of accounts payable of \$221,000.
- Non-major internal service funds, the restatement is due to a decrease in accounts receivable of \$599,000, an increase of capital assets (net of accumulated depreciation/amortization) of \$308,000, and an increase of obligations under financed purchases of \$940,000.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 17 - Restatements (cont.)**

- Discretely presented component units - colleges and universities, the restatement is due to an increase of cash and cash equivalents of \$1,220,000, an increase of restricted cash and cash equivalents of \$1,579,000, a decrease of receivables, net of \$513,000, an increase of restricted receivables of \$1,509,000, an increase of restricted long-term investments of \$160,000, a decrease of other long-term investments of \$40,000, a decrease of capital assets (net of accumulated depreciation/amortization) of \$13,278,000, an increase of deferred outflows of \$371,000, an increase of accounts payables and accrued liabilities of \$933,000, a decrease of bonds/notes/financed purchases payable of \$1,000, an increase of unearned revenue of \$2,745,000, and an increase in deposits of \$102,000. Net position increased by \$1,182,000 due to the implementation of GASB Statement No. 87, *Leases*.
- Discretely presented component units - non-major, net position increased by \$636,000 due to the implementation of GASB Statement No. 87, *Leases*.

**Purpose for restatements:**

The items on the schedule were restated as a result of additional information received this year related to prior year corrections.

On the Government-Wide Statement of Activities, net position for the governmental activities were restated by the amounts shown on the restatement schedule for governmental funds and internal service funds. In addition, internal balance increased by \$49,000, deferred outflows of resources increased by 6,819,000, capital assets (net of accumulated depreciation/amortization) increased by \$205,000, contingencies payable decreased by \$1,728,000, obligations under financed purchase decreased by \$941,000, and obligations under lease purchase increased by \$3,000. The increase of deferred outflows by \$18,310,000, compensated absences by \$4,145,000, net other postemployment benefits obligation by \$45,123,000, and net pension liability by \$142,609,000 was due to the reclassification of the Missouri Veterans' Homes fund from a proprietary fund to a special revenue fund. Additionally, the reclassification caused an increase to deferred inflows of resources of \$6,592,000.

On the Government-Wide Statement of Activities, net position for the business-type activities were restated by the amounts shown on the restatement schedule for enterprise funds and by a decrease in internal balance of \$49,000.

In fiscal year 2022, the State of Missouri implemented GASB Statement No. 87, *Leases*. The implementation of this statement has resulted in the restatement of net position and fund balances at the beginning of fiscal year 2022. The State of Missouri has not restated its financial statements for the year ended June 30, 2021, for the implementation of this statement because fiscal year 2020 lease information is not readily available, making restatement of the 2021 financial statements impractical. The restatement of beginning net position is as follows (in thousands of dollars):

	July 1, 2021		
	Governmental Activities	Business-Type Activities	Total
Net Position, June 30, 2021, as restated	\$ 31,586,304	\$ 735,229	\$ 32,321,533
Restatement of net position, leases	483	—	483
Net position, beginning of year as restated	<u>\$ 31,586,787</u>	<u>\$ 735,229</u>	<u>\$ 32,322,016</u>
<b>Restatement Consists of:</b>			
Changes to Capital Assets			
Buildings	(16,994)	—	(16,994)
Land - Right-to-Use	607	—	607
Temporary Easements - right-to-use	5	—	5
Buildings - right-to-use	73,515	—	73,515
Equipment - right-to-use	1,149	—	1,149
Infrastructure - right-to-use	24,927	—	24,927
Changes to long-term Liabilities			
Financed Purchases	(799)	—	(799)
Lease Liability	(81,927)	—	(81,927)
Restatement of net position, leases	<u>\$ 483</u>	<u>\$ —</u>	<u>\$ 483</u>

**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 18 - Fund Deficit**

The following funds had a deficit balance:

Enterprise Funds – State Lottery and State Agency for Surplus Property, Internal Service Funds – Natural Resources Cost Allocation, Working Capital Revolving, Economic Development Administrative, and Professional Registration Fees, and Component Unit Funds – Missouri Wine and Grape – At June 30, 2022, these funds had a net position deficit of \$17,685,000, \$545,000, \$24,027,000, \$5,873,000, \$3,663,000, \$12,353,000, and \$557,000 respectively. These funds have deficit balances due to the fiscal year 2015 implementation of GASB 68 and the reporting of net pension liabilities and the fiscal year 2018 implementation of GASB 75 and the reporting of OPEB liabilities. It is expected that these liabilities will be funded over time.

Enterprise Fund – Petroleum Storage Tank Insurance – At June 30, 2022, this fund had a net position deficit of \$47,031,000. The deficit occurred when transport load fees collected were not sufficient to cover the estimated claims liability for clean up of petroleum storage tank leaks. This liability amount is the cumulative result of numerous years of petroleum storage tank leaks. Per Section 319.129, RSMo, this fund will not accept new claim liabilities after December 31, 2025, or upon revocation of federal regulation 40 CFR, whichever occurs first, unless extended by action of the General Assembly. Under Section 319.132, RSMo, the Board of Trustees has authority to increase the transport load fee to a maximum of \$60 per 8,000 gallons. In addition, under Section 319.133, RSMo, the Board can increase annual participation fees to a maximum of \$500 per tank per year. These facts, along with the knowledge that PSTIF's claim reserves are set using very conservative assumptions, assure that adequate revenues will be available to meet its liabilities. Per Section 319.131, RSMo, the liability of the Petroleum Storage Tank Insurance Fund is not the liability of the State. Upon dissolution of this fund, the liability would be liquidated.

**Housing**

The Missouri Low Income Housing Tax Credit (MOLIHTC) is authorized by Sections 135.350-135.363, RSMo, and is a ten year tax credit which is available to qualified owners of affordable rental housing. To qualify upon application, a development must 1) rent at least 20% of its units to families earning 50% of the area median family income, 2) rent at least 40% of its units to families earning 60% of the area median family income, each adjusted for family size or 3) rents at least 40% of its units to families whose income does not exceed the income limitation designated for the respective unit, where the average of the income-designated units may not exceed 60% AMGI. The MOLIHTC generates equity investments that are purchased by the private sector for the development of new or rehabilitated rental housing which enables owners to lower rents to affordable levels for low-income families. The investor of the MOLIHTC can redeem the credit by applying it dollar for dollar to the following types of tax liabilities: income tax, corporate franchise tax, insurance premium tax, other financial institutions tax, or express company tax. MOLIHTC properties must comply with tenant eligibility, property maintenance, and fair housing law throughout a 15-year period. The Missouri Housing Development Commission monitors the properties for compliance and reports non-compliance to the Internal Revenue Service and Missouri Department of Revenue. Property owners found to be out of compliance are subject to recapture through the provisions of Section 135.355, RSMo and IRS §42. Redemptions were made on MOLIHTC's authorized/issued in prior years. The MOLIHTC reduced state taxes by \$113,246,000 during fiscal year 2022.

**Note 19 - Tax Abatements (cont.)**

The Neighborhood Preservation Tax Credit is authorized by Sections 135.475-135.487, RSMo, and provides incentives for homeowners in lower income areas who rehabilitate or construct owner-occupied homes in qualifying or eligible areas of the State. Upon application, the eligible property must be in a qualifying area with a median household income of less than 70% of the median household income for the metropolitan statistical area (MSA) or non-MSA; or be located in an eligible area with a median household income of 70-89% of the median household income for the applicable MSA or non-MSA. Recipients are eligible to receive a credit for 15% of eligible costs up to \$25,000 per residence for new residences in eligible areas; 15% of eligible costs up to \$40,000 per residence for new residences in qualifying areas; 25% of eligible costs with a minimum of \$10,000 and not to exceed \$25,000 per residence for substantial rehabilitation in eligible areas; 35% of eligible costs with a minimum of \$5,000 or 50% of purchase price and not to exceed \$70,000 per residence for substantial rehabilitation in qualifying areas; and 25% of eligible costs with a minimum of \$5,000 and not to exceed \$25,000 per residence for non-substantial rehabilitation in qualifying areas. The abatement's can be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. A taxpayer, other than the owner-occupant who receives a certificate of tax credit, shall have 30 days within the date of the sale to furnish satisfactory proof that the residence was sold at market to the Director of the Department of Economic Development (DED). If the Director determines that the residence was not in good faith intended for long-term owner occupancy, then the Director may revoke any tax credits issued and seek recovery of those credits pursuant to Section 620.017, RSMo. There are no other commitments made as part of the agreement. The Neighborhood Preservation Tax Credit reduced state taxes by \$3,134,000 during fiscal year 2022.

**Business Recruitment**

Missouri Quality Jobs is authorized by Sections 620.1875-620.1890, RSMo and provides tax incentives to qualified companies for facilitating the creation of new jobs or the retention of existing jobs in the State. This program has been replaced by Missouri Works, except for current projects. To qualify, the company must create a minimum number of jobs within the project facility within 2 to 3 years after the approval of the Notice of Intent and must maintain those jobs for the duration of the benefit. The average wage of the new jobs must equal or exceed the average county wage and the company must offer health insurance and pay at least 50% of the premium. The company must also submit an annual report. Companies may retain 100% of withholding tax that would otherwise be paid into the State or receive tax credits based on the percentage of new payroll or a combination of both for the new or retained jobs approved. The credits can be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. Missouri Quality Jobs reduced state taxes by \$8,967,000 during fiscal year 2022.

The Missouri Works - Business Incentives is authorized by Sections 620.2000-620.2020, RSMo and provides tax incentives for qualified companies to create or retain jobs in the State. There are several sub-programs under this program with different qualifications for each. To qualify for the credits, a company must create or retain a minimum number of new jobs at the project facility with average wages of 80%, 90%, 100%, 120%, or 140% of the county average wage, depending upon the sub-program. The company must offer health insurance and pay at least 50% of the premium. The company must meet the requirement for new private capital investments, ranging from \$0 to \$500 million. The company must meet the required number of jobs at the applicable % of the county average wage within 2 years of the Approval of the Notice of Intent and must maintain those minimums for the duration of the benefit. The company must also submit an annual report documenting the jobs created, total payroll, and health insurance requirements. Companies may retain 100% of withholding tax that would otherwise be paid into the State or receive tax credits based on the percentage of new payroll or a combination of both for the new or retained jobs approved. The credits can be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. Taxes may be recaptured due to misrepresentation, out-of-state relocation, or failure to file an annual report. The agreement requires 100% of the benefits received to be repaid within 60 days for misrepresentation or out-of state location or one year for failure to file an annual report. There are no other commitments made as part of the agreement. Missouri Works - Business Incentives reduced state taxes by \$134,717,000 during fiscal year 2022.

**Note 19 - Tax Abatements (cont.)**

Missouri Works New Jobs Training and Job Retention Training are authorized by Sections 620.800-620.809, RSMo. New Jobs Training provides assistance to eligible companies to train workers in newly created jobs. This program has an annual appropriation. For funding consideration, the company must create new jobs in the state; the project must include eligible training costs, as well as other eligibility criteria such as types of occupations, wage rates, and turnover rates. Job Retention Training provides training assistance to eligible companies for job retention efforts. To qualify, a project must be for an existing Missouri company making a capital investment of at least 5 times the total project costs, retaining at least 100 eligible jobs at the facility for at least one year, be located in a border community, or be determined to represent substantial risk of relocation. Eligible companies for both programs include manufacturing, research and development, or those engaged in interstate commerce. The company must retain the eligible jobs in the project for at least 5 years and use the funding only toward eligible project costs. These programs are administered locally through community colleges. While the recipient's taxes are not actually reduced, a portion of normal withholding payments (paid to the Department of Revenue) are deferred to pay for eligible project costs. The amount that can be deferred is 2.5% of the payroll for the first 100 jobs in the project and 1.5% of the payroll for the remaining jobs in the project. The company may file withholding claims for the project until the budgeted project funds are disbursed; typically for a period of 3-5 years, with maximum limit of 8 years. There are no other commitments under these programs. Recapture provisions apply in accordance with Section 620.017, RSMo in which the recipient shall repay training funds under these programs if the jobs included in the project are moved out of Missouri or are eliminated within five years of the date the project is approved by DED. The Director of the Division of Workforce Development within DED shall have the authority and discretion to exempt the recipient in whole or in part of such repayment. Missouri Works New Jobs Training and Job Retention Training reduced state taxes by \$5,849,000 and \$7,447,000, respectively, during fiscal year 2022.

The Missouri Manufacturing Jobs Act is authorized by Section 620.1910, RSMo and provides incentives in the form of retaining withholding taxes to expand manufacturing facilities for an existing product or the creation of a new product. This program sunset in 2016 and no new applications are being accepted. To qualify, manufacturing companies must have a North American Industry Classification System (NAICS) of 33611, which is an establishment primarily engaged in (1) manufacturing complete automobile and light duty motor vehicles or (2) manufacturing automobile and light duty motor vehicle chassis. The company must manufacture goods at a facility in the state throughout the period benefits are received, and make a capital investment at a facility of at least \$75,000 per retained job for the manufacture of a new product within 2 years of beginning to retain withholding taxes or commit to make a capital investment of at least \$50,000 per retained job at the facility for the modification or expansion of the manufacture of an existing product within 2 years of beginning to retain withholding taxes. Qualified suppliers of an eligible manufacturer must attest to DED that they derive more than 10% of its total annual sales revenue from sales to a qualified manufacturing company, add 5 or more new jobs for a period of 3 years, pay wages for the new jobs equal to or exceeding the county average wage using the NAICS industry classification, but are not less than 60% of the statewide average wage, and the company must offer health insurance and pay at least 50% of the premium. If qualified, the company is allowed to retain 100% of the withholding tax that would otherwise have been paid in to the state for those jobs for 10 years for qualified manufacturers or 3 to 5 years for qualified suppliers. There are no provisions for recapture and no other commitments are made as part of the agreement. The Missouri Manufacturing Jobs Act reduced state taxes by \$3,452,000 during fiscal year 2022.

**Note 19 - Tax Abatements (cont.)**

Business Use Incentives for Large-Scale Development (BUILD) is authorized by Sections 100.700-100.850, RSMo. The incentives offered by the BUILD Missouri Program are designed to offset infrastructure and other capital costs of certain large projects by making the cost of investing in Missouri more competitive. The costs are financed through the issuance of Board of Certificates (bonds or notes), where the principal and interest will be repaid by the business. Businesses are then reimbursed for these repayments through the issuance by the Board of Missouri state income tax credits. The businesses may use these credits against taxes, which would otherwise be due, or to obtain a refund if the business has insufficient Missouri income tax liability to offset the credit. A business can apply these credits against income tax, bank tax, insurance premium tax, or other financial institutions tax. To qualify, an eligible industry in manufacturing, processing, assembly, research and development, agricultural processing or services in interstate commerce must invest a minimum of \$15 million; or \$10 million for an office industry in an economic development project; and create a minimum of 100 new jobs at the project facility within 3 years, or a minimum of 500 jobs if the project is an office industry, or a minimum of 200 new jobs if the project is an office industry located within a distressed community as defined in Section 135.530, RSMo. The tax credits become subject to recapture if the company does not expend the minimum investment on or before the first test date established in the program agreement, or create and maintain the minimum number of new jobs on or before the first test date. The first test date is the last day of the closest calendar quarter ending 3 years following bond closing. The tax credits are also subject to recapture if the company eliminates or announces its intention to eliminate all the new jobs at the project within 2 years of the first test date. If subject to recapture, the company shall, within 30 days following written demand from the Board, reimburse the Board in full for the face amount of the tax credits received from the date of execution of the program agreement to the date of such demand. There are no other commitments made as part of the agreement. The BUILD program reduced state taxes by \$16,923,000 during fiscal year 2022.

The Enhanced Enterprise Zone is authorized by Sections 135.950-135.973, RSMo and provides tax credits to new or expanding businesses in enhanced enterprise zones. To qualify, a company must create or maintain at least 2 new jobs and make at least \$100,000 in eligible investments. In addition, a Notice of Intent must be approved by DED, and the business must submit an annual report. Eligibility for the credit is determined by the zone based on creation of sustainable jobs in a targeted industry or demonstrated impact on local industry cluster development. Taxes are reduced by claiming a tax credit against the Missouri income tax liability owed to the state. The tax credits are calculated at 2% of new payroll and 0.5% of new investment. There are no provisions for recapture and no other commitments are made as part of the agreement. The Enhanced Enterprise Zone reduced state taxes by \$1,612,000 during fiscal year 2022.

The Business Facility Tax Credit is authorized by Sections 135.100-135.150 and Section 135.258, RSMo and provides to facilitate the expansion of new or existing facilities in Missouri. To qualify, a Notice of Intent must be approved by DED; the facility must create at least 2 new jobs and make \$100,000 in eligible investments or pursuant to House Bill 191 (2009), for "headquarters" that commence operations and "headquarters" of certain "employee-owned" businesses that commence or expand operations must create 25 new jobs and make \$1,000,000 in new investment. The company must submit an annual report to DED. Taxes are reduced by claiming a tax credit against the Missouri tax liability owed to the state. The tax credits are calculated as \$75 to \$150 per new job and \$75 to \$150 for each \$100,000 in new investment for up to 10 years. The tax credits for headquarters are calculated as the greater of \$400 per new job plus 4% of new investment or \$500 per new job plus \$500 per each \$100,000 in new investment for up to 10 years. The credit may be applied against income tax, insurance premium tax, or insurance company retaliatory tax. This program has sunset as of January 1, 2005 except headquarters that commence or expand operations on or before January 1, 2031 may be eligible for the program. There are no provisions for recapture and no other commitments are made as part of the agreement. The Business Facility Tax Credit reduced state taxes by \$14,836,000 during fiscal year 2022.

**Note 19 - Tax Abatements (cont.)**

The Amateur Sports Ticket Sales Tax Credit is authorized by Section 67.3000, RSMo and provides an incentive to encourage the location of competitively bid amateur sporting events in Missouri. Upon application, applicants must submit predictions on the anticipated economic benefit to the state. Applicants will be evaluated based upon anticipated and verified economic performance. The program is available to one or more certified sponsors active in the National Association of Sports Commissions, endorsing counties, endorsing municipalities, or a local organizing committee, acting individually or collectively. The program provides tax credits equal to the lesser of: \$5 per admission ticket sold to the event; or 100% of eligible costs incurred by the applicant. The recipient is able to reduce their outstanding tax liability in an amount equal to the value of the tax credit and may be taken against income tax, bank tax, insurance premium tax, and other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Amateur Sports Ticket Sales Tax Credit reduced state taxes by \$886,000 during fiscal year 2022.

The Rebuilding Communities Tax Credit is authorized by Section 135.535, RSMo and provides a tax credit for eligible businesses locating, relocating, or expanding within a distressed community. This program has been replaced by Missouri Works, except for current projects. To qualify, a business must have fewer than 100 full-time employees, 75% of which must be located in the distressed community; be primarily engaged in manufacturing, biomedical, medical devices, scientific research, animal research, computer software design, computer software development or computer programming, which includes Internet, web hosting, and other information technology, wireless, wired or other telecommunications, or a professional firm. A business must make eligible purchases and be located in a distressed community. The business must submit an annual tax credit application documenting eligible expenditures on the project to DED. Once approved, the tax credit is calculated at 40% or 25% of the qualifying expenditures and may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Rebuilding Communities Tax Credit reduced state taxes by less than one thousand dollars during fiscal year 2022.

The Development Tax Credit is authorized by Sections 32.100-32.125, RSMo and provides incentives to facilitate a business project in order to create new jobs. This program has been replaced by Missouri Works, except for current projects. Tax credits are issued to approved taxpayers that make an eligible donation to a non-profit corporation. The non-profit leases assets to an approved company. The company must create a specified number of jobs within 2 years and be in a distressed or blighted area. In many instances, the taxpayer that makes the donation is also the company that is creating the economic impact. The donor that makes the contribution must submit a tax credit application to DED. Once approved, taxes are reduced by claiming a tax credit against Missouri tax liability owed to the state. The tax credit is calculated at 50% of the eligible donation and may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, other financial institutions tax, or express company tax. No other commitments are made as part of the agreement. DED may recapture tax credits up to the amount issued if the non-profit fails to complete the project or comply with the agreement. The non-profits only and not the donors are subject to the recapture. The Development Tax Credit reduced state taxes by \$178,000 during fiscal year 2022.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 19 - Tax Abatements (cont.)**

Chapter 100 Personal Property Tax Exemption is authorized by Section 144.054 (2), RSMo and provides a state and local sales tax exemption on tangible personal property leased by a company from the City or County. To qualify, cities and counties may apply to DED on behalf of eligible companies for which Chapter 100 bond proceeds are used to purchase tangible personal property, which is leased back to the company. DED may apply discretionary benefit exemption if the benefit contained in a formal DED proposal is accepted by the company. Since DED cannot enact the sales tax exemption on the lease without the underlying Municipality Chapter 100 in place, any inclusion in a formal DED proposal will be coordinated with the Municipality and their economic developer. The proposal must have been accepted by the company prior to any project announcements, no approval or issuance of the bonds may have taken place, and the tangible personal property may not have been purchased prior to the acceptance of the proposal. The project must also be competitive, have comprehensive local incentive participation, have above average wages with benefits, be located in an economically distressed or blighted area, have a positive state fiscal impact, and have an indication that the municipality has offered the local Chapter 100 exemptions. The company receives the exemption on sales tax as the facility, construction materials, and certain tangible personal property may be purchased as exempt by the City or County and then leased back to the company. The company will be responsible for the payment of sales tax on purchases exceeding the maximum accepted in the proposal, ineligible purchases, or the revenue stream generated by lease of ineligible personal property. There are no provisions for recapture and no other commitments are made as part of the agreement. The sales tax is applicable to the lease payments made over a period not to exceed 20 years by statute and restricted further by local ordinance. The sales tax exemptions are only applicable if tangible personal property purchases are made within established project time periods, as listed on the certificate. For fiscal year 2022, certificates were provided for the exemption of state sales tax related to lease payments of tangible personal property under a Chapter 100 structure for one project. The fiscal year 2022 project certificates total a cumulative amount of state sales tax not to exceed \$1,980,000 over the term of the lease.

Data Center Sales Tax exemption is authorized by Section 144.810, RSMo and incentivizes the location and expansion of data centers in the state by providing an exemption of the sales and use taxes associated with a variety of activities necessary to build a new facility or expand an existing facility. To qualify, companies must create 5 new jobs and \$5 million in investment for expanding facilities or create 10 new jobs and \$25 million in investment for new facilities within certain time frames. A company is refunded their sales and use taxes for new purchases related to the data center project for the period prior to meeting the threshold for participation and then are exempt for a period of no more than 10 years for expanding facilities or 15 years for a new facility. Taxes may be subject to recapture if the full investment projected is not met or if the jobs created are not maintained, causing the cost/benefit to the State to be negative, or if the company does not meet the minimum thresholds. Taxes will be recaptured up to the amount that creates a positive cost/benefit to the state, or if the company does not meet the minimum thresholds, the full exemptions to date must be repaid. No other commitments are made as part of the agreement. The amount that state taxes were reduced is confidential under Section 32.057, RSMo.

**Redevelopment**

The Historic Preservation Tax Credit is authorized by Sections 253.545-253.561, RSMo and provides an incentive for the redevelopment of commercial and residential historic structures in the state. Upon application, the eligible property must be listed on the National Register of Historic Places, be certified by the Department of Natural Resources (DNR) as contributing to the historical significance of a certified historic district listed on the National Register, or located within a local historic district that has been certified by the U.S. Department of Interior. The costs and expenses associated with the rehabilitation must exceed 50% of the total basis of the property. All approved applicants must commence rehabilitation within 2 years of the date of issuance of the letter of approval from DED. The program provides state tax credits equal to 25% of eligible costs and expenses of the rehabilitation of approved historic structures, which the recipient is able to use to reduce their outstanding tax liability in an amount equal to the value of their tax credit. The credit may be applied against income tax, bank tax, insurance premium tax, or other financial institutions tax. There are no provisions for recapture and no other commitments are made as part of the agreement. The Historic Preservation Tax Credit reduced state taxes by \$106,311,000 during fiscal year 2022.

**STATE OF MISSOURI**

**Note 19 - Tax Abatements (cont.)**

Brownfield Remediation is authorized by Sections 447.700-447.718, RSMo and provides incentives to businesses or developers to redevelop property contaminated with hazardous waste. To qualify, the property must be abandoned or underutilized for at least 3 years, and contaminated with hazardous substance, the applicant cannot be a responsible party, the project must be accepted into DNR Voluntary Cleanup Program, the project must be endorsed by city or county government, must create at least 10 new jobs or retain 25 jobs, the project must create a positive net state economic benefit, and must demonstrate need for the credits. The recipient is able to reduce their outstanding tax liability in an amount equal to the value of the tax credit. The tax credits may be issued for up to 100% of eligible costs and expenses for remediating the project property. The tax credit may also include up to 100% of the costs of demolition that are not directly part of the remediation activities. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation. DED will issue 75% of the credits upon adequate proof of payment of the costs; the remaining 25% will not be issued until a clean letter has been issued by DNR. The tax credits may be applied against income tax, corporate franchise tax, bank tax, insurance premium tax, or other financial institutions tax. The tax credits may be subject to recapture in the event the owner sells the abandoned or underutilized property within a 5 year period after the receipt of remediation tax credits, grants, loans or loan guarantee. Subject to Sections 447.700-447.718, RSMo, the owner shall repay a portion of the tax credits and grant funds provided based on the percentage of the owner's investment for the project to DED's total financial assistance, upon achieving an annual internal rate of return of 25%. The internal rate of return calculation shall be documented by the owner's capital gains tax calculation. Owner investment is equity and debt for the eligible project. At the end of the project, a purchaser who has performed voluntary remediation action certifies to DNR that the goals of the purchaser's voluntary remediation plan have been attained. DNR verifies the remediation plan goals are achieved and issues a certificate that states that the site has been cleaned up to DNR standards pertaining to the property itself and therefore protects both current and future owners of the property. Brownfield Remediation reduced state taxes by \$3,192,000 during fiscal year 2022.

**Note 20 - Commitments**

**Contracts**

The Department of Conservation had contracts outstanding of \$523,000 for construction at June 30, 2022. These contracts are funded through special revenue funds from specific sales tax, fees, and permits.

The Department of Transportation had long-term contracts of \$1,388,591,000 outstanding at June 30, 2022. These contracts are paid from capital projects funds with approximately 64% federal reimbursement expected.

The Office of Administration, Division of Facilities Management, Design and Construction, had construction contracts outstanding at June 30, 2022 of \$53,304,000. Approximately 68.0% will be paid from the General Fund, 22.6% from special revenue funds, 7.2% will be paid from the capital projects funds, and 2.2% will be paid from enterprise funds.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 20 - Commitments (cont.)**

On March 10, 1988, the State of Missouri entered into a contract with the United States Army Corps of Engineers confirming an assurance agreement of April 8, 1965. The State obtained rights to a portion of the water supply storage from the Clarence Cannon Dam and Mark Twain Lake Project. The State agreed to pay up to \$11.2 million plus interest for the investment costs allocated to the water supply storage, the amount of such payments to be determined by the portion of the water storage space put in use by the State for that purpose. The contract provided a ten year interest free period running from 1984 to 1994. In fiscal year 1995, the State began making interest payments. The interest payment amount for fiscal year 2022 was \$364,000. Payment of principal and interest must be completed by March 2038.

As of June 30, 2022, the University of Missouri had outstanding commitments for the usage and ongoing support of the University Health System's information technology environment totaling \$260,138,000. The payments are as follows:

2023	\$	29,620,000
2024		30,607,000
2025		31,626,000
2026		32,277,000
2027		32,946,000
2028-2030		103,062,000

Truman State University had approximately \$4,100,000 in outstanding commitments for various construction contracts at June 30, 2022.

Southeast Missouri State University had outstanding commitments of approximately \$21,700,000 related to construction contracts at June 30, 2022.

Missouri State University had approximately \$33,700,000 in outstanding commitments for various construction contracts at June 30, 2022.

University of Central Missouri had approximately \$13,921,000 in outstanding commitments related to construction contracts at June 30, 2022.

Northwest Missouri State University had approximately \$2,869,000 in outstanding commitments related to various construction contracts at June 30, 2022.

**Note 21 - Risk Management, Claims, and Judgements**

The State is exposed to various risks of loss related to tort, general, motor vehicle, and contractor liability and injuries to employees. The State assumes its own liability for risks except for the purchase of surety bond, aircraft, and boiler coverage. The State's Office of Administration (OA), Risk Management Unit, self-insures its workers' compensation program for all state employees, with the exception of the Missouri Department of Transportation (MoDOT) and the State Highway Patrol. Liability insurance is also provided by OA-Risk Management, pursuant to state statute, through the State's Legal Expense Fund, which is a component of the General Fund in this report. This insurance covers all state employees.

The Workers' Compensation and Legal Expense Fund claims liability is based upon actual claims that have been submitted to OA-Risk Management. Incurred but not reported (IBNR) liability is not included since workers' compensation and liability insurance claims are reported timely, and therefore any potential IBNR liability amount would be considered immaterial. The State has not had any insurance settlements exceed the coverage. OA-Risk Management also procures property insurance for approximately 3% of all state buildings, with the remainder uninsured. The buildings are insured through purchased property insurance and through the Property Preservation Fund. Buildings insured through the Property Preservation Fund are backed with bonded debt through the Board of Public Buildings.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 21 - Risk Management, Claims, and Judgements (cont.)**

The Transportation Self-Insurance Plan covers workers' compensation for employees of MoDOT and the State Highway Patrol, and covers vehicle liability and general liability insurance for the employees of MoDOT. The Transportation Self-Insurance Plan is presented as an internal service fund. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Estimated pending self insurance claims represent the expected losses to be realized on known claims pending and include minor non-incremental claims adjustment expenses. Estimated unreported claims represent expected losses or claims incurred but not reported. Amounts are reported based on actuarial calculations. Liabilities for incurred losses related to workers' compensation and general and vehicle liability claims are reported at their discounted value, assuming an investment yield of 2.0%.

The Missouri Consolidated Health Care Plan (MCHCP) provides health care insurance to all state employees, except for MoDOT, the State Highway Patrol, and the Department of Conservation. The Plan for active employees is presented as an internal service fund. Estimated claims payable is based on known medical claims pending as well as an estimate of IBNR claims from data provided by an actuary.

The MoDOT and MSHP Medical and Life Insurance Plan (MHPML) accounts for the medical coverage provided on a self-insured basis and life insurance benefits, for employees of MoDOT and the State Highway Patrol. The Plan is presented as an internal service fund. Estimated claims payable is established from an actuarial report, which is based on data by MoDOT and claims administrators.

The Conservation Employees' Insurance Plan (CEIP) provides health care and life insurance to employees of the Department of Conservation. The Plan is presented as an internal service fund. Estimated claims payable is based on known claims pending as well as an estimate of IBNR claims.

On August 14, 2012, a lawsuit was filed against the Department of Corrections, *Hootselle v. Department of Corrections*, No. 12AC-CC00518. Several corrections officers alleged that the Missouri Department of Corrections failed to compensate them for pre- and post-shift activities, including passing through security checkpoints and retrieving equipment such as keys and radios. They entered a settlement agreement on June 1, 2022. Final judgement was entered on October 11, 2022.

The Petroleum Storage Tank Insurance Fund (PSTIF) has claims liability for the cost of contamination cleanup for participants and other eligible site owners who have submitted notice of a contamination. The PSTIF is presented as a non-major enterprise fund.

The University of Missouri System provides workers' compensation, liability, and medical insurance for its employees. The University funds this through a combination of self-insurance and commercially purchased insurance. The amount of coverage is based upon analysis of historical information and actuarial estimates. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. The claims liability is the present value of the claims, using discount rates ranging between 0.50% and 3.50% based on expected future investment yield assumptions. The University of Missouri System is included with college and universities as a major component unit of the State.

Missouri State University is exposed to various risks of loss. These include loss related to torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accidental benefits. Commercial insurance coverage is purchased for claims arising from such matters other than those related to general liability, workers' compensation, natural disasters, and employee health benefits. Settled claims have not exceeded the commercial coverage in any of the three preceding years. Additional coverage is provided through the State Self-Insurance Program, through the Risk Management Unit of the Office of Administration. The State of Missouri self-insures the workers' compensation benefits for all state employees, including University employees.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 21 - Risk Management, Claims, and Judgements (cont.)**

Southeast Missouri State University is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, business interruption, errors and omissions, employee injuries and illnesses; natural disasters and employee health and accident benefits. The University purchases commercial insurance and also receives coverage through the State of Missouri for these risks of loss. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

Changes in the balances of claims liability (in thousands of dollars) during the current and prior fiscal years are as follows:

	Type of Insurance Claims	Fiscal Year Claims Liability 6/30/2021	Current Year Claims and Estimated Changes	Claim Payments	Fiscal Year Claims Liability 6/30/2022

**Risk Management Pool:**

The State of Missouri participates in the property program of the Midwestern Higher Education Compact (MHEC) as defined in Section 173.700, RSMo. This program was formed to expand coverage, reduce costs, and stabilize property insurance rates over extended time periods at higher education institutions in all member states. The program offers loss limit coverage tailored to individual institutions as well as self-insured retention by institution. The MHEC Risk Management Oversight Committee directs the major operations of the program overseeing the development of program policies, premium allocations, new program memberships, and selection of program administrators and insurance underwriters.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 22 - Pollution Remediation and Landfill Closure and Postclosure**

The State has an obligation to address current or potential detrimental effects of existing pollution by participating in pollution remediation activities.

The Missouri Department of Natural Resources (DNR) was compelled to assess and oversee the cleanup of contaminated sites subject to federal law under the Resource Conservation and Recovery Act (RCRA), also known as the Superfund Law, administered by the U.S. Environmental Protection Agency (EPA). Under this law, the State is required to pay or ensure payment of 10% of the costs of remediation action and 100% of the costs of operations and maintenance at sites where the party responsible for the contamination is unknown, uncooperative, or insolvent. Similarly, Section 260.391.7, RSMo, states that the public should bear a portion of the cost to pay for the State's share of Superfund cleanup to be appropriated from general revenue. At the end of fiscal year 2022, the State was participating in the cleanup of fifteen Superfund sites. Total pollution remediation obligation for these sites totaled approximately \$50.3 million. The basis for these costs are State Superfund contracts that list the estimated cost of cleanup, or actual costs if cleanup is complete, less any payments that have been made to the EPA. Estimated costs will change as actual costs become available. The Hazardous Waste Fund is a component of Conservation and Environmental Protection.

The Missouri Department of Transportation (MoDOT) is in remediation activities related to buildings and grounds caused by contamination and a fuel leak. The current pollution remediation obligation for these sites total approximately \$4.0 thousand. The potential for additional pollution remediation exists, however, any future remediation obligations are not yet estimable.

The Department of Public Safety, Office of the Adjutant General, has been named as a potentially responsible party in the Pools Prairie Superfund site in Newton County, Missouri. The site is listed on the National Priorities List (NPL) and is governed by the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). At this time, the Department of Public Safety's portion of the costs for the cleanup cannot be determined.

Changes in the balances of pollution remediation liability (in thousands of dollars) during the current fiscal year are as follows:

Governmental Activities	Type of Pollution Remediation	Fiscal Year Remediation Liability 6/30/2021	Current Year Assessments and Estimated Changes	Payments	Fiscal Year Remediation Liability 6/30/2022	Due Within One Year
DNR	Superfund Sites	\$ 48,130	\$ 4,074	\$ (1,947)	\$ 50,257	\$ 2,799
MoDOT	Buildings and Grounds Remediation	4	—	—	4	—
Total Governmental Activities		<u>\$ 48,134</u>	<u>\$ 4,074</u>	<u>\$ (1,947)</u>	<u>\$ 50,261</u>	<u>\$ 2,799</u>

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 22 - Pollution Remediation and Landfill Closure and Postclosure (cont.)**

Each landfill owner/operator is required to obtain a financial assurance instrument, which is held by the State as security in the case of a default or forfeiture. Financial assurance instruments can include financial guarantee or performance bonds, letters of credit, insurance policies, corporate guarantees, contracts of obligations, trust funds, and escrow accounts. At June 30, 2022, the DNR, Solid Waste Program tracked the value of the secured financial assurance instruments held by the State to be \$373.1 million. This amount is disclosed, but not reported in the financial statements, because the State does not perform the investment function and does not have significant administrative involvement. While the State maintains possession of the financial assurance instruments, it does not meet criteria to be reported in a fiduciary fund.

As of June 30, 2022, Missouri Department of Natural Resources (DNR) had eleven active Municipal Solid Waste Landfills (MSWLFs), no disposal transfer stations, and there was none in bankruptcy and no defaults. The owners/operators failed to properly close or maintain post-closure care for these facilities; therefore, the State took possession of the forfeited financial assurance instruments to initiate the closure or post-closure activities as required by Section 260.228, RSMo. The State will monitor and pay post-closure care costs of these facilities for the next 30 years in accordance with the DNR Solid Waste Management Law and Regulations. At June 30, 2022, it is expected that \$1.4 million will be paid over the remaining monitoring periods. This is the amount of the assigned fund balance that has been designated on the General Fund balance sheet for forfeited assets. The percentage of landfill capacity used to date is 38.3 percent. The estimated remaining landfill life is 29.05 years.

The University of Missouri System has been working with the Voluntary Cleanup Program of the Missouri Department of Natural Resources (DNR) to characterize subsurface contamination on a University owned property. The University has received the results of the two-year sampling process in fiscal year 2016. The University is awaiting a determination from DNR and the National Regulatory Commission (NRC) on decommissioning the site. The University does not believe that the documents from the 2016 sampling support the decision to add the site to the university's NRC license due to an overestimated quantity of isotopes managed at the site. The University made a formal request to remove the site from the NRC license. If DNR and the NRC find the dose assessment to be unacceptable, then the University will be required to fully decommission the site, including a sampling plan. The cost of a sampling plan to characterize the chemical contamination is estimated at \$1.0 million. The University has not commenced any actions requiring the recognition of a liability for this property.

**Note 23 - Asset Retirement Obligations**

The State has a legally enforceable obligation to perform future asset retirement obligations (ARO) related to its tangible capital assets.

The Missouri Department of Natural Resources (DNR) has a total ARO of \$1,720,000 for gas chromatographs, radiation detectors, petroleum above ground storage tanks, and permitted sewage treatment plants. Gas chromatographs and radiation detectors are considered radioactive sources and will not be accepted by the State's Surplus Property Program, thus requiring a cost for disposition. These ARO's are measured at the current cost of returning the items to the vendor. Gas chromatographs have remaining useful lives of 1 to 7 years and radiation detectors have remaining useful lives of 0 to 6 years. The ARO for petroleum above ground storage tanks is measured using the best estimate for taking the tanks out of service, which consists of emptying the tanks, removing the secondary containment, and proper disposal. Remaining useful lives of the tanks are 0 to 13 years. Aboveground storage tanks are regulated under the Missouri Code of State Regulations 2 CSR 90-30.050.16. The ARO for permitted sewage treatment plants is measured using the best estimate for closure of the facilities, which includes submitting a closure plan to DNR addressing wastewater and sludge removal, dewatering activities, removal of treatment structures, and removal of solid waste or leaving in place as a clean fill. Remaining useful lives of the plants are 0 to 45 years. Permitted sewage treatment plants are regulated by the Missouri Code of State Regulations 10 CSR 20-6-011.12 and the Federal Clean Water Act. The ARO for these items would be funded by state appropriations.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 23 - Asset Retirement Obligations (cont.)**

The Missouri Department of Transportation (MoDOT) has an ARO of \$64,000 to properly dispose of all nuclear gauges used to measure physical properties of materials during its construction projects. The ARO is measured using the current cost of returning the items to the vendor. The assets have an anticipated useful life of 15 years. Disposal of the nuclear gauges is required by the Nuclear Regulatory Commission - NUREG 1556 Volume 1 Rev 2. The ARO will be funded by state appropriations.

The Department of Public Safety (DPS), Office of the Adjutant General, has an ARO of \$30,000 to take two underground storage tanks out of service. The ARO is measured using the current cost for closure and the assets have estimated remaining useful lives of 22 years. Underground storage tanks are regulated under the Missouri Code of State Regulations 10 CSR 26. The ARO will be funded by state appropriations.

The University of Missouri (MU) has an ARO based on its ownership of two nuclear research reactors, which are regulated by the U.S Nuclear Regulatory Commission (NRC). The NRC requires the University to submit decommissioning funding plans every three years to retain the right to operate the reactors. The decommissioning funding plans update and adjust changes in costs to remediate and the extent of the estimated future contamination. The cost to decommission the reactors is based on a formula as set forth by the NRC as part of the licensing of the facilities. The ARO as of the end of fiscal year 2022 was \$62,433,000. The remaining useful lives of the reactors was 20 years.

The balances of the asset retirement obligations (in the thousands of dollars) during the current fiscal year are as follows:

<u>Governmental Activities</u>	<u>ARO Liability at June 30, 2022</u>
DNR	\$ 1,718
MoDOT	64
DPS	30
Total Governmental Activities	<u>\$ 1,812</u>
 <u>Business-Type Activities</u>	
DNR	<u>\$ 2</u>
 <u>Component Units</u>	
MU	<u>\$ 62,433</u>

**Note 24 - Contingencies**

**Contingent Claims Liabilities**

Contingent claims liabilities are reported when it is probable a loss has occurred and the amount can be reasonably estimated. These losses include estimates of claims which have been incurred but not reported, including the effects of specific, incremental claim adjustment expenditures/expenses, salvage, subrogation, and other allocated or unallocated claim adjustment expenditures/expenses. Liabilities of governmental funds are reported as a reconciling item to the Government-Wide Statement of Net Position. Expenditures are recognized as payments are made.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 24 - Contingencies (cont.)**

As of June 30, 2022, the amount of contingent liabilities was \$70.0 million. Changes in reported liability since June 30, 2021, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability*	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2021-2022	\$ 41,742	\$ 39,818	\$ (11,537)	\$ 70,023
2020-2021	27,830	19,385	(5,473)	41,742
2019-2020	30,405	7,859	(10,434)	27,830

\*Restated.

Section 287.220.8, RSMo, requires an actuarial study of the Second Injury Fund be made every year to determine solvency of the fund. Figures presented below for current year claims and changes in estimates are based on the 2021 actuarial study. As at June 30, 2022, the amount of liabilities for Second Injury Fund was \$2.3 billion. Changes in reported liability since June 30, 2021, resulted from the following (in thousands of dollars):

	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance Fiscal Year End
2021-2022	\$ 2,243,668	\$ 140,945	\$ (68,771)	\$ 2,315,842
2020-2021	2,174,003	140,206	(70,541)	2,243,668
2019-2020	2,071,889	178,673	(76,559)	2,174,003

The State receives federal grants which are subject to review and audit by federal grantor agencies. This could result in requests for reimbursements by the grantor agency for expenditures disallowed under grant agreements. The State believes such dis-allowances, if any, would be immaterial in the next fiscal year.

**Tort Claim Lawsuits:**

The Attorney General, on behalf of other state agencies, is involved in litigation for tort claims including wrongful death, motor vehicle accidents, medical malpractice, assault and battery, and deliberate indifference, as well as employment discrimination claims not included in the 2022 liability amount. It is reasonably possible an adverse court decision may incur an estimated loss of \$24.3 million.

**Department of Social Services:**

Little Sisters of the Poor v. Department of Social Services, No. 18AC-CC00262 (Cole County Circuit Court). This petition for review was filed on July 12, 2018, by 335 nursing facilities participating in the MO HealthNet program. They claim that the reduction of a per diem reimbursement rate was invalid and contrary to department regulations. The Cole County Circuit Court entered an order and judgment on May 22, 2019, concluding the department had violated its own regulations, the Medicaid Act requirements that apply to rate reductions, and the Equal Protection Clauses of the United States and Missouri Constitutions. If upheld, the resulting cost to the department and the State would be approximately \$44 million. The State appealed and the Missouri Court of Appeals reversed. The ultimate resolution of the case cannot be predicted with any degree of certainty.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 24 - Contingencies (cont.)**

HHS Technology Group Holdings, LLC v. State of Missouri v. EngagePoint, Inc., No. 16AC CC00335 (Cole County Circuit Court). Plaintiff EngagePoint filed this lawsuit on August 11, 2016, alleging breach of its contract to serve as the prime contractor for the State's Medicaid Eligibility Determination and Enrollment System (MEDES). The State terminated EngagePoint in May 2015 after EngagePoint failed to complete contractually required work. EngagePoint claims over \$37 million in damages stemming from unpaid change order requests. The State has asserted a counterclaim for over \$80 million based on the difference between the price bid by EngagePoint and the actual cost of completing MEDES using a replacement contractor. Trial was completed in July 2022, and a jury awarded EngagePoint \$23,042,510, along with prejudgment and post-judgment interest of 9%. Post-trial motions were filed and it is anticipated an appeal will be taken. The ultimate resolution of the case cannot be predicted with any degree of certainty.

**Department of Health and Senior Services:**

The Nurse Student Loan Program provides forgivable student loans to eligible Missouri undergraduate, graduate, post-graduate, and doctoral nursing students in exchange for service in underserved communities and facilities in the state. Current annual award levels, based on statute, are a one-time amount of \$2,500 for LPN students and \$5,000 for professional nursing students. Loans are repaid either through service in an underserved area, or via cash repayment at 9.5% simple interest. For repayment via service, participants provide one year of professional service for each school year a loan is received, up to a maximum of 5 years. The number of loans awarded per year varies based upon available funding, number of previous students anticipating continued funding, and number of eligible new applicants.

The Health Professional Student Loan Program is a competitive state program that awards forgivable loans to students pursuing health care training leading to Missouri licensure. Eligible disciplines are primary care physicians, primary care dentists, and dental hygienists. The amount of funding provided depends upon the student's chosen discipline and educational status. Repayment of loans can be completed either through obtaining employment to earn forgiveness or through cash repayment at 9.5% simple interest. Forgiveness is based upon the number of loans received and is earned at a rate of one year of professional service for each loan received, up to a maximum of 5 years. Qualifying employment is considered as full-time, direct patient care at a facility located in an area of need also referred to as a Health Professional Shortage Area.

The purpose of the Missouri Health Professional State Loan Repayment Program is to improve access to primary care by assisting rural and underserved communities with recruitment and retention of primary care providers. SLRP offers eligible healthcare providers an opportunity to receive up to \$50,000 in financial assistance towards the repayment of their qualifying educational loans in exchange for a minimum two-year commitment to provide healthcare services at an ambulatory public, nonprofit or private nonprofit primary care practice site located in a federally designated Health Professional Shortage Area .

The Missouri Nurse Loan Repayment Program offers Registered Nurses and Advanced Practice Registered Nurses an opportunity to receive financial assistance towards the repayment of their qualifying educational loans in exchange for a minimum two-year commitment to provide healthcare services in an area of defined need in the State of Missouri.

For all types of loan programs, in the event of a default, i.e. the loanee does not complete the service agreement, the loan status changes to repayment. In the event the loanee does not repay according to the terms of their agreement, the Department of Health and Senior Services will work with the Attorney General's Office to try to collect the outstanding receivables. The current total amount of loans outstanding is \$5.8 million; the total amount in repayment is \$2.2 million. There is no correlation between who will or will not repay their debt once a default has occurred since it is subject to each individual case and the legal remedies pursued. Therefore the amount of loss cannot be reasonably estimated.

**Note 24 - Contingencies (cont.)**

**Tobacco Master Settlement Agreement:**

Under the 1998 Tobacco Master Settlement Agreement ("MSA"), Missouri receives annual settlement payments in perpetuity from Participating Manufacturers ("PMs") of tobacco products. Each year on or about April 15th, Missouri receives an annual payment typically between \$120 and \$140 million. Annual MSA payments are subject to a downward adjustment if the PMs lose more than 2% of their pre-MSA market share to Non-Participating Manufacturers ("NPMs"). Individual states may avoid their share of this "NPM Adjustment" by enacting and diligently enforcing model legislation, which imposes certain escrow obligations on NPMs

The tobacco manufacturers contest Missouri's enforcement of the model legislation for 2004 and subsequent years, each of which is subject to binding arbitration. Arbitration regarding diligent enforcement for 2004 is ongoing. The presentation of evidence was completed and the arbitrators found Missouri not diligent. Thus, Missouri is subject to a downward adjustment on the annual payment, but the matter is still subject to review. The ultimate resolution of the 2004 proceeding, the timing of any review of the panel's decision, and the outcome of any subsequent arbitration proceedings cannot be predicted with any degree of certainty.

**Contingent Gains**

Contingencies that might result in gains are not reported on the statements since they are not realizable.

**Natural Resource Settlements:**

The Department of Natural Resources works jointly with the United States Fish and Wildlife Service and United States Forest Service to recover damages from parties responsible for causing injuries to natural resources. Funds from these settlements are typically held in the federal treasury in a joint account administered by the United States Department of Interior. Expenditures of these funds may only be by mutual agreement of the Missouri Trustee Council (the Department of Natural Resources, the United States Fish and Wildlife Service and, at times, United States Forest Service) and such funds may only be used to restore, replace, or acquire natural resources similar to those that were injured. As of June 30, 2022, the balance of Missouri-related joint settlement funds in the Department of Interior restoration fund is approximately \$46.6 million.

**Note 25 - Nonexchange Financial Guarantees**

The following nonexchange financial guarantees are extended by the Missouri Agricultural and Small Business Development Authority (MASBDA) and the Missouri Department of Agriculture (MDA). The exchange financial guarantees are not recognized as a liability, which indicates that the State will most likely not be required to make a payment related to the nonexchange financial guarantees. As of June 30, 2022, the State extends the following financial guarantees:

Programs	Maximum Guarantee Period	Total Number of Loans Outstanding	Total Dollar Amount of Loans Outstanding (in thousands)	Total Dollar Amount Guaranteed by the State (in thousands)
Crop and Livestock Loan Guarantee Program	2 Years	13	34	17

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 25 - Nonexchange Financial Guarantees (cont.)**

Missouri Value-Added Loan Guarantee Program

The Missouri Value-Added Loan Guarantee Program, authorized in Sections 348.400-348.415, RSMo, provides up to a 50% first-loss guarantee on loans, of \$250,000 or less, made by lenders for the purpose of agricultural business development. The loan guarantee is for a duration of up to 10 years. The program is intended to create new economic activity by creating or retaining jobs. Loans guaranteed by the value-added loan guarantee program can be used to finance agricultural property, which includes land, buildings, structures, improvements, and equipment used for the purpose of processing, manufacturing, marketing, exporting, or adding value to an agricultural product. Loans may also be guaranteed to buy stock in a new generation processing entity that processes an agricultural product. In the event of a default, the MASBDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. As of June 30, 2022, there are three loan defaults under this program. The outstanding balance on judgments for amounts owed to the State totals \$52,000 and there are no outstanding Missouri Value-Added Loan guarantees.

Single-Purpose Animal Facilities Loan Guarantee Program

The Single-Purpose Animal Facilities Loan Guarantee Program, authorized in Sections 348.185-348.225, RSMo, is designed to provide banks and other lenders with a 50% first-loss guarantee on loans of up to \$250,000 for up to 10 years. Independent livestock producers may use the loans to finance, refinance or restructure breeding or feeder livestock, earthworms, land, buildings, facilities, equipment, machinery and animal waste systems for producing poultry, swine, beef and dairy cattle, or other livestock. In the event of a default, the MASBDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. There were no loan defaults under this program in fiscal year 2022, and there were no outstanding Single-Purpose Animal Facilities Loan Guarantees.

Crop and Livestock Loan Guarantee Program

The Crop and Livestock Loan Guarantee Program, authorized in Section 261.027(3), RSMo, is a 50% guarantee on a loan made to a 4-H and Future Farmers of America (FFA) member who borrows money to purchase livestock, input, etc., for their Supervised Agriculture Education (SAE) project. Loans eligible for the program are limited to the purchase of livestock, feed, seed, fertilizer, and other miscellaneous out-of-pocket expenses directly related to the project. In the event of a default, the MDA will work with the Attorney General's Office or the loan recipient's bank to try to collect. As of June 30, 2022, there are four loan defaults under this program. The outstanding balance on judgments for amounts owed to the State totals \$2,600.

**Note 26 - Joint Ventures**

The Regional Convention and Sports Complex Authority was created by state law for the purpose of financing, constructing, operating, and maintaining a multipurpose convention and sports facility to be located in the City of St. Louis. The Authority operates under a board of commissioners of whom five are appointed by the Governor of the State, three by the County Executive of St. Louis County, and three by the Mayor of the City of St. Louis. The Authority is granted all rights and powers necessary to plan, finance, construct, equip, and maintain the facility.

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 26 - Joint Ventures (cont.)**

The Authority is considered a joint venture of the State, County, and City because it constitutes a contractual agreement for public benefit in which the State, County, and City retain an ongoing financial responsibility for the Convention and Sports Facility Project Bonds. In August 1991, the Authority issued \$258,670,000 of Convention and Sports Facility Project Bonds. The bonds were sponsored in the amount of \$132,910,000 by the State (Series A), \$65,685,000 by the County (Series B), and \$60,075,000 by the City (Series C). In December 1993, the Authority issued \$181,885,000 in Convention and Sports Facility Project and Refunding Bonds to advance refund \$101,410,000 and \$50,275,000 of the outstanding 1991 Series A and Series B bonds, respectively, and for additional construction costs. The bonds were sponsored in the amount of \$121,705,000 by the State (Series A) and \$60,180,000 by the County (Series B). In February 1997, the Authority issued \$61,285,000 in Series C refunding bonds to advance refund \$47,155,000 of the outstanding 1991 Series C bonds. In August 2003, the Authority issued \$116,030,000 of Convention and Sports Facility Project and Refunding Bonds Series A 2003 to refund \$2,845,000 and \$113,170,000 of Series A 1991 and Series A 1993 refunding bonds, respectively, and for additional construction costs. In May 2007, the Authority issued \$49,585,000 in Series C 2007 refunding bonds to refund \$61,285,000 of original principal of the Series C 1997 refunding bonds. In August 2013, the Authority issued \$65,195,000 in Series A 2013 refunding bonds to refund \$65,385,000 of Series A 2003 bonds and issued \$32,560,000 in Series B 2013 refunding bonds to refund \$32,180,000 of Series B 2003 bonds.

Pursuant to a financing agreement entered into in August 1991, and terminating in August 2021, the Authority leased the facility to the sponsors who subleased the facility back to the Authority. The payments made by the State, County, and City under the financing agreement are sufficient to pay the principal and interest on the bonds. See *Note 11* for the specific debt service requirements that make up the State's ongoing financial responsibility for this joint venture.

Summary financial information for the Authority as of and for the fiscal year ended December 31, 2021, is presented below (in thousands of dollars):

Total Assets	\$ 143,205
Total Liabilities	\$ 4,013
Total Net Position	139,192
Total Liabilities and Net Position	\$ 143,205
Total Revenues	\$ 24,577
Total Expenses	12,033
Net Increase in Net Position	\$ 12,544

Copies of the Authority's financial statements may be requested from:

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 27 - Endowments**

Donor-restricted endowments for Missouri reside primarily within the higher education institutions, which are reported as a major component unit of the State. For the college and universities, except the University of Missouri, the net appreciation/depreciation of the endowments is \$11,600,000. Of this amount, \$2,374,000 is reported as restricted non-expendable, \$9,271,000 is reported as restricted expendable, and (\$45,000) is reported as unrestricted net position. The University of Missouri reported a net appreciation/depreciation of restricted non-expendable net position in the amount of (\$168,343,000) which consisted of both realized and unrealized gains and losses on investment. For detailed information on the college and universities, please see the individual financial statements. The Revised Statutes of Missouri authorize the acceptance of donations at State agencies or public institutions. The governing boards of these institutions and the donor agreements determine whether net appreciation can be spent and the acceptable spending rate as detailed in Section 402.134, RSMo. These policies are entity specific and vary with each institution.

**Note 28 - Conduit Debt**

As of June 30, 2022, the Missouri Development Finance Board issued \$1,637,968,000 in Private Activity Bonds and \$2,886,034,000 in Public Purpose and Refunding Revenue Bonds. The outstanding balances on these bonds and notes as of June 30, 2022, were approximately \$296,559,000 and \$801,728,000, respectively. The Missouri Development Finance Board and the State have no liability for repayment of these revenue bonds and funding notes aside from reserve fund deposits and, accordingly, these bonds and notes have not been recorded as a liability on the financial statements for the Missouri Development Finance Board. The debtor pays all debt service requirements. Security for the bondholders consists of insurance, letters of credit, annual appropriation pledges, and certain funds held through trustees under the various indentures.

As of June 30, 2022, the State Environmental Improvement and Energy Resources Authority (EIERA), a component unit of the State of Missouri, had an outstanding balance of approximately \$650,325,000 in Tax Exempt Revenue Bonds. Of this outstanding amount, \$307,767,000 is for Water Pollution Control and Drinking Water Revenue Bonds issued on behalf of the Department of Natural Resources. The State of Missouri has no liability for repayment of these revenue bonds beyond the resources provided by related loan programs. The bonds are limited obligations of EIERA.

**Note 29 - Subsequent Events**

Bonds

In August 2022, the Board of Public Buildings defeased \$6,925,000 of Lafferre Hall Project Series A 2015 and \$2,050,000 of State Facilities and Capitol Projects Series A 2018.

In August 2022, the Missouri Development Finance Board defeased \$34,565,000 of Fulton Hospital Series 2014 and \$53,725,000 of Fulton Hospital Series 2016.

On December 14, 2022, the Missouri Highways and Transportation Commission (MHTC) issued \$453,005,000 of Third Lien State Road Bonds, Series A 2022. The bonds bear interest of 4.79%, due in semi-annual installments beginning November 1, 2023. The bonds were issued for the purpose of paying the costs of construction and reconstruction of the State Highway System and paying the costs related to the issuance of the Series A 2022 bonds.

Department of Corrections Settlements

On June 1, 2022, in the lawsuit Hootselle v. Department of Corrections, a Settlement Agreement was entered into and the judgement was signed on October 11, 2022. The Missouri Department of Corrections made total payments of \$51.2 million with future payments of \$12.1 million to be made over the next seven years (see Note 21).

**STATE OF MISSOURI**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**June 30, 2022**

---

**Note 29 - Subsequent Events (cont.)**

American Rescue Plan Act

On January 23, 2023, the Governor announced the Department of Economic Development (DED) has awarded a total of \$261 million through the ARPA Broadband Infrastructure Grant Program to 60 recipients for projects that will expand and improve internet access statewide. Projects receiving funds are expected to create more than 55,000 connections in locations that previously lacked adequate internet access.

On January 24, 2023, the Governor announced the Department of Economic Development (DED) has awarded \$30 million through the ARPA Workforce Training Grant Program. The program is focused on helping companies address workforce shortages by recruiting and training thousands of Missourians. The ARPA Workforce Training Grant Program, funded through the American Rescue Plan Act (ARPA), was launched in August 2022. The program awarded competitive grants to a wide range of applicants and will train workers for a variety of industries including childcare, healthcare, broadband deployment, manufacturing, and more. The grant is also aimed at helping those who need it most, encouraging recipients to train at-risk and low-income populations.

2022 Amendment 3

A citizen initiative to amend the Missouri Constitution relating to medical and personal adult use of marijuana was certified for the ballot, appeared on the November 8, 2022 general election ballot and was passed by the voters.

As summarized in the Official Ballot Title, the measure removes state prohibitions on purchasing, possessing, consuming, using, delivering, manufacturing, and selling marijuana for personal use for adults over the age of twenty-one; requires a registration card for personal cultivation with prescribed limits; allows persons with certain marijuana-related non-violent offenses to petition for release from incarceration or parole and probation and have records expunged; establishes a lottery selection process to award licenses and certificates; issues equally distributed licenses to each congressional district; and imposes a 6% tax on the retail price of marijuana to benefit various programs.

Also as summarized by the Official Ballot Title, state governmental entities estimated initial costs of \$3.1 million, initial revenues of at least \$7.9 million, annual costs of \$5.5 million, and annual revenues of at least \$40.8 million. Local governments are estimated to have annual costs of at least \$35,000 and annual revenues of at least \$13.8 million. As of the date of this report, the General Assembly has not appropriated funds for this voter-approved measure.

MOSERS

The Governor and the General Assembly approved an extraordinary payment of \$500 Million to MOSERS for the pension funding plan during the 2022 regular Legislative session. MOSERS received that payment in July of 2022.

Deferred Compensation Match

Effective July 1, 2022, the State of Missouri reinstated the deferred compensation match program. The State of Missouri will match dollar for dollar contributions of at least \$25 a month up to a maximum of \$75 a month.

Universities:

On July 6, 2022, the Missouri State University issued \$13,590,000 of Series A bonds through a private placement with Capital One.

During the 2022-2023 winter break the Southeast Missouri State University experienced various degrees of flooding and water damage in several academic buildings and one residential building. The University immediately opened a claim with its property insurer and is tracking recovery costs.

**STATE OF MISSOURI**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**BUDGETARY REPORTING**  
**June 30, 2022**

---

**Budgetary Presentation:**

A Budgetary Comparison Schedule is presented as Required Supplementary Information for the State's General Fund and Major Special Revenue Funds. Revenues and expenditures are reported on a budgetary basis where actual revenues are recognized when cash is received, and actual expenditures are recognized for cash disbursements. The accounting principles applied for reporting on a budgetary basis differ from those used to present the financial statements in accordance with GAAP. A reconciliation of the two for the fiscal year ended June 30, 2022, has been presented at the bottom of the Budgetary Comparison Schedule.

The budgetary expenditures are included in the current year's Appropriation Activity Report, which demonstrates legal compliance with the current year's budget. This report can be viewed at <https://acct.ao.mo.gov/reports/annual-reports/appropriation-activity-reports>. The original budget expenditures and transfers are for what was originally appropriated for each fund. The final budget expenditures and transfers takes into account any increases and decreases to appropriations during the fiscal year less the Governor's amounts reverted (withheld) for each fund less any reappropriations to the next fiscal year.

Once a year, the Office of Administration-Division of Budget and Planning receives budgeted revenues from state agencies for each of their funds as well as a revised revenue estimate in the spring for the State's General Revenue Fund. The revised revenue estimate is used in the final budget column for the General Fund and is very comparable to actual revenue resulting in a small negative variance on this Schedule.

In accordance with State statute, all state funds must have an appropriation before amounts can be expended or transferred to another state fund; therefore, variances between budgeted and actual expenditures and transfers out on the budgetary schedule will always be positive.

For budget purposes, interfund activity is not eliminated. A summary of interfund eliminations at June 30, 2022, is shown below (in thousands):

	Final Budget Transfer		Actual Transfer	
	In	Out	In	Out
GENERAL FUND	\$ 5,003,347	\$ (5,003,347)	\$ 3,134,177	\$ (3,134,177)
SPECIAL REVENUE FUNDS				
Public Education	404,172	(404,172)	394,467	(394,467)
TOTAL	<u>\$ 5,407,519</u>	<u>\$ (5,407,519)</u>	<u>\$ 3,528,644</u>	<u>\$ (3,528,644)</u>

**Budgetary Control:**

Budgetary control is maintained at the departmental level; each Department of the Missouri government formulates a budget to be submitted for approval by the General Assembly prior to the beginning of the fiscal year. These budgets are prepared essentially on the cash basis. The legislature reviews, revises, and legally adopts these budgets. The Governor then has the authority to approve or veto each budget, subject to legislative override.

Budgeted expenditures cannot exceed estimated revenues and other sources of funding, including beginning fund balances. In the event that actual revenues are insufficient to cover budgeted expenditures, the Governor must order budget reductions or call a special session of the legislature to address the issue.

Unexpended appropriations lapse at the end of each appropriation year, unless reappropriated to the following appropriation year.

\*After post-valuation adjustments.

Note: This schedule is ultimately required to show information for ten years. However, until a full ten-year trend is compiled, only the years that information is available will be reported.

**Notes to the Schedule:**

**Changes of benefit terms.** There were no changes in benefit terms during the fiscal year ended June 30, 2021.

**Changes of assumptions.**

For MOSERS: Changes in assumptions since the prior year were: the UAAL changed due to actuarial gains/losses; changes in salary to partially reflect observed experience for MSEP and flat 3% for Judicial; the retiree mortality changed to 104% of the Pub-2010 General Members Below Median Table set back 2 years for males and 1 year forward for females, future generational mortality improvement for MSEP is reflected by using 100% of Scale MP-2020 through 2020 and 75% of Scale MP-2020 for years after 2020; the retirement assumption now have separate tables for MSEP, MSEP 2000 and MSEP 2011, rates are now unisex for Judicial; the termination assumption is now a single table and rates are now unisex for MSEP and for Judicial it is flat 2.0%; the disability assumption was adjusted for MSEP and eliminated for Judicial; the percentage of members, assumed to be married decreased to 50% for pre-retirement death benefits and to 65% upon retirement for MSEP, and increased to 90% for Judicial; the military service purchase assumptions was reduced to 3 months for MSEP and MSEP 2000 members; and adjustments made to the loads for estimating the cost of the immediate unreduced survivor annuity payable to a beneficiary for MSEP.

For MPERS: The Board reduced the investment rate of return assumption used in the June 30, 2021 valuation to 6.50%.

For MU: The investment rate of return assumption used in October 1, 2021 actuarial valuation was reduced to 7.00%.

\*Based on a measurement date of the preceding fiscal year and actuarial valuation as of the July 1, 2020.

Note: This schedule is ultimately required to show information for ten years. However, until a full ten-year trend is compiled, only the years that information is available will be reported.

**Notes to the Schedules:**

Neither MHPML or CEIP have assets that are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*.

**Changes of benefit terms.** There were no changes in benefit terms.

**Changes of assumptions.**

For MCHCP: The discount rate changed from 4.38% to 4.50%, in the July 1, 2021 valuation.

For CEIP: The discount rate changed from 2.16% to 3.54% in the June 30, 2021 valuation.

MHPML: The discount rate changed from 2.21% to 2.16% in the July 1, 2021 valuation.

For MU: Claims and trends for all plans were revised to reflect future expectations. Also, the discount rate used for the valuations was changed from 2.21% to 2.16% in the June 30, 2022 valuation.

***Supplementary Information** includes the Budgetary Comparison Schedule and Reconciliation for the Major Capital Projects Fund (Missouri Road Fund), as well as the Combining and Individual Fund Statements for the General Fund and all Non-Major Funds.*

## *The Combining and Individual Fund Statements*

### **Major Funds**

**General Fund** - Accounts for all current financial resources not required by law or administrative action to be accounted for in another fund.

### **Non-Major Funds**

This includes all non-major governmental and enterprise funds, as well as the non-major component units. It also includes all internal service and fiduciary funds because the "major fund" classification, created under GASB Statement 34, does not apply to these funds.

A budgetary comparison statement is provided for all non-major governmental funds.

*The **Special Revenue Funds** account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The State has numerous individual Special Revenue Funds. Therefore, the funds have been combined into specific functional areas.*

### **Non-Major Special Revenue Funds:**

**Professional Registration** - Provides for the control and regulation of various professions. Each profession has its own fund to account for its operation.

**Judicial Protection and Assistance** - Provides for protection of public employees by the Attorney General's Office, conviction of criminal offenders by prosecuting attorneys and assistance to victims of criminal offenses.

**Agriculture and State Fair** - Provides for inspections of products, market development, and awards for competition at the State Fair.

**Social Assistance** - Provides financial, health, and other services to qualifying individuals.

**Transportation and Law Enforcement** - Provides transportation services, road construction and maintenance, and the enforcement of vehicle laws and traffic safety.

**Unemployment and Workers' Compensation** - Provides for the administration of these laws and benefits to workers who qualify for workers' compensation.

**Reimbursements and Other** - Provides various reimbursements of costs to other governments and various regulatory commissions not included in other functional areas.

*The **Permanent Funds** account for resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs.*

**Permanent Funds:**

**Arrow Rock State Historic Site Endowment** - Accounts for moneys transferred from the State Parks Earnings Fund, as well as other moneys or property received by grant, gift, donation, or bequest specified for the enhancement of the Arrow Rock State Historic Site.

**Confederate Memorial Park** - Accounts for the income from investments acquired by gifts, donations, and bequests to be used for the maintenance of the Confederate Memorial Park.

**State Public School** - Accounts for all moneys, bonds, lands, and other properties belonging to or donated to the State for public school use in establishing and maintaining free public schools.

**Smith Memorial Endowment Trust** - Accounts for moneys bequeathed for the use and benefit of the Crippled Children's Service.

*The **Enterprise Funds** account for operations that are financed and operated in a manner similar to private business enterprises.*

## **Non-Major Enterprise Funds:**

**State Fair Fees** - Accounts for the fairground admission fees used to improve the grounds and to pay the operating costs of the State Fair.

**State Parks** - Accounts for park concessions and contributions which are used to acquire and operate state parks.

**Natural Resources Revolving Services** - Accounts for moneys received from the delivery of services and the sale or resale of maps, plats, reports, studies, records, and other publications and documents.

**Historic Preservation Revolving** - Accounts for gifts, grants, and contributions used to acquire, preserve, restore, maintain, or operate any historical properties.

**Petroleum Storage Tank Insurance** - Accounts for moneys collected from transport load fees and participating owners of petroleum storage tanks for cleanup of contamination caused by releases from petroleum storage tanks.

**State Agency for Surplus Property** - Accounts for the surplus property operation.

**Department of Revenue Information** - Accounts for fees received by the Department of Revenue for publications and used to pay the costs of providing this information.

**Inmate Canteen** - Accounts for sales of the canteen or commissary which is used to improve offender recreational, religious, or education services.

*The **Internal Service Funds** account for the financing of goods or services provided by one department or agency to other departments or agencies of the State on a cost-reimbursement basis.*

## **Internal Service Funds:**

**Natural Resources Cost Allocation** - Accounts for the administrative costs of the Department of Natural Resources.

**Mental Health Interagency Payments** - Accounts for moneys received through interagency agreements for services provided by other agencies.

**State Facility Maintenance and Operation** - Accounts for moneys collected from tenants for rent to cover the costs of operations in state-owned office buildings and institutions, charges to tenants in leased space to cover costs of real estate administrative services, and charges to capital improvement projects to cover the costs of project management services.

**Office of Administration Revolving** - Accounts for the following operations: printing services, flight operations, vehicle management, garage services, data processing and telecommunication services, building and grounds, insurance services, postage, and personnel administration.

**Working Capital Revolving** - Accounts for the operation of correctional industry programs and correctional farm programs.

**General Government Revolving** - Accounts for various service operations of the House of Representatives, Supreme Court, Adjutant General, Senate, Treasurer, and Department of Corrections.

**Social Services Administrative Trust** - Accounts for moneys transferred or paid to the Department of Social Services from any governmental entity or the public for goods and services provided.

**Economic Development Administrative** - Accounts for moneys collected for goods and services provided to other divisions and used to pay the cost of providing such services.

**Professional Registration Fees** - Accounts for moneys received from the professional boards for administrative services.

**Conservation Employees' Insurance Plan** - Accounts for health insurance coverage on a self-insured basis and life insurance coverage by a third party provider for Department of Conservation employees.

**Transportation Self-Insurance Plan** - Accounts for highway and highway patrol moneys used to pay workers' compensation claims. Moneys are also used to pay auto claims against the Department of Transportation.

**Missouri State Employees' Insurance Plan** - Accounts for long-term disability and death benefits provided on a self-insured basis for state employees.

**Missouri Consolidated Health Care Plan** - Accounts for medical care benefits provided on a self-insured basis for active state employees.

**MoDOT and MSHP Medical and Life Insurance Plan** - Accounts for the medical coverage provided on a self-insured basis and death benefits provided on an insured basis to Department of Transportation employees and members of the Missouri State Highway Patrol.

*The **Fiduciary Funds** account for assets held by the State in a trustee or custodial capacity.*

## **Pension (and Other Employee Benefit) Trust Funds:**

### **Missouri State Employees' Retirement System:**

**Missouri State Employees' Plan** - Accounts for retirement, survivor, and disability benefits paid to employees of the State who are not covered under another state-sponsored retirement plan.

**Judicial Plan** - Accounts for retirement, survivor, and disability benefits to judges in the State of Missouri.

**Missouri Department of Transportation and Highway Patrol Employees' Retirement System** - Accounts for retirement, survivor, and disability benefits paid to Department of Transportation employees and members of the Missouri State Highway Patrol.

**Missouri Consolidated Health Care Plan State Retiree Welfare Benefit Trust** - Accounts for health and welfare benefits paid for the exclusive benefit of current and future retired employees of the State who are not covered under another state-sponsored other post-employment benefit plan.

**Missouri State Public Employees' Deferred Compensation Incentive (IRC 401a) Plan** - Accounts for retirement benefits paid to employees of the State.

**Missouri State Public Employees' Deferred Compensation (IRC 457) Plan** - Accounts for deposits from State employees, which are invested for the benefit of the employees until properly authorized to distribute.

## **Private-Purpose Trust Funds:**

**Alternative Care Trust** - Accounts for all moneys received and spent by the Division of Family Services on behalf of children in their custody.

**Unclaimed Property** - Accounts for moneys unpaid or unclaimed within one year after final settlement of any executor or administrator, assignee, sheriff or receiver and all unclaimed deposits, dividends, and interest of banks unable to locate the owners.

## **Custodial Funds:**

**Program** - Accounts for the receipt of various taxes, refundable deposits, and other moneys to be held until the State has the right or obligation to distribute them to various entities or individuals.

**Institution** - Accounts for deposits to various institutional accounts and other receipts held by the State until there is proper authorization to disburse them directly to others.

*The **Component Units** account for all transactions relating to legally separate entities which, for reporting purposes, are a part of the State.*

### **Non-Major Component Units:**

**Missouri Development Finance Board** - Accounts for moneys from bond proceeds, gifts, and grants to make loans for industrial development.

**Missouri Agricultural and Small Business Development Authority** - Accounts for moneys from bond proceeds, gifts, and grants to make loans for property acquisitions/renovations and pollution control facilities.

**Missouri Transportation Finance Corporation** - Accounts for moneys from federal, state or local sources, and from bond proceeds to be used for projects approved by the Missouri Highways and Transportation Commission.

**Missouri Wine and Grape Board** - Accounts for moneys derived from the privilege of selling wine to be used for marketing development in developing programs for growing, selling, and marketing of grape products grown in Missouri.

**State Environmental Improvement Energy Resources Authority** - Accounts for moneys derived from the issuance of revenue bonds and notes to finance, acquire, construct and equip projects for the purpose of reducing, preventing or controlling pollution and to provide for the development of energy resources of the State of Missouri.

*The **Statistical Section** presentations include Financial Trends, Revenue Capacity, Debt Capacity, Demographic and Economic Information, and Operating Information trends. The statistical data presented is intended to provide report users with a broader understanding of the environment in which the State operates.*

STATE OF MISSOURI  
STATISTICAL SECTION  
June 30, 2022

---

**Index and Overview**

This part of the State's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the State's overall financial health.

**Financial Trends**

*These schedules contain trend information to help the reader understand how the State's financial performance and fiscal health have changed over time.*

Net Position by Component .....	223
Changes in Net Position .....	224
Fund Balances - Governmental Funds .....	226
Changes in Fund Balances - Governmental Funds .....	227

**Revenue Capacity**

*These schedules contain information to help the reader understand the State's capacity to raise revenues and the sources of those revenues.*

Revenue Base - Taxable Sales by Industry .....	229
Revenue Base - Personal Income by Industry .....	230
Personal Income Tax Revenue .....	231
Personal Income Tax Rates .....	232
Revenue Payers by Industry .....	233
Personal Income Tax Filers/Liability .....	234

**Debt Capacity**

*These schedules present information to help the reader understand and assess the State's levels of outstanding debt and the State's ability to issue additional debt in the future.*

Ratios of Outstanding Debt .....	235
Pledged Revenue Coverage .....	237

**Demographic and Economic Information**

*These schedules contain demographic and economic indicators to help the reader understand the environment within which the State's financial activities take place.*

Demographic Indicators .....	238
Economic Indicators .....	239
Principal Employers .....	240

**Operating Information**

*These schedules contain operating data to help the reader understand how the information in the State's financial report relates to the services it provides and the activities it performs.*

State Employees by Function .....	241
Operating Indicators by Function .....	242
Capital Asset Statistics by Function .....	244

**Sources:** *Unless otherwise noted, the information in these schedules is derived from the State of Missouri Annual Comprehensive Financial Report for the years shown.*

N/A = not available

<sup>1</sup> Revenues for Missouri Road Fund consist of a portion of the taxes and fees received by the State from the motor fuel tax, sales tax on motor vehicles, use tax on motor vehicles, revenue derived from motorists for their usage of the highways of the State, federal grants, and bond proceeds.

<sup>2</sup> Operating Expenses do not include depreciation/amortization.

<sup>3</sup> Coverage equals net available revenue divided by debt service.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

Section 513.653.1, RSMo, requires law enforcement agencies involved in using the federal forfeiture system under federal law to file a copy of the federal form entitled "ACA Form - Equitable Sharing Agreement and Certification" regarding federal seizures and the proceeds thereof with the State Auditor's Office. Although Section 513.653.1, RSMo, only requires my office to receive these reports, we compiled the information the law enforcement agencies filed with us. We have not audited the forms submitted and, accordingly, do not express an opinion or any other form of assurance on them, including whether or not an agency is in compliance with the statute. The primary objectives of this compilation were to:

1. Identify the reporting status of law enforcement agencies.
2. Summarize the information reported.

Conclusions regarding compliance cannot be made for law enforcement agencies that did not submit a form.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Compilation of 2022 Federal Forfeiture Reports

## Executive Summary

---

### Executive Summary

Section 513.653, RSMo, requires law enforcement agencies involved in using the federal forfeiture system under federal law to annually file a copy of the federal form entitled "ACA Form - Equitable Sharing Agreement and Certification" regarding federal seizures and the proceeds received therefrom with the State Auditor's Office (SAO) by February 15th for the previous calendar year. The law provides that any law enforcement agency that intentionally or knowingly fails to comply with the reporting requirement shall be ineligible to receive state or federal funds that would otherwise be paid to such agency for law enforcement, safety, or criminal justice purposes.

The U.S. Departments of Justice and Treasury publication, *Guide to Equitable Sharing for State, Local, and Tribal Law Enforcement Agencies*, states "the Department of Justice and Department of Treasury Asset Forfeiture Programs are, first and foremost, law enforcement programs. They remove the tools of crime from criminal organizations, deprive wrongdoers of the proceeds of their crimes, recover property that may be used to compensate victims, and deter crime." Any state or local law enforcement agency that directly participates in an investigation or prosecution resulting in a federal forfeiture may request an equitable share of the net proceeds of the forfeiture. Equitably shared funds must be used for law enforcement purposes, except as noted in the publication, and must increase or supplement the resources of the receiving law enforcement agency. In addition to reporting requirements under state law, there are also various program mandated accounting, reporting, and audit requirements.

To determine the law enforcement agencies to notify of the required filing with the SAO, we requested information from the Missouri Department of Public Safety (DPS). The DPS compiled a list of law enforcement agencies using information from the Peace Officer Standards and Training program and the Justice Assistance Grants distribution lists. The SAO notified the listed agencies of the requirement to submit a copy of the required form if the agencies participated in the federal forfeiture system. According to DPS personnel, the list does not represent a complete list of all agencies, but includes all agencies with commissioned officers or drug task forces receiving funding from the DPS.

The list we received from the DPS included 659 agencies. An additional 2 agencies, not included on the list provided by DPS, filed reports with the SAO. Officials from 10 political subdivisions associated with agencies on the list indicated those agencies were not in operation during 2022. Those agencies are identified on Appendix C. This report indicates agencies that filed copies of the form by February 28, 2023.

## Compilation of 2022 Criminal Activity Forfeiture Act Seizures Executive Summary

The following table summarizes these reports.

Reporting Status	Number	Percentage
Number of agencies reporting (Appendix A and B)	118	17.85
Number of agencies not reporting (Appendix C)	543	82.15
Total Possible Reports	661	100.00

A total of 118 agencies filed a copy of the federal form with the SAO. These agencies are identified on Appendixes A and B.

Of the 659 agencies included in the list provided by DPS, 543 did not provide a copy of the form. Agencies were not required to provide a copy of the form if they did not participate in the federal forfeiture system. These agencies are identified on Appendix C.

Conclusions regarding compliance cannot be made for non-reporting agencies. This compilation work is not an audit and, as such, no verification was performed as to whether these agencies did or did not participate in the federal forfeiture system.

A Officials from the political subdivision reported this law enforcement agency did not operate in 2022.

B The law enforcement agency reported an ending balance for 2021, but did not file a report for 2022.

\* The law requires filing if an agency participates in the federal forfeiture system. If these agencies did not participate, the lack of filing a report does not constitute noncompliance.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

To the County Commission  
and  
Officeholders of Laclede County, Missouri

The Office of the State Auditor contracted for an audit of Laclede County's financial statements for the year ended December 31, 2021, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by CR Williams & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

March 2023  
Report No. 2023-008

---

**Recommendations in the contracted audit of Laclede County**

---

2021-001

On a timely basis, management reviews its financial reports. The management should implement a control that will not allow the personnel to post accounting entries that are not balance nor override the balances by posting an entry of beginning balance anytime of the year. It is also recommended that management reviews its account system at the set-up level with its system vendor. The accounting system should have a control to prevent the personnel to override the beginning balance by posting an entry in the system of the beginning anytime of the year. The accounting system should be designed to bring prior year balances completely at the beginning of the next year.

---

2021-002

The county strictly adheres to the internal budgetary control procedures and the rules established for the State of Missouri.

## INDEPENDENT AUDITOR'S REPORT

To the County Commission and  
Officeholders of Laclede County, Missouri

### Unmodified and Adverse Opinion

We have audited the accompanying financial statements of the Laclede County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash - All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash - Regulatory Basis as of December 31, 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis for the year then ended, and the related notes to the financial statements.

### Unmodified Opinions on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the Statement of Receipts, Disbursements and Changes in Cash - All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash - Regulatory Basis as of December 31, 2021, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis for the year then ended, in accordance with the financial reporting provisions of Missouri Law described in Note 1.

### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Unmodified and Adverse Opinions section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021 or changes in net position and cash flows thereof for the year then ended.

### Basis for Unmodified and Adverse Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Laclede County, Missouri, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITOR'S REPORT- (continued)

### *Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles*

As described in Note 1 of the financial statements, the financial statements are prepared by the County on the basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of Missouri Law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Responsibilities of Management for the Financial Statements-continued**

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Laclede County, Missouri's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

## INDEPENDENT AUDITOR'S REPORT- (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Laclede County, Missouri 's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Laclede County, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2023, on our consideration of Laclede County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Laclede County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Laclede County, Missouri's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of these statements.

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Laclede County, Missouri ("County") is governed by a three-member board of commissioners. In addition to the three board members, there are 11 elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder, Sheriff, Surveyor and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

**A. Reporting Entity**

The County's operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Laclede County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County's legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

**B. Basis of Presentation**

**Governmental Funds** - Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County's funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County's expendable financial resources are accounted for through governmental funds.

**Fiduciary Funds** - Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County's custodial funds.

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

**C. Basis of Accounting**

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

**D. Budgets and Budgetary Accounting**

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

**D. Budgets and Budgetary Accounting - continued**

9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the Prosecuting Attorney Training Fund in 2021.
- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2021, for purposes of taxation were:

Real Estate	\$ 330,352,720
Personal Property Tax	134,212,606
Railroad and Utilities	<u>25,144,176</u>
Total	<u>\$ 489,709,502</u>

For calendar years 2021, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

General Revenue	\$ 0.0981
Senate Bill 40 Board	0.0671

Receipts classified as property taxes in the Special Road & Bridge Fund were collected from a surtax on commercial property.

**F. Cash Deposits and Investments**

Deposit and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by

NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

F. Cash Deposits and Investments – continued

authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

Transfers between funds for the year ended December 31, 2021, were as follows:

FUND	TRANSFER IN	TRANSFER OUT
General Revenue	899,416	859,331
Special Road & Bridge	1,693,452	142,521
Assessment	-	53,550
Prosecuting Attorney Admin Handling	-	2,500
Capital Improvement Reserve	750,000	-
County Development Sales Tax	-	2,276,000
Enhanced 911	500,000	75,683
Law Enforcement Sales Tax	-	1,250,000
Health Insurance	808,402	-
Deputy Sheriff Supplemental	-	18,900
Emergency Management	76,000	16,187
Victim Advocate	2,500	7,742
Collector Supplemental	-	12,977
CARES	18,900	36,439
Election Services	3,160	-
TOTALS	4,751,830	4,751,830

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**2. CASH AND CASH EQUIVALENTS AND INVESTMENTS**

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" or "Cash and Investments" captions. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

At December 31, 2021, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Governmental Funds			
Cash and Cash Equivalents	\$ 14,245,538	\$ 14,566,100	\$ 250,000
Total Governmental Funds	<u>\$ 14,245,538</u>	<u>\$ 14,566,100</u>	<u>\$ 250,000</u>
Fiduciary Funds			
Cash and Cash Equivalents	\$ 18,542,710	\$ 17,663,216	\$ -
Total Fiduciary Funds	<u>\$ 18,542,710</u>	<u>\$ 17,663,216</u>	<u>\$ -</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2021 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name, except for investments held by the Public Administrator in non-FDIC insured accounts.

**3. COUNTY EMPLOYEES' RETIREMENT PLANS**

**A. County Employees' Retirement Fund (CERF)**

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

**1) Plan Description**

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997,

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**3. COUNTY EMPLOYEES' RETIREMENT PLANS-continued**

**A. County Employees' Retirement Fund (CERF)-continued**

**1) Plan Description-continued**

RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

**2) Pension Benefits**

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions. The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, [www.mocerf.org](http://www.mocerf.org).

**3) Funding Policy**

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2021, the County collected and remitted to CERF employee withholdings and fees collected totaling \$231,414 for the year then ended.

**B. Prosecuting Attorney Retirement Fund**

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$18,975 for the year ended December 31, 2021.

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**3. COUNTY EMPLOYEES' RETIREMENT PLANS-continued**

**C. Other Retirement Plan**

Laclede County has a mandatory 401(a) plan and a voluntary 457(b) plan administered by Empower Retirement. The 401(a) plan consists of a mandatory 0.7% deduction from employees' salaries, and employees may elect to make voluntary contributions under the 457(b) plan. These contributions qualify under the Internal Revenue Code and are tax exempt. For the years ended December 31, 2021 the County collected and remitted 401(a) contributions totaling \$28,524. For the year ended December 31, 2021, the County collected and remitted 457(b) contributions totaling \$76,714.

**4. POST EMPLOYMENT BENEFITS**

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. The County has only one COBRA participant as of December 31, 2021.

**5. CLAIMS, COMMITMENT AND CONTINGENCIES**

**A. Compensated Absences**

The County provides full-time employees with 3.5 or 4 hours of sick leave per month depending on the number of hours worked, up to a maximum of 30 days. Upon termination, employees are not compensated for unused sick leave. Vacation time is accrued for every full-time employee and accrues at the rate of 35 hours or 40 hours per year depending on the weekly work schedule, up to 3 weeks per year depending on length of employment. Vacation time cannot be carried over and must be used by December 31st of each calendar year. Employees leaving County service due to resignation, death or termination are compensated for unused vacation leave accrued.

**B. Federal and State Assisted Programs**

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

**C. Litigation**

The County is not involved in pending litigation as of the audit report date.

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**6. RISK MANAGEMENT**

The County is exposed to various risks of losses related to torts; theft of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

**7. LONG-TERM DEBT**

On December 18, 2018, the County entered into a 36-month lease purchase agreement for a Caterpillar backhoe for use by the Road and Bridge Department. The lease is to be paid in three annual payments of \$15,310 which includes interest of 4.55%. and one final payment of \$69,900 if the County opts to purchase the equipment. The County did not opt to purchase the equipment at the end of the term and returned the equipment to the lessor. There is no existing balance for this lease agreement as of December 31, 2021.

**8. OPERATING LEASES**

The County leases a mailing machine and certain pieces of Road and Bridge equipment. The mailing machine lease is paid in monthly installments through November 2022; Road and Bridge equipment is leased through Caterpillar Financial Services and paid in annual installments, which begin at lease commencement.

As of December 31, 2021, the County had the following commitments under operating leases:

- A. 63 month lease for a mailing machine through November 15, 2022, with monthly payments of \$448;
- B. 36 month lease for Grader #31 through July 2, 2022, with annual payments of \$34,927;
- C. 36 month lease for Grader #32 through July 2, 2022, with annual payments of \$34,927;
- D. 36 month lease for Grader #44 through January 29, 2023, with annual payments of \$34,900;
- E. 36 month lease for Grader #42 through June 4, 2023, with annual payments of \$35,900;
- F. 36 month lease for Grader #43 through June 4, 2023, with annual payments of \$35,900;
- G. 36 month lease for Grader #45 through August 2024, with annual payments of \$37,267;
- H. 36 month lease for Grader #46 through September 2021, with final payments of \$29,950;
- I. 36 month lease for Grader #47 through August 2024, with annual payments of \$37,267;

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**8. OPERATING LEASES- continued**

Future minimum payments under these operating leases are as follows:

Year	Amount
2022	256,016
2023	181,234
2024	74,534

**9. CAPITAL LEASE**

In September 2021, the County entered into a four-year lease-purchase agreement with First State Community Bank for \$502,830 at 1.99% interest to acquire dump trucks and other machinery for the Road and Bridge Department, with annual payments of \$132,115 beginning in September 2022 and ending in September 2025 as scheduled below:

Year Ending December 31	Principal	Interest	Total
2022	\$ 121,970	\$ 10,145	\$ 132,115
2023	124,431	7,648	132,079
2024	126,927	5,188	132,115
2025	129,502	2,613	132,115

**10. RELATED PARTIES**

Bailey's TV Radio Shack a company owned by the Presiding Commissioner received payments from the County of \$61.47 for the year ended December 31, 2021, for purchases of radio equipment. Greg Cheek, a company owned by the County Purchasing Agent's husband received payments totaling \$515.56 for the year ended December 31, 2021 for the purchase and installation of Plexiglas partitions in the County Courthouse and various Courthouse maintenance items.

**11. PROPERTY TAX ABATEMENTS**

As of December 31, 2021, the County has entered into property tax abatement agreements with local businesses under the Missouri Urban Development Corporation Law, established under Section 353.110 RSMo, and Missouri Enhanced Enterprise Zone (EEZ) program, established under Section 135.200 - 135.260 RSMo.

LACLEDE COUNTY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

**11. PROPERTY TAX ABATEMENTS-continued**

Enhanced Enterprise Zones (EEZs) are established in conjunction with the Missouri Department of Economic Development for the purposes of job creation in areas of poverty, unemployment and general distress, as defined by state law. Qualifying businesses located in the EEZ are entitled to receive local real property tax abatements of up to 100 percent of certain new investment for periods of 10 to 25 years.

Urban redevelopment corporations organized pursuant to Section 353, RSMo, are eligible to receive during the first 10 years of abatement, ad valorem real property taxes are imposed based on the assessed value of the land, exclusive of improvements, in the year prior to the redevelopment corporation's acquisition thereof. Accordingly, during this portion of the abatement period, additional payments in lieu of taxes will be required to limit the effective level of abatement to 50%. Pursuant to Section 353.110.2, RSMo., during years 11 through 20 of the abatement period, ad valorem real property taxes can be imposed based on 50% of the true value of the land and improvements so no additional payments in lieu of taxes will be required to achieve 50% abatement. Section 353 abatements are utilized by the City of Lebanon to encourage redevelopment in areas designated as blighted, as defined by state law.

For the tax years ended December 31, 2021, real property with an assessed value of \$1,827,834 was not subject to property tax assessments.

**12. SUBSEQUENT EVENTS**

The County has evaluated events subsequent to December 31, 2021 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through February 8, 2023, the date the financial statements were available to be issued.

The County believes that there are no subsequent events that need to be disclosed in the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS*

To the County Commission and  
Officeholders of Laclede County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements and Changes in Cash - All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash - Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual Regulatory Basis of Laclede County, Missouri as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise Laclede County, Missouri's basic financial statements and have issued our report thereon dated February 8, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Laclede County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Laclede County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Laclede County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2021-001 and 2021-002 that we consider to be significant deficiencies.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING  
STANDARDS* - continued

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Laclede County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* as described in the accompanying schedule of findings and questioned costs as items 2021-002.

**Laclede County, Missouri's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Laclede County, Missouri's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Laclede County, Missouri's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*CRWilliams & Associates LLC*

St. Louis, Missouri

LACLEDE COUNTY MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2021

**Significant Deficiencies**

**2021-001: Accounting records are not balance**

Condition: The general ledger report of the County is not in balance by a total of \$15,788.04. The discrepancy of the balance is composed of the following funds:

FUND	Amount Debit/(Credit)
General Revenue	\$ (149.08)
County Development Tax	(10,000.00)
Enhanced 911	149.08
Treasurer CID Marketplace	7,058.37
Deputy Sheriff Supplemental	(167.12)
Treasurer Family Access	(7,031.55)
County Clerk Special Election	(5,647.74)
TOTAL	<u>\$ (15,788.04)</u>

Criteria: It is a basic accounting principle that in every financial transaction that the value receives, and the value parted with, known as debit and credit, must be equal. In addition, balance sheet accounts are accounts that are carried forward from one accounting periods to the next accounting periods.

Cause: There is a significant deficiency in the design of the account system used as that it allows personnel to post accounting entries that are not in balance. In addition, instead of rolling forward the ending balance in the prior year as part of the County's financial reporting closing activities, they posted the adjustment any month in current year. The personnel are able to override the beginning balances by posting an entry in the system of the beginning balance anytime of the year.

Effect: This condition will create problems in generating financial reports. The reliability of the information being processed may also be affected because the balances of the accounts, debits and credits are not equal. Because of the ability of the personnel to override the balances by posting an entry in the beginning balance anytime of the year, this could lead to non-detection of error in a timely manner. Such error could be material to the financial statements as a whole.

Recommendation: We recommend that, on a timely basis, management reviews its financial reports. The management should implement a control that will not allow the personnel to post accounting entries that are not balance nor override the balances by posting an entry of beginning balance anytime of the year. It is also recommended that management reviews its account system at the set-up level with its system vendor. The accounting system should have a control to prevent the personnel to override the beginning balance by posting an entry in the system of the beginning balance anytime of the year. The accounting system should be designed to bring prior year balances completely at the beginning of the next year.

LACLEDE COUNTY MISSOURI  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED DECEMBER 31, 2021

**2021-001: Accounting records are not balance-continued**

Management Response: The funds listed as Treasurer CID Marketplace, Deputy Sheriff Supplemental, Additional Settlement, County Developmental Tax, and County Clerk Special Election were only out of debit/credit balance due to an account called retained earnings that shows an amount that was rolling over each year. The amount in this account for these funds has remained the same since about 2017. The funds listed as General Revenue and Enhanced 911 had a payroll deduction that crossed funds. It was fixed at the time (January 2021) by the software provider, and we show both the General Revenue and Enhanced 911 funds to be in balance for 2021. (See attached provided documents showing the ytd debit/credit balances for each fund). Each year the cash balances and operating accounts per fund have always balanced. The unused account called retained earnings was updated in all funds by the software provider in February 2021, and the accounts no longer have a carryover amount.

**Significant Deficiencies and noncompliance**

**2021-002: Budgetary Policies Noncompliance**

Condition:

Actual expenditures exceeded budgeted amounts for the Prosecuting Attorney Training Fund

Criteria: In accordance with Chapter 50, RSMo,;

State law prohibits expenditures in excess of approved budget.

Cause:

Overspending was caused by the deficiency of control in monitoring of the expenditures.

Effect: These conditions are violation of the budgetary policies. Overspending will result to misappropriation of assets.

Recommendation: We recommend that the County strictly adheres to the internal budgetary control procedures and the rules established for the State of Missouri.

Management Response:

The Prosecuting Attorney Training Fund did exceed its budgeted amount by \$170.91.

LACLEDE COUNTY MISSOURI  
SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS  
DECEMBER 31, 2021

**2020-001 - Internal Control over Fuel Purchases**

Condition: Each Sheriff's deputy has in his or her custody a fuel card issued through MFA Oil. These cards are used for refueling police interceptor and transport fleet vehicles belonging to the County. Monthly statements are received by the Sheriff's Department and forwarded to the County Clerk for payment. However, these statements are not reviewed for unauthorized fuel purchases. It was brought to the auditors' attention that the Sheriff's Department terminated one employee when an employee observed improper use of the County fuel card issued by MFA to fill up a personal vehicle.

County's Response: I agree in theory with the findings of the auditor, however, the internal controls suggested would not provide us an audit trail as desired. In addition, the recommendations are manpower extensive to an agency encumbered with a number of required tasks required by statute and overwhelmed with an increase volume of calls for service from citizens. Not to mention the lack of understanding by an auditor that emergency services operate differently than businesses not involved in 24/7 operations. There are too many variables in this job that the auditor doesn't understand in their stale work environment. Comparison audits as recommended will be conducted if we have a suspicion an employee's vehicle mileage in a month's time is above the norm or above standard deviation of fuel normally used by a deputy in their particular assignment. Routine audits will not be conducted by the Sheriff's Office, as they would be time consuming and manpower intensive. However, as we regularly do, we will continue to review the fuel records before submitting the fuel bill to the county. My administration has a demonstrated history of holding people accountable for misuse of county funds, employment time and equipment with our current practices and I find no reason to alter our current practices. On March 1, 2022 we will require the following procedure which should meet the recommendation of the audit without undue restraint on our time. A deputy, or other employee (Detention Officer's often having to drive a vehicle to transport an inmate to the hospital) will enter the car number and mileage when fueling the vehicle. Our current vendor's gas pump screen has a window that allows for mileage to be entered, however, there is no screen for the car number. Despite that limitation the following entry should improve the tracking of fuel. The deputy will enter the car number followed by a period and then the mileage of the car number. Example 20.47750.

Auditor's Evaluation: We requested a sample of the monitoring as indicated in the corrective action plan. The supporting documentation provided indicated that the condition was already corrected.

Status: Cleared

February 8, 2023

This is in response to the draft #3 that was sent to us.

On page 36: Please change the name of the Treasurer Family Access to the correct name Additional Settlement. This is a custodial fund for taxes.

In response to #2021-001

Please replace your Management Response:

The funds listed as Treasurer CID Marketplace, Deputy Sheriff Supplemental, Additional Settlement, County Developmental Tax, and County Clerk Special Election were only out of debit/credit balance due to an account called retained earnings that shows an amount that was rolling over each year. The amount in this account for these funds has remained the same since about 2017.

The funds listed as General Revenue and Enhanced 911 had a payroll deduction that crossed funds. It was fixed at the time (January, 2021) by the software provider, and we show both the General Revenue and Enhanced 911 funds to be in balance for 2021. (see attached provided documents showing the ytd debit/credit balances for each fund)

Each year the cash balances and operating accounts per fund have always balanced. The unused account called retained earnings was updated in all funds by the software provider in February, 2021, and the accounts no longer have a carry over amount.

In response to #2021-002

1. The Drug Treatment Court Fund budget began in June, 2021. At that time the new fund was created through due process, and sent to the Mo. Auditor's Office. We have provided information on your finding before, and now you will also find being sent to you acknowledgement from the Mo. Auditor's Office that:

A budget was created and submitted properly showing expected revenues of \$2,400.00 and expected expenditures of \$2,400, and therefore there is no validity in your noncompliance finding.

2. The Prosecuting Attorney Training Fund did exceed it's budgeted amount by \$170.91.

These are my official management responses, please update your draft copy.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 31 political subdivisions required to file a financial report by January 31, 2023, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in January 2023, after their filing deadline. The filing status for these 37 entities is presented in summary on page 3 and by individual entity in Appendixes B to E.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large "S" and a cursive "Fitzpatrick".

Scott Fitzpatrick  
State Auditor

# Monthly Report on Political Subdivision Filings

## January 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 31 political subdivisions, other than cities, towns, and villages, with a fiscal year end of July 31, 2022. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 31 political subdivisions, 24 filed an annual financial report timely.

This report also includes the filing status for 37 political subdivisions, other than cities, towns, and villages, that filed their financial report in January 2023, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by January 31, 2023, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180. No cities, towns, or villages had a fiscal year end of July 31, 2022; therefore, no financial reports, addendums, or certifications were due by January 31, 2023.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in January 2023, after their filing deadline. The filing status for these 59 cities and 6 villages is presented in summary on page 4 and by individual entity in Appendixes A to E.

# Monthly Report on Municipal Court and Revenue Filings

## January 2023

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

Monthly Report on Municipal Court and Revenue Filings  
January 2023  
Executive Summary

---

No cities, towns, or villages had a fiscal year end of July 31, 2022; therefore no financial reports, addendums, or certifications were due by January 31, 2023.

This report includes the filing status for 59 cities and 6 villages that filed at least one of the items (financial report, addendum, or certification) in January 2023, after their filing deadline. Of these municipalities, 46 filed an annual financial report, 19 filed an addendum, and 10 filed a certification.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

February 27, 2023

Honorable Teri Gillette, Mayor  
and  
Members of the Board of Aldermen  
City of Cross Timbers  
105 Park Street  
Cross Timbers, MO 65634

This letter communicates the results of our review of the handling of utility receipts, billings, adjustments, deposits, and delinquent accounts by the City Clerk. This review was initiated based on work performed as part of the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program when we identified a \$200 missing utility cash receipt during a cash count conducted on October 24, 2022, and had additional concerns related to the handling of customer utility payments. The objectives of our review were to evaluate the city's internal controls over the handling of utility receipts, billings, adjustments, deposits, and delinquent accounts; and determine the extent of missing money from the city during the period August 2022 through October 2022. The *Follow-Up Report on Audit Findings - City of Cross Timbers*, Report No. 2022-124, was issued in December 2022.

**Methodology**

Our methodology included obtaining an understanding of procedures related to the handling of customer utility payments and deposits; reviewing utility receipt and deposit records, utility system transactions, reports of delinquent utility accounts, and other pertinent documents; interviewing various city personnel, as well as certain external parties; and testing selected transactions.

**Background**

The City Clerk, Cyndey Bennett, began employment with the city on July 8, 2020, and currently serves as the City Clerk. She is primarily responsible for financial accounting functions and records of the city, including the duties of receiving, recording, and preparing and making deposits. She is also responsible for preparing utility bills, posting payments in the utility system, making adjustments in the utility system, and monitoring delinquent utility accounts.

**Results, Conclusions, and Recommendations**

**1. Receipting, recording, and depositing**

The City Clerk's handling of a \$200 cash receipt is questionable, and a \$54 utility cash receipt is missing.

A \$200 cash receipt received on September 18, 2022 (receipt slip number 562662), was missing during an October 24, 2022, cash count conducted by auditors. At the time of the cash count, auditors photocopied the carbon copies of all manual receipt slips issued from September 1, 2022, to October 24, 2022, including the \$200 cash receipt slip. Six weeks after the receipt slip was issued and a week after auditors conducted the cash count, the City Clerk indicated in an October 31, 2022, email to audit staff that she had found the \$200 cash, the top copy of the receipt slip, and a utility payment billing stub under her desk calendar. The City Clerk attached a PDF of the top copy of the manual receipt slip (receipt slip number 562662) and a utility payment billing stub to the email message to support her comments. However, the date of the manual receipt slip emailed to auditors had been altered from September 18, 2022, to October 3, 2022. Copies of these receipt slips are shown below:<sup>1</sup>

Receipt slip photocopied by auditors

The City Clerk indicated in a recorded interview conducted on November 9, 2022, that she could not provide the original top copy receipt slip to auditors that day because she mailed it to the utility customer after she found it under her desk calendar. The City Clerk also could not adequately explain why she altered the date of the receipt slip.

This receipt, per the utility software provider and the utility system, was not posted to the utility system until November 2022, but the transaction was backdated to October 20, 2022, by the City Clerk. The City Clerk indicated she did not find the missing \$200 cash receipt until October 31, 2022, so she backdated the receipt date to avoid the customer being assessed a late fee in the utility system. However, as noted below no late fees were assessed by the City Clerk to any customer utility accounts reviewed from August 2022 through October 2022.

The handling of this \$200 cash receipt is questionable because this receipt was not on hand for our cash count on October 24, 2022, the date written on the receipt slip was altered, and the cash was held and not recorded in the utility system or deposited until November 2022 (almost 2 months after receipt).

<sup>1</sup> The redactions are of information of a personal, privileged, or sensitive nature.

Due to concerns related to the missing \$200 cash receipt, we reviewed utility receipts received and deposited during the period of July 2022 through October 2022, and identified a \$54 cash receipt that was not deposited and is missing. Auditors determined 2 manual receipt slips (receipt number 562652 and 562655) were each issued to a utility customer for \$54 cash (totaling \$108). However, only \$54 was subsequently deposited, and the remaining \$54 was not deposited and is missing. Receipt number 562652 was dated August 15, 2022, and no date was indicated on receipt slip number 562655, as shown below:<sup>2</sup>

The image shows two utility receipts side-by-side. Both are for \$54.00 cash payment for water and sewer service. Receipt No. 562652 is dated 8-15-22 and signed by C. Bennett. Receipt No. 562655 is undated and also signed by C. Bennett. Both receipts have a 'PAID' amount of \$54.00 and a 'DUE' amount of \$54.00. The payment method is marked as 'CASH'.

		FROM	TO
		BY C. Bennett	

According to the utility software programmer, transaction number 42133 for \$0 was posted to the utility system as a beginning balance on August 29, 2022, for this customer. A \$54 cash receipt (transaction number 42262) was posted to the utility system on September 15, 2022, but the other \$54 cash receipt was not posted to the utility system.

The handling of these two \$54 receipts is questionable. One of the \$54 cash payments was held 1 month before being posted to the utility system and held over 2 months before being deposited on October 17, 2022. When questioned about the \$54 missing cash receipt, the City Clerk responded by email that "After starting service there there [sic] was a leak and services not used and I returned the payment he had dropped into the dropbox [sic]." However, no supporting documentation was provided by the City Clerk to support this statement. We attempted to contact the utility customer to discuss these payments, but did not receive a response.

In addition, another manual receipt slip (number 562663) was issued to this utility customer on October 8, 2022, for \$58.87 cash, but the receipt was backdated in the utility system to September 15, 2022, and not deposited until October 17, 2022. We noted numerous other utility receipts (transactions) were backdated during our review of the utility system.

We recommend the Board of Aldermen further investigate the \$54 missing utility payment, determine the reason for the missing money, and take any necessary action. The Board should ensure receipts are posted to the utility system timely and accurately record the date posted. Money received should be deposited timely and intact. In addition, the Board should segregate accounting duties as appropriate, and implement independent reviews and monitoring procedures.

<sup>2</sup> The redactions are of information of a personal, privileged, or sensitive nature.

## 2. Adjustments, billings, and deleted transactions

Some utility account adjustments and billings reviewed were unusual. For example, a utility customer's account history showed consistent billing and payment amounts from January to August 2021, but the account was not billed in October 2021 or January, March, April, May, and June 2022. Unusual adjustments were made in some of these months to reduce outstanding balances to \$0, as noted below:

Month and Year	Beginning Balance	Billings	Payments	Adjustments	Ending Balance
January 2021	\$ 28.57	28.57	28.57		28.57
February 2021	28.57	28.57	28.57		28.57
March 2021	28.57	28.57	28.57		28.57
April 2021	28.57	30.00			58.57
May 2021	58.57	28.57	58.57		28.57
June 2021	28.57	28.57	28.57		28.57
July 2021	28.57	28.57	28.57		28.57
August 2021	28.57	28.57	28.57		28.57
September 2021	28.57	30.00			58.57
October 2021	58.57			(58.57)	0.00
November 2021	0.00	28.57			28.57
December 2021	28.57	30.00			58.57
January 2022	58.57			(58.57)	0.00
February 2022	0.00	28.57			28.57
March 2022	28.57			(28.57)	0.00
April 2022	0.00				0.00
May 2022	0.00				0.00
June 2022	0.00				0.00
July 2022	0.00	28.57			28.57
August 2022	28.57	28.57		(28.57)	28.57
September 2022	28.57	28.57	30.00	1.43 <sup>1</sup>	28.57

<sup>1</sup> A negative \$28.57 adjustment was posted on October 10, 2022, and a \$30.00 adjustment was posted on October 11, 2022.

The October 2021 meeting minutes indicated this utility customer's "sewer bill would be exempt until this issue is resolved." For some months this account was not billed and for other months the account was billed and subsequently adjusted. It is unclear why the account was billed in some months and not billed in other months. The Board currently reviews all adjustments; however, they do not review billings to ensure all customers are billed each month. Utility services should be consistently billed and if adjustments are needed, the adjustments should be reviewed and approved by the Board each month.

In addition, the City Clerk and the Board do not review transaction numbers in the utility system to ensure transactions have not been deleted. Our review of the utility system identified 51 deleted transactions from July 2022 through October 2022. The City Clerk and Mayor indicated they were not aware these transactions had been deleted. The utility system does not allow deleted transactions to be recovered, so we could not review these transactions.

We recommend the Board of Aldermen require an adequate independent and/or supervisory review and approval of all adjustments, billings, and deleted transactions made in the utility system, and consider utility system changes to prevent personnel from being able to delete transactions.

### 3. Delinquent utility accounts

The City Clerk is not shutting off delinquent utility accounts after 30 days past due as required by city ordinance. Our review showed the City Clerk failed to shut off at least 11 customer utility accounts that had recurring delinquent balances during the time period of August 2021 through October 2022. In addition, the City Clerk allowed some of these customers (including herself) to make partial payments on their delinquent accounts, which is not allowed by ordinance. Two of the 11 accounts that were not shut off by the City Clerk were accounts of the City Clerk and her son, creating a conflict of interest.

The City Clerk also stopped billing utility customers late fees from August 2022 through October 2022. The Mayor indicated utility customers were not assessed late fees during this time because the Maintenance Technician was sick and did not read the meters timely; however, meeting minutes were not provided to document the Board's review and approval of this decision.

The City Clerk also failed to pay her monthly utility account balance and did not follow city ordinance that requires delinquent accounts be shut off when the account is more than a month overdue. The City Clerk also made partial payments on her utility account balance without Board approval. The following table shows the City Clerk's utility account history from August 2021 through October 2022:

Month and Year	Beginning Balance	Billings	Payments	Adjustments	Ending Balance
August 2021	\$ 230.68	80.83	154.16		157.35
September 2021	157.35	76.94			234.29
October 2021	234.29	80.71			315.00
November 2021	315.00	78.17			393.17
December 2021	393.17	74.29			467.46
January 2022	467.46	79.14	200.00		346.60
February 2022	346.60	81.48			428.08
March 2022	428.08	80.03			508.11
April 2022	508.11	76.10	308.11		276.10
May 2022	276.10	74.29			350.39
June 2022	350.39	84.94			435.33
July 2022	435.33	84.07	435.33		84.07
August 2022	84.07	86.28			170.35
September 2022	170.35	67.51			237.86
October 2022	237.86	0.00	171.00		66.86

The City Clerk's utility services should have been shut off in 13 of the 15 months reviewed.

According to utility system records, the City Clerk's son opened a utility account on August 23, 2021, and was billed \$485 over the course of nine months without making a payment. The City Clerk did not follow city ordinance that requires delinquent accounts be shut off when the account is more than a month overdue. The City Clerk closed her son's account in May 2022, leaving the city with an unpaid utility bill of \$485 as noted in the table below:

Month and Year	Beginning Balance	Billings	Payments	Adjustments <sup>1</sup>	Ending Balance
August 2021	\$ 0.00	56.07			56.07
September 2021	56.07	58.87			114.94
October 2021	114.94	58.87			173.81
November 2021	173.81	58.87			232.68
December 2021	232.68	58.87			291.55
January 2022	291.55	67.02			358.57
February 2022	358.57	59.28			417.85
March 2022	417.85	61.38			479.23
April 2022	479.23	59.00			538.23
May 2022	538.23	2.80		(56.07)	484.96

<sup>1</sup> Adjustment was made to the utility account to credit the April 2022 billing amount (less penalties).

Utility services for the City Clerk's son should have been shut off in 9 of the 10 months reviewed. The City Clerk indicated she monitored delinquent accounts each month by calling utility customers to discuss payment of their delinquent accounts. However, no documented attempts to collect these balances were made by the City Clerk or the Board.

We attempted to contact all 11 utility customers with recurring delinquent balances. Only 1 customer responded. That customer was a business and indicated it only paid the utility bill when a bill was received and there were several months in which a monthly bill was not received.

We recommend the Board of Aldermen ensure utility service is billed monthly, late fees are properly assessed, and utility services are shut off in accordance with city ordinance. The Board should also pursue collection of delinquent utility accounts, and closely examine city utility transactions to identify conflicts of interest. In addition, if the Board chooses to allow partial payments, it should establish a written partial payment policy, review and approve customer payment agreements, and monitor delinquent accounts.

#### **4. Utility deposits**

The city does not reconcile customer utility deposit balances reported in the utility system to the city's Meter Fund bank account. Utility system records indicated customer utility deposits totaled \$6,361 on October 24, 2022, and this amount should have been on hand in the Meter Fund bank account. However, the list of customer utility deposits was not accurate or complete and we identified a shortage of \$5,977 in the Meter Fund bank account.

The city's list of customer utility deposits included \$1,571 in deposits for 22 customers who no longer have active utility accounts and the related utility deposits should have been applied to the delinquent account balances or refunded to the customers. The City Clerk also indicated the utility system did not accurately reflect when utility deposits were applied to delinquent accounts or refunded.

We compared a current list of utility customers to the list of customer utility deposits on hand. There were 13 current customers that did not have a deposit on the list of customer utility deposits (including 2 current Aldermen). We estimated an additional \$1,300 (13 customers at \$100 each) of utility deposits should be on hand as required by city ordinance.

The City Clerk has not made adequate attempts to correct errors related to the utility deposits recorded in the utility system or determine the status of deposits of current utility account holders that have no utility deposit recorded in the utility system. As a result, as of October 24, 2022, \$7,661 (\$6,361 plus \$1,300) should have been on hand for customer utility deposits in the Meter Fund bank account based on the records. However, the reconciled cash balance as of October 24, 2022, was only \$1,684, resulting in a shortage of \$5,977 in the Meter Fund bank account.

We recommend the Board of Aldermen review records of the 22 inactive accounts to determine how those deposits should be handled and determine if the 13 customers with no deposit listed had previously paid a utility deposit. The Board should also reconcile customer utility deposits per the utility system to accounting records and cash balances monthly, and promptly investigate any differences.

A handwritten signature in black ink that reads "S. Fitzpatrick". The signature is stylized with a large, looped "S" and a cursive "Fitzpatrick".

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

As required by Section 513.607, RSMo, we have compiled the 2022 Criminal Activity Forfeiture Act (CAFA) seizure reports submitted to the State Auditor by prosecuting attorneys and the Attorney General. The compilation is limited to information submitted to the State Auditor's Office. We have not audited the reports submitted and, accordingly, do not express an opinion or any other form of assurance on them. The primary objectives of this compilation were to:

1. Compile the 2022 CAFA seizure information reported.
2. Identify officials who submitted 2022 CAFA seizure reports to the State Auditor.

Section 513.607, RSMo, requires prosecuting attorneys and the Attorney General to report CAFA seizures for the previous calendar year by January 31, to both the Director of the Department of Public Safety and the State Auditor. Of the 116 potential reporting officials, we received reports from each official.

Compliance with Section 513.653, RSMo, which requires law enforcement agencies involved in using the federal forfeiture system to submit reports regarding federal seizures and the proceeds therefrom to the State Auditor's Office, will be separately reported.

Scott Fitzpatrick  
State Auditor

# Compilation of 2022 Criminal Activity Forfeiture Act Seizures

## Executive Summary

### CAFA Seizure Reports Submitted

The State Auditor received 116 of the total possible 116 Criminal Activity Forfeiture Act (CAFA) seizure reports from prosecuting attorneys and the Attorney General for property seized during calendar year 2022.

Section 513.607.10, RSMo, states intentional or knowing failure to comply with any reporting requirement shall be a class A misdemeanor punishable by a fine of up to \$1,000.

### Disposition of the Seizures Reported

We compiled the disposition of seizures as reported by prosecuting attorneys and the Attorney General for property seized during calendar year 2022. The following table lists the overall dollar value of the dispositions by category as reported to the State Auditor for 2022, 2021, and 2020.

Reported Disposition	2022		2021		2020	
Pending	\$ 2,815,936	58.2 %	\$ 2,539,831	47.4 %	\$ 1,976,806	47.2 %
Returned	280,183	5.8	259,985	4.9	449,926	10.7
Transferred to Federal Agency	1,524,486	31.5	1,815,915	33.9	1,626,927	38.8
Transferred to State	67,501	1.4	101,322	1.9	28,437	0.7
Other	18,564	0.4	631,050	11.8	60,586	1.5
Disposition Not Reported	128,499	2.7	5,171	0.1	48,003	1.1
Total	\$ 4,835,169	100.0 %	\$ 5,353,274	100.0 %	\$ 4,190,685	100.0 %

See Appendix I for the 2022 CAFA seizures disposition as reported by each prosecuting attorney and the Attorney General.

### Reporting of Seizures Information

Section 513.607.8, RSMo, states prosecuting attorneys and the Attorney General shall report the date, time, and place of the seizure; property seized; estimated value of the property seized; person(s) from whom the property was seized; criminal charges filed; and disposition of the seizure, forfeiture, and criminal actions. See Appendix II for the number of 2022 CAFA seizures reported with this information.

This appendix compiles only the data and dispositions pertaining to 2022 CAFA seizures, the total estimated value of seizures reported, and the number of seizures categorized by the type of information reported for each prosecuting attorney and the Attorney General. Criminal charges filed and criminal actions were only counted if a criminal case was in existence for the seizure. We did not verify this data. Information regarding seizures in previous years is not reflected in this compilation.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office shall notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 401 political subdivisions required to file a financial report by December 31, 2022, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in December 2022, after their filing deadline. The filing status for these 13 entities is presented in summary on page 3 and by individual entity in Appendixes B to D.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Political Subdivision Filings

## December 2022

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

This report includes the filing status for the 401 political subdivisions, other than cities, towns, and villages, with a fiscal year end of June 30, 2022. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 401 political subdivisions, 319 filed an annual financial report timely.

This report also includes the filing status for 13 political subdivisions, other than cities, towns, and villages, that filed their financial report in December 2022, after their filing deadline.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Members of the General Assembly  
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by December 31, 2022, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) shall notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO shall notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 260 cities, 5 towns, and 63 villages is presented in summary on page 4 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in December 2022, after their filing deadline. The filing status for these 11 cities and 3 villages is presented in summary on page 4 and by individual entity in Appendixes B to E.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is written in a cursive, flowing style.

Scott Fitzpatrick  
State Auditor

# Monthly Report on Municipal Court and Revenue Filings

## December 2022

### Executive Summary

---

#### **Executive Summary**

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except that effective August 28, 2022, any political subdivision with gross revenues less than \$5,000 or that has not levied or collected taxes in the fiscal year of the annual financial report is not subject to the fine.<sup>1</sup>

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

---

<sup>1</sup> Prior to August 28, 2022, only transportation development districts with gross revenues less than \$5,000 in the fiscal year of the annual financial report were not subject to the fine.

---

Monthly Report on Municipal Court and Revenue Filings  
December 2022  
Executive Summary

---

This report includes the filing status for the 260 cities, 5 towns, and 63 villages with a fiscal year end of June 30, 2022, whose financial report was due by December 31, 2022. Of the 328 municipalities, 236 filed the financial report timely. Of the 229 municipalities required to file an addendum, 130 filed timely. Of the 103 municipalities required to file a certification, 65 filed timely.

This report includes the filing status for 11 cities and 3 villages that filed at least one of the items (financial report, addendum, or certification) in December 2022, after their filing deadline. Of these municipalities, 8 filed an annual financial report, 4 filed an addendum, and 4 filed a certification.

## Statewide Accounting System Internal Controls

Report No. 2023-001

February 2023

[auditor.mo.gov](http://auditor.mo.gov)

# CITIZENS SUMMARY

## Findings in the audit of the Statewide Accounting System Internal Controls

User Account Management	The Statewide Advantage for Missouri (SAM II) and MissouriBUYS systems are vulnerable to the risk of unauthorized or inappropriate transactions being processed because user accounts of terminated employees are not always removed timely. OA management has not fully corrected a weakness in the SAM II Financial system security settings that allows users to create a transaction and then apply approval to the same transaction without review or additional approval from another party.
Security Administration	OA management does not require supervisory review of system-logged user actions performed by the SAM II central security administrator, resulting in increased risk of unauthorized activities.
Policies and Procedures	OA management has not fully established policies and procedures to segregate programmer access to the SAM II system software libraries, including the production environment, or to ensure software libraries are fully protected from unauthorized changes. OA management has not fully developed a policy for reversing changes in the event of unforeseen complications in the implementation process. OA management has not documented specific responsibilities for oversight and maintenance of the SAM II contingency plans.

In the areas audited, the overall performance of this entity was **Fair**.\*

\*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

**SCOTT FITZPATRICK**  
MISSOURI STATE AUDITOR

Honorable Michael L. Parson, Governor  
and  
Kenneth J. Zellers, Commissioner  
Office of Administration  
Jefferson City, Missouri

We have audited certain internal controls, including security controls, designed to protect data and information maintained by the Statewide Advantage for Missouri (SAM II) system. This audit was conducted in fulfillment of our duties under Chapter 29, RSMo. The objectives of our audit were to:

1. Evaluate the system's internal controls over significant management operations and financial functions, including the effectiveness of information security controls for protecting the confidentiality, integrity, and availability of significant systems and information.
2. Evaluate compliance with certain legal provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

For the areas audited, we identified (1) deficiencies in internal controls, and (2) no significant noncompliance with legal provisions.

The accompanying Management Advisory Report presents our findings arising from our audit of the SAM II system.

A handwritten signature in black ink that reads "Scott Fitzpatrick". The signature is stylized, with the first letters of the first and last names being capitalized and prominent.

Scott Fitzpatrick  
State Auditor

# Statewide Accounting System Internal Controls

## Introduction

---

### Background

The state of Missouri processed approximately \$53.7 billion of revenue and \$47.0 billion of expenditure and transfer transactions during state fiscal year 2022. These transactions were processed to support the operations of 25 separate state legislative, judicial, and executive entities. The system of record for these transactions is the Statewide Advantage for Missouri (SAM II) system. The SAM II system is supported by several other interfaced systems, including the MissouriBUYS eProcurement solution.

According to the National Institute of Standards and Technology (NIST),<sup>1</sup> security controls are the safeguards or countermeasures employed within a system or an organization to protect the confidentiality, integrity, and availability of the system and its information and to manage information security risk. Confidentiality refers to preserving authorized restrictions on information access and disclosure, including the means for protecting personal privacy and proprietary information. Integrity relates to guarding against improper information modification or destruction, and availability ensures timely and reliable access to and use of information. Effective privacy controls depend on the safeguards employed within the information system that is processing, storing, and transmitting personally identifiable information (PII) and the environment in which the system operates. Organizations cannot have effective privacy without a basic foundation of information security. Without proper safeguards and controls, information systems and confidential data are vulnerable to individuals with malicious intentions who can use access to obtain sensitive data or disrupt operations.

The NIST defines cybersecurity as the process of protecting information by preventing, detecting, and responding to attacks<sup>2</sup> while ISACA states cybersecurity encompasses all that protects enterprises and individuals from intentional attacks, breaches, and incidents as well as the consequences.<sup>3</sup> Cybersecurity should be aligned with all other aspects of information security, including governance, management, and assurance. The state of being secure requires maintenance and continuous improvement to meet the needs of stakeholders and the demands of emerging cyber threats.

### SAM II

The SAM II system is the state's integrated financial and human resource management system, providing accounting, budgeting, procurement, inventory, and payroll and personnel capabilities for state departments and

<sup>3</sup> ISACA, *Transforming Cybersecurity*, 2013, p. 11.

## Statewide Accounting System Internal Controls Introduction

agencies. The SAM II system processes revenue, expenditure, payroll, transfer, and adjusting transactions.

Our audit work on the SAM II system focused on two primary components, the SAM II Financial system and the SAM II Human Resources (HR) system. The Financial system, used for purchasing, payment, and revenue processing, was implemented in July 1999. The HR system, used to maintain and process employment and payroll information, was implemented in phases between November 2000 and June 2001. Users are granted access rights to these systems to process transactions or to have inquiry-only access. As of April 2022, there were 2,529 Financial system user accounts and 1,531 HR system user accounts.

The SAM II system is managed by the Office of Administration (OA). The OA Division of Accounting is responsible for the Financial and HR systems, including maintaining policies and procedures for use of the systems. Technical support is provided by the systems development and programming staff under the OA Information Technology Services Division (ITSD).<sup>4</sup> An ITSD security administrator is responsible for processing security requests to add, change, or remove user access to the Financial and HR systems.

Changes to the functionality of the SAM II system are processed by ITSD programmers with access to software libraries that maintain source code. Source code is the written programming code used to produce an executable program in the SAM II system. Software libraries are maintained in separate environments for programs being developed or modified, programs being tested by users, and programs approved for use.

## MissouriBUYS

The MissouriBUYS system is the state's eProcurement system, which establishes a virtual marketplace between state departments and agencies, and vendors. The system replaced the state's previous On-Line Bidding and Vendor Registration systems. The system was fully implemented during 2018 and integrates with the SAM II system for financial processing. As of May 2022, there were 1,911 MissouriBUYS user accounts.

The MissouriBUYS system is provided by a third-party contractor using a Software-as-a-Service (SaaS) model. Under this model, the state pays a subscription fee to use the software, and the contractor is responsible for hosting the software on a password-secured website, and all maintenance and support of the software. The state has elected to retain responsibility for user

---

<sup>4</sup> Prior to July 2019, the state also contracted with the system vendor for additional support services. Due to rising costs, this contract was allowed to expire, and the system is now solely supported by the ITSD. If the state requires additional support from the vendor, an hourly charge applies.

---

## Statewide Accounting System Internal Controls Introduction

---

account administration, and placed that responsibility within the OA Division of Accounting.

### SAM II system replacement

During fiscal year 2019, the state began the process to identify a new enterprise resource planning (ERP) system to replace the SAM II system, to be named the Missouri Vital Enterprise Resource System (MOVERS). Steering committees and other teams were created for oversight and governance. Following competitive bids, in January 2022, the OA selected the Oracle Fusion Cloud Application software suite as its MOVERS solution. This selection was awarded to Mythics, Inc., an Oracle Corporation software reseller, at an estimated \$142 million for up to 20 years. In August 2022, the OA selected Accenture as the MOVERS integrator, the contractor primarily responsible for implementation activities such as design, configuration, testing, and training, for \$102 million over the project lifetime. Other contractors were also selected for additional MOVERS responsibilities, such as project management and independent review of implementation activities.

By September 2022, contractor implementation efforts began, state departments joined the project to exchange knowledge, and the state planned implementation in three major phases:

- Phase 1 - Budgeting: Implementation in July 2023 (beginning of fiscal year 2024)
- Phase 2 - Finance and Procurement: Implementation in July 2024 (beginning of fiscal year 2025)
- Phase 3 - Human Resources and Payroll: Implementation in January 2026 (beginning of calendar year 2026)

The state has already shifted resources from the current SAM II system toward its eventual replacement. The OA has ceased updates to the SAM II system that are not directly required by law (such as changes in tax regulations), and has minimized administrative changes related to the system (such as updating of policies and procedures and system documentation). This approach is reasonable. However, many of the issues identified in this report are repeat occurrences, detected long before the implementation of the new system began. The recommended improvements to the current system in this report should be considered during the development of the new system.

---

## Scope and Methodology

The scope of our audit included internal controls and policies and procedures established and managed by the OA, and other management operations and financial functions and compliance issues in place during the year ended June 30, 2022. Our scope did not include internal controls that are the responsibility of the management of agencies using the SAM II and MissouriBUYS systems.

## Statewide Accounting System Internal Controls Introduction

Our methodology included reviewing written policies and procedures, interviewing various OA personnel, and performing testing. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed audit procedures to assess internal control to the extent necessary to address the audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violation of contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We obtained data files from the SAM II system of user accounts having access to the HR and Financial systems as of April 2022. To ensure completeness of the data, we grouped the accounts by agency and compared the results to a separate list of state agencies whose users should have access to the systems. We reviewed the approval rights of the Financial system user accounts to determine if each user was restricted from approving transactions the user had also entered in the system.

We obtained data files from the MissouriBUYS system of user accounts having access to the system as of May 2022.

We obtained employment records of all state employees from the SAM II system. We matched these records to user accounts with SAM II or MissouriBUYS system access to determine if any terminated employees had active user accounts. We provided OA management a list of all terminated employees we found who had active access to the SAM II or MissouriBUYS systems.

Although we used computer-processed data from the SAM II and MissouriBUYS systems for our audit work, we did not rely on the results of any processes performed by these systems in arriving at our conclusions. Our conclusions were based on our review of the issues specific to the audit objectives.

We based our evaluation on accepted state, federal, and international standards and best practices related to information technology security controls from the following sources:

- Missouri Adaptive Enterprise Architecture (MAEA)
- National Institute of Standards and Technology (NIST)
- Government Accountability Office (GAO)
- ISACA

# Statewide Accounting System Internal Controls

## Management Advisory Report

### State Auditor's Findings

#### 1. User Account Management

The Statewide Advantage for Missouri (SAM II) and MissouriBUYS systems are vulnerable to the risk of unauthorized or inappropriate transactions being processed because user accounts of terminated employees are not always removed timely. Additionally, 3 SAM II Financial system users were not prevented from approving transactions they created.

##### 1.1 Terminated users

The SAM II and MissouriBUYS systems' terminated user accounts are not always removed timely, resulting in an increased risk of unauthorized access.

We found 28 former employees still had access to the SAM II Financial system, SAM II Human Resources (HR) system, or MissouriBUYS system 30 days or more after terminating employment from the state agency that had granted the user access. These users were employed by the agencies (and non-agency entities) identified in Table 1.

Table 1: SAM II and MissouriBUYS terminated users by entity

Entity	SAM II Financial users	SAM II HR users	MissouriBUYS users
Elementary and Secondary Education	2	0	4
Health and Senior Services	0	0	2
Labor and Industrial Relations	0	1	0
Mental Health	0	1	2
Missouri Consolidated Health Care Plan	0	1	0
Natural Resources	0	0	3
Office of Administration <sup>1</sup>	1	2	0
Public Safety <sup>2</sup>	2	0	1
Revenue	4	0	0
Social Services	1	0	1
Total	10	5	13

<sup>1</sup> The Office of Administration users include users from the Division of Facilities Management, Design and Construction (1 SAM II Financial user and 1 SAM II HR user) and the Division of General Services (1 SAM II HR user).

<sup>2</sup> The Department of Public Safety users include users from the Missouri State Highway Patrol (1 SAM II Financial user), the Missouri State Emergency Management Agency (1 SAM II Financial user), and the Division of Fire Safety (1 MissouriBUYS user).

Source: SAO analysis of SAM II user accounts as of April 2022 and MissouriBUYS user accounts as of May 2022

According to the Missouri Adaptive Enterprise Architecture (MAEA),<sup>5</sup> agencies must have a procedure in place for the timely notification of the

<sup>5</sup> The Enterprise Architecture includes standards, policies and guidelines established by OA Information Technology Services Division management. The Enterprise Architecture is made up of several information technology domains, including domains dedicated to security and information. The domains define the principles needed to help ensure the appropriate level of protection for the state's information and technology assets.

## Statewide Accounting System Internal Controls Management Advisory Report - State Auditor's Findings

administrator when a user no longer needs access.<sup>6</sup> SAM II and MissouriBUYS policies and procedures place the responsibility for identification of accounts belonging to terminated and transferred users with the agency employing the users. Agencies are responsible for determining who is given access to the system and for ensuring all individuals who have access still need the access. When a user no longer needs access, procedures require agency security coordinators to submit a form to the OA security administrator requesting removal of the user's access to the system.

OA management indicated that while the OA provides resources to agencies to identify terminated employees, including monthly user reports, OA staff cannot remove a user's access without the agency submitting a request. Agencies contacted by the SAO did not identify any specific reasons why they had failed to remove an account.

Although agencies are responsible for submitting requests to add, change, or remove user access rights, OA management is ultimately responsible for security of the systems. The OA has documented procedures in place for the central security administrator to regularly check for user IDs associated with terminated employees and report any findings to agency security coordinators. In addition, the OA provides user security reports to agencies listing users and access levels for use by agency security coordinators, who are expected to review user access. However, these controls are not consistently effective since terminated employees continued to have active system access.

In order to access the SAM II system, authorized users must be connected to the state network. While this is a strong control, it is not always effective in eliminating unauthorized access. For example, users retain access to the state network when they transfer employment between agencies. Failing to remove accounts also leaves them vulnerable to unauthorized access by others, such as a former co-worker or supervisor who may know the former employee's user name and password. The most effective way to reduce the risk of inappropriate access is to timely disable the accounts of the users in question.

Without effective procedures to remove access, terminated employees could continue to have access to critical or sensitive resources or have opportunities to sabotage or otherwise impair entity operations or assets, according to the Government Accountability Office (GAO).<sup>7</sup>

## Statewide Accounting System Internal Controls Management Advisory Report - State Auditor's Findings

### 1.2 Transaction approvals

OA management has not fully corrected a weakness in the SAM II Financial system security settings that allows users to create a transaction and then apply approval to the same transaction without review or additional approval from another party.

Each user account in the Financial system is assigned certain rights and privileges from a list of available options, including the authority to create and approve transactions. Each agency is also able to assign rules to transactions to specify approvals necessary based on dollar value and transaction type. If a user is allowed rights to both create and approve a transaction, and these rights satisfy the rules established for the transaction, the user would be able to create and approve the same transaction without review or additional approval from an independent party. While OA management has taken steps to limit this risk, we identified 3 Financial system user accounts had authority to enter and approve the same expenditure transaction as of April 2022. These users were employed by the agencies identified in table 2.

Table 2: SAM II users with authority to create and approve transactions by entity

Entity	Number of users
Public Safety <sup>1</sup>	1
Office of Administration <sup>2</sup>	2
Total	3

<sup>1</sup> The Department of Public Safety user was from the Division of Alcohol and Tobacco Control.

<sup>2</sup> The Office of Administration users were from the Division of Accounting.

Source: SAO analysis of SAM II Financial user accounts

Management of the Department of Public Safety indicated the user who could enter and approve transactions could do so because the employee was primarily assigned to review and approve transactions, but needed to be able to enter transactions in the event the employee normally assigned to those duties was unavailable. However, this arrangement creates risk of inappropriate or unauthorized transactions.

OA management indicated the authority for both users to enter and approve transactions was unintended. Such authority began when the OA enabled (and ended when the OA later disabled) statewide system access for both users. Such access was intended to temporarily support the state's processing and oversight of Coronavirus Relief Fund transactions. However, while enabled, this access, combined with the users' pre-existing rights, provided the users the authority to enter and approve transactions. We confirmed that neither user had both entered and approved any transactions inappropriately during their respective 2 and 9 month period with such authority.

## Statewide Accounting System Internal Controls Management Advisory Report - State Auditor's Findings

	Allowing users to approve their own transactions without another approval increases the risk that inappropriate or unauthorized transactions may be processed.
Similar conditions previously reported	A condition similar to section 1.1 was noted in our prior 4 audit reports, and a condition similar to section 1.2 was noted in our 2010, 2013, and 2019 audit reports.
Recommendations	<p>We recommend the OA consider the following improvements. In addition, we recommend the OA consider them, if applicable, when implementing the new statewide accounting system:</p> <ol style="list-style-type: none"><li>1.1 Continue monthly reviews of SAM II and MissouriBUYS user accounts to ensure access of terminated or transferred employees is removed, and develop additional procedures to identify accounts no longer needing access.</li><li>1.2 Continue to eliminate the risk of users approving transactions they create and establish policies to ensure future users are not granted this ability.</li></ol>
Auditee's Response	<i>The department's written response is included in the Appendix.</i>
Auditor's Comment	The department's written response to section 1.1 states the audit fails to acknowledge or evaluate the requirement for users to access the state network in order to access the SAM II accounting system. Our report acknowledges this is a strong, but not always effective, control. The most effective way to reduce the risk of inappropriate access is to timely disable the accounts of the users in question.

## 2. Security Administration

OA management does not require supervisory review of system-logged user actions performed by the SAM II central security administrator, resulting in increased risk of unauthorized activities.

Each agency designates a security coordinator, who reviews and approves requests from staff of that agency to access the SAM II system, and periodically reviews reports provided by OA to ensure agency users' access remain appropriate. Agency security coordinators do not have access rights in the SAM II system to directly make changes. They instead submit documentation (request forms and supporting information as necessary) requesting any additions, changes, or removals of users to an OA-centralized SAM II security administrator, who has the access rights necessary to process the requested changes.

OA management indicated the security administrator, by virtue of her duties, can change her level of access to the system at any time by self-assigning

## Statewide Accounting System Internal Controls Management Advisory Report - State Auditor's Findings

profiles. For this reason, it is important that compensating controls be established, such as periodic managerial review of system changes made by the security administrator to ensure changes are supported by appropriate documentation, and documented formal monitoring of certain high-risk accounts and changes. Routinely monitoring security administrator actions can help identify significant problems and deter employees from inappropriate activities.

Management from the OA Division of Accounting indicated that the central security administrator is not an employee of the Division of Accounting, but rather of the Information Technology Services Division (ITSD). Accordingly they state they are unable to perform this monitoring. ITSD management has indicated they can provide the necessary information to the Division of Accounting upon request.

A similar condition was noted in our prior 4 audit reports.

### Recommendation

The OA perform and document periodic supervisory reviews of defined actions performed by the security administrator. In addition, the OA should consider this, if applicable, when implementing the new statewide accounting system.

### Auditee's Response

*The department's written response is included in the Appendix.*

## 3. Policies and Procedures

OA management has not fully developed policies and procedures for SAM II system administration. Access to software libraries has not been appropriately segregated, a policy for the reversal of programming changes has not been established, and the responsibility for maintaining contingency plans has not been formally documented. The resulting internal control weaknesses leave the system vulnerable to unauthorized changes being made and less assurance the contingency plans will remain current.

### 3.1 Programmer segregation of duties

OA management has not fully established policies and procedures to segregate programmer access to the SAM II system software libraries, including the production environment, or to ensure software libraries are fully protected from unauthorized changes.

Changes to an information system can potentially have significant effects on the security of the system. As a result, organizations should define, document, approve, and enforce access restrictions associated with changes to the information system.<sup>8</sup>

<sup>8</sup> NIST, Special Publication 800-53 Revision 5, *Security and Privacy Controls for Information Systems and Organizations*, p. 102, <https://nvlpubs.nist.gov/nistpubs/SpecialPublications/NIST.SP.800-53r5.pdf>, accessed October 17, 2022.

## Statewide Accounting System Internal Controls Management Advisory Report - State Auditor's Findings

Programmers responsible for development and maintenance of source code are allowed to move source code into the production environment. Management review procedures are not sufficient to ensure the source code placed in production is the approved version. As a result, a programmer can modify source code or insert new code without detection. According to OA management, the agency does not have sufficient personnel to segregate the library management functions from programmers and instead relies on supervisory review. However, supervisory reviews performed are not documented to provide evidence of their effectiveness.

According to the GAO,<sup>9</sup> access to software libraries (such as development, testing, and production) should be limited and the movement of programs and data among libraries should be controlled by personnel independent of both the user and the programming staff.<sup>10</sup> Organizations should also conduct periodic reviews of information system changes to determine whether unauthorized changes have occurred, according to NIST.<sup>11</sup>

Inadequately segregated duties increase the risk that erroneous or fraudulent transactions could be processed, improper program changes implemented, or computer resources damaged or destroyed, according to the GAO.<sup>12</sup> Management can reduce the risk of unauthorized changes and help ensure the appropriateness of changes by performing and documenting supervisory review of programmer actions if adequate resources are not available to properly segregate duties.

### 3.2 Change management

OA management has not fully developed a policy for reversing changes in the event of unforeseen complications in the implementation process.

Configuration (i.e., change) management provides assurance that the system in operation has been configured to organizational needs and standards, that any changes to be made are reviewed for security implications, and that such changes have been approved by management prior to implementation.<sup>13</sup> Good

## Statewide Accounting System Internal Controls Management Advisory Report - State Auditor's Findings

configuration management provides strict control over the implementation of system changes and thus minimizes corruption to information systems.<sup>14</sup>

OA's change control procedures did not require programming staff to document procedures for the reversal of a change to the SAM II system if the implementation did not operate as intended. As part of the implementation plan for a proposed change, consideration should be given to how the change would be reversed in the event of a system error or other unforeseen complication.<sup>15</sup> OA management indicated standard written procedures have not been developed because the SAM II system is in the process of being replaced, thus making changes a rare occurrence.

Failure to document reversal procedures for proposed changes leaves the system at risk of extended failure and outages if a change fails to produce the expected results and necessary resources to reverse the change are not readily available.

### 3.3 Contingency planning

OA management has not documented specific responsibilities for oversight and maintenance of the SAM II contingency plans.

Contingency plans establish policies, procedures, and technical measures that can enable a system to be recovered quickly and effectively following a service disruption or disaster.<sup>16</sup> Contingency plans should be reviewed for accuracy and completeness at least annually or whenever significant changes occur to any element of the plan.<sup>17</sup> While responsibility for maintaining the contingency plans has been informally assigned, OA management has not documented the formal assignment of specific responsibilities for maintaining the contingency plans. OA management indicated responsibilities related to contingency planning have not been formalized because the SAM II system is in the process of being replaced.

According to accepted standards, assigning responsibilities for oversight and maintenance of the contingency plan is a crucial element of the contingency

## Statewide Accounting System Internal Controls Management Advisory Report - State Auditor's Findings

planning process.<sup>18</sup> This formal designation will continue to be an important consideration for the SAM II replacement system.

Without a formal designation of staff responsible for oversight and maintenance, there is increased risk that contingency plans and related policies and procedures may not remain current, potentially impacting the ability to promptly restore the system and related business functions.

Similar conditions  
previously reported

Similar conditions to sections 3.1, and 3.2 were noted in our prior 4 audit reports, and a similar condition to section 3.3 was noted in our prior 3 audit reports.

### Recommendations

We recommend the OA consider the following improvements. In addition, we recommend the OA consider them, if applicable, when implementing the new statewide accounting system:

- 3.1 Restrict programmers from moving source code to the production environment. If resource constraints prohibit segregation of duties, sufficient supervisory review of programmer actions should be performed and documented.
- 3.2 Enhance change management policies and procedures by documenting procedures for the reversal of changes to the system if the implementation did not operate as intended.
- 3.3 Ensure adequate, complete documentation of the system is maintained throughout the entire system life-cycle, including replacement. This documentation should include formally designating responsibility for creating and maintaining contingency plans to ensure the system is available in the event of a disaster.

Director

January 10, 2023

Honorable Scott Fitzpatrick  
Missouri State Auditor  
P.O. Box 869  
Jefferson City, Missouri 65102

Dear Mr. Fitzpatrick:

This letter is to document formal responses to your office's audit of the Statewide Accounting System Internal Controls.

**1. The OA consider the following improvements. In addition, the OA consider them, if applicable, when implementing the new statewide accounting system:**

**1.1 Continue monthly reviews of SAM II and MissouriBUYS user accounts to ensure access of terminated or transferred employees is removed, and develop additional procedures to identify accounts no longer needing access.**

*Division's Response: We do not agree that risk associated with unauthorized access to the SAM II system is as significant as reported in the audit because user must access the state network in order to access the accounting system. The audit fails to acknowledge or evaluate this initial security measure. OA will continue providing oversight of user accounts. System limitations exist related to deleting accounts in MissouriBUYS. The system limitations revolve around employees that establish a transaction in MissouriBUYS and subsequently transferred to another agency or leave State employ. MissouriBUYS will not allow us to delete a user with an open transaction. Therefore, we must suspend the account.*

**1.2 Continue to eliminate the risk of users approving transactions they create and establish policies to ensure future users are not granted this ability.**

*Division's Response: OA will continue providing oversight of user accounts.*

**2. The OA perform and document periodic supervisory reviews of defined actions performed by the security administrator. In addition, the OA should consider this, if applicable, when implementing the new statewide accounting system.**

Appendix  
Statewide Accounting System Internal Controls  
Office of Administration Response

*Division's Response: Monthly reviews of MissouriBUYS system security administrators' activities have been occurring and will continue. OA will periodically conduct a random sample of SAM II administrator security actions to provide additional oversight.*

- 3. The OA consider the following improvements. In addition, the OA consider them, if applicable, when implementing the new statewide accounting system:**

- 3.1 Restrict programmers from moving source code to the production environment. If resource constraints prohibit segregation of duties, sufficient supervisory review of programmer actions should be performed and documented.**

*Division's Response: OA recognizes that segregation of programmer duties is desired. However, resource constraints prohibit complete segregation of duties. OA recognizes that periodic supervisory audits of system changes are a best practice however, we also recognize given the age of the system and its impending replacement, very few to no changes are occurring which reduces any risk. OA will determine if this restriction can be done within MOVERS, the new system currently being implemented.*

- 3.2 Enhance change management policies and procedures by documenting procedures for the reversal of changes to the system if the implementation did not operate as intended.**

*Division's Response: Since OA is making few to no changes given the age of the accounting system and we are currently implementing MOVERS; OA does not believe it is a good use of state resources to draft a policy and procedure with little to no value.*

- 3.3 Ensure adequate, complete documentation of the system is maintained throughout the entire system life-cycle, including replacement. This documentation should include formally designating responsibility for creating and maintaining contingency plans to ensure the system is available in the event of a disaster.**

*Division's Response: OA has successfully managed to maintain operations during the recent pandemic when state offices were closed. Even though offices were closed, employees were paid timely and without interruption because advances in technology allow staff to work from anywhere and procedures are documented sufficiently that staff completing unfamiliar tasks were successful. OA believes we have proven our abilities to maintain systems with the existing documentation.*

Sincerely,

Stacy Neal, CPA  
Director, Division of Accounting
